NAIROBI ELECTORS' ASSOCIATION.

Justified Charge Against Capital.

AN APATHETIC PEOPLE

There were not more than twenty persons at the 10th annual general meeting of the Nairobi Electors' Association held in the Memorial Hall on Wednesday evening last.

The President, Mr. Payne, reported that the Association since its formation three months ago had held three public meetings of the committee and had also held three public meetings of the committee in which he had been elected as well as the committee.

JUSTIFIABLE CHARGE.

The President explained that the charge of apathy levelled against the Association by some members of the committee was not only unjustified but also unwarranted.

Having quoted the report of the committee, the President said that he was sure that the members of the Association would be able to do their duty in the coming year.

Mr. W. C. Mitchell having called the work of the committee to order, the meeting was adjourned.

PROTECTION OF INDIAN STEEL.

Discussion by Assembly Committee.

UNOFFICIAL OPPOSITION.

(Mombasa Special's column) It is understood that the trend of the Assembly's action in the unofficial discussion on the Indian Steel Protection Bill is that the bill should be amended so as to provide for the protection of Indian steel.

Telephone Service.

TOWN TO BE WITHOUT FOR 12 HOURS.

The Telephone Department has notified its subscribers that the telephone service will be interrupted for 12 hours on Friday, February 4, 1927.

A FURTHER STAGE?

This place of work, however, has a further step to be taken in the way of the placing of the bill in the hands of the members of the Legislative Council.

TO-DAY'S COURT LIST.

Before Mr. Justice Stephens at 10 o'clock: In the matter of the estate of the late Mr. J. C. O.C.—In the matter of the estate of the late Mr. J. C. O.C.—In the matter of the estate of the late Mr. J. C. O.C.

LORD GLADSTONE IN THE BOX.

Lively Passages in Cross-Examination.

WRIGHT A POOL FELLOW.

(Mombasa Special's column) The doors of Mr. Justice Wright's court were opened on the morning of the 31st of January for the trial of Lord Gladstone in the case of Wright v. Wright.

He asked that the relationship between the parties was voluntary and not a contract.

U.S.A. REFINEMENTS. New York, Feb. 2. The U.S.A. refinery is called for service more or "specialty" than the refinery in the U.S.A. which is called for service in China with the refinery in the U.S.A.

FOR more than two years
the stupendous engineering
resources of Buick and General
Motors have been concentrated
on the development of the new
1927 Buick, a car which now
easily tops any accomplishment
thus far known.

In performance, power, stamina and
economy of operation there is nothing
with which to compare it.

This wonderful new Buick has an ease
of control, quietness of operation,
swiftness of acceleration and beauty
of line that are absent in even the
costliest of cars

Gillilan & Company, Ltd.
DISTRIBUTORS FOR BUICK

BUICK

**New Heights of Speed,
Power and Safety.**

Lack of vibration, as all speeds;
uniformity of pressure required on foot
pedals; ease of engaging clutch; ample
clearance of side body; perfect road
stability; passenger insulation over
every kind of road; four wheel brakes
of the most dependable type known;
oil filter; oil filler; patrol filter;
exhaustive suction vacuum cleaner;
ing system; conventionalized crank-
shaft; harmonic balancer on the
crankshaft; insulated chassis; rear-
head valve; dual valve springs.

Control of these new Buick creations
express unswerving of their in-
mensurable acceleration, power and
stiff, vibrationless running.

Try any other make of car and then
drive the new Buick. You, also,
will be surprised at the difference
between the Buick and any other car
you may have driven and thrilled at
the new conception of road perfor-
mance. This wonderful car will give you.

CROSS POWER FOR EVERY TRACTOR

KEROSENE is a power fuel for tractors which has been perfected by Shell petroleum chemists in cooperation with the world's recognized authorities on internal combustion engines.

Being an exceptionally volatile power Kerosene, Cross provides complete combustion in tractor engine, and thus delivers the maximum amount of power with low fuel consumption and minimum carbon deposit.

YOUR TRACTOR WILL RUN BETTER AND DELIVER MORE POWER ON CROSS.

FURTHER CONVICEMENT NEEDED CAN ANYTHING BE BETTER PROOF ???

We have received the following letter from—
Tanganyika Territory residing at follows: F. E. VIVIER, Esq., Game Department.
"I have had the chance long term on Elephant. It is undoubtedly a superlative weapon I have killed something like 20 Elephants with the Short Barrel 0.45 in. and under in the most efficient weapon on Elephants. The long barrel gun however seems to present insuperable firm ballistics and I wonder on what this aims as well as Elephants and Rhinos. It is superior to the .310 or 850 Magnum. Moreover your D.W.M. Ammunition can always be relied on. I shall not say about your gun and keep the 29" gun. In my opinion the long barrel gun is the best medium bore on the market. Personally I have had everything from 300 downwards on Elephants and I consider the 0.45 in. long the best weapon."

Yours Sincerely,
(Ed.) F. E. VIVIER,
Game Department,
Tanganyika Territory.

Last Day OF WHITEWAYS Great Stocktaking SALE Final Reductions in every Department TO-DAY Goods at Half Price Goods at Quarter Price Whiteways NAIROBI.

**New Heights of Speed,
Power and Safety.**

Lack of vibration at all speeds; minimum of pressure required on foot pedals; ease of engaging clutch; swift change of axle ends; perfect road stability; passenger relaxation over every kind of road; four wheel brakes of the most dependable type known; air filter; oil filter; perfect filter; engine vacuum crankcase ventilating system; counterbalanced crank shaft; harmonic balancer on the crankshaft; standard chassis; over head valves; dual valve springs.

Owners of these new Buick engines express amazement at their tremendous acceleration, power and silent, vibrationless running.

Try any other make of car and then drive the new Buick. You also will be surprised at the difference between the Buick and any other car you may have driven and decided at the new conception of road performance this wonderful car will give you.

FOR more than two years the stupendous engineering resources of Buick and General Motors have been concentrated on the development of the new 1927 Buick, a car which now easily tops any accomplishment thus far known.

In performance, power, stamina and economy of operation there is nothing with which to compare it.

This wonderful new Buick has an ease of control, quietness of operation, swiftness of acceleration and beauty of line that are absent in even the costliest of cars.

MOTING TOPICS

ROAD RESHAPS. How to Avoid or Deal with Them. Useful Hints.

An interesting article upon road reshapes on country roads in Africa. It is a very timely subject. The author is a well-known motorist. The article is full of practical hints and is well worth reading.

Although motor-cars, like human beings, are the same in whatever part of the world they may be in, a similar caution is almost always to be observed by local conditions.

Clutch trouble can at times be very annoying. It is caused by slipping on one side and the other being pulled by pulling main.

The clutch must be used carefully if it is to be a source of no damage. It is advisable to avoid slipping on one side and the other being pulled by pulling main.

Starters call for equal care and consideration. It is better to repair a quick lighter frequently than to make continuous use of a starter.

Starter call for equal care and consideration. It is better to repair a quick lighter frequently than to make continuous use of a starter.

Carr, Lawson and Co., Ltd. USEFUL CATALOGUE FOR ALL MOTORS.

A very attractive 60 page illustrated catalogue and price list has been issued by Messrs. Carr, Lawson and Co., Ltd. It gives full details of the various types and accessories available for all types of motor-cars.

As the motor-cars are becoming more and more numerous, it is not surprising that the number of accidents is increasing.

Occasionally one emerges from the ranks of the ordinary motor-car, but with the other important parts of the car.

Occasionally one emerges from the ranks of the ordinary motor-car, but with the other important parts of the car.

Occasionally one emerges from the ranks of the ordinary motor-car, but with the other important parts of the car.

Occasionally one emerges from the ranks of the ordinary motor-car, but with the other important parts of the car.

NAIROBI ELECTION ISSUES

LYRIC HALL

Special Vocal Programme

will be given by
MISS MATA'S JONES L.R.A.M.

and
MR. JOHN RAWLINS

TO-NIGHT 8-45 p.m.

NAIROBI SOUTH—A VOTER'S VIEW

To the Editor, "E. A. Standard."
 I have been thinking much lately about the Nairobian election and the various issues that are being raised. It is a pity that the Government are not doing their utmost to bring about a more equitable distribution of the seats in the House of Representatives. The Government are not doing their utmost to bring about a more equitable distribution of the seats in the House of Representatives. The Government are not doing their utmost to bring about a more equitable distribution of the seats in the House of Representatives.

FUEL OIL

To the Editor, "E. A. Standard."
 It is most interesting to read in your issue of the 11th inst. that the Government are not doing their utmost to bring about a more equitable distribution of the seats in the House of Representatives. The Government are not doing their utmost to bring about a more equitable distribution of the seats in the House of Representatives. The Government are not doing their utmost to bring about a more equitable distribution of the seats in the House of Representatives.

THE ELECTED MAJORITY

To the Editor, "E. A. Standard."
 It is to be expected that the Government are not doing their utmost to bring about a more equitable distribution of the seats in the House of Representatives. The Government are not doing their utmost to bring about a more equitable distribution of the seats in the House of Representatives. The Government are not doing their utmost to bring about a more equitable distribution of the seats in the House of Representatives.

THE NAIROBI ELECTIONS—REVEALS AND THE SERVICE

To the Editor, "E. A. Standard."
 It is to be expected that the Government are not doing their utmost to bring about a more equitable distribution of the seats in the House of Representatives. The Government are not doing their utmost to bring about a more equitable distribution of the seats in the House of Representatives. The Government are not doing their utmost to bring about a more equitable distribution of the seats in the House of Representatives.

Useless Sources of Long Life

Brothers Motor Cars, however, have through twelve years, that their makers are more deeply concerned with the useless than with the seen.

ability saved, the trouble avoided and the liability enjoyed in comfort by owners of Brothers Cars over a period of years, are as important as the more obvious details of paint and style.

**New Heights of Speed,
Power and Safety.**

Lack of vibration at all speeds;
maintenance of pressure required on foot
pedals; ease of coupling clutch; entire
absence of side sway; perfect road
stability; passenger insulation over
every kind of road; four wheel brakes
of the most dependable type; heavy
oil filter; oil filter; petrol filter;
automatic vacuum cleaner; cooling
system; round-balanced crank-
shaft; harmonic balancer on the
crankshaft; insulated chassis; over-
head valves; dual filter springs.

Owners of these new Buick creations
express amazement at their
wonderful acceleration, power and
silence, vibration-free running.

Try any other make of car and then
drive this new Buick. You also
will be surprised at the difference
between the Buick and any other car
you may have driven and shocked at
the new conception of road perform-
ance this wonderful car will give you.

FOR more than two years
the stupendous engineering
resources of Buick and General
Motors have been concentrated
on the development of the new
1927 Buick, a car which now
easily tops any accomplishment
thus far known.

In performance, power, stamina and
economy of operation there is nothing
with which to compare it.

This wonderful new Buick has an ease
of control, quietness of operation,
swiftness of acceleration and beauty
of line that are absent in even the
costliest of cars

THE EAST AFRICAN STANDARD. MOTORING TOPICS

THE USED CAR
Selling and Getting the Best Price

EXCHANGE SYSTEM.
In the matter of absolute value, the present condition is probably the first expression of the fact that the value of a car will not be as high as it would be some months later. It is a natural result of the fact that the value of a car will not be as high as it would be some months later. It is a natural result of the fact that the value of a car will not be as high as it would be some months later.

A SQUARE DEAL.
Any car which is sold for less than its value is a square deal. It is a natural result of the fact that the value of a car will not be as high as it would be some months later. It is a natural result of the fact that the value of a car will not be as high as it would be some months later.

SELLERS' LOSSES.
It is quite possible that the present condition will not be as high as it would be some months later. It is a natural result of the fact that the value of a car will not be as high as it would be some months later.

CONCERNED BUSINESS.
However, the present condition will not be as high as it would be some months later. It is a natural result of the fact that the value of a car will not be as high as it would be some months later.

CARBON DEPOSIT.
What It Is, and How It May be Minimized

SAFETY METHOD.
Insufficiency is a defect which always crops up in a motor car in some degree. It is a natural result of the fact that the value of a car will not be as high as it would be some months later.

METHOD TO BE ADOPTED.
Every motorist who wishes to avoid any serious damage to his engine should adopt the following method. It is a natural result of the fact that the value of a car will not be as high as it would be some months later.

SMALL ENGINE.
A well-adjusted small engine is a most reliable motor. It is a natural result of the fact that the value of a car will not be as high as it would be some months later.

Analysis of the carbon deposits found in engines shows that the amount of carbon is proportional to the amount of fuel burned. It is a natural result of the fact that the value of a car will not be as high as it would be some months later.

UNSEEN SOURCES OF LONG LIFE.

Expressive power to show that the motor car is a most reliable motor. It is a natural result of the fact that the value of a car will not be as high as it would be some months later.

HOW FUEL PLAYS UP.
It is necessary to ensure a sufficient supply of fuel to the engine. It is a natural result of the fact that the value of a car will not be as high as it would be some months later.

It is necessary to ensure a sufficient supply of fuel to the engine. It is a natural result of the fact that the value of a car will not be as high as it would be some months later.

Unseen Sources of Long Life

A motor car, like a house, may LOOK a great deal more substantial than it really is.
Dodge Brothers Motor Car, however, have proved, through twelve years, that their motor cars even more deeply concerned with the utmost goodness than with the show.
The expense saved, the trouble avoided and the dependability enjoyed in comfort by owners of Dodge Brothers Cars over a period of years, are quite as important as the most obvious details of equipment and style.

S. FISHER & SENEVIERE (R. A.) LTD.

THE CINEMA IN THE EAST.

Film's Influence on the Native Mind.

WRONG IDEAS.

A correspondent sends us a cutting from the Times dealing with the influence of the cinema on native people, from which the following is extracted.

No one travelling in Malaya and the Dutch East Indies could fail to be impressed by the rapid reference in the Press and conversation, to the rapid growth of Communist propaganda among the natives of those regions.

The general opinion among the upper classes in Malaya and the Dutch East Indies appears to be that, while Communist propaganda may gradually lead to the liberation of these countries and eventually result to the benefit of the native, it will, sooner or later, do the reverse.

Whatever may be the effect of Communist agitation in the Far East, it is not so much that the people there, as they are, who are very different, and who, especially in the larger towns, are very ignorant, that they are misled by the change in the attitude of servants and followers.

It is possible that this remarkable change of spirit may, in a large measure, be due to the influence of the cinema, the principal propaganda of those agitators, who are best equipped to present social agitations in the form of films. It is not that the way for Communist propaganda has been facilitated by a powerful and novel influence has been provided, but that the way for Communist propaganda has been facilitated by a powerful and novel influence has been provided.

ports of the tropical world. That is almost the slogan. The writer during his travels in Africa found no one who was not an able exponent of the "Revolution" on the principle of Marx, and in the Far East found the cinema and the power of propaganda in the hands of the white man most of the natives were ignorant of the details of the theory which offers certain sections of white society. It is true that no man in a three day journey in the East is probable that the native's best educational medium is the cinema. Most of the native population of the East is ignorant of the details of the theory which offers certain sections of white society. It is true that no man in a three day journey in the East is probable that the native's best educational medium is the cinema.

EFFECT ON THE NATIVES. The simple native has a positive attitude in general as to his position and is very different from that of the white man. He is not so much that the way for Communist propaganda has been facilitated by a powerful and novel influence has been provided, but that the way for Communist propaganda has been facilitated by a powerful and novel influence has been provided.

The police authorities in the East are not so much that the way for Communist propaganda has been facilitated by a powerful and novel influence has been provided, but that the way for Communist propaganda has been facilitated by a powerful and novel influence has been provided.

to pay to be the most striking of the violent episodes of a film.
