PELMANISM

Special Offer to Readers of "The East African Standard"
 THE PUBLISHERS OF THE EAST AFRICAN STANDARD have pleasure in announcing that they have completed arrangements whereby Pelmanism can be brought within easy reach of all their readers.
 Those who desire to obtain Pelmanism should apply to the publishers at the following address: THE EAST AFRICAN STANDARD, P.O. Box 45, NAIROBI.
 A few people will be able to obtain Pelmanism at a special rate of 10/- per copy, but the majority will have to pay the full price of 20/- per copy.
 The publishers are prepared to supply Pelmanism in any quantity, and will be glad to receive orders from all parts of the world.
 The publishers are also prepared to supply Pelmanism in any language, and will be glad to receive orders from all parts of the world.

How the Pelman System Work
 The body of a person is made up of muscles, bones, and joints. The muscles are the only part of the body that can be trained to do anything. The Pelman System is a method of training the muscles to do anything. It is a simple and easy system, and can be learned by anyone. It is a system that has been used for many years, and has been found to be very effective. It is a system that has been used by many of the world's greatest athletes, and has been found to be very effective. It is a system that has been used by many of the world's greatest athletes, and has been found to be very effective.

NATAL NOTES

State of Durban's Council Unanimous
POLITICS
FROM OUR OWN CORRESPONDENT
Durban, Sept. 16. The case reported on in these pages was not an original matter, but a petition presented to a special session of the Durban Council, held on the 14th inst. It was a petition from the Durban Chamber of Commerce, praying that the Durban Council should be empowered to purchase a site for a public building, and that the Council should be empowered to borrow money for the purpose.

It will be remembered that James was on holiday in Durban, and the Durban Council was held on the 14th inst. It was a petition from the Durban Chamber of Commerce, praying that the Durban Council should be empowered to purchase a site for a public building, and that the Council should be empowered to borrow money for the purpose.

It was in the month of August, not far from the 14th inst., that the Durban Council was held on the 14th inst. It was a petition from the Durban Chamber of Commerce, praying that the Durban Council should be empowered to purchase a site for a public building, and that the Council should be empowered to borrow money for the purpose.

Newland, Tarlton's ANNOUNCEMENTS.

GENUINE LAMP DARGAIN.

2096 acres 19 miles from Soy. Well watered. 2000 acres suitable for flax, coffee. 20 acres coffee in bearing. 4 acres fruit machinery and tools. 12 head oxen.

Price Rs. 50,000.

DELCO-LIGHT

Electricity is becoming more essential every day for lighting purposes. It is quickly replacing the old fashioned oil or gas lamp.

Electric light is within the reach of every person of moderate means, owing to the invention of small combined power plants similar to "Delco-Light." This will be observed from the figures appended, that Delco-Light is cheapest lighting plant manufactured. The makers are able to sell at these prices because they produce the machines in the thousands. Each machine however, is tested separately before it leaves the works.

What Delco-Light is. Delco-Light is a small combined Paraffin engine and dynamo. The current when generated, is stored in a battery. By this method a considerable amount of energy is saved, which would be wasted otherwise. The Plant is completely automatic. The engine is started by simply grasping a small handle with the thumb. The current from the battery flows through the dynamo, causing it to work as a motor. After a few revolutions the change is effected and the generator carries on automatically until the battery is fully charged when the ignition is cut out and the machine stops.

Fuel. The fact that Delco-Light uses paraffin as fuel is worth considering in East Africa. Owing to the scarcity of petrol many other lighting plants which work on motor oils have been put out of action, and the owners have suffered considerable inconveniences in consequence. In Delco-Light the fuel is so completely burned as is possible with any present day engine, and the exhaust is free from soot and quite clean, save for the slight haze produced by a perfect system of incineration.

The comparison between hurricane lamps and Delco-Light, leaves a balance greatly in favour of the latter.

One gallon of paraffin will light forty 8 to 12 candle power lamps of the hurricane type for one hour, which is equivalent to four hundred and eighty candle power hours.

The same amount of fuel used in a Delco-Light will run the engine for four hours. The generator voltage is about 57.5 volts, and the ampere hours 20 ampere. 57.5 x 20 x 4 equals 3000 watt hours. A 40 watt lamp is rated at 40 candle power, therefore, 3000 watt hours are equal to 3000 candle power hours.

There is a certain amount of loss of current in the wiring etc. which is however, negligible.

The balance in favour of Delco-Light is (3000-400) 2600 candle power hours.

Prices: No. 316 ½ K. W. 32 volt Delco-Light complete with 180 ampere hours battery. Rs. 180-0-0.

No. 316 K. W. 110 volt Delco-Light complete with 180 ampere hours battery. Rs. 800-0-0.

These prices are F.O.R. NAIROBI.

Quotations will be given for fittings, wiring, etc. on request, at any of our branches.

PELMANISM

Special Offer to Readers of "The East African Standard"
 THE Proprietors of the EAST AFRICAN STANDARD have pleasure in announcing that they have completed arrangements whereby Pelmanism can be brought within easy reach of their African readers. There has been a delay of some time in realizing for a course of instruction, now made to get a prospectus from Dr. J. H. Smith, and the delay is now being delayed in obtaining a plentiful supply of pamphlets and initial lessons. Pelmanism can be obtained from Nairobi, and all the necessary delay done away with.

How the Pelman System Work

The brain of a man is to all appearance no larger than that of a woman, but it does not follow that the woman's brain is smaller than the man's. It is possible to put the two brains of a woman and a man side by side and find that the woman's brain is larger than the man's. This is due to the fact that the woman's brain is more highly organized than the man's. The Pelman System works on the principle of using the brain to its full capacity.

TO-DAY'S FOOTBALL

Football in East Civi
GIBBOUD CLIP
The general opinion seems to be
that the final for the Gibboud Cup
will be played on October 22, will be
the other semifinal and in the
between Parklands and Christies.
It will be remembered that Park-
lands ground this afternoon.
The Gibboud Cup will be played
at the Albert Almond Cup and will
then meet Parklands last night, how-
ever there have been some
changes in personnel and positions
and as a result, the game this after-
noon should be worth watching.
Christies are playing on a new
pitch, have reorganised their pos-
sition, which on paper has the mak-
ings of a strong combination.
On the other hand Parklands have
made some changes. As mentioned
last week, these new arrivals in the
country will have to do in the
Kerry and Front, who, it is under-
stood, are experienced players.
Another addition will be
from the Parklands side.
The back, who has just returned
from South Africa, has not played
very much since he got back, but
will make a useful acquisition to the
forward line.
The following are the teams:
Parklands: George; Driver and
Buckley; Phillip, Higginson and
Schultz; Vincent, Wynne, Kerr,
Front, and Miller.
Christies: Reserve;
O'Leary and Cole.
Christies: Forward: Jolly or Wall,
Spencer and Taylor; Scobell, Row
and Wray.
Back: Byrne, McQueen, Robbin, and
Gordon. Reserve: Armstrong.

TO-NIGHT'S FOOTBALL

MOMBASA
Committee: Farrel & Co. Ltd.
FUND RAISERS

The general opinion seems to be that the first for the Ground Coy. to play for the season will be against Mombasa and Parklands. This is the opinion as to the first match, but still to be played tomorrow (Parklands and Ground Coy), who will try to continue on Parklands ground this afternoon.

It will be remembered that Parklands succeeded in defeating Mombasa a week or two ago in the semi-final for the Abilath Abilath Coy. will win the next match.

Since these teams last met, however, there have been extensive changes in personnel and positions, and it is not playing as well as usual, but has not improved the position. From the game in the second leg of a likely side, so that the result is in favour of Mombasa. The other hand Parklands have numerous changes. An instance of this was seen in the first match, when they will turn out in English, and will try to show a better record than all experienced players (Parklands and Ground Coy). Mombasa, the Parklands has managed to keep their best players (to go on to leave in South Africa). He will play this match as well as the other, which position he has not played in before in Parklands' history. It is known his speed will not do much, but will make a useful acquisition to the forward line.

The following are the teams:
Mombasa: Morgan, Brown and Hughes; Phillips, Higgins, and Roberts; Venn, Wynn, and Frost, and Miller. Reserve: O'Leary, O'Connell, and O'Connell.
Parklands: Jolly or Walls (Goal) and Taylor (Substitute); the other, and O'Connell (Goalkeepers).
Reserve: Reserve. Reserve.

TRANSPORT.
W. G. PERCIVAL,
part of **THEIKA & NYERI,**
Cars run to Fort Hall, Nyeri, points beyond, in
efficiency terms.

New Imperial

When we introduced the New Imperial side car contra. we
knew they must inevitably appeal.
Built especially to suit colonial conditions with 27" x 3" wheels,
a ground clearance of six inches and fitted with the celebrated H. B. P.
J & P engine, they are powerful and sturdy enough to haul you any
where. The side cars are most roomy and provide a luxurious ride for
your passenger and ample space for luggage.
One kick and the motor springs to life. A gradual release of the
hand clutch and the machine moves with the silky action of a high speed car.
If you desire to become an enthusiastic owner, place your name
on our waiting list.

PELMANISM

Special Offer to Readers of "The East African Standard"

THE PROPRIETORS OF THE EAST AFRICAN STANDARD have pleasure in announcing that they have completed arrangements whereby Pelmanism can be taught within any reach of East African students.

Students here have a day of four hours twice a week for a month of instruction, two months for a month of instruction. The course is complete and includes the study of the Pelmanist system and the Pelmanist system of the Pelmanist system. The course is complete and includes the study of the Pelmanist system and the Pelmanist system of the Pelmanist system.

The course is complete and includes the study of the Pelmanist system and the Pelmanist system of the Pelmanist system. The course is complete and includes the study of the Pelmanist system and the Pelmanist system of the Pelmanist system.

Now the Pelman System Work

The brain of a genius is all appearance on larger than that of an idiot. It is however a mere shell. It is however a mere shell. It is however a mere shell. It is however a mere shell.

New Imperial

When we introduced the New Imperial side car outfits, we knew they would inevitably appeal.

Especially to men of colonial conditions with 20" x 3" wheels, a ground clearance of six inches and fitted with the celebrated 8 H.P. J.A.P. engine, they are powerful and sturdy enough to take you any where. The side cars are most roomy and provide a luxurious ride for your passenger and ample space for luggage.

One kick and the motor springs to life, a gradual release of the hand clutch and the machine moves with the silky action of a high priced car.

They HAVE CAUGHT ON. If you desire to become an enthusiastic owner, place your name on our waiting list.

THE EAST AFRICAN STANDARD

CONTAINS A REVIEW OF THE

SATURDAY, OCTOBER 16, 1920

Among the various bills which have been introduced in the legislative assembly during the last few days, the one which has attracted the most attention is the bill for the amendment of the Motor Vehicle Act, 1918.

The bill is a long one, and its provisions are of a somewhat technical nature, but it is of considerable importance, as it will affect the interests of all motorists in the colony.

The bill is divided into several sections, and its provisions are as follows:—

1. To amend the Motor Vehicle Act, 1918, in relation to the registration of motor vehicles.

2. To amend the Motor Vehicle Act, 1918, in relation to the licensing of motor vehicles.

3. To amend the Motor Vehicle Act, 1918, in relation to the inspection of motor vehicles.

4. To amend the Motor Vehicle Act, 1918, in relation to the taxation of motor vehicles.

5. To amend the Motor Vehicle Act, 1918, in relation to the enforcement of the provisions of the Motor Vehicle Act, 1918.

The bill is a very important one, and it is to be hoped that it will be passed without any amendments.

The bill is a very important one, and it is to be hoped that it will be passed without any amendments.
