may be seen in the future.

The number of emigrants Germany has sent out in the last few years has been steadily falling and Germany is very seriously concerned.

The fact that the revenue for 1935-36 has been sufficient to meet the balance of the Budget is a very important matter for Germany.

It is not clear whether Germany will be able to meet the requirements of the League of Nations in the event of a general emergency.

Germany's capacity to pay for her obligations is a matter of great importance to the League of Nations.

THE LAW IN REGARD TO NATIVE MARRIAGE.

Important Judgment on Appeal.

An interesting judgment has been handed by Mr. Justice Goffe in the case of *King's African States v. King's African States*.

The Appellate Court has held that the original provisions of the Marriage Ordinance of 1910 are not applicable to native marriages.

The judgment will be a landmark in the history of native marriages in the African States.

It is not clear whether the original provisions of the Marriage Ordinance of 1910 are still in force.

The Appellate Court has held that the original provisions of the Marriage Ordinance of 1910 are not applicable to native marriages.

The judgment will be a landmark in the history of native marriages in the African States.

REVENE AND DEPURT. The Commission did not find that the Trade Effluent Act which had been passed in 1911 had been carried out. He estimated the revenue at £250,000, but the actual revenue was £200,000. He also estimated the expenditure at £250,000, but the actual expenditure was £200,000. He recommended that the Government should take steps to ensure that the Act was carried out.

THE BUDGET.

Figures Presented by Chancellor. (Continued from previous page) In the House of Commons the Budget figures were presented by the Chancellor of the Exchequer. He stated that the total revenue for the year ending in 1926 was £2,000,000,000, and the total expenditure was £2,000,000,000. He also announced that the Government had decided to increase the income tax by 10% and to reduce the death duties by 10%.

SOUTH AFRICAN INDIAN PROBLEM.

Round Table Gratifies. (Continued from previous page) The Round Table discussion on the South African Indian problem was held in London on April 29th. The participants included Mr. G. B. S. Phipps, Mr. J. H. M. G. van der Merwe, and Mr. J. H. M. G. van der Merwe. They discussed the various aspects of the problem, including the rights of the Indian population in South Africa and the role of the Government in resolving the issue.

FRIDAYS CABLES.

RUSSIA WILL PAY DEBT TO FRANCE. Conversations in Paris Succeeding. (Continued from previous page) The Paris negotiations regarding the Russian debt to France have reached a successful conclusion. It has been agreed that Russia will pay the debt to France in a series of annual payments over a period of 25 years. The agreement was signed in Paris on April 29th.

NEW BUDGET TAXATION PROPOSED.

Five per cent. on Betting to Bring £5,000,000. (Continued from previous page) The new budget taxation proposals include a 5% tax on betting, which is expected to bring in £5,000,000 in additional revenue. Other proposals include a 10% increase in the income tax and a 10% reduction in the death duties.

RUSSIAN SAVING.

Continuing the Budget speech, the Home of London, April 29th. The Russian saving was announced by the Chancellor of the Exchequer in his Budget speech on April 29th. He stated that the Russian Government had agreed to save £5,000,000 in the year ending in 1926. This saving was to be used to pay the Russian debt to France.

BRITAIN'S MOTOR CARS.

Estimated to be £1,000,000,000. (Continued from previous page) The estimated value of Britain's motor cars for the year ending in 1926 is £1,000,000,000. This represents a significant increase from the previous year, reflecting the growing popularity of motor cars in Britain.

Uganda Protectorate

TENDERS ARE INVITED for the supply of approximately 900 tons of Maize Flour to be supplied to Government Departments in Uganda for the period 1st July, 1919 to 31st December, 1920.

TENDERS should include the cost of sound bags, and prices should be quoted f.o.r. at the suppliers nearest railway station or f.o.b., in nearest port.

The Treasurer reserves the right on giving one month's notice to the supplier to increase or decrease the above quantity by 30 per cent.

THE Maize Flour to be used as a finely ground as possible and free from husk flakes.

SAMPLES must be submitted in sealed bags, properly labelled and marked with the name of the tenderer.

TENDERS will be received up to and including the 1st June, 1920, and should be forwarded to the undersigned in sealed envelopes by registered post and should be clearly marked "TENDERS FOR MAIZE FLOUR."

The tender Book does not bind itself to accept the lowest or any tender.

M. MARSHON, ACTING PRESIDENT, TENDER BOARD

Establish, Uganda, 9th April, 1920.

DEATH ROLL OF RIOTS IN CALCUTTA.

Forty-five Killed and 375 Wounded.

(Rangoon special agent's) Calcutta, April 29.—The death toll in the rioting in Calcutta on Monday is now put at 45 and the wounded at 375. An immediate problem in the wake of the unprecedented pogrom and street fighting, which is being conducted in a most serious manner.

Mr. H. K. Bhattacharya, Member of the Executive Council of the Government of India, is the president of the committee of management that is being organized in Calcutta to help by a hand-to-hand appeal to the British population.

The police have ordered the closing of all primary schools, and the schools are being closed in the afternoon or evening. Many have been closed for several days.

Claims that the situation is being improved in the Hindu-Muslim districts of Calcutta, and that the British and Indian population are beginning to return to their normal life.

The Spanish Armistice. Madrid, April 29.—The Spanish armistice with the British has been signed.

THE "GOBEAS" Favoured by Five Legislators.

London, April 29.—(Rangoon special agent's) The "Gobeas" is the result of the new law on the Government for three years or until the next election, according to the Daily Post's editorial.

Mr. J. P. O'Donnell, M.P. for the County of Wick, Ireland, has introduced a bill to amend the law regarding the "Gobeas" in Ireland.

Supplement No. 181

SATURDAY, MAY 1, 1920.

NAIROBI.

THE SUPREMACY OF SHELL SPIRIT

has once more been demonstrated in a record-breaking Aircraft Endurance Test carried out recently by a Bristol aeroplane fitted with the latest type "Jupiter" air-cooled engine which has flown 20,975 miles in 225 hours 34 minutes without a single replacement of any kind.

The SHELL SPIRIT used, which was supplied by Messrs. Shell-Mex. Ltd., is similar in quality to that used by the Royal Air Force.

BRITISH IMPERIAL OIL CO. (S.A.) LTD. SMITH, MACKENZIE & CO., AGENTS.

THE BRITISH CAR Stronger Position in 1920 Than Ever Before.

INDUSTRIAL IMPROVE.

The opening of the 1920 season finds the British motor industry in a position of history, and this position is being maintained by the engineering trade.

The motor industry has recovered during the last year or so and is really remarkable, and the reason for this is that the industry has been able to produce a large number of cars.

The production of cars has increased during the last year, and the industry has been able to produce a large number of cars.

AN ALL BRITISH SUCCESS! COURT TRAIT CAP-GAIN EXPEDITION.

Throughout the pioneer journey on line 1222 miles including over 1000 miles of wilderness and unbroken desert Washelli CARTRIDGE was used to lubricate the engines of the Country Car. The price used was "ONE" the mass standard price of Messrs. Country Bikes Ltd. for all models of Country Car, except the new 16 H.P. for which CARTRIDGE is the correct lubricant. The choice of the best lubricant for the best of modern "land" vehicles is a guarantee. Wherever gas or motorization are used—and it is deemed impossible to maintain sufficient Motor Oil on an expedition is indispensable to assist in the most successful and safe journey.

THE WORKS CAR.

Interesting Details of Output.

REMARKABLE INCREASE.

The extraordinary increase displayed by the No. 10 Works Car, designed by the late Mr. Morris, Ltd., has been a constant feature since its introduction in 1912. With the introduction of the new model, the increase in output has been remarkable. The new model is a 10 h.p. car, and its output is 100 cars per week. This is a remarkable increase on the previous model, which produced only 50 cars per week. The increase is due to the improved design and the use of modern machinery.

The new car is a 10 h.p. car, and its output is 100 cars per week. This is a remarkable increase on the previous model, which produced only 50 cars per week. MUST BE RUN IN.

The new car is a 10 h.p. car, and its output is 100 cars per week. This is a remarkable increase on the previous model, which produced only 50 cars per week. The increase is due to the improved design and the use of modern machinery. The new car is a 10 h.p. car, and its output is 100 cars per week.

LOOKING FOR TROUBLE.
Motor car owners will find it difficult to find a car that is reliable and economical. The new car is a 10 h.p. car, and its output is 100 cars per week. This is a remarkable increase on the previous model, which produced only 50 cars per week.

ALSO CHECK A WEEK.
The new car is a 10 h.p. car, and its output is 100 cars per week. This is a remarkable increase on the previous model, which produced only 50 cars per week. The increase is due to the improved design and the use of modern machinery.

PUBLIC RESERVE THE POLICE METHODS.

Town Council and Car Parking.

A general meeting of the Town Council took place on Tuesday afternoon, at which Mr. Council was present with the exception of the deputy Mayor (Councillor Hunter).
During the course of the proceedings, Councillor Wainwright proposed that the standing order be amended, to enable a member of the Council to be appointed to a committee to inquire into the matter of car parking in the town.

LOOKING FOR TROUBLE.
Motor car owners will find it difficult to find a car that is reliable and economical. The new car is a 10 h.p. car, and its output is 100 cars per week. This is a remarkable increase on the previous model, which produced only 50 cars per week.

MOTOR TOUR OF EAST AFRICA.
Crown Prince of Belgium's Proposal.
The proposal for a motor tour of East Africa, proposed by the Crown Prince of Belgium, has been accepted by the British Government. The tour is to be undertaken by the Crown Prince and his entourage, and will cover the route from Cairo to Cape Town.

THE PARKING PROBLEM.

THE PARKING PROBLEM.
The parking problem in the town is a serious one, and it is necessary to take steps to deal with it. The Town Council has decided to appoint a committee to inquire into the matter.

ELECTRICAL TROUBLE.

Common Faults, Detection and Repair.

START WITH THE BATTERY.

In general, the trouble of motor cars starting and running is due to the battery, the generator, the lighting system, or the spark plugs. (1) Lighting system. (2) Spark plugs. (3) Motor car battery. (4) Generator. (5) Trouble in starting and running. (6) Trouble in charging. (7) Trouble in starting and running. (8) Trouble in charging. (9) Trouble in starting and running. (10) Trouble in charging.

FAULTS IN WIRING.

Two defects which are always seen in wiring are short circuits and a weak battery. The open circuit is a common fault in the starting system. It is often due to the loose connection of the wires.

FAULTS IN THE GENERATOR.

The most frequent trouble in the generator is the short circuit of the brushes. This is due to the fact that the brushes are not properly adjusted to the commutator. The other common fault is the open circuit of the brushes.

FAULTS IN THE SPARK PLUGS.

The most common fault in the spark plugs is the short circuit of the electrodes. This is due to the fact that the electrodes are not properly spaced. The other common fault is the open circuit of the electrodes.

It is the battery which reforms the electric energy of starting. It is an outside source of power. It is not connected to the motor. It is connected to the motor by the battery cables. It is connected to the motor by the battery cables. It is connected to the motor by the battery cables.

When the battery is in good condition, and shows a good voltage, the generator should be checked. It is the generator which reforms the electric energy of starting. It is an outside source of power. It is not connected to the motor. It is connected to the motor by the battery cables.

The OLDSMOBILE COACH

£368

Beautifully low to the road without sacrificing an inch of clearance, the Oldsmobile Coach has a unique appearance of slashing length and lowness that has been achieved by the finest builders of closed car bodies in the world.

Built stronger and sturdier than an ordinary open touring car body the coach will stand the roughest of roads and hard service.

And the extraordinary performance qualities of the Oldsmobile Six Cylinder Motor place this wonderful car in the foremost rank of the world's fine cars.

Gilfillan & Company, Ltd.

Daily inspection of rat traps.

Examination of spleen of rat for examination.

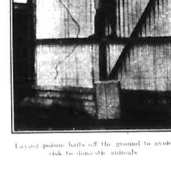

Excess poison baits of the ground to avoid rats to domestic animals.

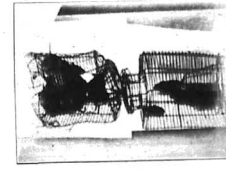

Preparation of barium carbonate poison baits.

Setting break-back traps.

Catch of live rats.

Examination of spleen smear for plague.

A kind of 100 break-back trigger traps.

Preparation of smear from spleen of rat.

The presence of rats is a serious menace to the health of a community and it is therefore of the utmost importance that their numbers should be reduced to an absolute minimum.

Of the diseases which may be conveyed by rats by the most important in this Colony is Plague. This is essentially a rat disease, being conveyed from rat to rat and from rat to man by the rat flea. Rats are also concerned in the transmission of several other diseases, more especially Epidemic Typhus, Shoshan or Rat Bites Fever and Trichinosis. In addition to these, food may be contaminated by various infections carried from place to place by fowling, shellfish or Rat Bites Fever and Trichinosis.

The financial loss occasioned by rats is also of great economic importance. By burrowing under foundations, through walls, etc., rats cause much damage to property. By gnawing through water pipes they may cause great inconvenience and waste also by gnawing away the insulation of electric wires they have been known to cause destructive outbursts of fire. Every kind of food whether in rooms of production, store or use, is subject to the attack of the rat and large quantities of merchandise are annually destroyed or more or less seriously damaged by rats.

Regular destruction of rats is carried out in Nairobi throughout the year by a specially trained squad of natives in charge of a European sanitary superintendent. In the residential area, owing to possible risk to domestic animals and poultry, poisoning is only carried out on special application being made to the Health Office. In addition to the above measures, however, it should be clearly understood that all occupants are themselves largely responsible for keeping their premises free from rats. The prevention of Plague and other rat diseases is a matter which is largely in the hands of each individual. Never allow any premises for which you are responsible to become rat infested, but make rat destruction part of the routine of your home, your farm or estate, and of your business. Active and assistance in this work can always be obtained at the Health Office.

The photographs illustrate the daily routine of work as carried out by the rat squads.

QUALITY Will Tell.

Compare A
CHRYSLER SIX
 After... say 10,000 Miles
 With any other Car after a like Mileage.

The sweet and powerful running of the Chrysler engine with its seven leaning crankshaft... The absence of any noise, vibration, and rattles... The perfectly balanced operation of its powerful hydraulic 4-wheel brakes...

Are but a few outstanding features that will convince you of the high quality and perfect workmanship, which is only found in a Chrysler.

Distributors: YORR GARAGES LTD, NAIROBI.

Chrysler Alone Gives Chrysler Results

Our Six-Cylinder gives every inch of its performance... The Chrysler Six is a car that will give you the best of everything...

Instant Comfort In Case of Storm

3 Studebaker Advantages
 The Studebaker Standard Six Duplex-Phaeton (illustrated above) offers the exclusive Studebaker Duplex body. Only the Duplex provides the protection and comfort of an enclosed car, coupled with the delightful freedom of an open car—both in one!
 In thirty seconds, and without leaving his seat, the driver can enclose the entire car by simply lowering the weather-light roller enclosures. The convenient method of storing duty side car obsolete.

The steel-framed upper structure is a permanent part of the body. In addition to double comfort, it offers increased safety. The Duplex superstructure is so strong that it will support the entire weight of the car in an up-side-down position. Before you buy any car, see this new-type enclosed car on the dependable Studebaker chassis.

Kenya-Kalenge Road.

The B.R.A.K. road... The B.R.A.K. road is a new road that will connect Kenya and Kalenge. It is a long and difficult road, but it is necessary for the development of the region.

1926 NOTHING AHEAD BUT SUCCESS WITH A "CATERPILLAR" demands pioneers - men of vision, men of courage and machines of rugged strength and tireless power. "CATERPILLARS" are pioneers. Where the work calls, they go. Everywhere, where farm, forest, and highway work calls for power, "CATERPILLARS" are on the job - Put on the job because of their world famous records of achievement; STAYING on the Job because of their inbuilt stamina. PLOUGHING. It is the man who figures his purchase of power for ploughing as an investment - not as an expense - who invariably selects a "CATERPILLAR" Tractor for his work. He knows that the big capacity and the untiring dependability that distinguish the "CATERPILLAR" TRACTOR will secure for him maximum returns from his power investment. With it he can plough deeper and better and is rewarded with Bigger crops.

Be sure it is a "CATERPILLAR" Full Particulars, From: - Gailey & Roberts, Limited. London, Nairobi, Nakuru, Eldoret, Jinja, Dar-es-Salaam. The East African Mercantile Company Ltd.

ARMED NATIVES ATTACK INDIAN STORE

Another Desperate Outrage

On the night of Wednesday April 21, another case of murder and rape was committed by natives near the generally unpopulated Indian store at Dunga, on the Victoria Nile. The natives were armed with spears and knives. Making a sudden appearance, they fired upon the store which had been closed long before the attack.

According to information at Dunga, the natives were about 50 in number, and they were armed with spears, arrows and bows. The natives were armed with spears, arrows and bows. The natives were armed with spears, arrows and bows.

Stan Seymour

The Popular British Football Player writes—

"As an athlete, I have found it most beneficial. It has an amazing stimulating effect and prevents any weakness, while training, and keeps me splendidly fit through the heaviest work. Phosferine is as a nerve strengthener there isn't anything to touch it, and after a most grueling game the sense of that 'pulsated' feeling, rather the other way in fact—fresh and in good condition. I am quite confident of my system sound and strong enough to take care of itself safely against influenza, chills, cramps, or any other common diseases. Phosferine is reliable to you will quite understand that in any emergency I Phosferine in the most effective, the quickest and best means of getting back to normal health and vigor."

The Choice of Kings

Mr. George Corcoran one of the greatest authorities on the practice of the game at a ballroom given by the London Hotel, London, October 23rd, 1925, spoke in high praise of the Champion of Kings. He said he had been back on the floor for 50 years. Mr. Corcoran said that Kings and kings have followed the same of age throughout the ages, including King Edward. Those who anticipated King Edward of Derby, before he was as old as the average, have done the champagne of the preference was Dudley Eley Dry.

—and Coronations

As the same luncheon Mr. Clement K. Shuter said he could not recall one thing that he had not wine, but he had seen the champagne of the preference was Dudley Eley Dry.
