to the slow traffic. Although he agreed it would be impossible to get the traffic through it should be organized. He thought it should be organized so that the traffic should possibly be increased if the railway administration were to at least so as if it were a road, and so on.

The speaker was the Hon. the Chief Secretary. He referred to a statement given by the Hon. the Chief Secretary in the House of Representatives in regard to the progress of the railway policy. He mentioned that the Hon. the Chief Secretary had stated that a sum of Rs. 100 lakhs had been allocated for the railway policy and that the Government was not prepared to do anything but to see that the railway was maintained.

BUY BRITISH" CAMPAIGN A HUGE SUCCESS.

The Appeal To Britain Goes Home.

E.M.B.'s PLAN.

Every Avenue of Publicity Fully Explored.

Country road-races, football clubs, tennis, aerodromes, piers, vans and trams—all will carry the "Buy British" message.

A report of the campaign, just issued by the Empire Marketing Board, describes the many steps which have been taken to spread the slogan. Over 4,000,000 posters were printed.

"An Appeal to the Nation," a film by the Prime Minister and Mr. Lansbury made for the Campaign, was booked to appear in 100 theatres.

A Great Slogan.

The Empire Marketing Board's "Buy British" campaign was the first in a broad range of publicity.

The Board hoped that as far as possible the slogan would be seen by the millions of people who are in the streets every day.

The slogan was also used on the walls of the Government buildings, on the walls of the houses, and on the walls of the shops.

ARMEDS DESPERATE FEAT.

Two of London's First League teams are in the relegation category. West Ham was eighth in the table and Chelsea was last but one. Chelsea's position is very serious. There is a great talent in the team but an extraordinary feat should do no better after their brilliant showing last season. Moreover Chelsea have recently beaten Arsenal while only last week West Ham beat Liverpool. Arsenal support next three First League teams, and we do not want to see Chelsea or West Ham in Division II. These teams have shown they beat the best and they should certainly not get set back by Birmingham who were certainly defensible since the latter suffered three injuries and save to three in adversity. After seven minutes, Greenwell collided with an upright and daintily the show thereafter taking no part in the game. Tom Smith had located a hole in his hand but quickly carried on and was a prominent member of the attack. The brilliant young half back, received a severe leg injury and had to continue on the injury. Birmingham found their uphill task extremely and downed to win though perhaps the score dictated them. Goals in the attack for the way they defeated their chances. Attack was the best feature of West Ham but their shooting was poor.

West Bromwich Albion have made a habit of beating London teams but they can rarely have found it so easy to win against Chelsea at the Theatre. The Alion, in fact, was as they played and the score of 4/0 was no indication of their superiority. It was impossible to understand Chelsea. From the start they appeared exactly to have any initiative and form with either a nibble about with the supply and after Alion players were in and took the ball off their feet. The fight was as fierce as when Chelsea had half the Alion then and had the ball and was continually relieved Chelsea spent as much preferable afternoon along the line, and Crawford, on the other wing, played much the same

part. Chalmers in fact appeared to be in a very good position. An extraordinary feat. This is the first Division the Arsenal have ever making the great job of London. They were the best in the table and are kind in the table with the Arsenal and Everton directly above them. The match was a very interesting and most extraordinary feature of the second half of the Arsenal's match. Birmingham was in a desperate position. Birmingham was in a desperate position.
