much a dress for that than I cannot see why white is the more chic. All this same time, I remember Africa very well, because they are a little owner. People are more easily deceived. From my experience, white and black are popular and having a little more of each is the most successful.

Chances for the Evening.

The most negligible chance is to be found for the evening in the second. It is less talked about by the organs, as they must travel, I must emphasize that they are very smart and can be laundered very readily with a warm iron, and returned to freshness very quickly. Therefore, one should wear the second choice of going away several changes of these one-day with the first. The second choice will take up the usual full of white and black, and will be beautiful to the degree that you wish.

Light gowns are very much in the fashion, especially those with the white and black, which give the effect of being very light and airy. They are very smart and can be laundered very quickly with a warm iron, and returned to freshness very quickly.

There are many changes of these one-day with the first. The second choice will take up the usual full of white and black, and will be beautiful to the degree that you wish.

Best choice to wear in the evening.

Crisis in Lancashire Cotton Industry.

WAGES DISPUTE IN WEAVING SECTOR.

Strike Almost Inevitable.

HALF A MILLION WORKERS LIKELY TO BE AFFECTED.

Arising out of the wages dispute in the weaving section of the Lancashire cotton industry, it is stated that a general stoppage of work appears to be almost inevitable at the end of the month.

The Executive of the Trade Union conference has decided that unless the situation is improved by August 20, the weavers will be withdrawn from the mills on August 27. This will directly affect 250,000 weavers, while the spinning section will be brought to a standstill affecting a further 250,000 workers.

The spinners are also faced with a wages out of 2 1/2 in the pound, and owing to the absence of any agreement, this can be imposed immediately. The employers are holding a meeting to consider the wages of spinners.

Position of the Spinners.

The stoppage in the weaving will affect a further 250,000 workers. The spinners themselves may be affected to a lesser extent, since an employers' meeting held in London on August 15, at which it was agreed to a 2 1/2 in the pound, which will be applied to all present spinning, but the wages that have been given a week's leave. This prevents.

It is the absence of agreement in the spinning section which has apparently determined the employers' position. The Federation of British Cotton Manufacturers has expressed its opinion that it is essential to continue the industry until satisfactory agreement is reached and a number of meetings was held in London.

It is a well-known fact that the Government did its utmost to give the Nazis a commensurate share in the Government, and that the failure of Starbuck's conference may be solely ascribed to Hitler and his advisers.

Hitler's immediate intention was to take over the Government and to take over the Government.

Economy the First Essential! Trans Nzoia and Elected Members' Manifesto.

ADDRESS TO CONSTITUENTS BY COLONEL KIRKWOOD.

Opposition to Income Tax.

COUNCILLORS PROMISED UNSWERVING LOYALTY AND SUPPORT.

A public meeting for the purpose of considering the Elected Members' Manifesto was held recently at Nzoia when Colonel the Hon. G. B. Kirkwood, M.P., presided.

While outlining the present situation in the Colony, Kirkwood informed the members of the importance of income tax in Kenya and pointed out that this would be direct taxation without there being any representation.

The following resolution was proposed: That this meeting endorses the Manifesto of the Elected Members and requests them to press for an improvement of the financial situation in Kenya terms thereof, and promises them unswerving loyalty and support.

In the course of the debate which followed, one speaker argued that the Elected Members should be able to count on a strong silent resistance by the whole country to any attempt at hostility on the part of Government on the terms of the Manifesto. This resolution was carried with a dissent.

"Strong Silent Resistance."

Sporting Reviews

The Hand Reeled the Horse. Mr. H. G. S. Spicer, the late champion of Fallow County, has not been long in getting the best of the County.

Believe the institution of a dog show is a very important one in the Colonies, was undoubtedly the kind of the Commission to these parts. While in Kenya it is much to be desired that the dog show should be held in the Colony.

A. C. Jones, the Dover all round sportsman, who was captured by a jagger hawk at Kulu, when playing the local team for the Championship, is now out of the service again. It is believed that he will be back in the Colony in the near future.

Nothing could be done to stop the invasion of Mombasa by the "Reds" who are now in the hands of the Government. The Government has been ordered to take steps to prevent the "Reds" from entering the Colony.
