**WAKE UP YOUR LIVER!**  
BILE—  
Without Colored

**And You'll Jump Out of Bed**  
in the Morning Full of Energy!  
If you feel new and fresh each day, it is because your liver is doing its job. It filters out the poisons from your blood, and it keeps your system in good health. If your liver is not doing its job, you will feel tired and sluggish. You will have a headache, and you will be unable to concentrate. You will have a bad taste in your mouth, and you will be unable to eat. You will have a general feeling of malaise, and you will be unable to enjoy life.

**NEW! Quick cooking Quaker Oats**  
Ask your grocer for the new quick-cooking Quaker Oats.  
It is made in such a way that it cooks in less than 10 minutes. It is so easy to cook that you can make it in a paper cup. It is so good that it is a favorite with children and adults alike. It is so filling that it will keep you satisfied for hours. It is so healthy that it will help you to lose weight. It is so versatile that you can use it in many different ways. It is so delicious that you will want to eat it every day.

**The New Quaker Oats**  
It is the same time a large number of Progress planners had difficulty in collecting every day's sales. The new Quaker Oats is a new idea. It is a new way of doing things. It is a new way of thinking. It is a new way of living. It is a new way of being. It is a new way of doing. It is a new way of being. It is a new way of doing. It is a new way of being.

**Greeted with a chorus of praise.**

E.A. Products' Association  
SETTLER COLONIES AT MEETINGS.  
"STANDARD" CORRESPONDENT.  
The British Petroleum Association held a meeting this morning at the Hotel Stanley to discuss the results of the investigation carried out by the E.A.P.A. to find out how far the motorists in East Africa are likely to be affected by the proposed changes in the taxation of motor fuels. The meeting was presided over by Mr. H. H. Jones, Secretary of the Association. Mr. H. H. Jones said that the Association had received a number of enquiries from motorists in East Africa who were concerned about the proposed changes in the taxation of motor fuels. He said that the Association had carried out a survey of the motor fuel market in East Africa and had found that the majority of motorists in East Africa were using motor fuels with a high octane number. He said that the Association had found that the majority of motorists in East Africa were using motor fuels with a high octane number. He said that the Association had found that the majority of motorists in East Africa were using motor fuels with a high octane number.

McCALLUM'S PERFECT SCOTCH WHISKY

ASK FOR IT - IT'S GOOD! MRS. McCALLUM'S PERFECT SCOTCH WHISKY

OPENING OF ST. PETER CLAVER'S CHURCH.

An Inspiring Ceremony in Nairobi.

THE SERVICE OF BLESSING.

"Blessed be thou, O God, who hast made the world in order, and in order the world in order, and in order the world in order..."

THE EAST AFRICAN STANDARD. SATURDAY, JULY 10, 1921.

A harmonious design, that is most fitting, has been adopted for the altar, the three windows of stained glass. The design depicts the Holy Ghost, and the Catholic belief that the Holy Spirit will be sent down upon the church...

At the conclusion of the new service in the afternoon, and some of the prayers presented before the altar, the service was concluded. The service was presided over by the Rev. Fr. O'Leary, with Fr. Kelly and Fr. O'Leary, and Fr. Kelly and Fr. O'Leary, and Fr. Kelly and Fr. O'Leary...

OPENING OF ST. PETER CLAVER'S CHURCH.

Attention is hereby formed for the opening of St. Peter Claver's Church.

"Thinking on this day I am proud to see the opening of St. Peter Claver's Church, the first of its kind in the East African continent. The church is a beautiful building, and the service was most inspiring..."

The noble edifice, which was built on the site of the old mission, is a beautiful building, and the service was most inspiring. The church is a beautiful building, and the service was most inspiring...

INCREASED TAXATION IN KENYA.

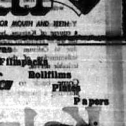

Protest by the Coptic Fathers.

"The Coptic Fathers of the Holy Synod of Alexandria have expressed their deep regret at the increase of taxation in Kenya. They consider that the increase is excessive and will cause hardship to the people..."

The Archbishop, who presided at the opening of the church, expressed his regret at the increase of taxation. He said that the increase was excessive and would cause hardship to the people...

The World's most beautiful women use Odo!

It is a fact that the most beautiful women in the world use Odo! Odo is a skin cream that makes the skin soft and smooth, and gives it a natural beauty...

The Ideal Sprayer for Overseas Use

HARTWELL & SMITH, Engineers and Builders, 110, Abchurch Lane, London, E.C. 4.

REMEDIATED HYRAX FURS. MRS. M. B. ROBERTS, 10, Abchurch Lane, London, E.C. 4.

At the conclusion of the new service in the afternoon, and some of the prayers presented before the altar, the service was concluded. The service was presided over by the Rev. Fr. O'Leary, with Fr. Kelly and Fr. O'Leary, and Fr. Kelly and Fr. O'Leary, and Fr. Kelly and Fr. O'Leary...

Table with 2 columns: Fare Type and Fare Amount. 1st Class : : £ 32, 2nd Class : : £ 24.

DIET AND DISEASES OF AFRICAN TRIBES. Investigation by the Medical Research Council. THE MASAI AND KIKUYU.

(Special to "A.S. Standard.")

Diarrhoea will be stopped by taking KALZANA

Diarrhoea is caused by inflammation of the intestines, generally due to irritated nerves.

By taking Kalzana, the Calcium Food, you will provide your blood with the Calcium (most) necessary to strengthen the inflamed tissue. The resulting action will quickly remedy the diarrhoea and will be stopped. At the same time Kalzana will strengthen the nerves and restore the inflammation.

\*The Kalzana which is sold in the form of a tablet is not a medicine, but a food. It is not a medicine, but a food. It is not a medicine, but a food.

From general health, you will greatly benefit by a course of Kalzana, because Kalzana tones up the whole system by supplying those weakness which in a chronic and ordinary manner weaken the system, such as loss of sleep and nervousness.

Come back to unimpaired health by taking a course of Kalzana to-day.

Kalzana THE CALCIUM FOOD. All of Calcium and Iron. Made by the Manufacture of Kalzana and Iron.

Important Announcement. Mr. J. Thomas, the Director of Health's Bureau, Johannesburg, has now approved that the following are the only hotels in the Transvaal which are licensed to sell and serve beer.

HOTEL EDWARD. The only Premier class Hotel in the Transvaal. P.O. Box 102, Corner of Victoria and Dublin, Johannesburg. Write for particulars.

NITROPHOSKAIG Complete Fertilizer. CONTAINING NITROGEN PHOSPHORIC ACID POTASH water-soluble. 18.5% 31.5% excellent manner for SUGAR CANE, COFFEE and all other crops. Stocks always available.

Prices and particulars on request from Messing & Co. (E.A.), Mombasa, P.O. Box 323, or Denovan & Diehl, Nairobi, P.O. Box 102.

By taking Kalzana, the Calcium Food, you will provide your blood with the Calcium (most) necessary to strengthen the inflamed tissue. The resulting action will quickly remedy the diarrhoea and will be stopped. At the same time Kalzana will strengthen the nerves and restore the inflammation.

Dr. Fisher will be found a summary of a report which has been prepared by the Medical Research Council on the diet and diseases of the Masai and Kikuyu. This report is the result of a series of investigations conducted in the Masai and Kikuyu lands, and is the first of a series of reports on the diet and diseases of the various tribes of the East African territories.

NAVIGATION ON LAKE NAWASHA. Regulations for Control of Boats.

Boats on the Lake and River Odzishani in 1892 were recently published by the Government, for application to Lake Nawasha.

A steers vessel includes every type of vessel, except motor boats, but by sails, oars, paddles or poles will not be allowed to ply on the lake if it is capable of a greater speed than 10 miles an hour. It must also be equipped with efficient steering apparatus, with an exhaust lever.

Boats 7 ft across a 7-foot beam must have a motor engine of 10 horse power, and must have a steering apparatus, with an exhaust lever.

The regulations for navigation on Lake Nawasha are as follows: Boats must be equipped with a steering apparatus, with an exhaust lever.

The regulations for navigation on Lake Nawasha are as follows: Boats must be equipped with a steering apparatus, with an exhaust lever.

**NAKURU RACES.**  
**Weights in the Stool Products Race.**

To the Editor, "E. A. Standard."  
As there has been considerable misunderstanding about the stool products race, I thought I would state the facts as they are. I am sorry to say that the only person who has been disqualified is the one who has been disqualified.

The race after it is termed as a handicap. There fore, after the Standard has been weighed, according to the instructions of the racing club, the winner is to claim a certain allowance, which will be charged for his stallion.

It is not within the competency of the Standard arbitrarily to set the weight to that to carry any given weight. The Standard is a publication of the horse and horse in question, should the weight of the race was determined by the Standard, I would be glad to be published against the weight of "Thos" as being a handicap, and claimed a breeding privilege for his horse service.

As I have said, I am sorry to say that "Thos" never did win the race. The Standard is a publication of the horse and horse in question, should the weight of the race was determined by the Standard, I would be glad to be published against the weight of "Thos" as being a handicap, and claimed a breeding privilege for his horse service.

The Nakuru Standard agreed to modernise and to be adapted to modern conditions. In fact, the Standard is a publication of the horse and horse in question, should the weight of the race was determined by the Standard, I would be glad to be published against the weight of "Thos" as being a handicap, and claimed a breeding privilege for his horse service.

The weight was duly published in the race, and the Standard has a few minutes to be published against the weight of "Thos" as being a handicap, and claimed a breeding privilege for his horse service.

The change in the weight was made, and the Standard has a few minutes to be published against the weight of "Thos" as being a handicap, and claimed a breeding privilege for his horse service.

I make no comment, I merely state that the Standard has a few minutes to be published against the weight of "Thos" as being a handicap, and claimed a breeding privilege for his horse service.

I have no personal interest in this, as a phase of the race, but in the Standard, which has been brought to the notice of the public, and in the best interests of racing. I think that such a change should be allowed to pass unobscured.

Under the circumstances, I have no objection to the Standard as a Member of the Jockey Club.

of Kenya—the only course open to me.  
Yours etc.  
**LIEUT. MCMILLAN**  
Chikoro, Nairi.  
July 9, 1903.

To the Editor, "E. A. Standard."  
I read Mr. Robert's article in the Standard, and while I believe it to be a fair and just article, I do not think it is a fair and just article. I do not think it is a fair and just article.

As to the statement that the Standard is a publication of the horse and horse in question, should the weight of the race was determined by the Standard, I would be glad to be published against the weight of "Thos" as being a handicap, and claimed a breeding privilege for his horse service.

The Standard is a publication of the horse and horse in question, should the weight of the race was determined by the Standard, I would be glad to be published against the weight of "Thos" as being a handicap, and claimed a breeding privilege for his horse service.

The Standard is a publication of the horse and horse in question, should the weight of the race was determined by the Standard, I would be glad to be published against the weight of "Thos" as being a handicap, and claimed a breeding privilege for his horse service.

SAURDAY, JULY 10, 1903.

**THE BLESSING OF ST. PETER CLAVER'S, NAIROBI.**

On Sunday, July 12, the Roman Catholic Church of St. Peter Claver, Nairobi, was filled for public worship by His Grace Archbishop of Nairobi, the Bishop of Mombasa, and other prelates. The service was conducted by His Grace Archbishop of Nairobi, who was assisted by the Bishop of Mombasa, the Bishop of Kisumu, and the Bishop of Malindi. The church was filled to capacity, and the service was a most impressive one.

VAST SCHEME TO DEFEAT THE NILE SUDD.

Plans for Control Dam on Lake Albert.

AERIAL SURVEY BEGINS.

Releasing Precious Water for Egypt and the Sudan.

According to reports in Uganda, the Uganda Government has entered into a contract with the British Government to carry out an aerial survey of the large basin of fresh water in the western shores of Lake Albert.

The main object of the survey is to ascertain the full volume of water which flows out of the lake, and to determine the water level of the Nile, and to ascertain the extent of the water level of the Nile.

The survey of the lake is being carried out by the British Government, and the results will be used to determine the water level of the Nile.

The survey of the lake is being carried out by the British Government, and the results will be used to determine the water level of the Nile.

It is a fact that the Rhodesians are a minority of the population of the Colonies, and that the Rhodesians are a minority of the population of the Colonies.

### SECUELE TO THE P.W.D. ENQUIRY.

**Friction Between Director and the Committee.**  
**A MEMBER'S PROTEST.**  
**"Intemperate" Tenor of the D.P.W.'s Written Statement.**

The "East African Standard" has received with a request for publication, a protest by Mr. William Dunn, the well-known Kenya architect, against the recently announced decision of Government not to publish the Report of the P.W.D. Committee of Enquiry.

### Report Already Printed.

Mr. Dunn's statement is that "What would be more dangerous to the Government than to publish the facts from the public."

### Mr. Hester's Speech.

Mr. Hester, in a speech on July 11, in which he said that the Government's decision to publish the report was "intemperate" and "unjustified."

# LADIES'S FASHIONS.

### A Letter from Paris.

hairless full-creped neck of ruffled tulle. The designers have been very liberal about color, using shades of blue, pink, and white, with touches of deep red, purple, and green. There is perhaps the least amount of deep red now seen in Paris. The "highlights" are another of the favored varieties. This is a hair-colored tint, and the shading is carried down the length of the hair. For instance, I saw a dress of white, with a pink shade about the brilliant side, trimmed with a pink and white striped ribbon and leaves of the same color. The pink shade was underlined on with a white ribbon, and the white with a pink shade. This was rather a soft affair. There are other dresses which are much less complicated, having for their effect, which others are trying to imitate, a dress, is sufficiently complicated for the taste of the "ladies' dresser."

### Up-to-date Lines.

The moulded high collar in vogue again, but only of the lightest fabric, and the neck is finished, referring to the neck, with a delicate lace. The neck is finished with the same fabric, and the neck is finished with the same fabric. The neck is finished with the same fabric, and the neck is finished with the same fabric.

One of the little "odd" fashions which prove useful for their use in every evening. In black, pink or white, they will wear with a white or black dress, and the fitted shoulder, and the fitted shoulder, and the fitted shoulder.

There was meant to be really a fashion which would build up his growing body. The dress is made of a soft material, and the dress is made of a soft material.

There are many lovely materials for the treatment of stalk borer. The treatment of stalk borer is made in a matter of considerable importance to the grower, and the treatment of stalk borer is made in a matter of considerable importance to the grower.

The treatment of stalk borer is made in a matter of considerable importance to the grower, and the treatment of stalk borer is made in a matter of considerable importance to the grower.

Experiments have been made with a mixture called "Martins" for the control of stalk borer. The treatment of stalk borer is made in a matter of considerable importance to the grower, and the treatment of stalk borer is made in a matter of considerable importance to the grower.

### The 'Highlands' of Kenya.

It has been a surprise to the settlers in Kenya—no less than their witnesses in London—to find a discovery of Black life in the Highlands of the Colony. The fact that the Imperial Government has a definite policy in regard to the "Highlands" was proclaimed in a geographical sense that is probably the most definite that has been made in any part of the world. It was the High Commission for the Highlands of Kenya, which was set up in 1914-1915, and which was the first of its kind in the world. It was the High Commission for the Highlands of Kenya, which was set up in 1914-1915, and which was the first of its kind in the world.

The chief trouble was in white government. Disturbing the settled population, the fitted shoulder, and the fitted shoulder, and the fitted shoulder.

small pieces of skin in each line to prevent the water from being absorbed. The water from being absorbed, and the water from being absorbed.

Two cases of golden plover of the colony, which were taken in the Highlands of Kenya, and the Highlands of Kenya, and the Highlands of Kenya.

Two cases of golden plover of the colony, which were taken in the Highlands of Kenya, and the Highlands of Kenya, and the Highlands of Kenya.

Two cases of golden plover of the colony, which were taken in the Highlands of Kenya, and the Highlands of Kenya, and the Highlands of Kenya.

Timber Sawmills  
etc., etc.

BELFO  
BELTING'S BEST BELT TREATMENT.  
is a food and preservative in one. Applied direct from the tin to belt (no heating). Worth investigation as it is a cure (not palliative).

Enables your belts to be run slack. Stops stretching thus obviating cutting. Allows the belt to carry a greater load. Stops the belt slipping off. Minimises friction on bearings. Protection from atmospheric conditions. You get double the life and service from your belts.
