have his commission."

So it came about that, at twenty, Kitchener was gravetted as a Boutenant in the Boyal Engineers.—("Heroes and Heroi Deeds of the Great War.")

ENGLISH CASE AGAINST GERMANY.

German apologists (writes Mr. G. R. Christerton—in the "Illustrated Loudon News") have first to face one quite simple fact. The English case against Germany is not founded on the things that are disputed. It is founded on the things that are disquited. Design the condition of t at pass hundreds of stories not one or was any sort of foundation. Still that ta what happened in broad daylight beforege and before Europe as not a tale will toundation. Everything essential the boxes of the utterly indisput is final and secure. If there is is final and secure. If there is no interna-tional right, we are necessarily as good as they are. If there is right, they are wrong

British financiers are convinced that the new German loan cannot be successful (says the "Sunday Times"). They doubt whether a substantial amount of new money is oba substantial amount of new money is o tamable. The only alternative is a force loan, which will mean the automatic d preciation of a great mass of paper currency Moreover the determination not to impo

MONRACE TIMES ... HOANDS ACCUSE

An noticeable feature of the Defense Feet Service and Compared to the Compared

Government has not withheld, from mili-tary activities, the services of any Governtary activities, the services of any covern-ment servant whose continued presence in the office was not essential to maintain the efficiency of the administrative machine, and, further, that the Governor has asked the War Council to enquire into the matter, and if the Council finds that more Governand if the Council finis that more discernment servants can be quared, more will be
allowed to go. That, we consider, is a very
satisfactory statement, and one which will
be widely welcomed, in official as well as
mon-discial criteries. The case of the
Government servant, like that of the
settler (in towan adcountry), is to be prosented for impartial consideration by the
West-Council W. H. Excutatory, who madely
well the last few weeks at if-fined
very consideration of the control of the control of the
well of the control of the control of the control of the control
well of the control of the control of the control
well sected for imperial consideration by the War Gomes. He Receillancy also make that would be given ample opportunity of the control of the cont
