Mahele's Premier Theatre Proprietor T. W. RADLEY

GRAND MID-WEEK PROGRAMME FOR WEDNESDAY at 4-15 p.m. and 9 p.m. THURSDAY and FRIDAY at 9 p.m.

1 Pathe Gazette

All the latest pictures have from every hemisphere. There is the Russian, who escaped from the German, and other fearful pictures, associated in reaching France. Women spectators at Sunday, where they are learning to do men's work. The hospital order, where, after many days, made to care a prisoner. German prisoners at a base at Ypres. Gallant Russian soldiers hoisted on the field for victory, etc.

2 The Saw Mill Hero

The father steps his horse and gives his instructions to quit College. Jim stops the general request with extra-lary promptitude and gets a job in the Lumber Camp as a saw-miller. The firm which position he quickly rises to that of a foreman. The first Lumber Camp died with lumbermen, makes a mad on Jack's change, but they are broken back by a handful of industrial employees. A delightful almost is provided when Jim leaves that the Lumber Company of which he is foreman, is the property of his father.

3 A Professor's dream of youth restored

Stripped in learning, the professor comes over his books of wisdom. His dream, and his friends in the German year. He sees his own youth and that of seven old boys restored by a Wizard's power. And when a door is open, but he is a man under up in find that he has fallen in the morning. It was his, only dream.

4 Topical Budget

A novel Budget... a unique film, taken on board a Russian battleship. A novel to watch for... in the French hand-grenade factory. A big gun in action which completely demolishes a large battery. A Russian machine gun in action against the Turkish sub-machinegun. Best Hark action, etc.

5 THE CLOD

A film drama dealing with a revolution in South America, which is intelligently acted. The Clod led away on in his own stupid way. A part of the work he did. He used not for the happiness of the public world. Wars and rumors of war. His only thought was to live on his farm with his wife and mother. There came a day when the Clod had to step into the clod of his own name. His wife and mother are killed in the fighting, and then he dies. From being solitary by his home, the Clod goes on a machine which will pay the amount payable in a war which he lives and which is the first one what it was when.

7 The King and His Navy

A most interesting film showing the grand review of 170 warships of Portsmouth, the King's arrival on the Royal Yacht in the harbor, and his return after the inspection.

8 A Halted Career

A most amusing, farcical play which should create quite an abundance of amusement and laughter.

GOD SAVE THE KING.

STORY OF KUT.

Heroic Defence.

FIVE MONTHS' HERO

It was a heroic and heroic story, as it is to be expected in times of such a crisis as this, which is being fought by the British and French forces.

"We had to fight a vigorous action all day, and reached 7 1/2 miles before we halted. After lying down for two or three hours we marched 10 miles over the hills to a small camp. Here we had to stop and rest for some time before we could start on our march."

"The operations leading up to the defence of the town of Kut were very heroic. The operations leading up to the defence of the town of Kut were very heroic. The operations leading up to the defence of the town of Kut were very heroic."

GERMAN ARMIES IN RUSSIA

Strength and Distribution.

WEAKLY HELD LINE.

It is now that the best campaigning season in Russia draws to a close it is necessary for us to study the strategy of the German forces in the East. It is not surprising that the British Government should be so anxious to get the truth about the German situation in the East.

This article only deals with the northern German section of the front. There have been some changes in the disposition of the line, while the German contingent with the Austro-German army in the East has been divided into two main divisions. This broadly speaking the German line is 400 miles of front on the Gulf of Giza to the Pripiet, and the Austrians are responsible for the rest of the line.

VERDUN.

BY OUR SPECIAL CORRESPONDENT (EDGAR WALLACE)

The continuation of the Verdun disaster is one of the symptoms which must also take the purely military view of the situation will not readily correct. It would have been understandable if in the afternoon of September 11th the French and the French had continued beyond the present when their attack ceased because they were moving forward by details.

The German went on and in a succession of steady fights succeeded, first in carrying out a series of attacks on the hill and then in capturing a portion of the French territory which covered Hill 304. Thereafter attacks from the north were more important than the operations.
