TO WHEAT GROWERS

Growers who wish to sell wheat to us are requested to send in the following information immediately:

(1) The approximate total quantity and kinds of wheat they will have for sale this season, stating the quantity of each kind separately.

(2) The time in which they wish to deliver.

IMPORTANT

We are preparing a list of wheat which we can buy up to the end of June, and unless a grower's name is on this list we may not be able to buy from him until after that date. It is therefore important that the information should be sent to us immediately. Samples should be sent unless we have already had same. Samples must bear name of sender.

40 million prescribed portions of VIROL were given in 3,000 Hospitals and Clinics last year

For over 20 years Virol has been prescribed by doctors and used in Hospitals. During all this time doctors have been carefully observing the effects of Virol, and proving its permanent good results over long periods of time.

The result is that they have continuously increased their use of Virol, and the prescribed portions in Hospitals and Clinics show last year reached the colossal figure of 40 million.

The prescribing of Virol by Doctors is based on their knowledge that Virol not only contains essential principles, including the three vitamins, vitamin B, C and D, and niacin, but also supplies every class of building material that is so often required to create human tissue. Virol fortifies the whole organism, strengthens the "weak spots," and builds up on convalescence.

Cross Power KEROSENE

Pulling Power for Every Tractor

KEROSENE is a power fuel for tractors which has been perfected by Shell petroleum chemists in co-operation with the world's recognized authorities on internal combustion engines.

Being an exceptionally volatile power kerosene, Cross provides complete combustion in tractor engines, and thus delivers more power with less fuel consumption and minimum carbon deposit.

Your tractor will run better and deliver more power on CROSS.

Cross

BEING AN EXCEPTIONALLY VOLATILE POWER KEROSENE, CROSS PROVIDES COMPLETE COMBUSTION IN TRACTOR ENGINES, AND THUS DELIVERS MORE POWER WITH LESS FUEL CONSUMPTION AND MINIMUM CARBON DEPOSIT.

Your tractor will run better and deliver more power on CROSS.

SOLE CULTIVATION.

A tractor demonstration was held on February 24 and the following is a report issued by the Secretary of the Coffee Planters' Union...

A DIRT SHAMBA.

A start was made in old coffee-land 9 x 9 trapezoid (this being between trees)...

The implement used was the Oliver tandem disc cultivator...

Several rows were cultivated here under ordinary working mode...

Next the driving was done by the Oliver tandem disc cultivator...

proved to be a good. The tractor was pushed along for a few yards...

After clearing the plow the tractor backed and went coupled on the mainbar...

With a full throttle it got on the face very quick at a snail's pace...

The tractor was then engaged and the driver did not look back...

The conditions were not so good as possible under ordinary conditions...

KISUMU-KHARTOUM Air Service Selects Buick

DEMANDING a car possessing extreme reliability under severe conditions—power, speed, strength and roadability to a degree seldom asked for or expected—the North Sea Aerial & General Transport Ltd., have selected a new 1927 model Buick as their official service car.

With all the cars in the world to choose from, Buick was selected by the engineering staff of this great aerial transport company, a body of technical men whose int-

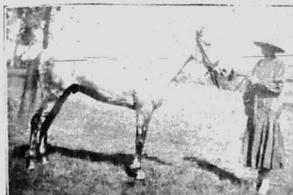

imate knowledge, experience and the appreciation of fine engineering probably not excelled in the world to-

The route of this car may lie across sandy desert—over rock strewn wastes through deep mud or thick forest scr-

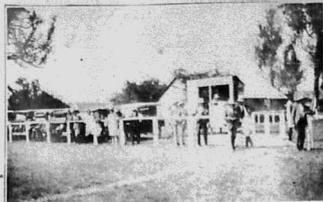

Carrying tools, a spare aeroplane engine, mechanics and emergency supplies, the car will be held at Kisumu, ever in readiness to dash to the assistance of any aeroplane in trouble.

OUR WOMEN'S PAGE

A Letter from Paris

By Yvonne Bessan.

There is a strong feeling about in the new military circles of the new hats, in fact the new fashion is almost wholly dictated by the military.

INDIVIDUALISED FASHIONS

Women are fastened upon the idea of individualising their fashions. They are not content with the uniform of the fashion.

MAKING THE HAIR

Another new note in the fashion is the making of the hair. It is no longer a matter of simple arrangement.

A picture from that shows a wonderfully harmonious absence of midnight, blue satin, blue and gold brocade and blue silk.

The latest dance frocks are fascinating all in colored, except the white, with an unobscured figure.

SEE HOW OTHERS FEEL

LETTER HOMELY ON FASHION

Most of the Paris designers are contenting an outfit in the New York style.

There is no need to the small wares, which is by no means limited to diversion work.

People make entirely of ribbon

One with known fashion "builds" them in the same style as a series of small bouffants.

GIVERS AND TAKERS

The thing is, however, that we are not content with the uniform of the fashion.

Anemia? Then strengthen your Blood Cells

With Kalzana you can increase the activity and vitality of your blood, because Kalzana feeds them with calcium, which is the heart of every body cell.

Tropical anemia is mostly due to general sluggishness and the lowered action of all the organs of the body.

The increased cell-activity, given by Kalzana, tones up your whole system and speeds up the formation of red blood-cells in a remarkable manner.

Kalzana THE CALCIUM FOOD. Sold at all chemists and stores in packages containing 75 tablets. Made by the Manufacturers of Serravallo and Ferravallo.

A GOOD LIGHT

In Every Home is

ESSENTIAL

WHAT YOU WANT IS CLEANER OR MORE SIMPLE THAN THE RELIABLE

Lister Electric Lighting Plant

No Dirty Lamps to clean and trim.
No need to carry a lamp from room to room.
A BRILLIANT LIGHT INSTANTLY AVAILABLE IN EVERY ROOM AT ANY TIME.

We can supply models of every type and in all sizes, either from stock at the shortest notice, or why continue with the old and obsolete of lamp when the new and up-to-date method of illumination is within the reach of all.

THE 1 1/2 k.w. DIRECT COUPLED, RADIATOR COOLED PLANT.

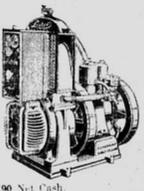

Is an ideal size for the moderate size house - takes up very little room and is most economical to run. It starts on its own current at the turn of a switch and operates for both direct and indirect lighting.

The slow speed stroke engine is automatically lubricated and is covered to its normal speed by a highly sensitive governor and the two heavy flywheels ensure steady and even running, resulting in a flickerless light.

The engine develops 3 H.P. at 725 R.P.M. and consumes 75 pints of petrol per H.P. Hour of 24 pints per hour in full load.

A power pulley on a standard flange on every machine to enable other work to be performed when the electric lights are not required.

Price of Complete 1 1/2 k.w. set, comprising Engine 32 V dynamo, radiator for cooling and with switch-board as illustrated, for Nairobi.

300 Net Cash.

We also stock the

1 k.w. DIRECT COUPLED TANK COOLED MODEL WITH POLISHED SLATE SWITCHBOARD.

Voltage either 22, 50 or 110.

These are mounted on a common cast iron base plate and the complete outfit includes not include water tank.

Prices, complete as illustrated, net cash, for Nairobi.
