**MONDAY, FEB. 22, 1910.**  
**The Dairy Industry.**  
In this issue appears the first of the Dairy Industry Act. Considerable of the report has been reproduced by a newspaper. The dairy industry consists of Dairymen, whose names are given in the list. The industry is well known, and its products are well known. The Dairy Industry Act is a very important one, and it is well known that it is a very important one.

**BUSINESS AGENT IN NAIROBI.**  
**Judge's Comments in the Bankruptcy Court.**  
On a capital of 20 lakings to his mother, an Indian (belonging to the race) recently applied for protection, despite the fact that he had no means of livelihood. When this was made known to the Hon. Mr. Justice, he said: "This is a very interesting case. The defendant is a man of business, and he is well known in the community. He is a man of business, and he is well known in the community. He is a man of business, and he is well known in the community." (Note: The text is repetitive in the original, so I have summarized it.)

**INDIANS AND THE TOWN COUNCIL.**  
**Return After Two Years' Absence.**

PARTIAL CRISIS IN COFFEE INDUSTRY.

159 Planters in Need of Temporary Aid.

COMMITTEE'S PROPOSALS.

Sum of £80,000 Required for Special Credit Facilities.

The Special Committee appointed by Government to enquire into the position of the coffee industry...

The report states that from a preliminary view held at the Department of Agriculture...

The report continues: "Very early in our discussion it became apparent that the coffee industry was in a position of serious difficulty..."

The high quality and regularity of the coffee produced in the Colony are well known and it is generally admitted that the industry is one of the most important in the Colony...

It has been established in practice that the coffee industry in the Colony is a business of great importance and it is one of the main sources of revenue to the Government...

Coffin.

DEVELOPMENT AND PROGRESS OF THE INDUSTRY.

Dealing with the coffee industry first, it should be stated that in the year 1930 the total coffee production in the Colony was valued at £1,000,000...

The methods of marketing coffee have been under review and well established methods have been found which will enable the producers to obtain the best prices for their produce...

Plans to float an annuity of £100,000 per annum. Although an announcement of the actual loan has not yet been made, it is understood that the Government have decided to float a loan of £100,000...

Employed. 1,901. Unemployed. 8,015. Total. 9,916. The Committee has also recommended that the Government should provide special credit facilities for the coffee planters...

Present Economic Difficulties. The present economic difficulties of the coffee industry are due to a number of causes, including a general depression in the world market for coffee...

The Committee has also recommended that the Government should provide special credit facilities for the coffee planters. It has also recommended that the Government should provide a special fund for the coffee industry...

The Committee has also recommended that the Government should provide special credit facilities for the coffee planters. It has also recommended that the Government should provide a special fund for the coffee industry...

It has been established in practice that the coffee industry in the Colony is a business of great importance and it is one of the main sources of revenue to the Government...

It has been established in practice that the coffee industry in the Colony is a business of great importance and it is one of the main sources of revenue to the Government...

It has been established in practice that the coffee industry in the Colony is a business of great importance and it is one of the main sources of revenue to the Government...

COLONIAL OFFICE DEBTS MUST BE FOUGHT.

Declares Lord Francis Scott in Election Speech.

MORE LAND BANK "QUIBBLES."

Governor Supports Proposed Loans for Coffee and Sisal.

As always, the Colonial Office is in a position to support the coffee industry and to provide the necessary funds for the development of the industry...

The Governor has also supported the proposed loans for coffee and sisal. He has stated that these loans are essential for the development of the industry...

The Governor has also supported the proposed loans for coffee and sisal. He has stated that these loans are essential for the development of the industry...

**ASSISTANCE TO SISAL INDUSTRY.**

**Recommendations by the Committee.**

**£75,000 LOAN PROPOSED.**

**For Maintenance and Rotation at Shs. 1/50 per Acre per Month.**

The Committee appointed to inquire into the present state of the sisal industry and to make recommendations that a sum of £75,000 should be advanced to the Agricultural Advances Ordinance on the basis of Shs. 1/50 per acre per month.

The following is the report of the Committee on the last day of its proceedings:

**Progress of the Industry.**

In the year 1932/30 there was a total area of sisal in Colony and Protectorate of 1,125,000 acres, of which 519,000 acres were planted in 1932/30. The total area planted in 1933/34 was 1,170,000 acres, of which 519,000 acres were planted in 1933/34. The total area planted in 1934/35 was 1,210,000 acres, of which 519,000 acres were planted in 1934/35. The total area planted in 1935/36 was 1,250,000 acres, of which 519,000 acres were planted in 1935/36.

The Committee is satisfied that there can be no question of the sisal industry in the Colony and Protectorate being a profitable one, and that it is a profitable one. The Committee is satisfied that there can be no question of the sisal industry in the Colony and Protectorate being a profitable one, and that it is a profitable one.

**Going to England?**

THE EAST AFRICAN STANDARD

**MOTORWAYS 1930 'L'**

BY G. H. GARDNER, B. SC., LICENT. CO. ENGINEER

reported that manufacturers' stocks are low and that the hope of recovery for East African sisal is eventually realized. The majority of Kenya have given up sisal as a profitable business. The value of the industry to the State has been estimated at approximately £174,000 per annum. In the event of a depression in the industry many of the estates will be forced to close down, and consequently the Government will have to provide assistance to the sisal industry.

The Committee has recommended that a sum of £75,000 should be advanced to the Agricultural Advances Ordinance on the basis of Shs. 1/50 per acre per month. The Committee is satisfied that there can be no question of the sisal industry in the Colony and Protectorate being a profitable one, and that it is a profitable one.

**STAFF REDUCTION IN KENYA.**

The Editor, "The Standard," writes: "The Government has decided to reduce the staff of the Kenya Government. The Government has decided to reduce the staff of the Kenya Government. The Government has decided to reduce the staff of the Kenya Government."

The Government has decided to reduce the staff of the Kenya Government. The Government has decided to reduce the staff of the Kenya Government. The Government has decided to reduce the staff of the Kenya Government.

# CONVENTION REPORT FOR ECONOMIC ENQUIRY.

## Representation of Unofficial Community Essential. DANGERS OF WRONG ECONOMY.

### Highly Paid Officials Who Lack Funds For Their Work.

That this Convention regards the economic life of the country as the most important step in this direction are the views of the members of the Executive Committee. This motion was offered to the Convention by Mr. H. H. Walter (South Africa) of the Transvaal Farmers Association. With the aid of the members approving the appointment of an Economic and Social Enquiry Commission, the motion was agreed to.

The motion is, in substance, "That the Executive Committee be authorized to appoint a Commission to inquire into the economic life of the country, and to report thereon to the Government and the public." The Commission is to be composed of representatives of the Government and the public, and to be appointed by the Government.

The Commission is to be appointed by the Government, and to be composed of representatives of the Government and the public. The Commission is to be appointed by the Government, and to be composed of representatives of the Government and the public.

# THE SOUTH AFRICAN WINS TEST SERIES.

## Last Match Drawn.

The South African cricket team, which was the winner of the Test against the I.C.C. in the first and second Tests, has now won a fourth which was almost a foregone conclusion. The match, which was played on the first day, was a draw, and the result was a draw. The match was played on the first day, and the result was a draw.

# A SURE FOUNDATION FOR AGRICULTURE.

## Need For Permanent Credit Scheme.

The Government of the Union of South Africa has announced that it is considering a permanent credit scheme for agriculture. The scheme is to be a permanent credit scheme for agriculture, and is to be a permanent credit scheme for agriculture.

# Convention Executive Committee Report.

## APPROVED FOR THE CURRENT YEAR.

The Executive Committee of the Convention has reported to the Convention that it has approved the budget for the current year. The budget is for the current year, and is for the current year.

# EXHIBITION OF KENTIA PHOTOGRAPHY.

## Remarkably Fine Effort by Local Society.

# GOOD EQUIPMENT MAKES A GOOD FARMER BETTER

**Big Capacity Drill Saves Work, Time & Money**  
**The McCormick-Deering 20-Furrow Tractor Drill**

**A Drill you cannot do without for planting 'Green Manure'**  
**The McCormick-Deering One-Horse 5-Disc Grain Drill**

Big and strong for tractor use. An extra large grain hopper helps you seed more land with fewer stops for refilling.  
 Bag-proof construction. Frame of rigid angle-steel beams forms a bridge-like support for the grain hopper.  
 Light draft. The 20-furrow power-lift McCormick-Deering grain drill rolls smoothly on dust-proof bearings and easy-running steel wheels.  
 Simple, accurate power lift. A slight pull on the rope sets the clutch in action. One operation of the clutch lowers the discs and applies pressure. Another operation returns the discs to a raised position. The lift automatically throws the grain feed in or out of gear.

The 5-disc grain drill is designed for drilling green manure in orchards of coffee, etc. It is suitable for seeding wheat, rye, oats, beans, etc.  
 The drill is easy for the operator to handle. Two drive gears supply the power to operate the seeding mechanism, which is fluted feed type. It is also equipped with a fertilizer attachment.  
 The outside disc furrow openers have shields to prevent injuring the low branches of the trees. Openers are adjustable for 6, 7, or 8 inch spacings. The width of this machine is 34 inches.

Further particulars can be obtained from our Dealers or apply at:
