# Heavy Decrease in Railway Revenue.

## FIGURES FOR FIRST SIX MONTHS OF THE YEAR.

### Comparisons with Same Period of 1921.

#### ECONOMY MEASURES TAKEN TO MEET THE SITUATION.

According to a statement issued by the General Manager of the Great Western and Victoria Railways and Harbors, there has been a considerable decrease in revenue during the first six months of 1926, as compared with the same period last year.

There was a decrease in traffic handled by the railway and the harbours services, both in respect of imports and exports. Had the export traffic of the staple commodities, during the corresponding period, exceeded the tonnage of the corresponding period of 1921, past earnings would have been increased by \$290,000.

Economy measures have been put into operation to reduce the tonnage, and include retrenchment of staff, of all grades, curtailment of maintenance to a minimum, closing of 17 stations and restriction of train service to essential traffic only.

### Traffic Reductions.

Through the course of a bulletin issued by the General Manager of the Great Western and Victoria Railways and Harbors, the following figures are given of the work of the railway and harbors for the six months ending June 30, 1926, as compared with the same period of 1921.

In the handling of the railways during the first six months of 1926, the following figures are given: Total tonnage of goods and passengers transported was 2,152,241 tons, as compared with 2,810,044 tons in the corresponding period of 1921, a decrease of 23.1 per cent.

In the handling of the railways during the first six months of 1926, the following figures are given: Total tonnage of goods and passengers transported was 2,152,241 tons, as compared with 2,810,044 tons in the corresponding period of 1921, a decrease of 23.1 per cent.

In the handling of the railways during the first six months of 1926, the following figures are given: Total tonnage of goods and passengers transported was 2,152,241 tons, as compared with 2,810,044 tons in the corresponding period of 1921, a decrease of 23.1 per cent.

# NEED FOR INCREASED PRODUCTION.

## Tanganyika Campaign Widened.

### MORE VIEWS.

The Tanganyika Standard has issued an editorial in which it expresses its opinion on the need for increased production in the East African territories. It states that the Government has had the opportunity to study the situation in the East African territories, and that it is now in a position to take steps to increase production.

The Standard states that the Government has had the opportunity to study the situation in the East African territories, and that it is now in a position to take steps to increase production. It suggests that the Government should encourage the production of raw materials, and that it should provide facilities for the export of these materials.

# TRINITY COLLEGE OF ONTARIO.

## Results of Local Examination.

The following are the results of the Trinity College of Ontario examination in the subject of English, held on August 12, 1926. The examination was held at the Trinity College of Ontario, Toronto.

The results of the examination are as follows: The total number of candidates was 100. The number of candidates who passed was 75. The number of candidates who failed was 25.

### THE EMPLOYING CASE.

(Continued from page 7.)

Mr. Grey continued that he had driven to the house, but he could not say if he had driven there to see the witness.

As Application.

Mr. Hamilton then asked His Honor if he thought that he might be allowed to cross-examine Mr. Grey as to being a hostile witness.

His Honor said that the witness was unable to remember.

Mr. Hamilton then asked His Honor if he thought that he might be allowed to cross-examine Mr. Grey as to being a hostile witness.

His Honor said that the witness was unable to remember.
