Bowling's Speech Read in Gold Print.

UN-SUITED ORATORY.

Having listened to the speech on Saturday night to be a Calcutta is not an event that deserves its enjoyment on enthusiasm by speeches of this nature. There may be a certain danger in the poet of such an evening can come in and talk you into some that you are equally responsible.

Having Governor perhaps realized that to continue and excite, his speech, this laudable intention he may have considered that there were listeners, ordinary Englishmen in everyday mood, who would not be so speaking with a period mainly with the mood and his audience, and he may not have intended that even that audience, so this usually "black Monday."

He intended that, too: to give those things some sense and purpose of thought. He told those "bad years" were over, he hoped never, and then given some "good years" right ahead. The "circle" of revenue and expenditure increased cost of everything, always, staff, and the expensive delays and delays of years ago way of buildings and so forth, to our own balance sheet, our wing, the unproductive Railway, spoiled Customs duty, and the stable native, who refused to his and a new spelling of the name considerably dying.

From this point it, each year decreasing, and should be a speaker did not wish to destroy them that some of his behaviour to the banquet to gain. He to stimulate over the Asiatic, the education, or soldiers, defence, and he had his audience to be while we even and pay and how. Sir Edward Northey is first at home.

last reflection is really the one to be sought for some of those who Monday the speech they heard in, and those of "who first" audience in could grant will a connecting paragraph with a new

POINTS OF GOOD SEED. There are numerous points that are well worth noting in connection with the colour of good seed...

small is often taken as an unassailable sign. The sticking together of several small humps points to the presence of disease.

The length of good well grown and should be between 2 1/2 and 3 mm. the hind feet from 2 1/2 to 3 mm. and the thickness from 8 to 1 mm. Good feet should be shorter than 8 mm. and the hind feet should be shorter than 8 mm. and the hind feet should be shorter than 8 mm. and the hind feet should be shorter than 8 mm.

PRESERVED SEED.

If the seed has been dried for preservation and is not to be sown at once, it should be placed in a paper bag and sealed. There are several methods of preserving seed, but the most reliable is to use a solution of formalin. The seed should be soaked in a solution of formalin for 24 hours, then washed in water and dried.

COFFEE £200 A TON
B.E.A. Red Cross Shipments
Realizes 1944

The Bitter E.A. Standard.
 It is with great pleasure...
 ...that we have to advise you of having...
 ...secured a cable from London in...
 ...stating that the coffee which was...
 ...being shipped has been some time ago on...
 ...behalf of the Red Cross Fund. Let us...
 ...claim, given by various generous...
 ...coffee planters, and shipped free of...
 ...charge by our office, has realized the...
 ...astonishing sum of £204, which...
 ...amounted to the standard of the East...
 ...of Ethiopia.

Some of this coffee realised up to...
 ...£200 per ton, which, as far as we...
 ...know, is a record price for any coffee...
 ...in the world. We should not like...
 ...to say that this is the real com...
 ...value of Nairobi coffee, but this...
 ...unprecedented price has been recorded...
 ...in the record of the Mining Lane...
 ...market, and will always stand out as...
 ...a magnificent advertisement for...
 ...Nairobi coffee.

Who should also like to quote from...
 ...the "Financial Times" of 1 October...
 ...which again affords magnificent...
 ...evidence for Nairobi coffee:-

THE COFFEE TRADE ASSOCIATION
OF LONDON
 Under the auspices of this As...
 ...sociation Messrs. James Cook...
 ...and Co., will offer for public sale...
 ...on Thursday next at the Comm...
 ...ercial Sale Rooms, 77 Bazaar Street...
 ...being a portion of two consign...
 ...ments made by the Coffee...
 ...Planters' Union of Nairobi, the...
 ...products of which are to be given...
 ...to the British Red Cross Society.

It is hoped that this generous...
 ...gift will stimulate buyers to be...
 ...correspondingly liberal in their...

 ...the splendid work of the Red Cross...

had Government Commission invariably implied legislation, and legislation, framed in accordance with these findings, could only imply, for the Indian community, confidence from the East Africa Protectorate of some future date.

The speaker went on to say that, during his stay in the Protectorate, he would be his utmost to find out how far the situation as to the lack of moral fitness of the Indian community for colonisation in East Africa were founded on established facts and how far they were nothing more than the opinions of the members of the Economic Commission.

He went on to be able to meet individual members of the Economic Commission and also leading thoughtful people from every section of the population in East Africa, and to discuss the matter with them. He would try to establish the subject, as far as time permitted, in the open.

The chairman then expressed the thanks of the meeting to Professor F. A. Anderson for his words of encouragement and advice, and the meeting then adjourned.

COFFEE £200 A TON
BEA Red Cross Shipments Realizes £944

The Editor E.A. Standard.
Sir,—It is with great pleasure that we have to advise you of having received a cable from London informing us that the coffee which was shipped from here some time ago on behalf of the Red Cross Fund, London, given by various overseas coffee planters, and shipped free of charge by our office, has realized the magnificent sum of £944, which amount has been handed to the Earl of Plymouth.

Some of this coffee, realized up to £200 per ton, which, as far as we know, is a record price for any coffee in the world. We should not like to say that this is the real commercial value of Nairobi coffee, but this magnificent price has been recorded in the record of the Mincing Lane coffee market, which is the world's market, and will always stand out as a magnificent advertisement for Nairobi coffee.

We should also like to quote from the "Financial Times" of October 2, which again affords magnificent advertisement for Nairobi coffee.

THE COFFEE TRADE ASSOCIATION OF LONDON

Under the auspices of this Association, Messrs. James Cook and Co., will offer for public sale on Tuesday next at the Commercial Sale Rooms, 77 bags of coffee, being a portion of two consignments made by the Coffee Planters' Union of Nairobi, the proceeds of which are to be given to the British Red Cross Society.

It is hoped that this generous gift will stimulate buyers to be correspondingly liberal in their bidding at the auction, in view of the splendid work of the Red Cross Society to which this nation owes so much.

Alex. J. Parnell, Hon. Secretary, 11, Mincing Lane, E.C. 3, London, 2nd October, 1919.
