Choosing a Shirt

Look what a lot of things there are to consider. Then the pattern, the material, the fit, the quality - above all, perhaps, the price. The wisest man would make his choice. It is too much to ask for such expert judgment in choosing a shirt. The "Consulate" doesn't ask for it. It appears before you with a printed guarantee that it will be of the same good behavior, when it has been worn and washed, and worn again and washed again, as it was when new. You can buy "Consulate" Shirts wherever good shirts are sold - in a variety of individual cases, in quantities designed with the same high standard of workmanship as the best of the same well-known brand. Consulate labels were into the pocket of every shirt.

A Letter from Paris

One of the most interesting features of the high-collared blouse has a small, round collar. Models for a man's evening jacket. The blouse has a high collar which in the daytime takes the form of a shawl scarf. Used with an open skirt, with long pointed ends.

The waisted gown continues to give prominence to all manner of short-sleeved dresses. Balls of work, oval or rectangular shape of body, collars with an all-finished outer look for a finish.

the neck. In fact, in the last few weeks, wide, practical-looking blouses have been very popular. These are made in various styles, but all feature a high collar.

The high-collared blouse still characterizes women's attire, but the latest innovation of the day is the blouse with a high collar.

Evening dresses remain attractive. In fact, no models of evening dresses are shown, but we expect to see in the mode, but find that the latter are more attractive. They are made in a variety of styles, but all feature a high collar.

The apron is still very popular. The apron part of the dress, however, is in fact in great contrast of forms and colors.

Choosing a Shirt

Look what a lot of things there are to consider. There's the pattern, the material, the size, the style—above all, perhaps, the fit. It's not too much to ask for such expert judgment in choosing a shirt.
The "Consulate" doesn't ask for it. It suggests before you buy a printed guarantee that it will be the same good looking shirt as it has been worn and washed, and worn again and washed again, as it was when first made.
You can buy "Consulate" shirts in all varieties of beautiful styles, in countless designs—all at the same low, guaranteed price. For the "Consulate" label sewn into the neck of every shirt.

A LANDSLIDE TO THE BUICK SIX

Buick registrations in Kenya, Uganda and Tanganyika outnumber by more than two to one those of any six cylinder car regardless of price. . . .

OFFICIAL Motor Car registrations for Kenya, Uganda, and Tanganyika, which have just been computed show the remarkable sales record of Buick cars.

From the day the agency was established a little over two years ago Buick began to make history. Its astounding road performance under the most severe conditions created a demand that called for ever increasing supplies.

In an incredibly short space of time, Buick registrations in Kenya, Uganda, and Tanganyika have mounted until to-day they are MORE THAN DOUBLE those of ANY other six cylinder car, not

only in its own price class, but regardless of price.

The registration figures give proof — proof that leaves no room for doubt as to the overwhelming preference for Buick Cars. They indicate that there is literally a landslide of buying opinion toward Buick's unexcelled standards of engineering quality and value.

Yet, the most impressive phase of this outstanding success lies not in its magnitude — but in the ever growing satisfaction freely voiced by the hundreds of Buick owners in their cars, and the unbounded enthusiasm of those who have driven and purchased the new 1927 model—The Greatest Buick Ever Built.

Cross Power KEROSENE

Pulling Power for Every Tractor

KEROSENE is a power fuel for tractors which has been perfected by Shell petroleum chemists in co-operation with the various recognised authorities on internal combustion engines. This being an exceptionally volatile power kerosene, Cross provides complete combustion in lighter engines, and thus delivers the maximum amount of power with low fuel consumption and minimum carbon deposit.

Your tractor will run better and deliver more power on Cross.

MOTURING TOPICS

ROAD MANNERS.

Good Driver a Product of Experience.

A FEW TIPS.

The notion of a motorist or driver who never will take any steps or go so far as to seek out a motorist who is a danger to his own safety, and who is also a danger to the safety of other motorists is a very foolish one. It is not sufficient to be a good driver, but one must also be a good driver in the eyes of other motorists. This is the only way to avoid accidents, and this is the only way to insure that one's own safety is not endangered by one's own actions.

INSURANCE.

It is almost certain that a motorist who is a good driver, but who is not insured, is a very foolish one. It is almost certain that a motorist who is a good driver, but who is not insured, is a very foolish one.
