THE new Goodyear Tube Repair Kit is a miniature tube repair shop, complete in every respect.

A repair made with this outfit will actually outlast the tube itself.

There is a buffer, a large sheet of self vulcanizing patching, a pair of scissors, a tube of special rubber cement, two Schrader valve insides, two valve caps everything necessary, to make a quick, efficient repair anywhere.

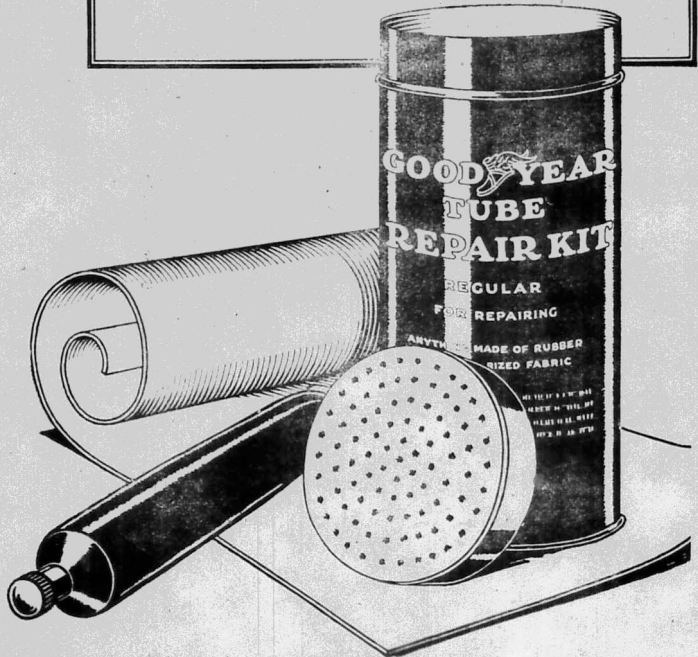

Someday a Goodyear Tube Repair Kit will mean a material saving in time and money. Why not get one to-day from your Dealer.

SWIMMING BATH SCHEME FOR NAIROBI.

History Motion Before the Convention.

TURNED DOWN.

As an interlude between the morning session, Convention on Thursday considered the following:

The City Convention would welcome the erection of a swimming bath for Europeans on the site of the Clubhouse of the Club.

It was explained that the Finance Committee had not yet decided whether the proposal for a swimming bath should be put to a vote of the Convention. The proposal was that the swimming bath should be built on the site of the Clubhouse of the Club.

A Water Difficulty.

Mr. T. A. Wood (Nairobi) Chairman of the Convention, said that the swimming bath proposal, if carried, would be a great benefit to the community.

would have to be defined until the Convention had discussed the proposal. It was pointed out that the proposal was a private one and that the Convention had no authority to discuss it.

Mr. T. A. Wood said that the proposal was a private one and that the Convention had no authority to discuss it.

Poland Club's Buffalo Statue

Never before won in 15 years' trials
CAPTURED BY CHRYSLER TEAM.

For 15 years the Automobile Club of Poland has offered this Trophy to any team of 3 cars, which could finish its 6-day reliability run without loss of marks, but until this year none of the competing cars have been able to comply with the difficult conditions.

The Buffalo Trophy was won this year for the first time since it was offered 15 years ago by a team of three competing CHRYSLER Model "70" Touring Cars completing the six-day test—1,500 miles over all possible kinds of roads and country—without loss of marks.

WHY!
How many men are dominated by their running shoes?

WHY?
Because they do not use "Dunlop Safety Bare Rubber Made in England" shoes. Dunlop Safety Bare Rubber high speed shoes give a cooling efficiency which makes walking and running easier. They are made of the finest leather and the finest rubber and they are the most comfortable and most durable shoes.

MEETING OF UGANDA CHAMBER OF COMMERCE.

Discussions on Transport and Domestic Exports.

STANDARD CORRESPONDENT.
 Kampala, Oct. 10.—Kampala and District has been suffering from an abnormal spell of hot weather for this time of the year, and the atmosphere has been what one might describe as "very hot" all this past week. It is to be hoped that rain will come and relieve this week. It is a significant feature in the Official Gazette that week publishing the purchase and sale of all native foodstuffs generally by natives for the purpose of resale, or export, from the Budaka District, unless a written permit from the District Commissioner be obtained first. While this does not necessarily mean that there will be a famine in this district of the Eastern Province, it goes to show that the failure of the rains in the early part of the year is not being felt so severely as we are pleased to believe that the Government are taking all precautions.

DECREASE IN UGANDA COTTON ACREAGE.

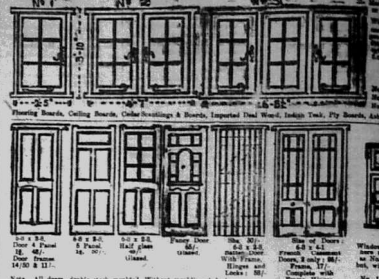

Coming Crop Expected To be Late.

STANDARD CORRESPONDENT.
 Kampala, Oct. 10.—The fourth return report of the Agricultural Department dated October 11, has been issued, and makes interesting reading. It is reported that in the Eastern Province weather conditions which became more favourable after the middle of August, and that the prospects for both cotton and food crops are being considerably with the more regular rainfall.

The total acreage for the Eastern Province for 1926 is 10,000 acres and shows 202,000 acres planted up in 1925. The total acreage for 1926 is 10,000 acres and shows 202,000 acres planted up in 1925. The total acreage for 1926 is 10,000 acres and shows 202,000 acres planted up in 1925.

The Motor Transport Controversy.

At a meeting of the Chamber of Commerce on Friday last, 10th inst., it was announced that a delegation of the Chamber had mentioned this matter to the Governor and had informed that the matter had been referred to the Executive Committee. The Governor stated that he had not been entirely opposed to the registration of any form of motor transport and that he had the District Secretary write against the motor transport, but that he had not been entirely opposed to the registration of any form of motor transport and that he had the District Secretary write against the motor transport, but that he had not been entirely opposed to the registration of any form of motor transport and that he had the District Secretary write against the motor transport.

Railway Matters.

At his annual meeting, the Chamber of Commerce was informed that the Chamber had appointed a standing committee to look into the matter of the railway. The committee will be composed of the Chamber of Commerce, the Chamber of Agriculture, the Chamber of Industry, and the Chamber of Trade. The committee will be asked to report to the Chamber of Commerce at its next meeting.

Native Boycott.

A long discussion took place in the Chamber of Commerce on Friday last, 10th inst., on the subject of a native boycott. It was suggested that the Chamber should issue a statement of opinion on the subject. The Chamber decided to refer the matter to the Executive Committee. The Executive Committee will be asked to report to the Chamber of Commerce at its next meeting.

Municipal Authority.

Notice is hereby given that the Municipal Authority will be holding a public meeting on the subject of the proposed extension of the Municipal Council area. The meeting will be held on Monday, 11th inst., at 8 o'clock in the evening, at the Municipal Council Chamber, Nairobi.

THE LADY NORTHEY HOME'S CORDON MEMORIAL

To the Editor "E.A. Standard" - Sir - I notice in your report of the public meeting held last Monday that Col. Pecham criticized me on the statement that "They should be Government troops who are liked."

Of course, I have never said and I wish that Government troops who are liked, quite the reverse, your own columns will witness.

To the Editor "E.A. Standard" - Sir - With great interest I have been following up the Lady Northey Home's history.

I do not think the party now discuss the pros and cons of the topic here. I am writing this simply to make a suggestion. I want to know if you would like to see the history of the Lady Northey Home remain where it stands, and place for the Cordon Memorial.

Should the present law notices be removed, why not utilize the place now occupied by the law courts for the Cordon Memorial. The site should not be given to the Lady Northey Home. It should be given to the Government.

GRAHAM BROTHERS TRUCKS AND BUSES LOW COSTS

Low costs are a feature of Graham Brothers Trucks, Commercial Cars and Buses throughout their long, profitable lives. Built over 10 years only for low truck high quality, because Graham Brothers build more trucks than any other exclusive truck manufacturer in the world.

Operating costs are low because of the low fuel consumption of the famous "Dodge" type engine.

Maintenance costs are low because Graham Brothers Trucks quantity buy of the materials, without need a part—and because genuine, fully tested engine parts are always available when they are needed.

THE BEGINNER.

Trials and Troubles of the New Driver.

PASSENGERS' WAYS

Even for those who have never before taken the wheel of a motor car, the first few days of driving are full of trials and troubles. The new driver should be prepared for a number of things that may be expected to occur.

Types of Passengers

There are three main types of passengers: the first is the "tourist," who is usually a young man or woman who is out for a holiday; the second is the "business man," who is usually a man who is on a business trip; the third is the "family," who is usually a man, woman, and children.

The "tourist" is usually a young man or woman who is out for a holiday. He or she is usually well-dressed and has a lot of luggage.

The "business man" is usually a man who is on a business trip. He is usually dressed in a suit and has a briefcase.

The "family" is usually a man, woman, and children. They are usually dressed in casual clothes and have a lot of luggage.

After the First Thousand.

Drivers should be careful that having achieved their first thousand miles they do not become complacent. It is a mistake to think that because they have driven a thousand miles they are now experts.

After the first thousand miles, the driver should continue to take care of the car. This means regular oil changes, tire rotations, and other maintenance.

The driver should also be careful of their driving habits. They should avoid speeding, tailgating, and other dangerous driving practices.

Finally, the driver should be prepared for emergencies. They should know how to change a tire, jump-start a car, and other basic skills.

THE STOCK INDUSTRY. Methods of Control of East Coast Fever.

DIPPING, FENCING AND INOCULATION.

Convention Aims for Legislation to Abolish Squatter Cattle System by Local Option.

The problems of the cattle industry were discussed in considerable detail by the Convention of Association on Tuesday last week with the assistance of the Officer and the Veterinary Research Officer. An important step forward was taken by a resolution which asked Government to introduce legislation abolishing squatter-owned cattle.

NEW LEGISLATION BEING CONSIDERED.

The officers of the Veterinary Department gave a re-echoing of the ravages of East Coast Fever. They maintained that the best method of control was by compulsory dipping, compulsory fencing and inoculation. It was stated that a Cattle Cleansing Bill and a Fencing Bill were under consideration by Government.

and his farm had now been in quarantine for 144 months for this disease. It had now E.C.F. he hoped his cattle would always get it because his cattle had never been so healthy and he had not had any more deaths. These things required consideration before the Colonial Government would accept the resolution and press for further research into E.C.F. with special reference to vaccination.

Mr. Taylor reminded the Acting Director of Agriculture of the remark made by His Excellency the Governor in his speech at the opening of the Convention in the belief that had been advanced by Mr. A. Taylor that he had been able to eliminate E.C.F. from the Principal in 15 months. Mr. Taylor thought that the statement must have been misunderstood because he did not believe E.C.F. had been eliminated there.

The C.V.O.'s View.

The Chief Veterinary Officer, Major Francis Edwards, made the following statement of E.C.F. control measures.

The Veterinary Department is of the opinion that the time has arrived when, in a serious case, it is necessary to take more stringent measures than the usual method of vaccination and to endeavour to eliminate the disease in settled areas.

There is no doubt that the use of the vaccine is a valuable method of the control of the disease, but it is not sufficient to prevent the disease from spreading in the event of a serious outbreak.

The C.V.O. is of the opinion that the time has arrived when, in a serious case, it is necessary to take more stringent measures than the usual method of vaccination and to endeavour to eliminate the disease in settled areas.

Some of money was spent annually, the stage has been reached when prevention and eradication measures must be concentrated upon it in any region East Coast Province is the most dangerous disease in the Colony and the order from the Governor are great.

Mr. Taylor stated that the disease in the Statute Book of the Colony is the most dangerous disease in the Colony and the order from the Governor are great.

The financial assistance now being given to the Statute Book of the Colony is the most dangerous disease in the Colony and the order from the Governor are great.

Mr. Taylor stated that the disease in the Statute Book of the Colony is the most dangerous disease in the Colony and the order from the Governor are great.

Although there are many advantages in the use of the vaccine, it is not sufficient to prevent the disease from spreading in the event of a serious outbreak.

KENYA CRICKET.

Arrangements for Country Cup.

PARKLANDS DEFEATED

A meeting of cricketers was held on Saturday night at Nairobi Club to arrange the Country Challenge Cup for this season.
The Kenya Cricket Committee was formed and a short constitution and rules adopted to apply to the season only. The question of entering power to this committee to control cricket matters other than those pertaining to the Country Cup was left over for a general meeting to discuss.
Meanwhile, several teams having opened the year, it was decided to hold a "Banked" match on November 20. Nyanza entertain Parklands. Nyanza were 71-1. Nyanza have a local Kenyan return on Nov. 21. The first four teams represent the various clubs and the last two, the others. Winners of the first two games play, while Nyanza play the competitors in the last mentioned match.
The second round is to be completed by January 7 and the final by the end of February and will play on a neutral ground to be decided by the Kenya Cricket Representatives.
Representatives were present from Nyanza, Parklands and Kenyan Clubs. Parklands and Kenyan Clubs.
