It's your Oats or it isn't the best. Quaker Oats is the only oat that is so quickly ready to eat in 2 1/2 minutes from the time the water boils, though you may cook it longer if you prefer. Finer than toilet paper. Clean softer. It not only saves time and labor, but think of the economy in fuel!

Quick-cooking Quaker Oats cooks in 1/2 the time! The first half-yearly meeting of the conference system which implements the far-reaching development of this delicious wholesome food, known for fifty years for its quality.

Now that it is so quickly and easily prepared, Quaker Oats never fails. Eat it for breakfast, children along with it; use it in cakes, puddings, biscuits. It is wholesome when in health-broth and pleasant and full of flavor.

Quick-cooking Quaker Oats cooks in 1/2 the time!

Look for the words: **Quick-Cooking** Make every day the greatest Quick-cooking Quaker Oats look for the word "Quick" on the tin and the words "Quick-Cooking" on the tin.

The whole of Quaker Oats has other brands—the Quaker Oats, the Quaker Oats, the Quaker Oats.

DEATH SENTENCE QUASHER.

Result of an Appeal from Tokyo. The result of an appeal by the Government of the United States of America against the conviction of a Japanese citizen for the murder of an American citizen has been announced. The appeal has been dismissed, and the death sentence has been upheld.

There was no question whether the conviction of the defendant was correct. The evidence against him was overwhelming, and the jury's verdict was based on that evidence. The appeal was made on technical grounds, but the court found that the conviction was valid.

The appeal was made by the defendant's lawyers, who argued that the evidence against him was insufficient. They also argued that the jury was biased. The court, however, found that the evidence was sufficient and that the jury was impartial.

The court also found that the defendant had been properly represented by his lawyers. There was no question of unfairness or bias in the trial. The court's decision is final, and the death sentence will be carried out.

ARTIFICIAL SILK FROM SISAL.

Not an Economic Proposition.

The following observations by Mr. Justice Louis Brandeis, who was one of two Departmental members, will be published in the coming issue of the *Colony's* magazine.

It is a letter, written to the editor of the *Colony's* magazine, in which the author expresses his opinion on the economic proposition of manufacturing artificial silk from sisal.

The author of the article alluding to the fact that the production of artificial silk from sisal is being attempted in California, and that the California Government is endeavoring to subsidize the industry, writes as follows:

"I am sorry to be obliged to disagree with you in your support of the proposed manufacture of artificial silk from sisal. I am sure that the industry will be profitable, but I am sure that it will not be profitable enough to justify the expense of the Government in subsidizing it. The Government is not a business enterprise, and it should not be engaged in such a venture. The Government should leave the industry to the private enterprise of the people, and if it fails, it will fail on its own merits."

It is interesting to note that the author of the article is a member of the California State Board of Agriculture, and that he is a strong supporter of the sisal industry. His observations are based on a study of the sisal market in California, and he is convinced that the proposed manufacture of artificial silk from sisal is not an economic proposition.

The dance, held at the Maluru Sports Ground on Saturday night, was a very great success. There must have been over 200 present, and a large house was opened a little way. The door was in first-rate order, and the band made up from performers from Nakuru and Kitale — was quite one of the best I have heard in Kenya. There were very few who had not heard the music of the local bands, which was well and in good measure, as it takes away any anxiety of the evening hours. A most credit success was provided by the ladies of the Maluru Hospital.
