ECONOMICS OF WAR.

We have had withdrawn from the current service of the world practically the whole shipping of Great Britain, France, Hungary, and Mr. Aspinall, during a recent visit to the United States, has reported that there is a German merchant ship now sailing the sea—a single one.

Mr. Bonar Law said that there was a lot of the profit in the war would have been made out of the war. If that limit is reached I am one of those who say that the House of Commons ought to step in.

The first small arrivals of East India were on Friday yesterday and reached from the East. The cargo is of a very high quality, and the price is very high.
