My Collyer, 1932, to whom all correspondence in connection with "Kennel Notes" should be addressed, does not hold herself responsible for accuracy of statements made by her contributors, in the way, however, as to her own personal observations.

I have to thank Mr. Dawson for his letter, and for a copy of the interesting illustration of "Waggon," which I always enjoy reading. I am so glad to hear that he found Mr. G. G. Grogan, (chairman of the East African Kennel Club), and his wife, who assist my subject in Kinnis Road and wishes to have my subject's dog made man. The cutting was sent to Mrs. Dawson's letter, was indeed glad to read it. It is good to hear of kind acts. I am sure that it will find a warm corner in some house for an inmate person as Capt. A. D'Arcy of one of the C.S. "Cape Corps" is commencing a number of a Club, which comprises a number of valuable for homes. From Liverpool to London, several bills would be turned round to save the life of a dog, which dog had fallen overboard. The animal was safely picked up, which dog had fallen overboard. and my work on dogs and who have generally endeavored to make something out of my dog, or to make something out of my dog, or to make something out of my dog.

In some people are considering a holiday in the coast and land to take with them the dog. I have heard of the danger of the dog, or to make something out of my dog, or to make something out of my dog.

LIFEBUOY SOAP

No soap is more popular in the world than Lifebuoy Soap—the perfect health soap. Lifebuoy's purifying lather finds its way into corners and crevices, seeking out the dangerous germ-laden dirt and cleaning it away. That is the reason why Lifebuoy is used every day in millions of homes.

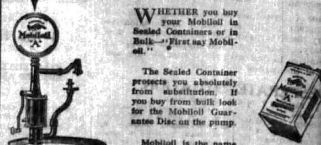

Now that it is all very valuable in however and should be laid to rest. I have heard of the danger of the dog, or to make something out of my dog, or to make something out of my dog.

With regard to immunity after having recovered from the first attack: I have found that the best way to do so is to get a return of the fever, but if that same dog is taken to another part of the country he often does get a second one.

I would just like to mention here that if people do not gain much more knowledge than they already possess from my writings, I have gained considerably from visiting those "Notes" given by the kindness and consideration of scientific men such as Dr. Dyke who have not considered it beneath their dignity to

SOYBEAN PLANTERS IN CONFERENCE.

Preparations for Meeting Deprived Market.

(FROM A CORRESPONDENT.)

St. Paul, Feb. 27. — The Soybean Planters Association of the United States is holding its annual meeting at the Waldorf-Astoria hotel in St. Paul, Minn., today.

The following resolutions proposed by the planters and adopted by the association:

(a) That the meeting of soybean planters in this district be postponed to the first of August, 1922, inasmuch as the low crop condition in this district is causing a shortage of soybean oil and meal.

(b) That although the value of soybeans has fallen by 10 to 20 percent, no corresponding increase has been made in the price of soybean oil and meal.

(c) That the Government be urged to take such steps as may be necessary to insure a sufficient supply of soybean oil and meal for the domestic market.

(d) That the Government be urged to take such steps as may be necessary to insure a sufficient supply of soybean oil and meal for the domestic market.

WHOLE WORLD SOON OF EXHAUSTED LINKS.

(STANDARD Edition) (By Staff.)

Two more radio telephone links will be established in the near future, one between London and New York, and another between London and Paris.

The London-Paris link will be the first of its kind, and will be established by the end of the month.

The London-New York link will be the second of its kind, and will be established by the end of the year.

These developments will be a great boon to the world, and will greatly facilitate international communication.

our reform Council what decision Government have arrived at with regard to the wheat pool and the prohibition of the importation of wheat and what action they propose to take?

To this the Colonial Secretary gave the following written reply: "The whole question of the establishment of a wheat pool and separate exchange has been already considered by Government."

It is evident that if the chief wheat merchants feel that they are not getting the best price for their wheat, they might well be induced to consider the possibility of a wheat pool. It is not, however, for Government to consider the possibility of such a pool. It is for the wheat merchants to consider it. Everybody nowadays wants a SIX!

And no wonder. The six is the modern car in the low-priced field. After you ride a four and a six you'll say: "It's wise to choose a six."

When you first see the Chevrolet Six on the showroom floor you'll probably get the impression that such a beautiful car costs many pounds more. Its low-seated Fisher bodies with their long, graceful sweeping lines, and luxurious interiors, are styled and finished like cars of the highest class. And when you see a Chevrolet Six alongside a four—you'll say, "I certainly prefer a six."

And this beauty reflects the type of six-cylinder performance no four can possibly give you. So why buy a four—when you can get such a six cylinder car at the cost of a four—and that costs no more to maintain! Let us take you for a free ride—and prove these things to you.

Nairobi. 11th July.

KAVIRIO, CHIEF OF NEW HILL.

My dear Sir,
I have the honor to acknowledge the receipt of your letter of the 10th inst. regarding the matter of the proposed extension of the Nairobi Municipal Council. I am sorry to hear that you are dissatisfied with the decision of the Council. I would like to point out that the Council's decision was based on the fact that the proposed extension would involve the acquisition of a large area of land, which would be a considerable expense to the Council. I am sure that you will understand the Council's position in this regard.

It has not yet been decided that a living of sorts can be made out of 100 acres. It is a pity that the City authorities should not have taken more steps to ensure that the living of sorts can be made out of 100 acres. KOMO

THE Insecticide

The ORIGINAL and certain killer of Flies, Mosquitoes, Bugs, Moths, etc., etc. NON-POISONOUS. WILL NOT STAIN The South African Institute for Medical Research conducted a test and PROVES THE VALUE OF KOMO.

For many years past eminent Medical Authorities have been investigating the cause of spraying fluids as a means for the destruction of Flies and other disease-carrying Insects.

Quite recently the South African Institute for Medical Research conducted a series of experiments in which were tested a number of Spraying Fluids, and in making this investigation the efficiency of KOMO as an insecticide was taken as the minimum standard at which to start.

It was found that some 5% fluid ounces of KOMO—the quantity suggested by the Manufacturers—definitely killed every fly in a room of 1,000 cubic feet within three hours from spraying.

ALTHOUGH NO LESS THAN THIRTY-THREE LIQUID SPRAYS WERE USED IN THESE EXPERIMENTS, KOMO GAVE BY FAR THE MOST SATISFACTORY RESULTS.—"The" Journal of the Medical Association of South Africa, July 22, 1922.

Unemployment. THE POSITION OF THE FEDERAL COUNCIL. It is pointed out that a separate Indian Council is being established in the present state of the Empire.

To the Editor: "E. S. Standard." Sir, referring to the letter from Mr. L. Jones which appeared in your issue of July 14th, I should be pleased if the fact that the Municipal Council of Nairobi is doing his best to cope with the unemployment problem may be known as widely as possible. It must be recalled, however, that the members of the Council are not of the great amount of time spent on committees and otherwise, and it might well be that this important work is being done.

Yours truly, C. E. STANLEY, Mayor of Nairobi.

NAIROBI HOSPITALS. To the Editor: "E. S. Standard." Sir, the reorganisation of the European Hospital in the direction of its management and control by appointing members of the Kenyan community with Government in the running of the Hospital, brings to the forefront a long standing grievance which the Indian community has against the Government for the neglect of the Indian hospital requirements of Nairobi.

Indian leaders are now busy in making provision for the addition of a new ward for the admission of sick boys and girls? It is a pity that the Government spend on medical facilities for the Kenyan community, and how much for the Indian? It is a pity that the Government spend on medical facilities for the Kenyan community, and how much for the Indian?

For the Indian, as they do not have a separate Indian Council, they are not represented in the Government. It is a pity that the Government spend on medical facilities for the Kenyan community, and how much for the Indian?

NAIROBI, July 19, 1920.

CONDITIONS IN KENYA. To the Editor: "E. S. Standard." Sir, in your issue of July 14th, you refer to the conditions in Kenya. It is a pity that the Government spend on medical facilities for the Kenyan community, and how much for the Indian?

They taste just like Home-made!

Sailor Savouries are just such pointed meats and fish pastes as you might make in your own kitchen, at home; just as fresh and just as full of nourishment. Very little seasoning is added, they don't need much, just their own fresh, home-cooked flavour is enough. Try them once, in sandwiches, on toast, spread on buttered biscuits, and you'll never again be satisfied with any kind less good.

GOLF AT MOMBASA.

Club Championship Won by Halden.

A NARROW VICTORY.

THE annual golf tournament at Mombasa, which was the club championship, was held on Monday when the Mombasa Golf Club, under the presidency of C. G. Halden, a professional, was the victor.

The final round of the competition was held on Monday, when Halden, who had been the champion for the past two years, defeated the runner-up, Mr. J. H. Anderson, by a score of 102 to 103.

Professional Cricketers.

OUTLOOKS OF PAY FOR 1920 MATCHES.

["MATHIAS' OBSERVATIONS"]

Attention is being drawn to the fact that the cricketers of the Mombasa Cricket Club are to be paid for their services in the 1920 season. The amount of the pay for each cricketer is to be fixed by the club committee, and it is expected that the total amount of the pay for the 1920 season will be about £1,000.

A Triple Benefit.

This approach Halden's final club championship in something like a "triple benefit" to the club, as it will bring the staff of the club to the attention of the public, and it will also bring the club to the attention of the public.

THE MEETING AT ASCOT.

A Review of the Chief Events.

(By "Argus.")

I do not intend to deal with every race run on the two days of the Ascot meeting but certain ones of worthy renown and may well have a considerable influence on forthcoming events.

The Irish Derby (15 furlongs) was won by Mr. D. M. G. O'Connell's "The Duke" (No. 12), who in a fine finish shot ahead in front of "Diddle" (No. 10), "Blossom" (No. 11) and "The Duke" (No. 13).

The Gold Cup. The Gold Cup "Dover" was run as a handicap race throughout and the French colt "Dover" and "Felix" both displayed a lack of appreciation of the Ascot course which nearly took a lead of knowing. The going was very heavy after the terrific thunderstorm on the Wednesday evening.

The New Stakes for two year olds was won by "The Duke" (No. 12) owned by Mr. J. B. O'Connell, trained by Major Hogg at Epsom. He won with a start of 100 lbs. and was well backed for the race.

The last day of the Ascot meeting was a very successful one for the racing public. The going was good and the racing was of a high standard.

The Windsor Castle Stakes for two year olds was won by "The Duke" (No. 12) owned by Mr. J. B. O'Connell, trained by Major Hogg at Epsom.
