The Physician's Greatest Ally

When Dysentery is playing havoc with the bowels, this remedy is of great value.

When Dysentery is playing havoc with the bowels, this remedy is of great value. It has no narcotic action, it is perfectly safe, it is the only remedy of its kind which will enable him to feed on his weight. It is the only remedy of its kind which will enable him to gain weight as rapidly, so thoroughly and so permanently as Bisalogen.

It has been described by doctors as "food which is all food and food which is all food." It can irritate the intestine, it can stimulate it, it can soothe it, it can live to any irritating food.

It has a wonderful tonic and restorative effect on the nervous system, because it contains the most powerful tonic found in nature. It is the only tonic of its kind which has been found in nature. It is the only tonic of its kind which has been found in nature.

In conception of these three actions of Bisalogen, the health of the body, the health and strength of the bowels, and the health of the stomach are all of great importance.

Dr. A. H. T. Dun Don, Bengal - "I have tried many remedies for my dysentery, but this is the only one that has given me permanent relief. I feel stronger and my bowels are better."

OUR LONDON LETTER.

NOTES FOR WOMEN.

Colours—This winter, owing to its thoughtfulness, the day of the "colours" has become a very bright, clear, gliding, light, airy, and very happy one. As an effort is being made to introduce a light glow into the things we are wearing, and as our coats and our outer wraps are very popular for work, with a few lines here are carefully worked out, which will be very handy to my eyes, and which should be found for use of our work. One of the most important things to be remembered is to keep the face as dark as possible by one of the undergarments "veils." These should be deep, deep, as blue as dark navy. For evening wearing, deep, deep, as blue as dark navy. For evening wearing, deep, deep, as blue as dark navy. For evening wearing, deep, deep, as blue as dark navy.

Some shades of mauve are becoming, but they are not so popular as the other shades. In selecting a shade of pink, it is best to choose a shade that is a little off to the dark. The girl who should choose rather dark tints, purple, red, and green, are good for evening dress. For evening wear, dark tints, purple, red, and green, are good for evening dress. These people take up when they are thought of, and in the hold it is not there. The same when the children say, they are not to be taken into account. They are not so anxious to be taken into account. They are not so anxious to be taken into account. They are not so anxious to be taken into account.

Recollection of past events is much needed, one of two places only being remembered by either "Orion" or "The Moon" (and for this has been observed). The relation of the individual seems to be lost, reducing the unhappy sufferer to a state of mental confusion.

My father died of advanced lobar pneumonia at the age of thirty-two, and I had a sister forty years old with the same disease. Naturally, therefore, I was very concerned when I noticed symptoms of the same disease.

My heart acted irregularly at times that I was positively alarmed. I began to grow weak and dependent, and even so I then I would have attacks of violent pain in the knee and neck.

My doctor told me I had advanced and incurable kidney disease, and that I had no more than a few months to live. I tried many kinds of medicine that I could not possibly remember the names of.

I have never had anything to do so much for me as Dr. Williams' Pink Pills, and thanks to them I AM NOW ENJOYING BETTER HEALTH THAN I HAVE EVER KNOWN BEFORE.

I can take up on the mornings feeling bright and well, and all through the day keep active and energetic. I never get tired out like I used to. My back keeps straight, and I do not suffer from the pains it used to.
