NATIVE JACK SHEPARD OUT AGAIN.
Nairobi Prisoners Sleep in a Hall.

There is a rather amusing incident in connection with the sentence of a native prisoner of the P. M. Prison. He was sentenced to a term of 12 months for robbing a post office and using violence.

He appeared in the Magistrate's Court yesterday as a charge on some charges.

The circumstances were peculiar. It was reported that he was in a cell with two other prisoners, and that he was in a cell with two other prisoners, and that he was in a cell with two other prisoners.

FOOD CARS IN COLOURS.

Superseding the usual black varnish which for some years, a lacquer finish is now available in the following three colours: **RED, GREEN, BLUE.** Lacquer finish requires little maintenance from use, in that it has already proved most satisfactory in every way, being durable, easy to clean and to polish. In addition, a Spanish Grey leather of quality, finished in an attractive pattern has been substituted for the black upholstery used in the past.

Cooper's Milk Oil Fluid

On the Farm.

A number of years Cooper's Milk Oil Fluid has proved itself to be the best. As a dietary of protein infusing the skin of animals it is unequalled. Further, by its invigorating action on the skin, it produces a fine, dry coat, giving the animal a healthy appearance.

It is a splendid disinfectant. As a prevention against blood-poisoning and as a dressing for cuts, wounds, etc., has no equal.

For the above reasons the farmer cannot afford to overlook the advantages of an article of such general utility as Cooper's Milk Oil Fluid.

A drum of it should always be at hand, not only for use in case of an accident, but for the better results of cleansing and sweetening the places where animals are kept.

It is non-corrosive, does not stain, and being made of the purest material, is free from metallic impurities. It may be employed with confidence that, if used according to directions, it never over-cures or injures a high-class Cattle, Wag, Liquid Sheep Dip and General Disinfectant.

A WONDERFUL PERFORMANCE ON SHELL

A Chevrolet Truck belonging to the Reliance Transport Company, recently made a journey to Kampala and Nairobi carrying a full ton load both ways—a total distance of 1,500 miles—using Shell Motor Spirit.

The return journey to Nairobi was made in 31 days and no trouble whatever was experienced. This achievement is undoubtedly a record and pays a wonderful tribute to the quality of SHELL MOTOR SPIRIT.

ELECTRIC STARTERS

General Advice to Owner Drivers.

COMMON FAULTS.

Although electric starters have been used for a considerable period, it is ever apparent that their functions are not clearly understood. Hence after one hour's trouble in starting a motor vehicle the inventor is usually the first to be consulted.

It is not only the driver who is to be consulted in the case of a motor vehicle which will not start, but the driver should be consulted in the case of a motor vehicle which will not stop.

BACK of all the activities of Gilfillan & Company, Limited is the sincere and labor realization of the obligation the company feels toward the public who have purchased and who use its products. It is the aim of this organization to render a service so outstanding and efficient so widely useful and practical, that it will represent a significant contribution to the automotive development of Agriculture and Transportation in East Africa.

It is this thought that has been the stimulus and inspiration in developing our present service organization. In accomplishing its aims the very finest service personnel has been secured. All work on Buick, Oldsmobile cars and McCormick Deering tractors is carried out by skilled technical men of long and successful experience. Here repairs and adjustments become a science. Here the most rigid standards of inspection are maintained before any work is passed the service station staff consisting of highly paid, loyal men under ideal conditions in a building designed with special regard for the climate and the requirements of the business. Special tools, machines and labour saving equipment assist in increasing efficiency and lowering costs. No factor or element has been overlooked which might lead to the improvement in our programme of service.

The company views its situation to-day with pride in the achievement of these aims whose high standards of work and craftsmanship are becoming more widely known and appreciated day by day.

With the steady growth of the company's business the organization is looking beyond immediate demands and is anticipating and preparing for the developments of the years to come.

"CHRYSLER ALONE DELIVERS THESE RESULTS"

MARITZBURG TO DURBAN 55 Miles in 68 Minutes!

This breaking the previous record held by Mr. Paddy Adair on a racing Vauxhall by nine minutes over one of the most difficult routes in the world.

This feat was accomplished on February 27th last by Mr. W. W. Mills who left Maritzburg at 5.35 a.m. and arrived at Durban at 6.43 a.m. Driving a Standard 1925 Model Chrysler Six Pha-ton WHICH HAD ALREADY DONE SOME 10,000 Miles

The average driver never requires such speed, but this performance is yet another proof of the inbuilt quality in a Chrysler. Proof of the stamina and strength, its flawless speed and acceleration, its hill climbing powers and its wonderful braking and road-holding qualities.

FARMING JOTTINGS.

A Resume of Current Topics.

THE CROP AND STOCK BILL.

A very interesting and pressing subject has been brought before the farming interest of the country...

The agricultural objects of this bill are apparent and will carry the approval of everybody in the country for its far-reaching scope...

It is, however, much to be regretted that the Government has not been able to carry out the programme...

The fact that it is merely an attempt to do what has already been done in other countries...

The voice and views of the settler should be heard in connection with the important question of light taxation...

The Bill should stand there in every intention that the Government should carry out the programme...

The official is a necessity of the day and the Government should carry out the programme...

It is not possible to do this without the aid of the Government...

LIVING ON PROCEEDS OF JEWEL ROBBERY.

Amazing Story of a Heiress Gang.

An amazing story was told in the Resident Magistrate's Court yesterday when the natives were charged with being concerned in the big robbery at the house of Mrs. Forde in a Cambridge Road in December when certain Jewellers were stolen from. As the Resident Magistrate then asked that one of the accused should be discharged on bail, it was not sufficient evidence against him.

The Magistrate is to hear the next evidence of the accused, Inspector Street. It is understood that the accused cannot be taken from his free pardon.

Mr. Sir Bromley Goldstein, who appeared in December last, said that he had been employed one day. After the robbery the plot of the heires who she was unable to identify any of the accused.

In witness' Subpoena was a notice in which the heires Jewellery. At eight thirty the heires Jewellery. MYSTERIOUS DEATH OF CHIEF'S SON.

Shot in the Park at Nairobi.

An empty box, rifle, bullet and a spent cartridge, lying on the ground in the park at Nairobi, were the only evidence in the case of the mysterious death of a young man. The case is being investigated by the police.

It is understood that the deceased was a member of the Nairobi Club and was out for a walk in the park on the evening of the tragedy. He was seen by several witnesses who reported that he was alone and that he was carrying a rifle.

The police are currently investigating the case and have not yet announced any suspects.

THE TRAGEDY.

A note appearing at the P.O. Office, Nairobi, said that the tragedy occurred on the evening of March 19 at about 7 o'clock. The deceased was seen by several witnesses who reported that he was alone and that he was carrying a rifle.

The police are currently investigating the case and have not yet announced any suspects.

OUR WOMEN'S PAGE

A Letter from Paris

(From FURMAN COMMUNES)

may be a very attractive, but the skin of the complexion of a woman is a very important factor in the success of her toilet. The most common mistake is to neglect the skin. The skin should be kept in a healthy condition by the use of a good skin cream. This cream should be applied to the skin every day, and should be rubbed into the skin with the fingers. The skin should also be kept in a healthy condition by the use of a good skin powder. This powder should be applied to the skin every day, and should be rubbed into the skin with the fingers.

Afternoon Fashion.

Afternoon fashions, equally apt to be worn for evening wear, are those which are simple and elegant. The most common mistake is to neglect the skin. The skin should be kept in a healthy condition by the use of a good skin cream. This cream should be applied to the skin every day, and should be rubbed into the skin with the fingers. The skin should also be kept in a healthy condition by the use of a good skin powder. This powder should be applied to the skin every day, and should be rubbed into the skin with the fingers.

There is a fashion which is very common.

There is a fashion which is very common, and which is very attractive. It is the fashion of wearing a long dress, with a high collar, and a long train. This fashion is very common, and is very attractive. It is the fashion of wearing a long dress, with a high collar, and a long train. This fashion is very common, and is very attractive.

A New Dresser-Frock Model.

I like the latter dress-maker's design, which are being made for the season of 1908. These dresses are very attractive, and are very common. They are made of a light-colored fabric, and have a high collar, and a long train. They are very attractive, and are very common.

The Season's Purports.

The first of the season's fashions is the fashion of wearing a long dress, with a high collar, and a long train. This fashion is very common, and is very attractive. It is the fashion of wearing a long dress, with a high collar, and a long train. This fashion is very common, and is very attractive.

Practical Hinting.

One of the most useful hints for the woman is to wear a long dress, with a high collar, and a long train. This fashion is very common, and is very attractive. It is the fashion of wearing a long dress, with a high collar, and a long train. This fashion is very common, and is very attractive.

"Might I suggest in your valuable space to add a few remarks to C. W. Haywood's letter of the 28th inst., appearing in your issue of March 15, 1906. I am a mother of white children and wish to make the same observations as the Editor's correspondent has no idea of the sanctity of the night."

My wife suggests that it is time that the school matter was made up. Our boys and girls attend the school and are not interested in anything but their school work. I believe it is right that the school should be taken in Kenya who are under the influence of the school. I believe it is right that the school should be taken in Kenya who are under the influence of the school. "Sanatogen enabled me to do twice as much twice as well" - COSMO HALEWOOD.

"How tired it had you were you get out of a machine what you are to do, and that most machine makes the human body, needs more encouragement to stand the strain."

These are the words of Mr. Victor Bridges, one of the best-known modern novellists. Do you know the brainless modern novellists? Do you know the brainless modern novellists?

Sanatogen goes straight to the top of the body—the brain, the heart, the lungs, the nerves, the muscles, the bones, the joints, the skin, the hair, the nails, the teeth, the eyes, the ears, the nose, the throat, the stomach, the intestines, the bladder, the kidneys, the liver, the spleen, the pancreas, the gallbladder, the lungs, the heart, the brain, the nerves, the muscles, the bones, the joints, the skin, the hair, the nails, the teeth, the eyes, the ears, the nose, the throat, the stomach, the intestines, the bladder, the kidneys, the liver, the spleen, the pancreas, the gallbladder.

FERTILISE WITH EPHOS.
 The following testimonials speak for itself:—
 "You should use how the experiment with 'Ephos' turned out:—
 "Simply I hardly like to tell you, you might fancy I was pulling your leg."
 "The potatoes are just splendidly wonderful, you never saw such growth, even through this drought. I have grown potatoes all my life and in many places, but never have I seen anything like this lot and further it is not a question of fancy, mind because I purchased the seed at the store from a Kikuyu boy."
