### THE EAST AFRICAN STANDARD.

**Friday, Nov. 12, 1919.**

The urgent need of encouraging production in the High East Africa is emphasized in a statement issued by a commission of the Royal Commission on Sugar.

It is stated that the available demand, and secondly the retail price of sugar in this country, is estimated to be 1,000,000 tons, of which 72,000 tons are required for home consumption.

The balance of 928,000 tons is to be imported. It is estimated that the United Kingdom will supply 4,541,000 tons, or over twice as much as is required for the United Kingdom.

It is stated that the United Kingdom will supply 4,541,000 tons, or over twice as much as is required for the United Kingdom.

### ALIENS BILL.

Acrimonious House of Commons for Compulsory Ex-Enemies.

**FRIENDS OF EX-ENEMIES.**

**THORNTON BRETHER'S AGENCY.**  
London, Nov. 6.

After an acrimonious discussion in the House of Commons passed by 226 votes to 116, clause 8 of the Aliens Restriction Bill, which repeals the alien restriction laws since they are deemed to be obsolete.

Subsequently several amendments modifying the application of the provisions of the clause.

Mr. Hughes was formerly with the Carl Hansa Opera Co. and on the few occasions he has played in public in Nairobi and Nakuru since the war. It is hoped that he will be seen again shortly on local concert platforms.

The match for Nazareth and Recept will be played to-morrow night in Nairobi and Nakuru. It is expected that the match will be a close one.

**70,000 ACRES FOR SALE.**  
**Lord Delamere's Njoro Estate.**

**AT SPECIAL PRICES IN STERLING AND ON THIRTY YEARS TERMS FOR THE NEW SETTLER.**

**THE MOST GENUINE OFFER OF GOOD FARMS AT LOW PRICES AND ON EXTENDED TERMS THAT HAS YET BEEN MADE IN EAST AFRICA.**

Under instructions from Lord Delamere we shall be offering for sale in a few days time about 70,000 acres at Njoro. This land is one of the first selections made in B. E. A., and cannot be surpassed for flax, wheat, maize and stock.

Flax grown on this area took a first prize for seed and a second for straw at the recent Agricultural Show. Wheat has been largely grown in the district for a number of years, and maize is one of its staple products.

Njoro is one of the pleasantest and healthiest districts in the Highlands. The farms for sale stretch away from the Railway for a distance of 18 miles, but with the construction of the Usain Gishu line no farm will be more than five or six miles from rail. All have permanent running water.

They vary in size from 500 to 3,000 acres, thus providing suitable holdings for the small and large buyer, and most of the agricultural farms are admirably suitable for tractors.

The nature of the soil and contour of the land are such that large areas can be broken up with the minimum expenditure of capital and labour, so that the immediate buyer could have sufficient land ready for sowing next spring to bring in substantial revenue next year.

There are several flax factories either erected or about to be erected in the district, the owners of which are prepared to handle outside crops.

**PRICES & TERMS.**

In arranging the prices and terms Lord Delamere had in mind the immediate needs of the incoming settler—starting prices and long terms of payment—and has instructed us that preference is to be given to the new settler in the sale of these farms. The prices of the individual farms have not yet been fixed, but the terms will be—

- Cash payment of 10% of the purchase price, plus Survey fees.
- No further payment for two years.
- Thereafter Annual Installments spread over 30 years.
- Interest on outstanding 8%.

For further information apply to the Agents.

M. I. KHAN, GENERAL SIGN PAINTER, Late General Postmaster, W. TOWNSEND & Co., Government Road, NAIROBI.

**70,000 ACRES FOR SALE.**

**Lord Delamere's Njoro Estate.**

**AT SPECIAL PRICES IN STERLING AND ON THIRTY YEARS TERMS FOR THE NEW SETTLER.**

Under instructions from Lord Delamere we shall be offering for sale in a few days time about 70,000 acres at Njoro. This land is one of the finest selections made in B. E. A. and cannot be surpassed for fax, wheat, maize and stock.

Flax grown on this area took a first prize for seed and a second for straw at the recent Agricultural Show. Wheat has been largely grown in the district for a number of years, and maize is one of its staple products.

Njoro is one of the pleasantest and healthiest districts in the Highlands. The farms for sale stretch away from the Railway for a distance of 18 miles, but with the construction of the Usin Gishu line no farm will be more than five or six miles from rail. All have permanent running water.

They vary in size from 300 to 3,000 acres, thus providing suitable holdings for the small and large buyer, and most of the agricultural farms are admirably suitable for tractors.

The nature of the soil and contour of the land are such that large areas can be broken up with the minimum expenditure of capital and labour, so that the immediate buyer could have sufficient land ready for sowing next spring to bring in substantial revenue next year.

There are several fax factories either erected or about to be erected in the district, the owners of which are prepared to handle outside crops.

**PRICES & TERMS.**

In arranging the prices and terms Lord Delamere has in mind the immediate needs of the incoming settler—sterling prices and long terms of payment—and has instructed us that preference is to be given to the new settler in the sale of these farms. The price of the individual farms have not yet been fixed, but the terms will be—

- Cash payment of 10% of the purchase price, plus Survey fees.
- No further payment for two years.
- Thereafter Annual Instalments spread over 30 years.
- Interest on outstanding 5%.

For further information apply to the Agents.

**Newland, Tarlton & Co., Ltd. NAIROBI HOUSE.**

**THE MOST GENUINE OFFER OF GOOD FARMS AT LOW PRICES AND ON EXTENDED TERMS THAT HAS YET BEEN MADE IN EAST AFRICA.**

Exhaustive reports on these farms have been prepared by W. J. Dawson, Esq., the well known agricultural expert, and the prices are being fixed only after careful consideration of the relative merits of each individual farm. This has been done especially to protect the new settler, whose interests Lord Delamere has principally in mind. Each farm has been classified according to its suitability for different classes of agriculture or for stock, so that in effect the new-comer (who, if left to select on his own initiative might, deceived by appearances, select the wrong farm for his purpose) can have his farm selected for him by an expert whose knowledge of East African farming and sound judgment in such matters are beyond question. Our recommendations of any farm will be strictly limited by Mr. Dawson's report. If he states it to be suitable for fax, we will so recommend it; if not, we will so inform the inquirer. No such offer has ever been made before in this country. We make it now because we have satisfied ourselves by expert opinion that we are offering one of the best large blocks of land that has ever been on the East African market at prices and on terms that make each farm a saleable proposition without the necessity of exaggerating its merits one iota. And we have no fear for the consequences. Unless the most unlikely thing in the world happens, and East Africa goes under, buyers of these farms are never likely to regret their bargain. They will be putting their money into land that offers every possibility of proving one of East Africa's gilt edged securities.

**GALVANISED IRON**  
Please note that the G.I. recently advertised by us for sale has now been sold.

that the day closes at 8 p.m. instead of 9 p.m.

An exciting class allows extra working hours within limits of stock-taking and special days, and herein the Committee recommends the description of the work to be done that the occupier shall pay to staff shop assistants, remuneration for such work equivalent to that of a full-time corresponding proportionate part of their salaries in working hours, or 25 per cent. of the same.

The continuation of the provisions of the Bill provides a penalty not exceeding £50. The Bill also provides a £50 penalty for any amendment that the rate is decreased to less than £50 in the case of an assistant.

The Special Committee's recommendations received unanimous approval from all the trades and professions represented in the Federation, the Chairman remarking that members of the Federation not unanimously advised by the Shop Hours Bill heartily supported those who were, thus being a vital principle of the Federation.

### ANTI-STRIKE BILL

London, Nov. 9.

In the House of Commons, Sir Robert Hoare moved the second reading of the Industrial Disputes Bill, the chief features of which are provision for a permanent industrial court of enquiry, and the dropping of compulsory arbitration existing under the present Act.

The Bill also provides for the continuance of war-time wages till September, 1930. The reason for this was that the Government had to support workers to compel employers to accept arbitration of disputes, and that the Government had to support workers to compel employers to accept arbitration of disputes, and that the Government had to support workers to compel employers to accept arbitration of disputes.

### EX-ENEMY TRADE

London, November 6.

The text of the London Convention has been passed in a meeting of the League of Nations, and the Government has issued a statement in which it is announced that the Government will not make a definite announcement, though at the end of the meeting the Government was understood to be in favour of the League of Nations.

### UNQUIET EGYPT

London, November 7.

The Government has issued a statement in which it is announced that the Government will not make a definite announcement, though at the end of the meeting the Government was understood to be in favour of the League of Nations.

### DOVAK ON BOLSHIEVISM

London, Nov. 6.

Mr. Davak, speaking at the meeting of the League of Nations, said that the Government will not make a definite announcement, though at the end of the meeting the Government was understood to be in favour of the League of Nations.

### NO DAY FOR PROFITEERS

London, Nov. 6.

A Budget message from Melbourne states that the State Assembly passed a bill providing for a year's imprisonment for the case of a profiteer who had obtained £2,000 in the case of a corporation.

### DISASTROUS EXPLOSION

London, Nov. 7.

Header's Ammunition Company, which was a well-known firm, had a disastrous explosion at its works at Walthamstow, London, on November 7, 1929.

### GRAND TRUNK BILL

London, Nov. 7.

Header's Ammunition Company, which was a well-known firm, had a disastrous explosion at its works at Walthamstow, London, on November 7, 1929.

African Standard.
Newspaper Times Uganda Argus

SATURDAY, NOV. 15, 1919.

THE PORT

The position that has now been reached in the work of the Port is such that the Port appears to be an autonomous body. After consultation with the Members of the Chamber of Commerce, the Government submitted a set of proposals which would have the effect of placing the Port in a position to manage its own affairs. The proposals were submitted to the Chamber of Commerce, and were accepted by it on the 11th. The Chamber of Commerce expressed its approval of the proposals, and stated that it would be glad to see them put into effect. The proposals were also approved by the Government, and it is expected that they will be put into effect shortly. The Chamber of Commerce also expressed its approval of the proposals, and stated that it would be glad to see them put into effect. The proposals were also approved by the Government, and it is expected that they will be put into effect shortly.

STANDARD NOTES

It is officially announced that His Majesty the King has been pleased to appoint Mr. Walter McLehlan Wilson to be the Executive Director of the East Africa Protectorate, in place of the Right Honourable Lord Delamere, who has resigned the office. The new Director will be based in Nairobi. The Chamber of Commerce also expressed its approval of the proposals, and stated that it would be glad to see them put into effect. The proposals were also approved by the Government, and it is expected that they will be put into effect shortly.

HORTICULTURAL LEASING

The general purposes committee of Nairobi Municipal Council, under the Chair, Sir Jacobs and Stevens, has had a number of interesting topics before them. At present they are considering a question of leasing buildings from the Government. This has been done by Mr. Mackinnon, who has been creating a new venturals with the pillars of the Government. He has been in the meantime, and did not wait to be advanced to the other side of the road. The committee has held over the bill for the night.

TRAFFIC LIGHTS

The Town Clerk reported to the Council that the plan submitted under the Director of Public Works that of the installation of traffic lights at the junction of the Victoria Road and the Victoria Road has been approved. The Council has decided to install traffic lights at the junction of the Victoria Road and the Victoria Road. The Council has also decided to install traffic lights at the junction of the Victoria Road and the Victoria Road. The Council has also decided to install traffic lights at the junction of the Victoria Road and the Victoria Road.

GENERAL

The mails despatched from Mombasa on September 27 and October 1 have arrived in England. The mails from Durban arrived at Kilimanjaro on Thursday and at Nairobi on Friday. The mails from Durban arrived at Kilimanjaro on Thursday and at Nairobi on Friday. The mails from Durban arrived at Kilimanjaro on Thursday and at Nairobi on Friday.

# 70,000 ACRES FOR SALE.

## Lord Delamere's Njoro Estate.

**AT SPECIAL PRICES IN STERLING AND ON THIRTY YEARS TERMS FOR THE NEW SETTLER.**

**THE MOST GENUINE OFFER OF GOOD FARMS AT LOW PRICES AND ON EXTENDED TERMS THAT HAS YET BEEN MADE IN EAST AFRICA.**

Under instructions from Lord Delamere we shall be offering for sale in a few days time about 70,000 acres at Njoro. This land is one of the finest selections made in B. E. A. and cannot be surpassed for fax, wheat, maize and stock.

Flax grown on this area took a first prize for seed and second for straw at the recent Agricultural Show. Wheat has been largely grown in the district for a number of years, and maize is one of its staple products.

Njoro is one of the pleasantest and healthiest districts of the Highlands. The farms for sale stretch away from the Railway for a distance of 18 miles, but with the construction of the Usain Gishu line no farm will be more than five or six miles from rail. All have permanent running water.

They vary in size from 300 to 3,000 acres, thus providing suitable holdings for the small and large buyer, and most of the agricultural farms are admirably suitable for tractors.

The nature of the soil and contour of the land are such that large areas can be broken up with the minimum expenditure of capital and labour, so that the immediate buyer could have sufficient land ready for sowing next spring to bring in a substantial return next year.

There are several fax factories either erected or about to be erected in the district, the owners of which are prepared to handle outside crops.

### PRICES & TERMS.

In arranging the prices and terms Lord Delamere has had in mind the immediate needs of the incoming settler—his needs and long terms of payment—and has instructed us to the preference to be given to the new settler in the sale of the farms. The prices of the individual farms have not yet been fixed, but the terms will be—

**Cash payment of 10% of the purchase price, plus Survey fees.**

**No further payment for two years.**

**Thereafter Annual Instalments spread over 30 years.**

**Interest on outstanding %.**

**For further information apply to the Agents.**

## NAIROBI HOUSE.

### ENTERTAINMENTS.

**Intelligence in London.**  
Audience.

**THE FRIVOLITY.**

**London Correspondent.**

London, Sept. 25.—The night of the London to go round: the best known actors and touring the provinces cannot find any theatre in which to produce. About five or six available buildings or places with a good number of seats can sell it without any one drawback, such as the shortage of such that any admissible house to erect in their line of entertainment is usually opposed with less than success. Seats have been stopped for and even garages, of one too few, cannot be so they require the price of houses. Theatre seats replace seats are not only one drawback, but before the war seats, lower than seats at the London rarely exceed £2,000 on mounting any season, managed some £200,000. Theatrical restrictions on seats have been removed £8,000 for a relatively small amount. The small gross imposed since the war has not been so good, so they are only a few per cent of the market, so they are only a few per cent of the market, so they are only a few per cent of the market.

**Musica** in any form is a key-note to the London of the future. It does not do, though the London of the future is to be built on it. They want more, they want more.

### THE EAST AFRICAN STANDARD.

The East Africa Motor Association is all getting away and applications for membership coming in regularly every post, and from just a few weeks ago, when only about a dozen members had joined after January 1, 1913, the entrance fee will be £5.00 and the annual subscription Rs. 50.

**A WARNING TO MOTORISTS.**  
Last Wednesday an Indian had had an accident driving a car which was unregistered. The man pleaded guilty and was fined £5.00 and costs.

**NEW MOTOR DEVICE.**  
One of the greatest problems of motor engineers is the discovery of a means of driving a car from the front wheel instead of the back, has been solved. The device is the work of a London engineer, Mr. G. J. Hawkins, who is well known by his connection with the engineering firm of G. J. Hawkins & Co. Ltd.

**FRONT WHEEL DRIVING.**  
One of the greatest problems of motor engineers is the discovery of a means of driving a car from the front wheel instead of the back, has been solved. The device is the work of a London engineer, Mr. G. J. Hawkins, who is well known by his connection with the engineering firm of G. J. Hawkins & Co. Ltd.
