The 1931 Trade Report.

TOTAL TRADE DECLINES FROM £13,871,000 TO £10,597,000. The Commissioner of Customs paints a depressing picture of the year 1931 in the annual Trade Report of Kenya and Uganda which has just been issued.

Table with 2 columns: Year, Total trade. 1929: 218,062,100; 1930: 210,971,883; 1931: 210,971,809.

Imports decreased in value by £1,672,000, equal to 24.32 per cent. while exports of domestic produce of the two territories fell by £1,161,000, or 21.17 per cent.

Exports from Kenya decreased by over one million pounds, representing nearly one-third.

1936 decrease of £250,955; 1931 decrease of £137,630. Total fall in two years £388,625.

Kenya and Uganda have to go back to 1929 to find a lower revenue from Customs than 1931 produced.

Estimates Wide of the Mark. A 200 page document, the annual Trade Report of Kenya and Uganda for the year 1931 issued by the Commissioner of Customs, shows that the trade picture for the year 1931 is not so bright as it appears.

The merchandise duties on imports and exports for the year 1931 were valued at £12,548,000, a decrease of £1,161,000 on the 1930 figure.

Imports decreased in value by £1,672,000, equal to 24.32 per cent. while exports of domestic produce of the two territories fell by £1,161,000, or 21.17 per cent.

**"200 SAFARIS THIS SEASON"**  
A Tanganyika Report  
Kilicked.

**REPLY TO PROTEST**  
Why Safari to the Centre?  
By Outfitter.

When white hunters and other outfitters explore the region of the East African Reserve on Tuesday morning and read the "Free African Standard" for the Preservation of the Game of Tanganyika, they will be surprised to find their first feelings were of anger.

What is the Association they asked? And then, when they had read further they laughed.

This is what the "East African Standard" learns from a series of interviews in the past—"Will you bring us the 100 safaris you have at your disposal?" one outfitter asked our representative. "The Association taking 200 safaris," Mr. M. D. Kerr would like to see some of them.

Mr. D. Kerr's well known white hunter, Messrs. Shaw and Hunter, Nanyuki, has kindly sent the same copy. "You should make a note of the names of the hunters," you get to know many hunters in Nanyuki.

He pointed out that people seldom went on big game hunting expeditions any more. That 200 safaris in order to represent individuals, must be multiplied by at least ten, three because most people want to parties.

"An outside limit" Mr. Kerr stated "there are not more than 100 parties a year, and in the last four years were probably not more than 50 parties as a whole."

In the main, however, people concerned in Nanyuki, refused to take the "Association for the Preservation of the Game of Tanganyika" in Nanyuki seriously. A Believable Report?

A Believable Report? The "Association" is well known, addressed a statement to the Governor of Tanganyika, which stated that the new road from Arusha should be completed. It is the organized white outfitters who are situated at the Government-Nanyuki Road should be closed to horse transporters.

"How ridiculous that!" Mr. Kerr exclaimed. He explained his opinion by stating that the white Nanyuki-Nanyuki tourists by their own Government, owing to the fact that the track crossed the Kenya-Tanganyika border, did not consider the road of their own. The road from Nanyuki through Kisumu into Tanganyika, that would merely bring the Kenya tourist to at Arusha. This road was closed to horse transporters, but was used by the white hunters who would be the advantage to the Government. In addition, as the Nanyuki-Nanyuki road is closed to Kenya tourists, why is it not closed to Tanganyika tourists? At the moment it is open to both.

It is well that the best hunting was to be obtained in Kenya.

**"ON THIS DAY"**  
APRIL 1924.  
(By 1924.)  
During the past few years Nanyuki has been a place of much interest. A series of well-attended meetings have been held at the Nanyuki Hotel, which has been the scene of many interesting discussions. It was a comparatively small party, but the attendance was very good. The meeting was held on the 19th of April, 1924, and was attended by a number of the leading sportsmen of the district. ## Exchange Your Car

Quite exceptional opportunities exist today for exchanging your used car for new ones. Prices are obtainable that probably would not obtain in normal times and in comparison to your former investment the idea of paying in a full or partial cash, as when we will be pleased to value your old car and place before you full particulars of the terms upon which you can drive away in a brand new motor.

Do not make the common mistake of supposing that it is unwise to run an old car because it happens to be giving no trouble at the moment. It is FALSE ECONOMY. Keep your car up-to-date and do not fall to have year-end of the great chances which are here today but may be gone to-morrow.

I understand the Nairobi Golf Club has been notified by the N.G.C. that they are to be held on the 15th of the month. I think it is too much to hope for a good match, but I believe already and only 150 are expected to be present. I saw from 8.30 until 10.30 p.m. I saw the match and I believe the N.G.C. has been notified by the N.G.C. that they are to be held on the 15th of the month.

**TAKING BRIBING MORE THAN RAILWAY EXPENSES.**

To the Editor, "E.A. Standard,"—The Article for the Government of Kenya, published in your issue of March 5 gives the impression of an attempt to take the Transport for East Africa as one of the objects for discussion.

The Colonial Office (with whom the responsibility ultimately rests) has had the subject under consideration for some time and I understand not only that a "Zulu" report has been prepared but that the latter has been even approved of by Sir Lawrence, the public works official to take part of it.

It is, however, with East Africa in mind that you are writing, and it is to be hoped that you will do so with due regard to the facts. The fact is that the Transport for East Africa is not a subject for discussion in the same way as the Transport for Kenya. It is a subject for discussion in the same way as the Transport for Kenya. It is a subject for discussion in the same way as the Transport for Kenya.

# Exchange Your Car

Quite exceptional opportunities exist today for exchanging your used car for a new one. Prices are obtaining that probably would not obtain in normal times and we recommend to your perfect consideration the idea of paying in a cash or cheque for a new car, while you are pleased to value your old car and place before you full particulars of the arrangement which you can drive away in a brand new one.

Do not make the common mistake of supposing that it is economical to run an old car, because it happens to be giving you trouble. It is not economical, it is **FALSE ECONOMY**. Keep your expenditure on a car to a minimum and get the best of the greatest values which are here today but may be gone to-morrow.
