ELECTRIC POWER ORDINANCE 1910

Public Notice: I an application to be made for License to Authorize the Generation and Supply of Electrical Energy in the Districts of Meraga and Thera River, and to Authorize the Construction of a General Station.

Notice is hereby given to all whom it may concern that on the 29th day of Dec. 1909 Messrs MANANDA Limited of Meraga and Thera Rivers, will make application to His Excellency the Governor, Nairobi, for license to generate and supply Electrical Energy for public and private purposes in the areas hereinafter described.

The areas within which it is proposed that supplies of Electrical Energy shall be given are the farms situated: Meraga (Plots 121 and 122), Thera (Plots 121, 122 and 123), and one (Lot 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131 and 132).

The land on which the Generating Station is proposed to be constructed is situated on the North Bank of the Meraga River approximately 1 1/2 miles above the District Post Office at Bridge.

The Electrical Energy will be developed by means of Turbine and will be transmitted by means of overhead lines to the various points of distribution.

The work will be done in accordance with the Electric Power Ordinance 1910.

The machinery will be operated continuously, or so may be required in order to be used as a power house.

Consent of the Government is hereby given to the above-mentioned application, and the license is hereby granted.

Consent of the Governor is hereby given to the above-mentioned application, and the license is hereby granted.

AUTOMOBILE ASSOCIATION

General Meeting Agrees to Reduce Subscription

MORE MEMBERS THAN ANTICIPATED

MEMBERS FINANCIAL INSTINCTS

At 12.30 yesterday afternoon the members of the Automobile Association met for their general meeting at the Hotel de Ville, Nairobi. The meeting was held in the afternoon and was attended by 71 members.

The Secretary in explaining the objects of the meeting, read the minutes of the last meeting and the minutes of the meeting held on the 12th of October last.

The present financial position of the Association was explained by the Secretary, who stated that the Association had a surplus of £100.

It was then proposed that the subscription should be reduced from £10 to £8 per annum, and this was carried by a large majority.

Further to the above was read a report from the Hon. Secy of the Association, who stated that the Association had a surplus of £100.

The Secretary then read a letter from the Hon. Secy of the Association, who stated that the Association had a surplus of £100.

The Secretary then read a letter from the Hon. Secy of the Association, who stated that the Association had a surplus of £100.

ROAD BRIDGE

Main lanes involved in Urban

WAGES AND OUTPUT

The industry is on the verge of a revival. The road bridge is a most important part of the country's infrastructure. The construction of such bridges is essential for the development of the country.

It is estimated that the output of the road bridge industry has increased by 20% in the last year.

The increase in output is due to a number of factors, including the improvement in the quality of the raw materials used.

The industry is expected to continue to grow in the coming years, as the government continues to invest in infrastructure development.

The road bridge industry is a key sector of the economy, and its growth is essential for the development of the country.

ON THAT LONELY STRETCH OF ROAD

Miles from Home, Garage or Railway Station
Whenever bound and with just considerable time
get back before lighting up time. All drivers need
with the world, when without warning—Roads
before the horizon, the road is empty of all life
and the driver is alone with his thoughts.

The answer may be a long, long drive, with no one
to help you. You may be alone with your thoughts
and the road is empty of all life and the driver is
alone with his thoughts.
