BRITISH SHIP CAPTURED OFF AMERICAN COAST. Shelled by Coast-Guard Cutter During Chase.

ALLEGED TO BE A RUM-RUNNER.

Crew Arrested and Cargo Seized by Authorities.

A message from New York states that an American coast-guard cutter has captured a British ship off the coast during which that ship was shelled by the cutter and damaged.

It is alleged that the ship was engaged in rum-running and that a cargo of liquor to the value of 100,000 dollars was seized.

LIQUOR VALUED AT 100,000 DOLLARS.

(THROUGH NEWYORK AGENCY.) New York, Dec. 27. Four crates of liquor, valued at 100,000 dollars, were seized from a British ship off the coast during which that ship was shelled by the cutter and damaged. The ship was engaged in rum-running and that a cargo of liquor to the value of 100,000 dollars was seized.

Friendly Societies. The London Fog.

Big Progresses Despite Trade Depression. Oceans After Causing Much Trouble.

(BY WORKERS.) Rugby, December 30. In spite of the industrial depression, friendly societies have made progress both in the number of members and in the amount of funds raised during the year.

H. L. EIKES
Director of Public Works

ELECTED MEMBERS' LEAD TO GOVERNMENT.

A Voluntary Sacrifice of One-third Allowances.

HOUSES FOR CIVIL SERVANTS.

Abolition of Renting Practice Next July Urged.

The Public Works Department has announced that the Government has agreed to a voluntary sacrifice of one-third of its allowances. This is a significant step towards reducing the public account and is a clear indication of the Government's determination to reduce its expenditure. The Government has also announced that it will abolish the renting practice for civil servants next July. This will mean that civil servants will be able to purchase their own homes, which is a long overdue reform.

The Government has also announced that it will build houses for civil servants. This is a long overdue reform and will greatly benefit civil servants who are unable to purchase their own homes. The Government has also announced that it will reduce the allowances of its members by one-third. This is a significant step towards reducing the public account and is a clear indication of the Government's determination to reduce its expenditure.

The Government has also announced that it will reduce the allowances of its members by one-third. This is a significant step towards reducing the public account and is a clear indication of the Government's determination to reduce its expenditure. The Government has also announced that it will build houses for civil servants. This is a long overdue reform and will greatly benefit civil servants who are unable to purchase their own homes.

The Government has also announced that it will build houses for civil servants. This is a long overdue reform and will greatly benefit civil servants who are unable to purchase their own homes. PANICKY SITUATION IN KENYA REVISED.

Timely Introduction of Agricultural Advances.

ACTIVITIES OF THE BOARD.

Experience Strengthens Views of Urgency for Land Bank.

The Central Agricultural Board was re-elected on January 10, 1914, and the members of the Board for the year 1914 are: Chairman, Mr. J. G. ...

Financial statements of the Board for the year 1913 are published in the Official Gazette of June 24, 1914. The first meeting of the Central Board was held on January 10, 1914.

The following particulars were given in the report of the Board for the year 1913: The Central Board have had a very busy year, and have been able to carry out their work in a most satisfactory manner.

Of the 113 applications received, 10 were approved, 10 were refused, and 93 were pending. The Government has been asked to consider the advisability of a land bank.

Generally, in addition to obtaining the statutory charge on land, the Government has been asked to consider the advisability of a land bank.

Persons to purely rural lands have been made on the basis of 10 per cent. of the assessed value of the land, and it is expected that the Government will be able to raise the necessary amount of money to meet the requirements of the land bank.

The Administration Committee has recommended that the Government should establish a land bank, and that the Government should be empowered to acquire land for the purpose of the land bank.

It is suggested that the Government should establish a land bank, and that the Government should be empowered to acquire land for the purpose of the land bank.

The Board has also considered the question of the establishment of a land bank, and has recommended that the Government should be empowered to acquire land for the purpose of the land bank.

The Board has also considered the question of the establishment of a land bank, and has recommended that the Government should be empowered to acquire land for the purpose of the land bank.

The Board has also considered the question of the establishment of a land bank, and has recommended that the Government should be empowered to acquire land for the purpose of the land bank.

Twenty Years Ago. The Board of the week may be said to be a very busy one, and it is expected that the Government will be able to raise the necessary amount of money to meet the requirements of the land bank.

Another case which perhaps has not been mentioned is that of the case of the Government, which has been referred to in the Official Gazette of June 24, 1914.

The Board has also considered the question of the establishment of a land bank, and has recommended that the Government should be empowered to acquire land for the purpose of the land bank.

The Board has also considered the question of the establishment of a land bank, and has recommended that the Government should be empowered to acquire land for the purpose of the land bank.

The Board has also considered the question of the establishment of a land bank, and has recommended that the Government should be empowered to acquire land for the purpose of the land bank.

The Board has also considered the question of the establishment of a land bank, and has recommended that the Government should be empowered to acquire land for the purpose of the land bank.

Education Bill.

A FEA FOR DELAY.

The Editor "E. A. Standard."

It is not surprising that, in view of the unpopularity of the last Kenya Education Bill, Mr. Rensley is extravagant in his praises of the new Bill. The Government are now trying to recall the Committee of Enquiry. The fact, however, the committee was not allowed to finish its work is to be done out of the school years. It is not to be done without ensuring the potential rates of the Government. In the Plateau districts there were 286 schools, which have cost £200,000 in Kenya, whereas there are no schools in Nyandarwa. In Nyandarwa, to pay £600,000 in rates. The Government are free to raise money to pay £600,000 in rates. The Government are free to raise money to pay £600,000 in rates.

TAKE-YETTES.

NAIROBI AGRICULTURAL SHOW.

To Be Most Representative Yet Held in East Africa.

RECORD NUMBER OF ENTRIES.

Ground in Remarkably Fine Condition.

There were scenes of great activity at the Show Ground all day long. The "East African Standard" representative made a tour, commencing at the Society's staff working Secretary, Mr. Murray. He then proceeded to the various agricultural preparations were in progress at the Show Ground. He was accompanied by the Secretary, Mr. Murray, and the various exhibitors who will be staged by firms representative of all sections of the commercial community.

In spite of the depression which the country is passing the entries have been remarkably good, and in some cases establish records for East Africa. This applies notably to classes which have been badly hit by the pork markets. Trade exhibit entries have also exceeded the last Nairobi Show.

Preparations are already nearing completion, and the ground presents a most attractive appearance. Everything that is done in the matter of laying out the ground, the staging of exhibits and the comfort of visitors has been done. The whole ground is covered with bright spring turf, while flower beds with bloom add to the beauty of the surroundings.

Special features of this Show will be the staging of exhibits from the various East African Governments, departmental displays and native exhibitions, all of which should prove to be most informative.

SPECIAL FEATURES.

In past the Nairobi has set a standard of Agricultural Shows which, in many ways, it would seem to be impossible to exceed. This year, as the result of a preliminary tour by the Show Grounds Committee, and in many ways, this year's Show will be a definite step ahead of previous Shows. It is a Show which will be definitely staged last previous Show.

Ground, the general lay out of the grounds, the staging of exhibits, the comfort of visitors has been done. The whole ground is covered with bright spring turf, while flower beds with bloom add to the beauty of the surroundings.

Another impression which is gained as a result of the growing period of the past few years, and the buildings, which have been erected, are a credit to the Government. The absence of any possibility of rain, and the fine weather, is a credit to the Government. The absence of any possibility of rain, and the fine weather, is a credit to the Government.

In addition, one tremendous improvement which has been made is that in that every building of every kind will be weather proof. This year's Show will be a credit to the Government. The absence of any possibility of rain, and the fine weather, is a credit to the Government.

which a showy corner. This year every class had either a detailed road or in connection with the show. It may be mentioned that some exhibitors have been invited by the Society to represent other sections of the community. This will be a credit to the Government.

The Trade Stalls.

There were scenes of great activity at the Show Ground all day long. The "East African Standard" representative made a tour, commencing at the Society's staff working Secretary, Mr. Murray. He then proceeded to the various agricultural preparations were in progress at the Show Ground.

Cut the Crop Quickly with a
McCormick 4 1/2 ft. Cut Mower

The McCormick Vertical Light Mower will cut your crop quickly and do a clean job at haying time. You can make the most of the bright sun with this mower in your fields—there is no delay—the McCormick is the up-to-date, reliable, light-running mower.

Every wearing part is made of the most durable material. Hardened steel wearing plates set into the cutter bar prevent wear of the knife. Worm bearing can be quickly replaced. Drop forged knife head and automatic plunger are exclusive features that make for long life and easy operation. The knife is equipped with the highest quality heat treated and tempered sections, which give a clean, shear cut.

To Handle Hay Quickly
and
Effectively Use

The Deering 9ft. 30 Teeth
Self Dump Hay Rake

Deering self-dump rakes are well and favourably known wherever hay is grown because of their durability and easy operation. They dump quickly and the teeth return low enough in the stubble so that there is no hay wasted, yet they do not catch in the ground. As the rake fills the cleaner rolls fast above and retard the hay so that it does not roll into rumpy form. Deering rakes are easy to dump. Merely depressing the foot trip dumps the rake automatically. They are strong and durable and will give many years of satisfactory service.

COME IN AND SEE THE McCORMICK MOWERS AND DEERING RAKES NOW.
