SPIRITUALISM NEARLY FINISHED.

The Whole Community is indebted to Sir A. Conan Doyle for proving by his Lectures and Answers to Ques-tions the Satanic Character of Spiritualism. Such evidence of adverse spiritual forces is of greatest value in these

days of doubt and materialism.

The Satan of Scripture, Lucifer, Son of the Morning, The Anointed Cherub that Covereth, Full of Wisdom and Perfect in Beauty (Exchiel 28.12-15), against whom Perfect in Beauty (Ezechnel 28.12-15), against whom neither Our Lord nor Michael the Archangel could speak except in terms of greatest respect, has nothing in common with the absurd and grott-que Babylonian Monster, the "Devil" of theology, with his horns and hoofs and sometimes tail.

Satan could meet Our Lord as Prince to Prince, and Satan could meet Our Lord as Film.

Be is infinitely eleverer than any mere man. Hence the danger of being deceived by him and his spiritual agents. He can outwit Sherlock Holmes.

St. Paul states the chief sign of the end of the Christian Ages is this form of Satanic activity: "With all Power, and Miracles, and Wonders of Lies, with all Deceit of Unrighteensness for them that are perishing because bey received not the love of the truth." (2. Thess. 2.6.10). The Spirit that inspired him to warn us of this cannot be

the same as now inspires the very persons he condemns, God's Message is: "God so loved the world that He-gave His only-begotten Son, that WHOSOEVER believeth in Him should not perish, but have everlasting life." (Jno. 3-16.) "Turn ye, Turn ye, for WHY WILL YE DIE!" (Ezechiel 33.11.)
