AN INDIAN QUARREL.

To the Editor "E.A. Standard."—With reference to the article appearing in the semi-diplomatic "Objective" column of the Standard of East Africa would be pleased to see the reprint of the matter "Objective" come on the page and then care to see a reprint from the Secretary of the President of the Indian Community in East Africa.

From the Standard I can only say that the "Objective" is not a reprint of the matter in question in this country that in reply to the article in the Standard of East Africa which was published in the Standard of East Africa which was published in the Standard of East Africa.

It is the least about the feelings of the Indian Community, on the part of the Indian Government which is being treated in an unbecoming way by the Government which is known to neither Government dealings with it in other parts of the British Empire.

I think the "Objective" has exhibited an attitude towards the Indian Community because our "Hindustani" President of the Indian Association is shown from this country at Bombay. If the "Objective" were the Indian Association to let him know that the Indian Government of India referred to, I would very much like to see the Indian Government referred to in the Standard of East Africa.

I am, Sir, Yours faithfully, B. SHANKAR, NAIROBI, Jan. 7.

NATIVE AND MASTER.

Dilemma in Nairobi Case of Cruelty.

Assistant Commissioner Brown performed a painful duty which should be the duty of every citizen when he stopped a heavily laden cart drawn by a pair of maddened, overweight mules, and examined the poor animals. One had four open sores under the collar. He slashed the wages and took the mule to the vet.

The master was fined 20 shillings or 10 days in default, while the native N. was 5 days, in spite of the dilemma. It might be said that the native is similar, difficulty that should be met by all as an officer is entitled to a trial.

INDIAN QUESTION

To Mr. B. A. STANBARD. Sir—I should be glad if you will kindly give me a column in your paper to express my views on the above subject with regard to the letter of the Indian Association and that of one of your correspondents from Nanyuki.

On looking at the correspondence which has passed between the Indian Association and the Government, it is a pity that it has not been taken up by the Indian Association to write to the Government and request the Government to take the necessary steps to see that the Indian people are not treated as they are at the moment.

A GOAN REPLY.
TO THE EDITOR OF "THE STANDARD."

Dear Sir—Allow me to reciprocate the good wishes you so generously extended to me in your "Goan" of my today's paper. My only regret is that I have not the time and energy to make him my right day.

The writer remarks that the Goan clubs are well known to him, but the arguments advanced by the correspondents of the 25th,ultimo, do not quite bear scrutiny.

Kindly be advised the following points:

- (1) Whether Mr. Nazareth had a right to be acting as the advocate of the Portuguese Vis-Conte in refusing the members of the club.
- (2) That Dr. Ribeiro was the only person authorized to send messages on behalf of the community, as he had done on the occasions of the celebration of the 25th ultimo, and the inauguration of the new club.
- (3) That Mr. Nazareth is calling the new meeting had called to establish the authority of the Portuguese Vis-Conte, in his subject "Hunting Laws International Law before the public" was to teach my friend "A Goan" that the Vis-Conte had no more right to send messages on behalf of the Goan community than Mr. Nazareth, and that he had no right to demand the support of the Goan community.

The Association's delegates to the Convention of Annapolis were: Sir John G. S. Cooper, C. S. O., M. S. O., M. P. (Uganda); J. C. Connelley, Esq., M. P. (Uganda); H. H. Marlowe, Esq., M. P. (Uganda); and W. J. May, Esq., M. P. (Uganda).

Many letters have been written as to the settlement of the discharged soldiers settling in B. E. A. The present status is great possibilities, there the right men should be selected.
