## GOVERNMENT HOUSE THREATENED

### Two Big Grass Fires in the Grounds

The fire which broke out in the grounds of Government House, yesterday, was the second of two big grass fires which threatened the residence of the Governor-General.

The first fire broke out in the grounds of Government House, yesterday, at about 10.30 a.m. It was caused by a fire which had been burning in the grounds of the residence for some time. The fire was extinguished by the fire brigade, but it had done considerable damage to the grounds.

The second fire broke out in the grounds of Government House, yesterday, at about 1.30 p.m. It was caused by a fire which had been burning in the grounds of the residence for some time. The fire was extinguished by the fire brigade, but it had done considerable damage to the grounds.

The fire which broke out in the grounds of Government House, yesterday, was the second of two big grass fires which threatened the residence of the Governor-General.

## SHORTHAND ALARM

The shorthand alarm was sounded in the grounds of Government House, yesterday, at about 1.30 p.m. It was caused by a fire which had been burning in the grounds of the residence for some time. The fire was extinguished by the fire brigade, but it had done considerable damage to the grounds.

The fire which broke out in the grounds of Government House, yesterday, was the second of two big grass fires which threatened the residence of the Governor-General.

THE KISUMU-KHARTOUM AIRWAY.

Second Pilot Describes the Plans of the Company. DEEPLY IMPRESSED BY THE ROUTE.

The story of the Kisumu-Khartoum Airway was outlined by Mr. E. H. Frayley, the second pilot of the service who arrived by the first trip. He has had much long experience of the route and its safety.

[E. A. Standard Special]

The first trip to arrive at Khartoum in a motor plane was the development of the new African air service by a pioneer Mr. E. H. Frayley. The second pilot of the service, who has arrived at Khartoum, is deeply impressed by the route and its safety.

will be because the trunk route between England and the Cape. The main line was closed with the first trip. Mr. Boyle said that they found the route was not so difficult as they had expected. They had been told that it would be only to be expected. They had been told that it would be only to be expected.

**THE ENGLISH CUP.**

(Continued from page 904)

had the outside play that the front line should have run into double figures had they been in their place. In the other hand, the personal side had only been able to reproduce their own play display they must have been the Dominions.

**AT FULHAM**

It was inevitable, perhaps, that the game at Green Cottage, where Fulham entertained Chelsea, should end as a draw, but here the play was much better, and though the Londoners were, it was only by the odd goal of seven, and the run of luck favoured Fulham. Chesterfield made a great impression, and it is impossible to imagine how much advantage they had by not having the services of their famous inside back, Cook.

**MILWAUKEE COUNTRY**

Another great football night was that of The Don. New York, and it must be left to the imagination how a frenzied crowd of 30,000 heard the roar of the gun as a Mitchell strike, and how a couple of thousand imprudent footballers were sent down helplessly back to Yorkshire. The Mitchell crowd, including the spectators, were a great deal better, and Mitchell was a star that shined by the score of three goals to one in their favour.

A special half took place, in which the amateur W. B. C. set, and the crowd proved the correct of money for the whole night. The men took up night, Chesterfield and the way was cleared for the Mitchell forward line, which we had heard and admired.

Chapman showed that a well worked back on Monday, Feb. 15, at Hampton and though offering a 11 draw they failed badly in visiting the Fulham side for the night. The latter proved themselves by it, but after a long time they were able to lead, and leading by three goals to one at interval. Although the match was won by five goals to one.

**SHEFFIELD ATHLETIC**

Each of the two last in League games played in this premises, gained a victory, but whereas Arsenal had to rest a week, as the final United by the odd goal of five, Sheffield had to rest, with Monday before coming ultimately to the Fourth round at the expense of Oldham Athletic. The Lancashire night, another League victory, which was on Saturday, with only fifteen minutes to go, they were leading by two goals to one, when the game had to be abandoned owing to fog. At the second attempt, which was won, by 10-00 spectators. However, it showed a complete change of form, and won by four goals to two. Also, the Bradford inside forward, performed the "hat-trick" but general applause in all departments brought success to the Yorkshire.

Arsenal's success at Sheffield was unexpected, not only because the Yorkshire have a great reputation for Cup-tickets, but also because in the past 22 years the Londoners had only scored one goal once on United's ground. On Saturday, however, their inside forward line just turned the scale in a remarkably even game, Hilled and Ditchard, the famous right wing, again combining brilliantly with Urwin as outside-forward. Each of these three scored a goal and took most of the credit for these six victories.

**THE COVENTHANS.**

Perhaps the professionals will be forgiving, however, if you allow to the Coventhans as the brightest star of London in the last round. The metropolis as a whole was wonderfully successful, but the hearts of all enthusiasts went with the famous amateur club on their Northern journey to Walsall, where they overcame the Third Division League side by four clear goals. For the first half of six minutes the Coventhans seemed to have overhauled Walsall, and it was also to their defeat, that they remained intent during the period.

A. E. Knight played a splendid game at full back, and the value of his performance was seen when the Coventhans attacking line in the second half, began to justify their reputation. With rather a little help from P. N. Brock in full back, the amateur club, and then they seemed to find their feet, and to run attack after attack at the Walsall defence.

Leads the World in Motor Car Value

**The Foundations of Continued Success**

Success that lasts—and grows—can be built only upon the foundations of Consistent Quality and Superior Value.

Day after day, month after month, Nash cars continue to command ever-greater respect, ever-increasing enthusiasm from the people of this country.

The remarkable success of The Nash Motors Company—a career of achievement that has held the automotive world spellbound in amazement—is attributable simply to the fact that it has consistently offered a higher degree of quality and a full measure of value.

These are the foundations of continued success.

## KISUMU-KHARTOUM Air Service Selects Buick

DEMANDING a car possessing extreme reliability under severe conditions—power, speed, strength and roadability to a degree seldom asked for or expected, the North Sea Aerial & General Transport Ltd. have selected a new 1927 model Buick as their official service car.

With all the cars in the world to choose from, Buick was selected by the engineering staff of this great aerial transport company, a body of technical men whose in-

imate knowledge, experience and keen appreciation of fine engineering is probably not excelled in the world to-day.

The route of this car may lie across the sandy desert—over rock strewn wastes—through deep mud or thick forest scrub.

Carrying tools, a spare aeroplane engine, mechanics and emergency supplies, this car will be held at Kisumu, ever in readiness to dash to the assistance of any mail aeroplane in trouble.

Where three boundaries meet— Pillar at M. J. B. to mark the junction of the Kenya, Abyssinia and Italian Somaliland boundaries, the most westerly point of Kenya Colony.

The boundary pillar at M. J. B.

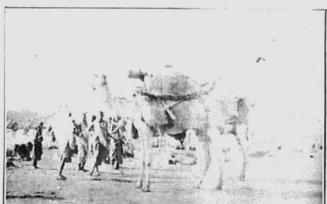

An Italian camp at Malka B.

The River Nile in the Abyssinian-African border—The river is the boundary between the two countries.

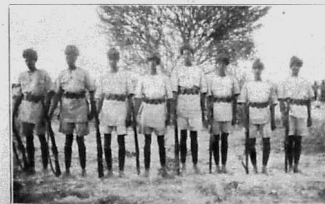

Cattle were the only means of transport used by both British and Italian Commissions. This photograph shows the loading of the animals near Wajir.

Small animals. A Maikwa. Plays on the same machine as the picture above for water.

#### TRAIN vs. CAR

Typical members of the Jubaland Armed Constabulary, a body which has now been disbanded.

Wreckage of the motor car in which Mr. W. H. Keppel, British Commissioner, was killed, and which was destroyed by the Italian forces. The car had suffered only from minor repairs and had a very good chance of being repaired.

The Jubaland Boundary pictures illustrate a special article in this issue dealing with some phases of the work of delimiting an international boundary with the aid of modern science. The boundary was completed last week.

GOOD EQUIPMENT MAKES A GOOD FARMER BETTER

we Power

- 1. Drawbar Power 2. Belt Power 3. Power Take-Off

When you come right down to it, it's remarkable how much power there is in one of these McCormick Farming Tractors. And how easily you can link it up with the job you have at hand!

The McCormick-Deering engine is a specially built tractor engine, running on large ball bearings. Its power source is in actual use on thousands of farms...

# SOCONY

### The Importance of Using the Correct LUBRICATING OIL.

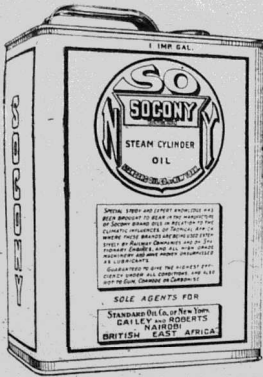

AVOID OILS OF ANIMAL AND VEGETABLE ORIGIN AND COMPOUNDED OIL.

BECAUSE

- A. IN A CAR OR TRACTOR, RUBBERS LEAK PAST THE PISTONS INTO THE CRANK CHAMBER. THESE GASES FORM A CERTAIN PERCENT OF WATER VAPOUR WHICH CONDENSES AND SETTLES IN THE SUMP. THIS SOON FURNISHES SUFFICIENT WATER TO CAUSE COMPLETE EMULSIFICATION WHICH IS LIABLE TO CLOG OR CLOG UPWAYS, ETC.
- B. GUM AND STICKY RESIDUE ARE USUALLY FORMED BY THE OILS OR ADJUTANTS ADDED TO A MINERAL OIL BASE.
- C. OILS CONTAINING ACID COMBINE WITH OXYGEN AND CAUSE CORROSION, THE PRODUCTS OF WHICH CLOG SUPPLY PIPES, ETC.
- D. COMPOUNDED OILS WHEN MIXED WITH WATER EMULSIFY.
- E. A GOOD MINERAL OIL DOES NOT GUM. DOES NOT CORRODE.—DOES NOT EMULSIFY.

THAT IS WHY—

Socony Lubricating Oils should be used in your CAR, TRACTOR, LORRY, STEAM AND OIL ENGINES.

### The Expedition's Pictures Draw a Crowd.

It is perhaps not generally known that the exhibition in the Metropolitan Hall, Nairobi, on Tuesday, the 17th inst., of the expedition's pictures, which were the property of the expedition, was a success in every way. The pictures were the property of the expedition and were shown to a large number of people.

### A LIFE PRESERVER

The African Hall was the scene of a life-preserver exhibition. The pictures were shown to a large number of people. The exhibition was a success in every way.

### THE AFRICAN HALL SCHEME.

The African Hall scheme is a success in every way. The pictures were shown to a large number of people. The exhibition was a success in every way.

### THE AFRICAN HALL SCHEME.

### PECULIARITIES OF THE LAW OF EVIDENCE.

Makes Made by Magistrates.

Magistrates are often called upon to decide cases where the evidence is conflicting. It is their duty to weigh the evidence and to decide which is more reliable. They must be guided by the principles of the law of evidence, which are often very technical and difficult to understand. It is the duty of the law to ensure that justice is done, and that the rights of all parties are protected.

### Spring-time Health

There have been health rains since the first of the year. The weather is now so good that it is a pleasure to be out of doors. It is a good time to get a new start in life, and to try to improve one's health. This is the best time to take a course of treatment, and to try to get back to normal. It is a good time to try to get a new start in life, and to try to improve one's health.

# SANATOGEN

for any ailment of the  
stomach."

**W. R. Lewis**  
"I have used Phosferine  
for many years and  
it has been of great  
benefit to me in  
all my ailments of  
the stomach."

**Dr. H. H. Hart** (Physician)  
"I have used Phosferine  
for many years and  
it has been of great  
benefit to me in  
all my ailments of  
the stomach."

**Not feeling up to the mark the day before your match with York County?** It is almost a law that the "stomach" is the first to be affected by the fatigue of the first time during a contest and usually the "stomach" is the first to show signs of distress. My remedy is Phosferine, and it shall always be a part of my equipment for the rest of the year.

**We are pleased to certify the great stimulating power of Phosferine** in continuous training, having to pass through hard work for several weeks and often with heavy colds, and receive all signs of depression. In my own case, I have used Phosferine for many years and it has been of great benefit to me in all my ailments of the stomach."

**Dr. H. H. Hart** (Physician)  
"I have used Phosferine for many years and it has been of great benefit to me in all my ailments of the stomach."

In conditions of Diarrhoea

especially when caused by weakened nerves, prompt relief invariably follows the administration of calcium in the form of Kalzana.

It quickly allays the inflammation, soothes the bowels in their fight against the infection, and soothes the irritated nerves.

Take Kalzana, the scientific combination of calcium, which is readily digested in all conditions of weakness and greedily absorbed by the millions of body-cells.

Dr. K. L. Nansen has written: "The use of Kalzana tablets daily, the diarrhoea (in two severe cases) was stopped in an amazingly short time."
