NAKURU'S WAY

Big Donations for a Hospital

RAISING £2,000

A Public Meeting was held on 20th inst. in the Nakuru Hotel to discuss the proposed building of a Hospital at Nakuru, for the treatment of patients from the surrounding districts.

As the main Hospital at present in use at Nakuru, it was unanimously agreed that a local hospital was very necessary. Every such Hospital should take the form of a memorial to those men from this district who have given their lives during the war.

It was decided that at least £2,000 would have to be raised for the building and equipment of the Hospital, and of this amount over £700 has already been already. In addition to this, annual donations to the extent of over £500 have been promised for maintenance purposes, guaranteed for periods of from 5 to 10 years.

The following Committee of Management was elected—Hon. Mr. Colville, A. A. Bailey, R. A. Parsons, R. W. Morison, J. W. Boston, Dr. N. P. Weston, J. E. W. G. Mr. R. W. Morison consented to act as Hon. Secretary and Treasurer of the Nakuru Memorial Hospital Fund.

Mr. Morison furnishes us below with a list of the donations already promised, and adds: "Further donations are gratefully required, as the Committee desires to proceed with the building of the hospital as soon as funds permit."

local native foodstuffs the position is that the Pusania Commission holds more than sufficient ground to allow for the production of a surplus and provided the market remains open...

Restrictions on the importation of commodities from overseas have been largely relaxed and there has been a great reduction in the number of applications for permits to export.

Efforts are being made by this Government to obtain facilities in the way of permits for private citizens wishing to travel to the United Kingdom, and returns of such individuals have been called for in all districts.

LOCAL COMMISSIONERS. Since Government has reported to the Commission that the following:- (1) Land Settlement; (2) Food of Kikuyu; (3) Industrial Incubation; (4) Milk of Kikuyu.

Royal Vinolia Tooth Paste

is a perfect dentifrice in every way; it counteracts the effects of the enamel-destroying acids and arrests decay. By its regular use, the natural lustre and whiteness of the teeth are restored and maintained. Its antiseptic action freshens the mouth and sweetens the breath. Royal Vinolia Tooth Paste is pleasant to the taste and children use it readily.

Gen. Northey Adopts
Firm Attitude
RAIDS INTO G.E.A.

At the beginning of January
the Masai, who had been
driven from their ancestral
lands in the British East Africa
protection, were driven from
their homes and from their
pastures. The Masai
raided the G.E.A. and
destroyed the crops and
the property of the
settlers. The British
Government has issued
a statement that it will
take firm measures to
protect the G.E.A. from
the Masai. Gen. Northey
has been appointed to

Wedding of New Soldier
Settler

Mr. and Mrs. Harvey, Dried
Water, Naivasha, were the
recipients of many congratulations on
Friday last, the occasion being the
wedding of their daughter Violet to
Mr. D. H. Howarth.

Mr. and Mrs. Harvey being old
residents, and the bride a general
favorite, the wedding was one of
great interest to the neighborhood.
Unfortunately, a duck was taken
many who were invited were unable
to present.

Although the rains had set in
after the long drought, the sun shone
brightly on the bride as she stood
at the church frontally at 1:30 on the
arm of her father with her brides-
maid, Miss Tim Harvey, in atten-
dance. The best man was Mr.
Herbert Harvey and the Rev. W.
Low officiated.

The church had been beautifully
decorated by Mrs. McMillan and
Miss Oswald, and Mrs. McMillan
presided at the organ.

The wedding attire of the bride
and bridesmaid were of much ad-
mired, combining perfect colour
and being with simplicity and smartness.
The bride's dress was white George
and silver, and the wore a smart
becoming white cape de chine hat
trimmed with oxidized silver lace
and lined with pale pink, one pink
and oxidized silver rose resting on
the brim.

The bridesmaid wore an ivory lace
dress threaded with pale blue
ribbon and a dainty little belt of
pink rosettes. Her high hat
was trimmed with blue and white
with a subtle touch of pink, was very
effective and she carried a bouquet
of pink and white carnations.

Mrs. Harvey wore violet rose
George trimmed with white and
a fashionable black hat with high
crown accompanied a very smart
toilette from Mrs. McMillan.

After the wedding ceremony the
bride and groom were escorted to
the residence of the Provincial Com-
missioner, where the reception was
held. Later in the afternoon the
bride and groom left for their new
congratulations of their friends and
showers of condti.

The bridesman has joined the
fraternity of B.E.A. settlers. He
proved himself a good soldier in the
East African and in the British
Army. He was afterwards ap-
pointed political officer in ex-ter-
na East Africa.

Mr. and Mrs. Harvey always kept
open home to our soldiers, and it
was while under their hospitable
roof that Captain Howarth, M.C.,
first met his bride.

SECRET PRISONS
Search Parties in Germany
After Captives

The Press Bureau says that the
Inter-Departmental Committee on
Prisoners of War announced that
the German authorities have assured
the Netherlands Minister at Berlin
that no secret prison course exist
now, or ever existed.

The Netherlands Minister states
that there is no evidence of any
secret prison camps in Germany.
Search parties are still in Ger-
many seeking prisoners whose
whereabouts are undisclosed.
(London.)

An interesting job done has been
submitted to the Australian Gov-
ernment to produce rain. By
means of aeroplane, sets will be
sent to the mountains above the rain
clouds, causing liquidation.

According to the "Press," the
editor of which was a member of the
South African Press delegation to
Europe, there are now 10,000
South Africans who are officers in
British regiments, and so the result
of the mobilization that formed
some 20,000 overseas officers have
made up their minds to go to South
Africa, where they will find military
duties.

The electric light and power supply was the main subject of discussion by Nairobi Chamber of Commerce at the monthly general meeting yesterday in the New Standard Building.
F. G. Thomas presided. Other members present were Messrs. Thomas, Hamilton, Hill, Thomson, Nixon, Llewellyn, Ward, and Mr. Tunbridge who proposed the following resolution:
That, in view of the Electric Light Supply and the Corporation's obligations, this Chamber considers that the Company should make a rebate of at least fifty per centum in the Accrue due to the late six months and at a similar reduction for each month as it is unable properly to carry out its Contract; and that a copy of this Resolution be forwarded to the Corporation.

Mr. Tait said that the Corporation had not met the Chamber's demand that the Corporation should make clear what the plan was and what this plan meant.
The Chairman: Let a motion be made that the Corporation get a copy of it.
Mr. Tait believed that the Corporation would do this.
The Chairman: Let a motion be made that the Corporation should make clear what the plan was and what this plan meant.

THE EMPLOYMENT
The Chamber of Commerce has been very much interested in the question of the employment of the natives in the public works of the Corporation.

Mr. Hamilton proposed that the Corporation should employ the natives in the public works of the Corporation. He said that the Corporation had a large number of public works which were now done by Europeans and that it would be better to employ the natives in these works.

THE EDUCATION FOR B.E.A. Practical Aims & Methods Needed for a New Age

RIGHT STYLE FOR SCHOOL BUILDINGS. (By Bay B. Ulyate.)

In continuing my remarks on education I have glanced some information from the various papers, various extracts of which I have noted here. The school building should be as beautiful as possible, (so unlike the present structure, and Nairobi and the boys and girls should be encouraged to plant trees, and flowers around them in order to make the grounds attractive and something in which each scholar can take a real pride.

SCHOOL OVERLOOKING.

The greatest need is that the school curriculum should be planned to show the relationship of school work and life work. Education should teach us to make the most of life by doing the right thing at the right time, and in the best manner.

Whatever of labour is to be seen in the 'evolution' of Mombasa conditions and conditions, there is a totally different picture to be seen in the native contingents in the occupation of the Military.

Now that the accumulations of produce formerly awaiting shipment have been cleared, decided to discontinue the sub-committee has allowed which has in some instances acted unfairly owing to new stocks being made to rank accumulated over a long period, and in all cases on strict registration and rotation which will have the effect of securing that consignments will be shipped more or less in the order of production and will eliminate the necessity for "part consignments" shipments.

It is the general policy of the Government to encourage the development of the native industries and to assist the native farmer and manufacturer. The Government is desirous of knowing what steps should be taken to remedy the present inferior condition of affairs. The meeting only adjourned at the Hon. Secy. of the Planters Association.

Hopes for Municipality for Mombasa

Great things are developing for Mombasa, whose reputation has now arrived at the Mombasa Times. On February 5 the Chief Secretary to the Government wrote as follows to the Secretary, Chamber of Commerce, Mombasa: "It has been decided to appoint a Commission of Enquiry as to the advisability of establishing a Municipality in Mombasa. The announcement marks a epoch in the history of Mombasa. It is a step which has not been taken since the Commission appointed to inquire into the management of our harbours was sitting some 20 most important times are the subject of our enquiries. It is possible that the thoughts of the Chamber of Commerce, Mombasa, at the time has offered for Mombasa to display its own initiative and belief in its own future. If the opportunity is seized to establish a municipality, then the personal life for the commercial growth and well-being of the town will not rest on the good will of the Secretariat at Nairobi, but be in the hands of those who can shape the destinies of their own town. The moment it would appear that the Mombasa Times Board would cease to be of any further importance, because the purpose for which that Board was constituted would be one of the first considerations of the Municipality. The problem raised would have to be tackled. The Commission is to be established as the present is the Mombasa's opportunity. This is borne the more strongly in upon us after having read the report of the Port Control Commission. A certain necessary course of action is outlined in that report and the importance of deep-water wharves or piers to which cargo is to be landed, is pointed out, but there is one note of warning that we would like to sound.

The future of Mombasa lies in the success of trade with the hinterland. The hinterland of Mombasa can be reached from both Tanga and Dar-es-Salaam. The latter is the more favored than Tanga, because of its proximity to the physical condition of the Central Railway, notwithstanding the way with its low grades and steep descents. The Uganda Railway can never expect to compete successfully for the trade of Oil, Zola, Oil, Grass, Carbine, Arsenite of Soda, Iron, Gunny Bags, etc., etc.
