100 PER CENT. PREFERENCE FOR EMPIRE GOODS.

Provided For Under New Anti-Dumping Law.

ELOUQUENT FIGURES.

Why Government Has Decided on Immediate Action.

The imposition of customs duties up to 100 per cent of the value of certain imported articles is the method to be adopted to prevent the dumping of foreign produce in Britain.

The need for prompt action is demonstrated by the figures quoted to the House of Commons...

An extremely important announcement affecting the Empire overseas is that imports into Britain from the Dominions will have a hundred per cent preference under the new regulations.

Prohibitive Duties. (THROUGH BUREAU'S AGENCY.)

The London, November 17. The Government's anti-dumping measure was manifested as a Bill of Customs this week...

WHO WILL WIN THE £1,000 LOCUST PRIZE? Numerous Suggestions of Destruction Methods.

EXCELLENT RESPONSE TO APPEAL

Replies Received from All Parts of the World.

Announcements were made about a month ago that the Government of Kenya had marked the sum of £1,000 for the purpose of rewarding any person or persons who submitted any new method for destroying locusts which may be adopted by the Department of Agriculture.

In response to this appeal has been distinctly good as the number of suggestions sent in is considerable. The value and character of the proposals, however, is still the subject of investigation.

It is interesting to note that, as a result of the publicity given to the offer of a reward, the replies have come not only from residents in East Africa, but also from India, the Argentine, South Africa, Rhodesia and even Spain.

Many of the suggestions have already been ruled out as being of the ground of expense and danger, such as the use of poison gas, but other schemes have been put forward by the proposer. Some of the suggestions, however, border on the fantastic, and it might even be said, possess an element of foolhardiness.

The report of the use of wireless waves has caused a certain amount of interest, but inquiries by the E. A. Standard from the Director of Public Works and the Broadcasting Company elicited the information that such use was not practicable and that the experiment was more in the nature of a scientific phenomenon.

Use of Ether Waves.

The ether wave is a suggestion which has been put forward by the E. A. Standard from the Director of Public Works and the Broadcasting Company.

It is of particular interest to note that the Director of Public Works and the Broadcasting Company have been prepared to put forward a sum of £1,000 for the purpose of rewarding any person or persons who submitted any new method for destroying locusts which may be adopted by the Department of Agriculture.

The response has been good and the number of suggestions sent in is considerable. The value and character of the proposals, however, is still the subject of investigation.

Class of Suggestion.

Many of the suggestions received in response to the appeal have been of the following classes: (1) Methods which are based on the use of poison gas, but other schemes have been put forward by the proposer. Some of the suggestions, however, border on the fantastic, and it might even be said, possess an element of foolhardiness.

Unsuccessful Plans.

Many of the suggestions have already been ruled out as being of the ground of expense and danger, such as the use of poison gas, but other schemes have been put forward by the proposer.

Successful Plans.

The response has been good and the number of suggestions sent in is considerable. The value and character of the proposals, however, is still the subject of investigation.

RUIRU WATER SCHEME. Special Meeting of Town Council.

Application for Loan.

The special meeting of the Ruiru Water Scheme Town Council was held on Monday evening, November 14th, when a motion was submitted that the Council should borrow the sum of £25,000 for the purpose of carrying out the Ruiru Water Scheme.

The Council was informed that the Government of Kenya had marked the sum of £1,000 for the purpose of rewarding any person or persons who submitted any new method for destroying locusts which may be adopted by the Department of Agriculture.

The Council was also informed that the Government of Kenya had marked the sum of £1,000 for the purpose of rewarding any person or persons who submitted any new method for destroying locusts which may be adopted by the Department of Agriculture.

The Council was also informed that the Government of Kenya had marked the sum of £1,000 for the purpose of rewarding any person or persons who submitted any new method for destroying locusts which may be adopted by the Department of Agriculture.

The Council was also informed that the Government of Kenya had marked the sum of £1,000 for the purpose of rewarding any person or persons who submitted any new method for destroying locusts which may be adopted by the Department of Agriculture.

The Council was also informed that the Government of Kenya had marked the sum of £1,000 for the purpose of rewarding any person or persons who submitted any new method for destroying locusts which may be adopted by the Department of Agriculture.

The Council was also informed that the Government of Kenya had marked the sum of £1,000 for the purpose of rewarding any person or persons who submitted any new method for destroying locusts which may be adopted by the Department of Agriculture.

Kenya and Uganda Trade.

The following imports and exports were recorded for the month of October 1921: Imports: Tea, 1,200 tons; Coffee, 1,500 tons; Rubber, 1,000 tons; etc.

Imports.

Tea, 1,200 tons; Coffee, 1,500 tons; Rubber, 1,000 tons; etc.

Exports.

Tea, 1,200 tons; Coffee, 1,500 tons; Rubber, 1,000 tons; etc.

Imports.

Tea, 1,200 tons; Coffee, 1,500 tons; Rubber, 1,000 tons; etc.

Exports.

Tea, 1,200 tons; Coffee, 1,500 tons; Rubber, 1,000 tons; etc.

Imports.

Tea, 1,200 tons; Coffee, 1,500 tons; Rubber, 1,000 tons; etc.

Exports.

Tea, 1,200 tons; Coffee, 1,500 tons; Rubber, 1,000 tons; etc.

LOCAL COFFEE MARKET. Average Price of £72 per Ton.

Brick Making.

The price of bricks has risen to an average price of £72 per ton. This is due to the increase in the cost of raw materials and the shortage of labour.

When Masindi was founded.

When Masindi was founded in 1894, it was a small settlement of about 500 people. It has since grown into a large town with a population of over 10,000.

The Municipal Revenue.

The Municipal Revenue for the year 1920-21 was £10,000. This was an increase of 10% over the previous year.

The Wheat Industry.

A DEFERENCE OF THE K.P.A.

To the Editor, "E. A. Standard"—I have read with interest the letter of the Wheat Growers' Association, and in answer to your correspondence, Mr. Vaughan Kennedy, who seems to have a considerably longer acquaintance with the K.P.A. than I have.

As for my suggestion, I understand there would have been no objection to my writing to the K.P.A. in order to ascertain the reasons for their refusal to accept the wheat grade.

As for my suggestion, I understand there would have been no objection to my writing to the K.P.A. in order to ascertain the reasons for their refusal to accept the wheat grade.

As for my suggestion, I understand there would have been no objection to my writing to the K.P.A. in order to ascertain the reasons for their refusal to accept the wheat grade.

My letter has been sent to Mr. Kennedy, who has a good deal of experience in the matter. He has a good deal of experience in the matter.

The last question was asked by Mr. Kennedy, who has a good deal of experience in the matter. He has a good deal of experience in the matter.

There was no doubt in the mind of all those who saw the wheat without previous notice that the K.P.A. had proved its competence.

I think that the K.P.A. is by no means perfect but in bringing it nearer to perfection than any other wheat grade.

WORLD DISEASE BOARD REMEDIES—RUSSIA.

To the Editor, "E. A. Standard"—In reply to the letter of the Editor in reference to the wheat grade, I have to say that the K.P.A. is by no means perfect.

I cannot deny that Mr. Elmer's article in reference to the wheat grade is a very interesting one.

The article written by Mr. Elmer is a very interesting one. It is a very interesting one.

UGANDA ARGUS THE LEADER

THE OLDEST ESTABLISHED NEWSPAPER PUBLISHED IN KENYA AND UGANDA

NAIROBI, FRIDAY, NOVEMBER 20, 1951

The LOUNGE FOR Morning AND Afternoon TEAS OPEN ON SUNDAYS THE NEW STANLEY HOTEL Non-Residents.

No. 5546. PRINTED AT THE GENERAL PRESS OFFICE IN A NEWSPAPER.

GREATEST GATHERING IN HISTORY.

TWO HORSES DRAWN BY NAIVASHA PEOPLE.

In the Irish Hospitals Sweepstake.

£2,000,000 IN PRIZES.

19 Tickets Which Will Be Worth 30,000 Each.

Two tickets in the great Irish Hospitals Sweepstake on the Manchester November Handicap are held by Nairobi people.

If the horses "Sans Regard" and "St Joshua" represented by the tickets run to race the tickets will each be worth at least £200. If one of the horses quoted won the race the holder of the winning ticket will come into a fortune of £300,000.

The draw which started on Wednesday and closes today is the greatest gathering in history. People in all parts of the world have bought tickets and the total sum subscribed is nearly three million pounds.

There will be 19 separate lists of prizes. The first horse in each unit will get £20,000, the second £15,000 and the third £10,000. There are thousands of cash prizes of £500 each.

The Kenya Holders (THROUGH SUBSCRIBERS' ASSOCIATION)

London, November 19. A notice given in London to the greatest gathering in history is a notice given in Nairobi and will commence this Friday in the form of a draw for the Irish Hospitals Sweepstake. The draw will be held at the Grosvenor Rooms, London, at 8.00 p.m. on Friday, November 23rd.

Of this enormous sum which will be distributed to the winners throughout the world, only a small portion has been committed to "manager" fees. The balance of the sum will be used to purchase prizes for the draw. The prizes are estimated to be worth £2,000,000.

The draw will be held at the Grosvenor Rooms, London, at 8.00 p.m. on Friday, November 23rd. The prizes are estimated to be worth £2,000,000.

SECOND READING OF THE ANTI-DUMPING BILL

Britain's Right to Freedom of Trade.

A NECESSARY MEASURE.

(By Wireless.)

London, November 19. Government has tonight secured a second reading for the Abnormal Importing Customs Duty Bill by 276 votes to 17.

Mr. Hancock said that the Bill was necessary to ensure that the Government's policy of free trade would not be undermined by the dumping of goods from other countries.

The Bill will enable the Government to impose duties on goods imported from countries which are not members of the British Commonwealth.

The Bill will also enable the Government to impose duties on goods imported from countries which are members of the British Commonwealth but which are not members of the British Commonwealth of Nations.

The Bill will also enable the Government to impose duties on goods imported from countries which are members of the British Commonwealth of Nations but which are not members of the British Commonwealth.

Whiteaway Laidlaw & Co. Ltd., Nairobi.

A little boost
for a great
industry -

Sisal from a famous manufacturer - Goodyear

In accordance with our request the Goodyear Tyre and Rubber Co., Ltd. are now wrapping each individual Goodyear Tyre imported into Kenya and Uganda with a recently developed paper called "Sisalcraft" ... a special tough paper reinforced with full length raw sisal fibres ... a product which is superior to anything of its kind.

This request of ours was prompted by a desire upon our part to assist in promoting the use and consumption of sisal fibre ... a product in which East Africa is vitally interested.

Notwithstanding the additional expense involved in employing this special paper the Goodyear Tyre and Rubber Co., Ltd. are glad to be able to assist in furthering the use of a product which benefits indirectly in a small way an important industry of this country.

Citilian & Company Ltd.
DISTRIBUTORS FOR
GOODYEAR

The outer protective wrapping of each Goodyear Tyre now approximately 150 centimetres long and 25 centimetres wide is now made on an average of 25 horizontal sisal fibres per cross section. Thus the sisal fibres per cross section. Thus the paper wrapping of every Goodyear Tyre contains approximately 2750 sisal fibres ... over half a mile of sisal fibre.

A small sample of "Sisalcraft" paper will be sent to anyone interested, post free.

Mayor Stresses Importance of Extensive Publicity.

A JOB FOR THE WHOLE COUNTRY.

Enthusiastic President of the Chamber Commerce.

Following on the report issued by the Nairobi Municipal Council on the need for an extensive publicity campaign on behalf of the capital and the Colony generally, Mayor J. J. Riddell yesterday convened a joint committee to be formed to discuss the scheme, the Hon. Mr. Tannahill presiding. He explained the views of His Worship yesterday (Councilor J. Riddell) and the President of the Chamber of Commerce (Mr. A. C. Tannahill), as to the form that this publicity should take.

Mr. Tannahill was extremely enthusiastic in the cause of publicity for the Colony as a whole, and he emphasized the necessity to Kenya of a residential estate, who possessed capital and had retired from active life. He considered, however, that Nairobi should give a lead.

The use of a slogan was considered by Mr. Tannahill to be an essential feature of any publicity scheme. He also urged the formation of a publicity bureau in Nairobi, which he emphasized the value of cinematograph films as a medium of propaganda.

Councilor J. Riddell was as enthusiastic as Mr. Tannahill, and expressed the opinion that an advertisement arranged in London and placed in the papers should be produced, detailing the many attractions of the country.

He also favored a central publicity office where visitors could obtain leaflets, and he considered that an artistic poster would further draw attention to the advantages of Kenya.

Attractive Posters.

Out of the most enthusiastic of the publicity scheme in Kenya is the Hon. Mr. Tannahill, President of the Chamber of Commerce. He also urged the formation of a publicity bureau in Nairobi, which he emphasized the value of cinematograph films as a medium of propaganda.

Mr. Tannahill stressed the importance of the posters which he considered to be the most effective means of publicity. He also urged the formation of a publicity bureau in Nairobi, which he emphasized the value of cinematograph films as a medium of propaganda.

Mr. Tannahill stressed the importance of the posters which he considered to be the most effective means of publicity. He also urged the formation of a publicity bureau in Nairobi, which he emphasized the value of cinematograph films as a medium of propaganda.

Mr. Tannahill stressed the importance of the posters which he considered to be the most effective means of publicity. He also urged the formation of a publicity bureau in Nairobi, which he emphasized the value of cinematograph films as a medium of propaganda.

A TRIUMPH FOR SISAL

Remarkable Test Results.

Send Tarric Train

REPORT BY MATERS OF THE "CLEAN MAGDOONAL"

The Secretary of the Chamber of Commerce has received a report from the Maters of the "Clean Magdoonal" regarding the sisal trade. The report states that the sisal trade is showing a remarkable increase in output and that the quality of the sisal is of a high standard. It is suggested that a train be sent to Tarric to facilitate the export of sisal.

His Worship the Mayor.

FAVORS AN ATTRACTIVE

An attractively arranged and illustrated brochure, detailing the many attractions of the Colony, is being prepared by the Chamber of Commerce. The brochure is intended to be distributed to visitors to the Colony and to be used as a medium of propaganda. It is suggested that the brochure be made attractive and that it should contain information regarding the many attractions of the Colony.

KENYA'S UNKNOWN MINERAL WEALTH.

Necessity for Provision of Funds for Thorough Survey.

APPEAL TO GOVERNMENT.

Strongly Supported by Director of Public Works.

The necessity of a thorough geological survey of Kenya was emphasized on Thursday afternoon by Mr. A. J. Walker, M.C., during the course of an interesting memorandum and address given at the meeting of the Nairobi Chamber of Commerce.

Mr. H. L. Smeeth, the Director of Public Works, who was present at the meeting, endorsed the suggestion that Government should be asked to provide funds to enable such a survey to be undertaken.

The Chamber after a brief discussion passed a resolution to the effect that there was a urgent need for a geological survey and that funds should be provided as soon as the finances of the Colony permitted.

There was considerable re-awakening in Kenya of interest in the mineral wealth of the Colony and Mr. Walker referred to the Kakamega gold finds into the possibilities of coal in the coastal regions.

Mr. Walker pointed out that an exploration on a large scale had yet been undertaken in Kenya. This country was practically virgin soil from the point of view of mining and of other territories.

An Interesting Address.

The necessity of a thorough geological survey was emphasized by Mr. H. L. Smeeth, the Director of Public Works, who was present at the meeting of the Nairobi Chamber of Commerce.

Mr. Walker pointed out that an exploration on a large scale had yet been undertaken in Kenya. This country was practically virgin soil from the point of view of mining and of other territories.

KENYA'S UNKNOWN MINERAL WEALTH.

(Continued from page 1.)

Capital for the purpose of exploration cannot be attracted to the Colony until just as the Government has sufficient in Northern Rhodesia in the Southern Highlands area has working in Northern Rhodesia was not available concerning the same to encourage the Government who had not still have as much, and more, better before coming to cover to Northern Rhodesia.

It is pointed out that the Geological Survey of Kenya, commenced before he went away as leave had not been of the certificate of the gold having already been found in the district. It is reported that "the Government at present operating there. Mr. Wayland, who traversed the country, based the operations on first hand reports small as they are of necessity, the area being outside his province. It is pointed out that the Geological Survey of Kenya acquired in his own territory.

This much was said, it is not difficult to itself to interest a mining company. The value to the Colony of exploration companies such as those operating in Northern Rhodesia and Southern Rhodesia cannot be exaggerated. A single party of two men on prospecting work was responsible for the gold expedition of nearly £200,000 a year, at one time Rhodesia-lands-amenal alone had over any such parties in the field. The ground covered in Kenya is very much the same as in Northern Rhodesia.

Marble Rhodasia. Southern Rhodesia was known to the copper fields of the Congo. The north west of the Rhodesia. Companies sought for marble in the Rhodesia. The Rhodesia Congo field into Northern Rhodesia.

Kenya has not such extensive marble fields. The Rhodesia Congo field into Northern Rhodesia. The Rhodesia Congo field into Northern Rhodesia. The Rhodesia Congo field into Northern Rhodesia.

overall all the sources of such minerals were available now. Preliminary discussions by the Geological Survey of Kenya, of authoritative information, would have the effect of attracting the attention of capital men and money men to the country. It is pointed out that the Government has sufficient in Northern Rhodesia in the Southern Highlands area has working in Northern Rhodesia was not available concerning the same to encourage the Government who had not still have as much, and more, better before coming to cover to Northern Rhodesia.

Reconnaissance in Kenya. There is today a widespread interest in the mineral wealth of the Colony. The Geological Survey of Kenya, commenced before he went away as leave had not been of the certificate of the gold having already been found in the district. It is reported that "the Government at present operating there. Mr. Wayland, who traversed the country, based the operations on first hand reports small as they are of necessity, the area being outside his province. It is pointed out that the Geological Survey of Kenya acquired in his own territory.

This much was said, it is not difficult to itself to interest a mining company. The Wheat Industry.
POLICY OF UNDESERVED IMPORTED FLOUR.

To the Editor, "E. A. Standard."
In answer to Capt. Kennedy and Mr. Wright who have very pertinent questions to ask, and as the Wheat Industry is such a prominent feature of the state today, I trust you will be glad to publish the following letter in an attempt to make some clearer the position of the wheat industry generally.

Capt. Kennedy's advice to the Wheat Industry, that it should be a "closed shop" is not only unworkable, but it is in fact the only information in existence at present which could carry out the job.

The U.S. of America regarding the working of the Wheat Industry has been under the Government of the Wheat from time to time, and it is for that reason that I think it is necessary to state the position of the Wheat Industry in the United States to-day.

Our wheat is raised in the United States, and it is for that reason that I think it is necessary to state the position of the Wheat Industry in the United States to-day.

Our wheat is raised in the United States, and it is for that reason that I think it is necessary to state the position of the Wheat Industry in the United States to-day.

Our wheat is raised in the United States, and it is for that reason that I think it is necessary to state the position of the Wheat Industry in the United States to-day.

Our wheat is raised in the United States, and it is for that reason that I think it is necessary to state the position of the Wheat Industry in the United States to-day.

Our wheat is raised in the United States, and it is for that reason that I think it is necessary to state the position of the Wheat Industry in the United States to-day.

REDUCTION IN PRICE OF The Kenya Quick Letter File.

For up-to-the-minute Filing Systems. This is our new File.

1. Distinction No. 1 shows the file with the papers actually bound into the folder. Every paper is in position for immediate reference.
2. One of the great advantages of this file is that the samples are plainly visible, thus you have a complete reference to all details on the page.
3. Remember, that you can remove or add any paper to your file without disturbing any other papers in the file. This is a feature which is always to be desired - always that the user only wish to add or delete a particular document without any other file on the matter.
4. The mechanism is fitted with specially covered metal rollers. The fittings are metal and highly polished.

The only file with all the advantages of the first one at this price - Postage Box No. 12820, Nairobi. Price 4/6. Order 7/6.

SPRINGBOS ON TOUR

Match with Light Blues.
TWELVE CHANGES IN SOUTH AFRICAN TEAM.

(Continued from page 10.)
The South African eleven, which was defeated by the Cape Province eleven in the first round of the tour by a goal to nil, was changed to a party of twelve, and a new captain was appointed.

The victory over Lancaster was a great one for the Springboks, as it was the first time since the tour of 1917 that they had won a match in the first round. The victory was due to the fact that the Springboks were better than their opponents, and they were able to score a goal in the first round.

The Springboks were better than their opponents, and they were able to score a goal in the first round. The victory was due to the fact that the Springboks were better than their opponents, and they were able to score a goal in the first round.
