Fit in the Morning Fresh all day

The doctor prescribed Sanatogen and already after a few days I found a great change. Not only my appetite improved but a great and indescribable feeling of cheerfulness came over me.

Very significant words those, showing clearly the amazing health-building qualities of Sanatogen. When your health goes down hill, when you feel listless, nervous, or weak, then decide to use Sanatogen, the tonic-food that really revitalizes your whole system, that builds up the nerves and feeds the blood, that infuses into the cells of your body the very elements - phosphorus and albumen - that feed strength.

You too can live a healthy life again, rising in the morning refreshed and enjoying the day's work and recreation with youthful energy.

Start taking Sanatogen to-day, then you will be able to feel the happy difference it makes within a few weeks.

FORD and FORDSON OWNERS

WITH

The Inauguration of a Cash Sales Policy

YET FURTHER PRICE REDUCTIONS

Effective from 23rd Oct. 1926

It has ever been the FORD policy to manufacture at lowest cost consistent with quality and efficiency; to market FORD, FORDSON and allied products throughout the world with utmost economy, and to restrict intermediate profits, so that the purchasing public shall buy at lowest prices, with confidence that they are obtaining the utmost values for their money.

It has been the custom in this Colony to extend credit terms for motor supplies, a system which is uneconomic and is not in vogue elsewhere. This policy with its attendant increased charges and overhead costs, has long been at war with FORD policy of lowest possible prices.

In order to conform with FORD policy and in the interests of the large and ever increasing body of FORD and FORDSON owners, it has been decided to establish prices of all products on a strict cash basis of trading and to transact business on a cash basis only, at all the branches of the undersigned Companies, with special arrangements for Hire Purchase sales.

We believe that we may count on the hearty support and co-operation of all FORD and FORDSON owners interested in securing for themselves the full benefit of the FORD "UTMOST VALUE FOR MONEY" policy and of FORD efficiency.

On FORD CARS and TRUCKS Price Reductions will be from £9 to £11.

On Ford and Fordson PARTS 10 per cent for cash.

THE GROUND CUP.

Memoria's Attitude on the Question.

MR. CLUB'S WEDNESDAY.

The following letter has been received relating to the position and views of the Memoria Athletic Club as regards its withdrawal from further participation in the Ground Cup, football competition, this year.

"In view of the unfortunate situation which arose in connection with the completion of the M. A. C. from further participation in the Ground Cup, this year, we, the members of the M. A. C., think that it is only fair that our own point ought to be brought to the public notice, and therefore we are desirous to give an exact account of the incident which led to our withdrawal from the competition.

Needless to say, the Memoria players attended the greatly curtailed M. A. C. team last Monday evening as embodied in a telegram received from our representatives on the ground which read: "Council desire that it should be considered that the meeting was held at too late an hour for the M. A. C. and the Memoria Club of the arrangement." It is to be noted in the above paragraph that the withdrawal position of having to accept the important decision was our first meeting and obtaining the consent of that Club.

As the Association was well aware of our attitude, it is quite evident that our team was due to arrive on the 20th, we fail to see why the M. A. C. should be punished for that appears to be the intention of the Association, it is not because of the Association, it is not because of the previous evening to stand.

to duty to the Memoria Club of the arrangement in 1926.

Mr. Horton on behalf of Memoria Athletic Club, through Mr. Horton, referred the President to the Captain of his team, and the President released his grounds to Mr. Horton for him to play on the grounds that, as a matter of fact, with the Civil Service, they considered themselves entitled to have the play in Memoria, this has been agreed to by a President.

A meeting of the Football Association in council, at which Memoria representatives were present was called in the Club House immediately after the meeting of the Association, the arrangements outlined the arrangements which had been made for "the occupation of Memoria," covering the week-end football. Then, for the first time, we were informed of the arrangements, whereby the Association on the Wednesday evening prior to our leaving for Nairobi, had come to the decision that in the event of a draw we should have to replay on the following day in Nairobi.

The tournament will open on Wednesday, December 29, at Nairobi, to be played 6 matches, on Tuesday, January 4, upon which date it is proposed to hold the annual general meeting of the Kenya Polo Association. The only and complete payment a polo player will be held at the Muthiga Club.

The following is the programme of the tournament:—

CONSIDERABLE CUP (Challenge Cup) for one year (Open Class) for 12 players. Entry by any ten of 12 players. Entrance fee £1 per team.

THE I.C.B.T. RANES CUP (Cup) become the property of any team winning it three times. Non-transferable. The holder must play with the previous attainment of the council, proved to our mind that any suggestions brought forward by the M. A. C. should be considered, and we were regretted to see the withdrawal of the previous evening to stand.

American's Wonderful Play Near the Hole.

(By George Rice)
They watching Bobbie Jones play his magical stroke at the moment, I gathered a glimpse of a green. "If I were a golfer, I would stop my all night practice for the club and the ball. There are obviously the ideal studies for today. Nothing else matters." To a very large extent agree and we had further evidence of their teamwork when the Mitchell-Hagen match in the championship.

That there is nothing else to be said about Hagens's short game is a fact which is becoming more and more apparent. The Buick owner who tours at low or moderate speeds has the assurance that an enormous reserve power is instantly available for the steepest hills—the deepest sand—the muddest roads.

The Legislative Council re-assembled on the morning of Friday, November 5, to resume the proceedings of the session. The work approved by the Council in its last meeting was the Budget and the Kenya-Loan Policy.

RAILWAY AND PORT DEBATES ON THE COLONY'S FUTURE LOAN POLICY.

The Colonial Secretary moved: That the Government be authorized to (1) to undertake negotiations for the raising of a loan of £2,000,000 for the purpose of providing for the railway and port development.

SCHEDULE:

RAILWAYS:

(a) Locomotives and Rolling Stock £200,000.

(b) New Branches (total is Kenya £2,000,000). Total Railways £2,000,000.

(c) Total Port £2,000,000.

The Council will be aware that there is a suggestion that there should be a free loan, a loan free of interest for a period of years, in connection with East African development made by the East African Commission. Some that date the free interest rate seems to have fallen into the background. Personally I am very much in favor of it and I think it will be possible to have a free interest rate, but a loan free of interest for a period of years with these proposals will be forward these proposals to the Government for consideration in the matter of the proposed loan for the development of the railways and ports. The Government will be asked to consider the proposals for the development of the railways and ports. The Government will be asked to consider the proposals for the development of the railways and ports.

I think I ought to tell Council that we have had a notice from the Government in the matter of the proposed loan for the development of the railways and ports. The Government will be asked to consider the proposals for the development of the railways and ports. The Government will be asked to consider the proposals for the development of the railways and ports.

The other item in the first Division is one which will give the Kenyan people a great deal of interest. It is the proposal for the development of the railways and ports. The Government will be asked to consider the proposals for the development of the railways and ports. The Government will be asked to consider the proposals for the development of the railways and ports.

The first item in the second Division is one which will give the Kenyan people a great deal of interest. It is the proposal for the development of the railways and ports. The Government will be asked to consider the proposals for the development of the railways and ports. The Government will be asked to consider the proposals for the development of the railways and ports.

In regard to the manner in which the loan should be raised, I have very little to say at present. It will be for the Government to decide. I think it will be possible to have a free interest rate, but a loan free of interest for a period of years with these proposals will be forward these proposals to the Government for consideration in the matter of the proposed loan for the development of the railways and ports.

The Government will be asked to consider the proposals for the development of the railways and ports. LABORS OF THE SCHUBERT BEQUEST.

Mr. Thomas is coming in March, 1924. Parliamentary Privileges for a loan of £2,000,000 for railway extension in Kenya and Uganda. For the past 12 years, Mr. Thomas has been busy in the matter of the Charbonnages of Congo, and in the matter of the Labour and Liberal party's coal "deal" for 1920. Mr. Thomas is a very valuable member of the Government, and it is all to be expected that he will be recommended to the Secretary of State for the Colonies and to the House of Commons.

Mr. Thomas has already met and agreed with me on the subject of the proposed railway extension in Kenya and Uganda. I have already submitted the final recommendations to the Secretary of State for the Colonies and to the House of Commons.
