Royal TO-NIGHT

Managing Director: A. B. PHILLIPS. Week-End Bill TO-NIGHT, 9 O'CLOCK. 5 ACTS 5 A charming and clever production

OUT OF THE DEEP

This production is unique in setting and in plot. The story line is a plain straight forward one, of which the main theme is the background. It is a story of a young man's life and his career in the navy.

Official War Film CAPTURE OF ETOILE WOOD. Extract of French Campaign July 20th.

German lines attacked by French artillery from the north and south of the Somme were captured by the French. The capture of Etoile Wood was a major success.

THE KING'S SHIP.

New Hospital Vessel on Tigris.

Medical experts recently inspected the Mesopotamian hospital ship, which was called by the King at the depot of the Imperial Waterways and Docks Department of the War Office. The vessel, which was built by Messrs. Livingston and Cooper of Hull, for service on the Tigris, will form an addition to the fleet of some 20 vessels now engaged in the medical service in connection with the British forces operating under General Sir Stanley Maude in Mesopotamia.

TINO DISLIKED.

Hostile Reception in Switzerland.

Antipathetic the late King of Greece, who is now residing in Switzerland, has had a hostile reception at Lugano. On the occasion of the arrival there the deposed monarch was walking on the bank of the lake when he was met by a group of men who were shouting and throwing stones at him.

BRUTAL TURKS.

The inhuman treatment of British prisoners of war by the Turkish high Kommando at Cairo has been sensational. A large number of British and Indian prisoners taken in the Sinai Peninsula have died from neglect and ill-treatment. It is stated that half the Red-Army prisoners are now dead.

It is gratifying that the Swiss Committee were not allowed to visit the camp, which these men were confined, nor other camps of a similar type. Thirty-seven Britishers were sent to a certain hospital managed by a European doctor, who stated he often visited the prisoners, but he and his assistants were roughly treated, and in the first few days twenty-two of these British patients died of neglect.

PRICE OF FIFTY GERMANS.

Scots Soldier's Batch of Huns.

A young officer of artillery saw about 50 German captives lying in a trench, apparently quite alone, says the "Daily Chronicle." This incident led to the capture of "Huns" who had they were mentioned by a "Huns" by a single small Scots soldier in a trench. "What will you give me for this lot?" called the officer to John. "Oh, about 750 shillings," he said.

NOTICE.

Shooting on Ja's or Donyo-Sabak is prohibited. Trespassers will be prosecuted.

Our Forests. We are apt to overlook the value of our forests. In many of our localities, we have 3,000 square miles of forests and woods, containing some of the finest timber in the world. The last mentioned play an important part in our economy, and our wealth is so much dependent on their origin in the forest, that it is not surprising to find that the Government is taking steps to ensure their preservation. One of the most heart-rending appeals which has been issued for some time, has been published by the Romanians on behalf of the Serbian Prisoners.

This appeal to the Allies to help to save the lives of the Serbian prisoners. The appeal proceeds: "The internal conditions in Serbia are simply deplorable, the starving has remained the only harvest. The inhabitants have a truly wretched woe."

African Standard

WE think it would be desirable, if laymen, in connection with the Economic Committee, would not so willingly pass opinions on the desirability, or not, of providing higher education in this country. The fact is, however, that in a number of instances, in many instances, it is impossible to carry out the plan, as the Government is not in a position to do so. In fact, it is impossible to do so, as the Government is not in a position to do so.

It is interesting to note that the Government is not in a position to do so, as the Government is not in a position to do so.

SERIOUS BLOW TO GERMAN GOVERNMENT

ENEMY LIKELY TO MAGNIFY ITS SUCCESS

LONDON, September 5.—The overwhelming majority against participation in the Stockholm Conference, as shown by the figures of the vote taken at the Blackpool Trade Union Congress, has destroyed the Labour Movement in the United Kingdom.

It has long been known that the Party, Macdonald made in a considerable minority, but a 50 to 1 majority must have been recorded over the Government.

ALLEGED INTERNATIONAL CONFERENCE.

This resolves once and for all the idea of any participation in alleged international conference. It shows conclusively that British Labour was too weak to say anything which would have done any harm.

The vote is, in fact, a huge slap in the face of those who had hoped for a revival in the Party.

It is especially gratifying in the statement by Mr. Arthur Henderson. It is as well, not only to tell the Labour Party, but also to tell the world that the Government is not in a position to do so.

 Sir Victor Barton, who presided, said there was abundant evidence that emigrant labour had provided the very German colonies and had not been able to do so. It was the opinion of the speaker that whatever was the nature of the arrangements made to make the native form of the colonies a success, it was essential that the native form should be maintained, and that the native form should be maintained.
