advance to any degree of importance until a strong white-actiler and resident population existed. matters without interference, we would do so in time "decired Dr. H. H. Hunter, the President of the Uganda Climber of Commerce in giving evidence before the Joint Committee on East the Joint Committee on East that Uganda in the past had that Uganda in the past and the part of the Colonial Office to consider her interests. "My experience over a quarter of a consider her interests." See Joint 1997 in Uganda has been that to make the consideration of the Colonial Office to consider her interests. The vibraces were not per-pend to disagree were not per-pend to disagree were not per-turband to disagree with not expressed the colonic that the greaten care and about the observed in the expressed the observed with the Guerra ment of the people with the to-seen extracted with the Guerra concluded by anying that the concluded by anying that the even was the effect of one poli-tical union in was withly neces-tary, to curve the about the con-trol of the control of the con-trol of the control of the con-trol of the control of the con-trol of the con-tr practice natives are always con-sidered first, then Indians, with the British coming at the end after every other white nationality has been considered." Dr. Hunter said that Britons in Uganda felt that the deepest slur was contain-ed in the White Papers published on Fast Africa stating that the Imperial Government was unable to delegate or share the trustee-

that the territories would ne

### An Excellent Impression.

Major W. Lead and Major H. Bown's evidence before the Joint Committee created a most excel-Gemilites created a most excel-lent impression and their evi-dence was the deep considera-tion. As the second of their critisms it was streamed that al-thouse her beginning of their critisms it was streamed that al-thouse her beginning of their critisms of their critisms, and her bad not given up the nature of Englishmen. The Chairman replaied that he thought the vost majority of Englishmen had confidence in their fellow-countrymen, Major Land thanks Uganda was not pracetionst up to the present. "If Kenya wishes to protect a certain industry, let be-protect it, but not at the cost of Uganda." [PERADDAND COMPRESSOREMY.]
Dr. Hunter in giving evidence
before the John Committee to-daydealt chiefly with railway freight
rates and Customs and complained
of the former ruilway policy in
Kenya but agreed that the present
policy was autianctory. intrymen. Major Lead thanked Chairman for this remark, for Lead pointed out that the Major Lead pointed out that the chief alarm was the spirit under-lying the White Papers rather than the statements. He pointed out that the white people would succeed or fall by the happiness and welfare of the natives. Lord Passfield was apparently

Bombay, April 18.

The Rt. Hon. Srinivaes Sastri has sailed for England where he will give evidence before the Joint Parliamentary Committee for Closer Union in East Africa. Lord Passifield was apparently stiled with the explanations given to his various queries on Major Bown and Major Lead's memorandum. Major Lead and he considered that native association with the settlers was more beneficial than intermittent con-tact with officials. Major Lead agreed with Mr. Amery that white settlement was not so much actually restricted as re-

Answering Lord Cranworth Major Lead said Sir Denald Ca-meron knew he, Major Lead, did not agree that Tanganyika was unhealthy. The Cosst and High-lands were extremely healthy. Questioned by Mr. Hudsen, on Bir Donald Cameron's evidence regarding population he denied that he did not attach import-ance to his evidence but could not agree with it.

Questioned by Lord Stanley re-

COST OF LIVING IN KENYA

Statistics Published by the London Office.

A correspondent has forward, ed to the "Monhau Times" of Cost of Living Chart inseed by H.M. East African Trade and Information Office in Income. The date of the Chart is not supplied but, it will be noted that the prices quoted for some of the commodities in growing in the commodities of the commodities in growing in June, 1925. With the figures one of the Section 1. mse is June, 1928. With the figures now available from the Statistical Department a more up to date list might profitable Lallamon o The Chart is as follows

It is always very difficult to give definite information in regard to the cost of living, as this gard to the cost of living as this naturally varies very much with the tastes and inclination of the individual, his position and place to the property of the cost of the tastes of the cost of the cost of the cost of the cost of the tick, but on farms, who had not both to the cost of the cost high put on farms, and the cost high produced for cased, it is very much cheaper. Generally a high-re teads of living than in Eas-ternative cost of the cost of the cost.

The best boths charge about 21 per day for full board and lodging, while boarding here charge from 62 to 615 per mouth for the same service. Dental Authorities advise it-Film Stars use it

HERE is a marvellous scientific way to give your teeth a brilliant whiteness. A toothpaste specially pre-pared to remove the film that discolours teeth. You will be amazed at what Pepsodent, this special film-removing toothpaste, can do.

Run your tongue across your teeth and you will feel a slippery coating. That is film. It clings to teeth and absorbs discolorations. It is a source of many tooth troubles. Old-time dentifrices did not clear off this film successfully.

Try this new way Try this new way

Pepadent is different in formula,
action and effect from any other
dentifice. It first acea to curdle film—
then removes it in gentle safety to
enamel. In it the world has gained a
new conception of what a dentifice
should be and do. Try Pepadent—

# WHO STARTED CLOSER UNION IDEA?

Sir Donald Cameron Traces It To Settlers' Fear.

NATIVE POLICY "THREAT."

Takeds Marie 24.

The Daniel Common, lately were that the settle policy which the first Daniel Common, lately were that the settle policy which is the policy of the common tent of the Lindon, March 24.

Sir Donald: Co-ordination, ne

Sir Donald, When I read Sir Revard Griger dispatch I was struck by the same point to which Mr. Buxton refers but if he will read the sentence care-fully Sir Edward Grige, he will see, was referring to a difference between Uganda and Kray, and not between Uganda and Tanga-rayika.

Sir Donald on some points of Sir Edward Grigg's dispatch in re-

Sir Donald remarked that the question of extending the line from Mwanza as a last link had been settled by the Secretary of State, to the extent that mate-rials were actually on order. There was, as a matter of fact, a

sur Jonald; Not quite. When I went to the Governora Confer-ence I found a Memorandum by the Governor of Kenya on this subject and I replied that the Government of Tanganyika would undertake that rates could he co-ordinated to the extent or preventing friction and competi-tion as between the two Govern-ments and the railway systems; which was done; this is done

The Chairman: You do not think there is any necessity for the appointment of a High Comand Legislative Council! Your dispatch has proved that you did not see sufficient reasons to give effect to this. You also enclose a Memorandum where you touch on the 'Dual Policy'. The sug-gestion is I think that perhaps

some incentive to work in an im-

Sir Donald: Yes, but unfortunately there are several instances where the European is not teach ing a lesson to the native. He

able way.
The Chairman: You have not
got the problems that Kenya
has! For instance political consciousness of an active white
population to the same extent!

Sir Donald: They have been vaccinated from Kenya (laughvaccinated from Kenya (laugh-ter). They are very assertive and if I may I should like to put it like this: I hope I am not going to give offence to my friends in Tanganyika. I judge prior Navana as a tast me had been to give effects to my me steet the rotation and the state of Sir Donald caused laughter by adding that "mass meetings" in Moshi means a collection of six

to twelve people in a hotel har.

Lord Passfield, Secretary of State for the Colonies, was the first Membry of the Committee, after the Chairman, to question the late Governor of Tanganyika.

SATURDAY, APRIL 25, 1001 WHO STARTED CLOSES UNION IDEA?

main research for the beneits or all three.

Sir Donald: From the point of view of agricultural research that has been done with the joint three territories; the direction of their Long Craimworth: I would refer to the last sentence of your moreandum for information: "Vergue generalization in the past on munity and the stanophere of intrigue cannot be expected to read in may settlement (of the political issues property. How do you reconcile this with the fact that you said they were wise? Sir Donaldt I do not kink the t your view as to whether you not see any need for any form of closer union. Sir Donald: No.

An Official View Only.

Lord Craswoth (Conservalve) then quotioned the witness. Lord Craswoth: This memorandum (by Siz Double) represents Council I understand? (Yes). Lord Craswoth: Are the natives directly represented? (Yes). Lord Craswoth: Are the natives directly represented? In the control of the council I understand? (Yes). Lord Craswoth: Are the Indiana? No: The Europeans? Unofficial member?

Incutrical members?
Sir Denshid: The Council consist of the Governor and the chief members of his staff.
Lord. Cranworth: I understand is the view of the Governor-in-Council that is is our duty under the Mandate to educate the natives up to such a standard their and govern their country.
Sir Donald! I owned say what is the ultimate destity of these

and govern their country.

ARSENAL'S LEAGUE SUCCESS.

## Cup Finalists Clear of Relegation.

["STANDARD" CORRESPONDENT London, April 18. Mintry weather, with snow and sleet to make matters dis-tinctly uncomfortable for the spectators marked the football on Saturday. Grounds were heavy, and there was no riot of goals in

consequence.

By defeating Liverpool at Highbury Park, Arsenal have assured themselves of the championship, while Birmingham, who figure at Wembley this coming week-end, have Jumped clear of the relegation some by a two

Another reverse saw the pro-motion hopes of Tottenham Hot-spar practically dissipated, Bris-tol City beating them by the odd goal in three. It seems almost sertain now that Rending will acompany Cardiff City Third Division as with Plymouth Argyle winning, and Swansea drawing the Rending men can only hope to equal the last named on points, should the Welsh side lose its remaining two games, when goal average would decide the issue. However, Swan-sea are more than likely to get one point at least out of the pos-sible four, so that the relegation problem here would appear to be

Aberdeen, who won eight goals to one at Pittodrie, scored the biggest win of the day. Clyde were their victims. Motherwell said good-bye to their championship hopes when they went down to Cowdenbeath by the only goal of the afternoon. Rangers won. Wibe losing at Throx by the narrowest of margins, while Celtic defeated Airdine at Parkinson by three goals to one. It is certain that the flag will once again fall to one or other of the "Old Brigade" with Rangers the more likely winners of the title. The following are the results:

Kyambu, April 12, 1981.

ON FARMS

Sir,—Not so many years ago, Kenya was well stocked with small game. Most emphatically small game. Most emphatically this is not the case to-day, and this is largely our own fault. (1) Drives by the farm labour, resulting in the indiscriminate slaughter of everything that is put up. These dogs, by the way, are very useful at their work:

hardship entailed by a depression is not so great nor so general. It is increased by stock holders hang-ing back hoping that the bad times may be short-lived smough to enable them to tide it over with-out material reductions of prices, and also by distributors hoping to they are often the result of a cross between African bitch and whatever the farmer happens to have in the way of a dog. These drives are serious at any time, but in the breeding season they result in the destruction of nests as well as young birds.

sent in the streeting cosons they come the the determined noise.

(3) Derives thoughtudy and the second of the sec a bulley both to the names of the policy of

and when we are all trying to sell, every additional attraction is worth considering. There will worth considering. There will soon be no small game on those farms where the present consis-ent combing out of the country is going on, and where we our-selves make no effort to see that breeding animals are left undis-

styr, edited from the Overmelter Alona 1991 Leaf. Delasarse inserted or a number of dual purpose fluctures or from Chashirs, but until comparatively recently verse, when the great deep-verse, when the great deep-verse, when the great deep-verse or comparatively recently verse, when the great deep-verse or comparative to the comparative or comparativ Stock Farm.

Colony, by far the majority of which fifteen years ago, were sired by Shorthorn bulls. So, too, with the well-bred Shorthorn herd of

in some be real-seed by treeders that the imcout in portation of sizes of milk breading as in can portation of sizes of milk breading as in can portation of sizes of milk breading as in can portation of sizes of milk breading as in case of the beautiful breading as in the size of the sizes of the size attributes, into really useful dual purpose animals. Some cattle owners have unfortunater not been content to proceed slowly in this process of evolution, but have put their high grade Shorthorn and even Hereford cows to Fricsisn, Ayrahire and Guernsey bulls, with the result that one finds more

Bates's Lincolnables Reds. Insides a number of herds at Molo, Nakura and Lumbra, disappeared entirely, some due to the necessity for raising entirely for raising entirely for training entirely for the training entirely for the training entirely for the training entirely for the training entirely entirely working ozen and squatter eattle.

By the time that the wext importation of cattle was sold by Government at the beginning of 1000, many of the names familiary of the cattle of the cattle of the cattle of the cattle of the same year on important was given to dairying byte of the cattle of the same year on important was given to dairying byte of the cattle of the same year on important was given to dairying byte of the cattle in the cattle of the cattle By the time that the next im-

The year 1922 witnessed the

dispersal of the Naivasha Para-tock which gave breeders one of their first opportunities of establishing purebred herds, but since the source of supply coasi-with the closing of the farm, purchasers found themselves us-able to obtain the purches REPORT MEANT. (Continued from page 16)

anie to cotain the pure-bred buils necessary to carry on their herds and the progeny of many of the good cattle dispersed throughout the Colony were lost. Only during the past few years has it been possible for was that there should be com-mon constituencies where the person who put up for election should be obliged to meet the views not merely of his own co-religionists and co-nationals, Board, towards the freight from England of pure-bred cattle, and a number of animals of excellent dairy breeding, both male and female, have arrived in the Colony. but of the other commmunities

LOOKING. Dek. one is tempted to wonder whether a mistake was not made in the early days by not paying more attention to that great attribute possessed by the Native Cow in the exceeding high butter fat content of its milk which averages six per cent. and over. Twenty-five years ago it was unusual to find in England except amongst Channel assumption was accepted then he thought that the Indians and the stands cattle and South Devous advented natives might very naturally resent being put on a separate register, as being in ttle averaged even less. Had bulls except Jersey, Guernsey South Devons (themselves separate register, as being mome sense a discrimination against them. He thought, equally, that the white community was bound, in order to avoid the danger of being swamped by superior numbers of both Indians and natives to try to protect its position. But or South Merons themselves sprung originally from Channel Islanders crossed with North Devenues been used, we should solt have robbed the native stock of its especial suitability for butter making. But one must ack forget that the use of other breeds gave to the Colony the big steem which were so essential for try to protect its position. But if the principle which he tried to advocate was accepted—that that method of deciding racial interests was unworkable—and

ship inflations upon the type of severe inflations of fulfilling that in the control of the cont

If Knya is to take its place amongst the dairy countries of the world, it would seem essential first and forement to select a farm on which foodstuffs can be produced as well as good natural grating; secondly to use bulk of the miking percent, and trend from the mixing process, and trend from the mixing process, and trend from the mixing process, and trend from the mixing the second of the mixing process. The mixing process of the mixing process of the rest of the heart form of the first three are strendy 1,000-cellion. line average of the rest of the heart. There are already 1,000 gallon coves of pure breeding in the Colony; what we require are grades which will average two three gallons daily throughout their lactation. These will be produced in course of time but cannot be strobed as once by the case of a dairy-breed built on low see of a dairy-breed built on low

he visited—must give place to one yielding double that quantity of milk at least before dairying can be a profitable form of farming.

MATURDAY, APRIL 25, 1981. WHAT THE HILTON YOUNG

political espacity was entitled, would never be secured until it rested on consent and not on privilege. The Commissioners had also said that the remedy was that there should be com-mon constituencies where the

as well. This appeared to Mr. Buxton, when he read it, as being a very powerful argument indeed. He would like to know how far Mr. Oldham still be-Mr. Oldham said that behind Mr. Oldham said that beaund all these arguments there seem-ed to lie the assumption which was held by many people that the power of deciding questions of conflict of racial interests was going to reside in a majority in the Legislative Council. If that

it was clearly understood and recognized to a degree which is not recognized at present that the proper principle for deciding such questions is the decision by an importial tribmal, then he thought the whole question would assume an entirely different aspect and inasameh as the natives in the reserves must be resent conditions, then what was sent conditions, then what was required was an opportunity for each community to set forth its case, the decision being taken by

# But he also thought that in

But he also thought that in East Africa they had got to start with existing facts. There were three communities with en-tirely different cultural condi-tions and very widely separated stages of development. If they were to get together, they must remove the eliment of fear which cristed on all sides. The most hopsful method of resulta-fines was towards that any con-fract was towards that any confear was to give to each commity the savurance that any conflict of interests would be decided by an impartial authority and also the assurance that before a decision was reached, there should be a public enquiry to make sure that its case had been presented. It was on these belief, that communal representabelief, that communal representa-tion was more in accordance with the fundamental difficulties with which they were contend-ing. In the event of the other view being adopted and the progress being in the direction of a system under which a decision would be taken by a majority of the Legislattic Council, then be advented the Common Boll. Mr. Burton saked if Mr. Old-

RESULT OF NAIROBI NORTH ELECTION.

Captain H. F. Ward Returned hy Majority of 39 Votes Polling for the election of the

Polling for the election of the representative for Nairobi North to the Kenya Legislative Coun-eil took place on Wednesday at the Municipal Offices. A steady stream of voters arrived at the polling booth throughout the day, and after the booth closed numbers of supporters of the rival candidates waited ontside the closed doors for the result of the count.
The Returning Officer, Mr. P. Gamble appounced the result

Both candidates and members the Mau. Photographic of their committees worked hard on Wednesday, and no efforts were spared to bring voters to the polls. Numerous cars gails beribboned with the colo the candidates and carrying be ners of exhortation as to which candidate should be returned, dashed through the streets throughout the day.

A number of would-be voter presented themselves at the poll-ing station only to be informed that their names were not on the roll. This caused a good deal of anneyance to the persons con-cerned, but in many cases they themselves were to blome for not ave registered.
