Necessity is the Mother of Invention.

A SUGGESTION

(By MARYKAT PETERS)

Traveling in this country is no picnic. It is not a good idea to go on a long journey without some means of self-protection.

There is one thing that is sure to be a valuable and necessary possession for every traveler in this country.

Perhaps it is rather hard to realize that this is a country where the law is not always as strict as it is in other countries.

There is one thing that is sure to be a valuable and necessary possession for every traveler in this country.

With the post, "I have no more to say, I have done tonight!" But we, alas, are not so fortunate.

It was fine, driving along over the wonderful country on the broad road, passing through the trees on every side.

A DIFFICULT POSITION.

SUNLIGHT SOAP.

£1,000 Guarantee of Purity on every Bar.

THE "Sunlight" Guarantee of Purity was never justified than it is  
to-day, because it enables us to insure the very best of natural alkalis  
and makes us aware of the dirtiness and worry of household cleaning. Sun-  
light Soap saves rubbing—saves scrubbing—saves the clothes. The  
presence of a white substance, which must be removed by the  
cleaning of the hands, is therefore, absolutely unnecessary  
in Sunlight Soap.

SUNLIGHT SOAP is made  
for the housewife's profit, for  
only Sunlight Soap makes the  
housewife's work so easy and  
profitable.

£1,000 Guarantee of Purity on every Bar.

THE "Sunlight" Guarantee of Purity was never more justified than it is today, because it enables us to trace the origin of our galled soldiers and sailors against the dreary and weary of household cleaning. Sunlight Soap saves rubbing—saves scrubbing—saves the clothes. That portion of a wife's allowance which must be devoted to the cleaning of the home, is therefore, absolutely safeguarded when spent on Sunlight Soap.

SUNLIGHT SOAP is made for the housewife's profit, for only thereby can the mother hope to make for Sunlight Soap.

The same Letter on Soap is a Guarantee of Purity and Excellence.

EAST AFRICAN TRADE.

Monopoly Enjoyed by Indian Merchants

THE CREDIT SYSTEM

Some of the methods employed in connection with the foreign trade of the East African colonies is peculiar in that practically all the business is done through the local European houses on inland (over the "Globe") Indian merchandise monopolists. The result is that the Indian merchant is the sole of the wholesale trade, but with few exceptions they do not give credit to their customers. They place their terms in their own hands, but place them in the hands of the Indian merchant who in turn places them in the hands of the European merchant.
