CAR SPRING.

The Value of the Shock Absorbers.

INTERESTING EXPERIMENTS.

Modern touring cars are only a spring. This applies to the front as well as to the rear. The suspension factor of the car is the most important of its features. The value of a chassis which is light but stiff lies in the fact that it is the most important of its features. JUST CONSIDER.

Isn't it really self-evident that when an article is made for a special purpose it's going to function better than a makeshift!

Doesn't it become apparent, then, that a lubricating oil that is built up from its beginnings with the express purpose of lubricating an automobile, will - bound quite to the contrary of what is usually supposed - be of a higher quality than any oil that is made by distillation of other purposes!

You must have been struck by the supreme reputation of the world wide word of "WATERBURY" Motor Oil. That's one reason! Over 200 Leading Motor Manufacturers recommend the use of "WATERBURY" MOTOR OIL.

CORRESPONDENCE.

The Editor, "E.A. Standard."
I am glad to see that you are not only publishing the letters of our correspondents, but also the answers to them. It is a very good thing to do, and it is a pity that you do not do it more often. I am sure that you will be glad to see that I am not only a subscriber to your paper, but also a contributor to it. I am sure that you will be glad to see that I am not only a subscriber to your paper, but also a contributor to it.

YEANFEET LABORER.

To the Editor, "E.A. Standard."
I have read your issue of the 10th inst., on Yeandfeet Laborer, and would like to say that these articles, and the accompanying photographs, are most interesting and instructive. I am sure that you will be glad to see that I am not only a subscriber to your paper, but also a contributor to it.

KNOW-SHARTOUG AIR ROUTE.

NOTHING AHEAD BUT SUCCESS WITH A

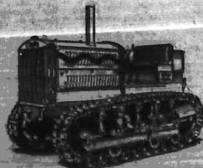

"CATERPILLAR"

PROGRESS demands pioneers — men of vision, men of courage — and machines of rugged strength and tireless power.

"CATERPILLARS" are pioneers. Where the work calls, they go. Everywhere, where farm, forest, and highway work calls for power, **"CATERPILLARS"** are on the job — Put on the job because of their world famous records of achievement; **STAYING** on the job because of their inbuilt stamina.

PLOUGHING. It is the man who figures his purchase of power for ploughing as an investment — not as an expense — who invariably selects a **"CATERPILLAR"** Tractor for his work. He knows that the big capacity for work, the low operating Costs, the ease and economy of maintenance and the untiring dependability that distinguish the **"CATERPILLAR"** TRACTOR will secure for him maximum returns from his power investment.

With it he can plough deeper and better and is rewarded with bigger crops.

Be sure it is a **"CATERPILLAR"**

CONSUMPTION HAS BEEN CURED.

A Remedy for Consumption Has Been Found.

Medication as it is now given after the patient has been cured, is not only a waste of time, but it is also a waste of money. The advanced stages of consumption, however, are not cured by the ordinary means. The only remedy for consumption is the one which has been found by the late Dr. J. C. H. Ross, of London, England. This remedy is known as "The Standard" and it is the only one which has been found to cure consumption in all its stages.

It is a simple, safe, and effective remedy, and it is the only one which has been found to cure consumption in all its stages. It is the only one which has been found to cure consumption in all its stages.
