Royal Vinolia Solidified Brilliantine.
The delicate nature of Royal Vinolia Solidified Brilliantine, and its freedom from heavy greases, make it most attractive for dainty toilets. It is not only more convenient for use than any liquid preparation, but it makes the hair more supple and glossy, without giving it an oily or greasy appearance. Though solidified, it dissolves completely on application to the hair, imparting a soft, silky texture and appearance. Its regular use makes dandruff impossible.

MAN OF RON

In TWO ACTS.

A cleverly acted "Thru-ton" drama of a self-made man with an extremely noble son and daughter. His rise is meant in order to teach them a lesson. The surprising situation, the perfect setting, and the cleverness of the whole production has secured a fine well worth seeing.

MUNICIPAL AFFAIRS.
Sub-Division of Estates.

STANDS FOR PUBLIC VEHICLES.
The usual weekly general meeting of the Nairobi Municipal Committee was held at the Municipal Offices in Government Road on Tuesday afternoon.

Mr. F. G. Hamilton, District Commissioner, occupied the chair and there were present: Col. Nohay (Mayor), Dr. Paken, Dr. Robinson, Messrs. Orr (Director of Education), Herbert Wright (Chief Land Officer), Thomas (Clerk of the Legislative Council), Heron, (Township), Work, (Bygone), Giovanni, Col. Barnes (Government Agent), and H. J. S. (Municipal Engineer, Office and Acting Town Clerk).

A long discussion arose on the matter of subdivisions.

Mr. Orr proposed that the Town Planning Committee be asked to draw up certain definite regulations and that all plans for subdivision of sites be sent to the Town Engineer before they came to the Committee. His said plan was unanimously coming before the Committee and they might arrive at some definite conclusion with regard to the development of sites.

Mr. Giovanni mentioned that a certain plan under discussion had been brought up on three different occasions.

Col. Nohay said it was a matter of principle they wanted to get at. Questions of the kind were constantly coming up and they really ought to get a ruling from the Attorney General.

Mr. Darnhall agreed, especially as the Town was really the Municipality, the Committee merely being an advisory body.

After further discussion Mr. Orr's proposition was carried.

STANDS FOR VEHICLES.
The report of the Sub-Committee on stands for vehicles was submitted and adopted. The Committee considered the following: Nohay, Muller, Gray and Bacon Wright, and the report was as follows:

The Sub-Committee recommend the following stands for stands for motor-cars to be held and other public motor-cars (continued).

1. Government Road; facing N.W., a width of seven feet in the middle of the

marked portion of the road from a spot opposite plot 41, being 100 feet N.W. of the junction with Handley Street, to a spot opposite plot 779; a length of 183 feet. On either side walking 10 feet to the public space, leaving a space of 12 feet between the lines.

2. Government Road; facing S.E., a width of seven feet in the middle of the marked portion of the road from a spot opposite the boundary of plot 509, being 120 feet N.W. of the junction with Sandley Road, to a spot 140 feet N.W. of the corner for 10 feet walking to the line.

3. Government Road; facing N.W., a width of seven feet in the middle of the marked portion of the road from a spot 100 feet for four cars, walking to a length of 140 feet, to a spot opposite the junction of the road with Sandley Road, to a spot 140 feet N.W. of the corner for 10 feet walking to the line.

4. ERN Avenue, facing N.E., on the road between the main road N. and S. right corners, and from the junction Handley Street to a point opposite the boundary of plot 841 and 842, a length of 140 feet, for 10 cars, walking to be held and other public motor-cars (continued).

5. The stands at the junction with Sandley Street of 130 feet, for 12 other public motor-cars (continued).

An entrance from the main road to be provided opposite the 30 feet space between the two classes.

6. Valley Road; a stand for two cars on the road reverse adjoining plot 1008.

7. Nohay Club; a stand for two cars on plot 111 on the south side of the present parkland stand.

8. Bolo Road; a stand for two cars on plot 220.

For the use of private motor cars the following sites are recommended: 1. Bolo Avenue, Plot 614; 2. Government Road, plot 532.

IN ZOMBA TO-DAY.
The Famous K.A.R.

CRACK NATION REGIMENT OF EAST AFRICA.

A correspondence of the Johannesburg "Sunday Times," written on the 23rd inst., states that the Government of Zomba would be looking for a large number of men from the greatest part of the territory which is now being administered by the K.A.R. in the part of the territory known as the Zomba District, for the purpose of recruiting drafts, and the draft will be made up of the best of the territory. It is also the intention of the Government to recruit drafts from the Zomba District, and the draft will be made up of the best of the territory. It is also the intention of the Government to recruit drafts from the Zomba District, and the draft will be made up of the best of the territory.

IMPERIAL ECONOMICS.
Proposed State Monopoly in Palm Products.

A profit of £400,000 per annum for the payment of the war debt, all derived from a comparatively small area of unoccupied territory, is a prospect which has induced the Government of the United Kingdom to propose a state monopoly in palm products in the West Indies. The Government of the United Kingdom has proposed a state monopoly in palm products in the West Indies. FUTURE OF G.E.A.
MALARIA.
The Parasites and the Fever
(By Sir RONALD ROSS)

GERMANY ABSOLUTELY DISQUALIFIED.
Ambrosion D. J. Ross, who has acted as the Colonial Ministry Secretary in Germany for 17 years, and was last year in London by the entry for about 10 years, recently gave an address at the Leeds Club, London, on the subject of "The Tenthredin Problem."

...and they had to be very careful that their intention was not to be taken for granted, and they had to be very careful that their intention was not to be taken for granted, and they had to be very careful that their intention was not to be taken for granted...

BARBAROUS TREATMENT.
Other ingredients in the dietary he mentioned were potatoes, which he said he had not seen since he had been in the country, and he said he had seen the German soldiers and "kitchen" staff, who were supposed to be in the country, and he said he had seen the German soldiers and "kitchen" staff, who were supposed to be in the country...

ENCOURAGING RELIEFS.
But it often happens that before one at-tempts to do anything one should first see what the situation is. It is in the situation, however, another generation of parasites may be approaching us, and we may have another attack of fever like the first, and so on, indefinitely for weeks or months. It is this manner the attacks of fever follow each other at regular intervals.
