

A LANDSLIDE TO THE BUICK SIX

Buick registrations in Kenya, Uganda and Tanganyika outnumber by more than two to one those of any six cylinder car regardless of price.

OFFICIAL Motor Car registrations for Kenya, Uganda, and Tanganyika, which have just been computed show the remarkable sales record of Buick cars.

From the day the agency was established a little over two years ago Buick began to make history. Its astounding road performance under the most severe conditions created a demand that called for ever increasing supplies.

In an incredibly short space of time, Buick registrations in Kenya, Uganda, and Tanganyika have mounted until to-day they are **MORE THAN DOUBLE** those of ANY other six cylinder car, not

only in its own price class, but regardless of price.

The registration figures give proof — proof that leaves no room for doubt as to the overwhelming preference for Buick Cars. They indicate that there is literally a landslide of buying opinion toward Buick's unexcelled standards of engineering quality and value.

Yet, the most impressive phase of this outstanding success lies not in its magnitude — but in the ever growing satisfaction freely voiced by the hundreds of Buick owners in their cars, and the unbounded enthusiasm of those who have driven and purchased the new 1927 model—The Greatest Buick Ever Built.

I have shot over 40 Elephants with your 2.5. I think you for the 2.5. I have shot more on this for a year showing competition. I had 7 pieces over which I took five, though the rifle was strong to me. I had 100 rounds, I previous to the competition. I am highly pleased with the results. I had 100 rounds, I had my friends. CHEVROLET

For Economical Transport

The fact that the Government of Kenya is now in a position to make a selection of the proposals which it has put forward for the consideration of the British Government is a matter which has been discussed in the columns of this paper, a selection of which is published to-day. It is thought probable that the attitude of the British Press is in a measure representative of the views of the general public on the present political questions, also that the problems before the Government are not untypical.

ANOTHER HUPMOBILE ACHIEVEMENT

A MOTORING public that is satisfied by only the best performance has clearly established Hupmobile Eight supremacy among fine motor cars. Yet even before has even Hupmobile maintained quite the artistic and mechanical triumph of the new Hupmobile Eight-Seater-Saloon. Hupmobile engineering has banished forever the bulky, unwieldy appearance formerly associated with maximum capacity saloons. Yet there is extra room in the driving compartment, in the richly upholstered back-seat, in front of and behind the distinguished occasional seats.

A dignified motor car of enviable beauty—one that is impressive in its comfort—and the finest sight-eight performance obtainable anywhere at any price!

A LANDSLIDE TO THE BUICK SIX

Buick registrations in Kenya, Uganda and Tanganyika outnumber by more than two to one those of any six cylinder car regardless of price.

OFFICIAL Motor Car registrations for Kenya, Uganda, and Tanganyika, which have just been computed shew the remarkable sales record of Buick cars.

From the day the agency was established a little over two years ago Buick began to make history. Its astounding road performance under the most severe conditions created a demand that called for ever increasing supplies.

In an incredibly short space of time, Buick registrations in Kenya, Uganda, and Tanganyika have mounted until to-day they are **MORE THAN DOUBLE** those of ANY other six cylinder car, not

only in its own price class, but regardless of price.

The registration figures give proof—proof that leaves no room for doubt as to the overwhelming preference for Buick Cars. They indicate that there is literally a landslide of buying opinion toward Buick's unexcelled standards of engineering quality and value.

Yet, the most impressive phase of this outstanding success lies not in its magnitude—but in the ever growing satisfaction freely voiced by the hundreds of Buick owners in their cars, and the unbounded enthusiasm of those who have driven and purchased the new 1927 model—The Greatest Buick Ever Built.

EPHOS. THE FERTILISER.

A commitment of 200 tons will arrive at Kilindi about the 20th March and will be available in the 1926/27 season. For 10-ton lots delivered to any station under the control of the Kenya and Uganda Railways. An only limited quantity will be available at Plants of Coffee, Wheat, Maize and Sugar will be available to look their return before the arrival of the steamer after which date the price will be automatically increased as storage, cartage and other charges will be included.

The Manufacture of Ephos affords as follows—
Your virgin soil in Kenya is generally acid and soil and EPHOS is a super phosphate which will neutralise the acid of the soil, and EPHOS gives a high yield of crops. It is a most successful fertiliser of all kinds in one recent experiment at the Agricultural Station, Nairobi, the area treated with EPHOS was 50% free from "rust" whereas the single "loam" area (which had been treated with other fertilisers) was affected to the extent of 20%.

We have no hesitation in saying that it will not be long before Ephos will be the only phosphate fertiliser which will be used in the country.

Advice on Selection & Equipment.

RECOMMENDATIONS

In the course of this series we have seen a number of ways in which a passenger in a motor car, although it is fitted with a pair of footboards, may not be so comfortable as he would be in a motor car with a side car.

Whether a side car is fitted to a motor car is a matter which is decided by the motorist. It is not a matter which is decided by the manufacturer. It is not a matter which is decided by the law.

Look what a lot of things there are to consider. There is the pattern, the material, the fit, the size, the color, all perhaps, in fact, the more the merrier. It is so much to think about that you are bound to choose a shirt.

The "Consulate" doesn't ask for it. It appears before you with a printed guarantee that it will be of the same good behavior when it has been worn and washed, and worn again and washed again, as when new.

You can buy "Consulate" shirts where you buy shirts, and you will find a variety of individual fits. In consulate designs—made with the same high standard of workmanship as all found by the name sold guarantee.
