### SHOT AT POINT BLANK RANGE BY RUSSIAN DOCTOR.

#### Assault Believed to be Insane.

MURDERED IN STREET WHILE SIGNING AUTOGRAPH BOOK.

#### Surgeons' Desperate Efforts to Save His Life.

#### WORLDWIDE INDIGNATION AND HORROR AT CRIME.

Worldwide horror and indignation has been aroused by the assassination of M. Doumer, the President of the French Republic, who was shot on Monday afternoon by his way to the opening of an IS-SOLAR Literary Exhibition in Paris. His assailant was a man named Dr. Guepelt, who is believed to be insane.

M. Doumer was mainly autographing a hystander's autograph book when the shots were fired at point blank range. The President was hit by three bullets, one taking effect in the brain.

Surgeons made desperate efforts to save the President's life, and for some time it was believed he would die, but as dawn was breaking on Saturday morning he passed away, his advanced age and loss of blood being the chief causes.

The assailant was overpowered and arrested. He said he was a Russian patriot and was an admirer of Hitler and Mussolini, but had never received money from them.

# THE MURDER OF M. DOUMER

## French Allegations Against Russia.

**GOUGOLOFF STATED TO BE A BOLSHEVIK.**

**Charge Denied in Moscow.**

**STREAM OF VISITORS TO ELYSEE PAV. HOMAGE TO THE DEAD PRESIDENT.**

Princess Alice, wife of the King of the Belgians, will represent His Majesty the King at the funeral of M. Doumer, the murdered French President. The son of the British Premier has also arrived in Paris to present his father's condolences to Madame Doumer and the French people.

Madame Gougoloff, wife of the assassin, has informed the police that her husband never gave the slightest sign of being mentally unbalanced, but was very religious. It is added that she did not believe his capable of such an abominable crime.

Madame Doumer made a pathetic appeal when the time came for the removal of the body of her late husband for the lying-in-state. "But he was dangerous," she had been continually watching over the body at the Elysee. Streams of visitors, both great and humble, are bringing their last tributes of love to the departed President.

An allegation by the French Ministry of the Interior, to the effect that Gougoloff is a Bolshevik, has been indignantly rejected in Russia, the Moscow newspapers flatly denying the charge.

## NAVAL MUTINY IN PERU.

**Crews of Two Ships Affected.**

**Part of General Upeval in South America.**

**FRENCH WANTS FROM LONDON.**

[LONDON SPECIAL AGENT.]  
New York, May 10.—It is believed that most of the Communist uprising throughout Latin America, was planned for yesterday when the Peruvian Government received a letter from London. A "Red" mutiny broke out last night at Callao, seized the Peruvian cruiser "Comandante Almirante Grau" and other ships. The mutineers were taken prisoner. The cruiser "Almirante Grau" was taken over by a sailor from the latter vessel and was used as a transport. The mutiny at Lima was probably the result of a general strike of all mutineers, who are reported to have first met on the night of the 10th. It is officially stated that the mutineers have been captured.

### MAJOR COMPETITION AGAINST RAILWAY.

(Continued from page 2.)

...any one would appreciate the fact that this competition has not only suggested effort, but also that it has caused the railway to be considered for improvement and reform in the future. As for the railway, no benefit resulted from the competition, but it has been a lesson to the public, and the only people who have been formed from the railway were the few firms in Nairobi as a result of a decision of the distribution board to refuse an application from the general trading railway facilities because of the expense of the Board's decision to carry the goods, the result being, the applicant proposes to carry the goods by motor.

In concluding the motion, Capt. Sir J. H. West (Chairman) said that he was glad to hear that the railway had been formed by the decision of the railway directors, and that the railway was a small affair against the loss sustained by the railway. This was a success.

### Don't's View.

A review of the work of the late Transport Control Board was given by the chairman, the Acting Director, Mr. J. H. West, who stated that the legislation was a success in that it had caused the railway to be considered for improvement and reform in the future. As for the railway, no benefit resulted from the competition, but it has been a lesson to the public, and the only people who have been formed from the railway were the few firms in Nairobi as a result of a decision of the distribution board to refuse an application from the general trading railway facilities because of the expense of the Board's decision to carry the goods, the result being, the applicant proposes to carry the goods by motor.

**WHEN SHOULD A MAN  
DRINK WHISKY?**

**It is a common mistake to suppose that a little whisky is a suitable drink only at that or that time of day. Of course there are occasions that call for whisky and nothing else. And if you are wise, and go in for White Horse, you will find other corners of the day when the whisky is splendidly appropriate, as an appetizer on a liqueur on when the day's work is done.**
