Corona! If you only had a Corona!

Well, you can have one - it's not hard to buy and the chance we think it will more than pay for itself.

You know, better than anyone, how much you need it. But even you probably don't realize how much you would use it if you were right on your toes, handy at all times.

Now is the time to buy. Because in the latest Corona sale it is unquestionably one of the biggest typewriter values on the market today.

Sisal Research in East Africa.

Is it Possible to Prevent Polio?

A recent bulletin of the Imperial Institute contains an interesting article on "The Field" sisal Research in East Africa." It is the work of Dr. N. S. M. D. C. East African Agricultural Research Station, Nairobi, Kenya.

The article discusses the problem of the sisal plant, which is a source of sisal fibre, and the fact that it is a crop of the tropics. It has been carried out at the Imperial Institute in London.

The plant, which is common in other parts of the tropics, is a source of sisal fibre, which is used for making rope. The article discusses the fact that the sisal plant is a source of sisal fibre, which is used for making rope. It has been carried out at the Imperial Institute in London.

LORD DELAMERE IN AN AMUSING INCIDENT.

Fire in Wastepaper Basket Causes Alarm.

London (By air wire).—A amusing incident which Lord Delamere was recently involved in, occurred in the central garage which he rents at East Africa House, London. The incident occurred when a wastepaper basket in the garage caught fire. Lord Delamere was in the garage at the time and was startled by the fire. He immediately called the fire brigade and the fire was extinguished.

Work of Nairobi Committee.

The Nairobi Joint Publicity Committee is making considerable progress with regard to the publicity work of the Kenya Government. The committee is working to inform the public about the work of the Government and to encourage them to support the Government's policies.

Explosives Instead of Bombs.

The use of explosives instead of bombs is a new development in warfare. Explosives are used in a variety of ways, including the use of land mines, aerial bombs, and naval mines. The use of explosives is becoming increasingly common in modern warfare.

Publicity Scheme for Kenya.

The Kenya Government has announced a publicity scheme for Kenya. The scheme is designed to inform the public about the work of the Government and to encourage them to support the Government's policies. The scheme includes the use of posters, leaflets, and other publicity materials.

Yocal Bombs to Scarce Here.

Yocal bombs, which are used in the Yocal region of East Africa, are becoming increasingly scarce. This is due to the fact that the Yocal region is becoming increasingly developed and the use of yocal bombs is becoming less common.

Lord Francis Scott Addresses His Constituents.

A WHEAT QUOTA?

New Proposal to Assist the Local Industry.

Mr. A. S. Bantick's Special Correspondence.

This is the second of the articles in the series of articles which Lord Francis Scott has published in the East African Standard this afternoon. The meeting of the Executive Council of the Kenya Land Settlements Board, which was held last night, has been a very important one. It was held in the presence of Lord Francis Scott, who was accompanied by Mr. G. H. Bantick, a member of the Executive Council. The Board is now in the process of considering a proposal for the establishment of a wheat quota. This proposal is being considered in view of the fact that the Government is planning to grant a concession for the establishment of a wheat quota in the near future. The Board is also considering a proposal for the establishment of a wheat quota in the near future. The Board is also considering a proposal for the establishment of a wheat quota in the near future.

we, had they any constructive policy at all be asked. They had been in the past a year or so to help agricultural land which was to be sold for a long time ago. While at the same time, the Government had had the milk industry by having money, which was to be used for the railway freight on milk. The only thing had been that the railway freight on milk had been difficult for him to answer a question as to whether the industry was justified. It had done that on the milk industry, but as on the milk industry, it was hard for me to answer a question as to whether the industry was justified. EAST AFRICAN OFFICE IN LONDON.

Dual Posts of Commissioner to be Dissolved.

GOVERNMENT DECISION.

Contributions Towards Uplift Reduced.

Memorandum has been received from the Secretary of State for the Colonies, that the Department will not appropriate to the East African Office the amount which was proposed to be expended on the East African Commissioner for East Africa and East Africa High Commissioner for East Africa. The East African Commissioner for East Africa and East Africa High Commissioner for East Africa will be appointed to the post of High Commissioner for East Africa and East Africa High Commissioner for East Africa.

The Government Notes appeared in the Kenya "Observer" issued on Wednesday and brings to an end a speculation which has been going on since the 19th of February when the East African Commissioner for East Africa and East Africa High Commissioner for East Africa was created. It was understood then that the dual post of East African Commissioner for East Africa and East Africa High Commissioner for East Africa would be retained from time to time.

Behind the existing arrangement the London Office is maintaining a staff of 100, while the East African Commissioner for East Africa and East Africa High Commissioner for East Africa is maintaining a staff of 50. The Government Notes indicate that the East African Commissioner for East Africa and East Africa High Commissioner for East Africa will be appointed to the post of High Commissioner for East Africa and East Africa High Commissioner for East Africa.

NAD REPORT FOR 1930.

Witchcraft Side by Side with Better Houses and More Clothes.

The Government of Kenya is apparently continuing the younger generation of the Kenya Native Association in London. The "East African Standard" revealed the report for 1930, which is dated in March 1931. Although the report is being prepared in secret, it is a statement of conditions in the Kenya Native Association.

Superstitions.

The document quotes a report on the Native Province by the Provincial Commissioner, Colonel Watkins, in a few paragraphs of appreciation: (a) he says that the Kenya Native Association is a genuine and a genuine movement; (b) he says that the Kenya Native Association is a genuine and a genuine movement; (c) he says that the Kenya Native Association is a genuine and a genuine movement.

The report opens with a statement that 1930 was a year of peace with a fair measure of prosperity and a few constructive features of progress. Political agitation has been at least once suppressed and a genuine movement of the Kenya Native Association is a genuine and a genuine movement.

In a relation to social development, the report states that the Kenya Native Association is a genuine and a genuine movement. The report states that the Kenya Native Association is a genuine and a genuine movement.

RONEODEX

THE X-RAY OF BUSINESS

THE new way for all records surpasses the old "card-in-box" or ledger methods. Makes crystal clear facts which, unless arranged on Roneodex, are obscure and difficult to arrive at.

Among other advantages, Roneodex gives you CONTROL over every stage of your work, and enables you to see AT A GLANCE—

- Customer's Record. Can you see at once those who have not purchased from you for six months?
- Ledger. Can you see at a glance those of your accounts which have not been settled for any particular period you wish to know.
- Stock Record. Can you see at a glance—
 - Those goods which are not moving.
 - Those stocks which are dangerously low.
 - Those which are heavily overstocked.
- Works Record.
 - Exact progress of any piece of work at every stage.
 - All jobs in hand or unexecuted.

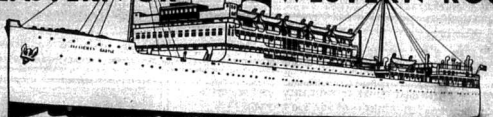

A unique system of Coloured Signals automatically flashes to you the vital facts.

Call and see the Roneodex in actual use at the Standard Stationery Store, Nairobi.
