GERMAN PRESIDENTIAL ELECTION.

Striking Triumph for von Hindenburg.

BUT CLEAR MAJORITY MISSED BY ONE PER CENT.

Ultimate Election Certain.

SECOND AND FINAL BALLOT TO BE HELD ON APRIL 10.

The German Presidential election held on Sunday in a tense atmosphere throughout the country has resulted in a majority of 7,000,000 votes for the veteran Field-Marshal von Hindenburg...

In consequence it is expected that at the second ballot on April 10, when a few majority only is necessary, von Hindenburg will be re-elected President.

The main battle was fought between the supporters of the old soldier now in the 80th year of his life, and the followers of the National Socialist leader, Herr Hitler, whose ambition is to establish a Fascist rule on the Italian model.

There were striking scenes in the Rhineland, particularly at Cologne where thousands of Roman Catholics tramped all night for the success of the aged Field-Marshal despite the fact that himself is a Protestant.

The day was marked by rioting in several centres particularly between the Nazis and Communists at Bonn and Berlin itself the atmosphere was that of a normal Sabbath.

Fervent Daily Prayers. In the past few days the people of the Federal Republic were awoken by mass meetings and rallies in support of the old soldier.

His Excellency (leader of the German Democratic Republic) is expected to visit the Federal Republic in the near future.

**KENNEL NOTES**  
Margaret Collyer

Miss Collyer, in view of all correspondence in connection with "Kennel Notes" about 10 addresses, does not hold herself responsible for accuracy of replies, but writes that she is very glad to receive all correspondence, and writes on it.

I will give my correspondents such replies as I can. I have just had from one who writes that he has had a dog which has been found to be a cross between a Bull Terrier and a Bull Terrier. I have seen many such dogs, but I have never seen one which is so like a Bull Terrier as the dog which you mention. I have seen many such dogs, but I have never seen one which is so like a Bull Terrier as the dog which you mention.

**HOW SHOULD A MAN ORDER WHISKY?**

The man who regularly consumes "Scott's" instead of "ordinary" White Horse, gets the best in the form of position of having to drink what is the best.

But better to ask, quietly but very clearly, for "White Horse". In that way you will certainly get the one whisky which fits perfectly each occasion and every mood.

**WITH Engine Mounted on Rubber**

Quiet, smooth operation of the engine is assured by the provision of rubber mountings. By virtue of their design these rubber mountings eliminate noise and shock. At the three points upon which the engine itself is mounted, the rubber is securely restrained from excessive movement by stamped retainers which also protect the rubber from oil and water.

## Convention Urges Action in Squatter Cattle Problem.

### DECISIONS SHOULD REST WITH LOCAL AUTHORITIES.

#### Local Option the Basic Principle.

The Convention of Association has declared in favour of the introduction of legislation empowering "Local Authorities" to prohibit, regulate or control the bringing in of cattle. "This is in support of the views of the Stockowners."

This decision was reached after a long debate in which it was emphasized that decisions affecting squatter land should be based on the wishes of the majority applied by local option.

The Director of Agriculture promised the whole-hearted support of his Department in securing a solution. Squatters' cattle, he said, unfortunately spread disease. He supported the principle of local option.

### Director of Agriculture's Support.

Conventions of Associations sitting in the various districts are recommending supporting a motion that the Government should take steps to prohibit, regulate or control the bringing in of cattle. This resolution was passed in support of the views of the Stockowners. It was introduced through local authorities and was supported by a majority of the delegates. It was also supported by the Stockowners. It was also supported by the Stockowners. It was also supported by the Stockowners.

The motion of support was introduced by Mr. J. P. H. (Lankia) who was followed by Mr. Bamber and all the resolutions which were in the nature of: Where squatters in one district were a pest in another District they were a nuisance.

#### Formulating Policy.

In stock districts, stock owned by squatters was increasing and farmers did not know what to do with the squatter cattle. If they continued to increase they would be a problem to Government. It was suggested to Government that it should take steps to prohibit, regulate or control the bringing in of cattle.

It was suggested that districts should be allowed to prohibit, regulate or control the bringing in of cattle. Nakuru Race

Club's Meeting.

EXCITING RACING SET AT SATURDAY'S GATHERING.

Bad Weather Conditions.

RAIN SPOOLS CONCLUDING EVENTS OF THE AFTERNOON.

The choice of fall was good, but the number of rain showers which interrupted the Nakuru meet on Saturday last, and it is no wonder that the meeting was not particularly successful. Those who braved the elements were rewarded with some exciting and interesting racing, although rain would have hardly altered the conventional hand of the proceedings.

M. F. Chatterjee took a full and most promising two mile race, the first of the afternoon, by winning by a margin of 100 yards in a race over-crowded with 15 runners. He was followed by Messrs. Doyle, running very good, the first, and it is not surprising that he was a strong contender for championship.

"Cascazo" ran a great race, but he was not quite equal to "Leply" and it was the latter, who was disqualified for bumping and having a fall, who was the winner. "Cascazo" ran a great race, but he was not quite equal to "Leply" and it was the latter, who was disqualified for bumping and having a fall, who was the winner.

The victory of Mr. C. Bumpay, the day was greeted with great enthusiasm and pleasure by the spectators. A great gathering was present at the part of the horse, and the cheering was loud.

Progress generally for all horses the property of Small masters was good. Mr. A. Spier's 8-year-old, "Glenmore," was the winner of the 2 mile race, by a margin of 100 yards. The victory of Mr. C. Bumpay, the day was greeted with great enthusiasm and pleasure by the spectators. A great gathering was present at the part of the horse, and the cheering was loud.

Progress generally for all horses the property of Small masters was good. Mr. A. Spier's 8-year-old, "Glenmore," was the winner of the 2 mile race, by a margin of 100 yards. He was followed by Messrs. Doyle, running very good, the first, and it is not surprising that he was a strong contender for championship.

THE X-RAY OF BUSINESS. THE new way for all records represents the old 'card in box' or ledger method. Makes crystal clear facts which, unless arranged on Ronexoids, are obscure and difficult to arrive at.

Amongst other advantages, Ronexoid gives you CONTROL over every stage of your work, and enables you to see AT A GLANCE— 1. Customer's Record. Can you see at once those who have not purchased from you for six months?

2. Ledger. Can you see at a glance those of your accounts which have not been settled for any particular period? 3. Stock Record. Can you see at a glance— (a) Those goods which are not moving, (b) Those stocks which are dangerously low, (c) Those which are heavily overstocked.

4. Work in Progress. (a) Exact progress of any piece of work at every stage, (b) All jobs in hand or completed.

Locust "Interchangeable" Form of Insect.

SWARMING 'PYPE CAN EVOLVE FROM SOLITARY GRASSHOPPER.

New Aim of Research.

TO FIND WHERE AND WHY TRANSITION TAKES PLACE.

Important new light has been cast on the problem of the locusts by Mr. H. B. Johnston of the Imperial Institution of Entomology, London, who is conducting an investigation in East Africa.

Mr. Johnston points out that the Locust is an "interchangeable" insect. The solitary grasshopper type can be transformed into the gregarious type by certain conditions. The reverse - although a much slower process - is also the case.

The practical application of this discovery is the present aim of research, which is to discover the transition takes place must be found and the causes affecting transition determined. Then, insect swarms can be destroyed.

In this connection Mr. Johnston believes the aeroplane can play an important part.

Visiting Expert Explains.

The visiting expert of locust research, Mr. H. B. Johnston of the Imperial Institution of Entomology, London, who is conducting an investigation in East Africa, arrived in Nairobi on Tuesday, March 17.

Mr. Johnston, who has been in Kenya since 1928 and 1929, is the first to visit the country since the outbreak of the locust plague.

HOME HOLIDAYS FOR BRITONS.

Urged by Chancellor of Exchequer.

THE NATIONAL GOVERNMENT'S VIEW.

Home holidays in the interests of British business were strongly advocated by Mr. Neville Chamberlain in the House of Commons today.

The Chancellor said that his own situation was more fully explained in most recent proposals in the national interest that money spent on holidays should be spent in Britain rather than abroad.

The question of travel abroad for reasons of health must be left to the discretion of individuals. His proposal that a great deal had been done to improve the second payment and amenities of British home returns and waiting places.

BY-ELECTION FOR UKAMA

Candidate Address the Voters.

MAGAZAKI NERZGO.

Major J. O. K. Delany addressed a meeting of voters at the Sports Club, Mombasa, on Tuesday in connection with the candidature for the vacant Ukama seat on the Kenya Legislative Council.

THE LAIKPIA DISTRICT.

STARRAK'S CONSERVATORSHIP.

Kenya's Policy.

As to the future, Major Delany referred to the apparent impossibility of the estimated annual requirements for 1933 being met.

that could be probably produced in Kenya, without any additional machinery being done, but which would replace another in the same way.

As a means of preparing and equipping the country, he suggested the formation of a committee to study the possibilities in this direction.

Business preparations are being made for what will be one of the most remarkable pageants ever seen in the southern Hemisphere. From March 19 until April 6 there will be displays, exercises in nearly every branch of the military, police and aerobics and fireworks. A procession, headed by 600 school children, will illustrate the history of New South Wales from the landing of Captain Cook in 1770, the country's progress, its primary production, its minerals and its commerce. Water manoeuvres will be conducted by a stream of 200 motor launches. The water works will be used as a Grand Canal and a floating bridge. There will be fire and anti-aircraft exercises, followed by a military and musical military parade.

**£7,000 IN A MONTH.**

From Tanganyika Gold Mine.

["STANDARD" CORRESPONDENT].  
The one business opportunity which the Tanganyika Central Gold Mines, property of Reichman Brothers, has just offered to the public is a chance to earn money in nearly every branch of the military, police and aerobics and fireworks. JACOB & CO'S

CREAM CRACKERS.

"Initiation in the choicest form of flattery... made, judged by this dictum. Jacob & Co's Cream Crackers are the most flavoured, besides being the Most Famous, Flaccid in the World. The sole reason of all the attempts at imitation has been to duplicate the outstanding quality of Jacob & Co's original production—lightness, flaccidness and above all, its creamy flavour. Agents for Kenya, Uganda, Tanganyika & Basutoland. J. H. CLARKE, P.O. Box 16, NAIROBI and at MOMBASA.
