The Treasurer Will Relief Fund, on Monday, March 3, 1914, has received \$100.00 from the following sources:

**Attention is called to the fact,** that all checks on the Treasury should be forwarded immediately, the date being the 15th of the month, and not the 10th, as is so frequently the case.

We advise, in view of the recent prices, that official communications relative to the purchase of Coast Red and other commodities should be made to the Treasurer, Capital, particularly those dealing with the purchase of the Famous Grouse Cigarettes.

On the 29th of a number of stamps at the factory at Mt. Airy, of the Virginia and North Carolina Cigarette Co., office work has been suspended for a week on the days, Monday, Tuesday, Wednesday and Thursday, as it will be necessary to re-machine the printing of the dies.

The extraordinary sale of "Bassett Guitars" has been maintained throughout the high season, although the market has been still decidedly favorable for Wednesday, Thursday and Friday. These should be ordered immediately to the local month's purchase, others are advised to be taken care of during the famous sale from the gift, and the price is still held below the retail price during the opening of the doors.

A business report from Montreal, it is said, shows the market revived by the fact that the price of wheat has advanced in Montreal, says "Montreal's Free Press," and the market is expected to be somewhat different owing to the fact of new arrivals. It is also noted that the market for sugar is somewhat different owing to the fact of new arrivals. # A Great Opportunity ELDOROT SOUTH

Our representative has just returned from the United States with authority to offer for sale a valuable property adjacent to Eldoret Township on the South and the Orisipyo Township on the East, at a price that constitutes an extraordinary bargain.

The tract boundary is within three hundred yards of the Main street of Eldoret, the Hotel, Bank, Post Office and other public buildings, and adjoining other land selling at up to \$40 per plot 100 x 100.

The property consists of 2,920 acres (approx) and is offered at \$2,000 for an immediate sale, payable at 50% on signing agreement of sale and balance on transfer or as may be otherwise arranged.

As this figure we have no hesitation in recommending the property as a most promising investment. The portion of the farm farthest from Eldoret is watered by springs and suitably suited to stock, wheat, maize and other crops, so that the area adjoining the Township might be treated separately as a sub-divisional lease.

As a farming proposition in some of the best soil in the price asked for it is a proposition of an extension of the present Township in order possibilities need to no other proposition of a similar nature in the whole country.

The price of \$2,000 only will buy good until the 15th instant.

# A Great Opportunity

## ELDOROT SOUTH

Our representative has just returned from the Uasin Gishu with authority to offer for sale a valuable property adjoining Eldorot Township in the South and the Odipung Township on the East, at a price that constitutes an exceptional bargain.  
The inland boundary is within three hundred yards of the Main street of Eldorot, the Hotel, Bank, Post Office and other public buildings, and adjoining other land selling at £200 per acre. The property consists of 3000 acres (approx) and is offered at £200 per acre, at a price that constitutes an exceptional bargain. The property is situated on the Main street of Eldorot, the Hotel, Bank, Post Office and other public buildings, and adjoining other land selling at £200 per acre. The property consists of 3000 acres (approx) and is offered at £200 per acre, at a price that constitutes an exceptional bargain.

At this figure we have no hesitation in recommending the property as a most profitable investment. The portion of the farm furthest from Eldorot is situated by springs and eminently suited to grazing wheat, maize and other crops, so that the area adjoining the Township might be treated separately as a sub-divisional scheme.  
As a farming proposition only the land is worth the price asked for it. A prospective purchaser of the present Township is offered the opportunity to acquire the whole of the property at a price that constitutes an exceptional bargain. The price of £200 only holds good until the 11th instant.

AMERICA'S STRONG LINE Dutch Ships Seized IMPORTANT STEP TAKEN BY U.S.A.

(Through Bureaux's Agency) LONDON, March 25. A highly important decision was made in Washington, which shows that the United States is determined to have things done in their full and proper light for freedom, but with the aim of maintaining their share of the world's shipping to Washington.

The proclamation was issued after the United States had informed that the British Government had refused to transfer to the United States the ships owned by the Dutch Government.

It was also held that in view of the fact that the United States had not been able to obtain the Dutch ships for its own use, it was necessary to take over all vessels of the Netherlands flag in American territorial waters for the duration of the war, and to use such vessels as they were fit for service.

It was also held that in view of the fact that the United States had not been able to obtain the Dutch ships for its own use, it was necessary to take over all vessels of the Netherlands flag in American territorial waters for the duration of the war, and to use such vessels as they were fit for service.

SHIPPING POSITION Premier's Speech STRONG APPEAL FOR SPECIAL EFFORT

(Through Bureaux's Agency) LONDON, March 25. In the House of Commons, Mr. Lloyd George continued the debate on the shipping position, and stated that the Government were determined to do all that was possible to meet the requirements of the shipping position.

Complete co-operation between Lord Pirrie and the British Ministry was essential in order to achieve the desired aims. There was no shortage of shipping tonnage, but there was more than was required by the British Empire.
