TUESDAY, TUESDAY AND WEDNESDAY.

Some Romance.

Somehow you get your romance by street-sweepers and Chamberlains by a romantic climax.

The Welsh Singer.

This time the plot is provided from Alcega's famous book, featuring Florence Turner in the leading role. The plot revolves on a Welsh maid who comes from her husband taking her baby with her. The wife has a little girl. From this arises most romantic and touching scenes. The boy becomes a famous sculptor and the girl a singer. Poetry (the husband) comes on the scene and completes an interesting scene.

AN INTRODUCTION TO KENYA

On Saturday October 30th under the rules of the R. E. A. A. A., Charles Disney on an absolutely standard model 2; H.P. "NEW IMPERIAL" won the 350 c.c. Class on the run from Nairobi to Limuru and back.

FULL MARKS FOR TIME AND FULL MARKS FOR PETROL CONSUMPTION.

The journey of approximately 49 miles was completed on a petrol consumption of 142.5 LITRES TO THE GALLON.

The "New Imperial" has risen in esteem to its credit in the Old Country and we take pride in the fact that it has proved itself on the first public economy in Kenya.

There is no finer machine built... if you require a solo mount or side-car outfit, you can do it on a New Imperial.

THE
UNRIVALED
PERFORMANCE
OF THE
B. S. A.
IN THE RECENT
MOTOR CYCLE TRIALS.

The best performance in **PETROL ECONOMY** of the day was won by a
B. S. A. 4 H. P. Machine.
Ridden by
Mr. K. Milner.

The machine, **over 49 miles** on a very bad road, averaged
117 Miles to the Gallon

and was awarded first in its class for time and low petrol consumption, as well as beating all other competing machines from 2 1/2 to 3 1/2 days in the entire trials for low petrol consumption.

It is worthy to note that the winning B. S. A. has only been taken out of its crate two days before the trial.

The winning machine was lubricated with **WAKE FIELDS "CASTROL" OIL**, and was fitted with **DUNLOP TYRES & TUBES.**

Mr. McIvor, the rider of the winning B. S. A. has been awarded a **Special Prize** for his machine in having the lowest petrol consumption of any machine in the entire trials.

"THE WOOLER"

Taking into consideration the short time at our disposal to prepare this new machine, we feel well satisfied with its performance in the Trials.

The machine was only delivered to us a few days before the competition, and as the gear and carburettor are of an entirely new design, the riders in the competition were not by any means well acquainted with its special features, and securing as it did a second and third place in the splendid reputation it gained last year in ENGLAND, we have no doubt that this machine will keep up its record for petrol economy, and speed and reliability.

We have just signalled a fresh consignment of B. S. A. Machines, which you are offering at Rs. 1875 each (Bambai).

The consignment of "WOOLER" Motor Cycles just received are either small and orders should be placed with us at once to avoid disappointment.

Price Rs. 1775.

**WAKEFIELDS

Visible Petrol Hats

THE MARKABLE PERFORMANCE OF THE B. S. A. IN THE RECENT MOTOR CYCLE TRIALS.

The best performance in PETROL ECONOMY of day was won by a

B. S. A. 4 H. P. Machine.

Ridden by

Mr. K. Malver.

The machine, carrying a load of 400 lbs. on a very bad road, averaged

117 Miles to the Gallon

and was awarded First in the Classifier class and low Petrol consumption, as well as beating all other competing machines in the 100 mile trials.

It is worthy to note that the winning B. S. A. had only been taken out of its crate two days before the trial.

The winning machine was lubricated with WAKEFIELD'S "CASTROL" OIL, and was fitted with DUNLOP TYRES & TUBES.

Mr. Malver, the rider of the winning B. S. A. also secured a Special Prize for the best performed by his machine in having the lowest petrol consumption of all machines in the entire trial.

"THE WOOLER."

Taking into consideration the short time at our disposal to prepare this new machine, we feel well satisfied with its performance in the Trial.

The machine was only delivered to us a few days before the competition, and as the gear and adjustment were not by any means well acquainted with its special features, and scoring as it did, a record and third place in its class we have no doubt that the machine will keep up the splendid reputation it gained last year in ENGLAND.

We have just unpacked a fresh consignment of B. S. A. Machines, which we are offering at Rs. 1875 cash (Banks).

The consignment of "WOOLER" Motor Cycles just received was rather small, and orders should be placed with us at once to avoid disappointment.

Price Rs. 1,575.

WAKEFIELD'S "CASTROL" MOTOR OIL

The Oil that circulates everywhere.

Let Motor Cycles in Holland. The winning CAR was lubricated with FORD "CASTROL".

Let Motor Cycles Thine in Holland. The Winning Cycle was lubricated with "O" "CASTROL".

Miles from Home, Cottage or Railway Station
homeward bound and with just comfortable time
get back before lighting up time. All returned
with the world, when—without warning—blows
through the bonnet, accompanied by a cloud of
black smoke. In a few moments the car would have
been destroyed by fire but—

The owner was a distinguished officer. In the Army he had
served, not only on cars, but on horses, tanks and aeroplanes.
Now he has a Pymon Five Ringerette fitted on his own car. Instead
of having a cloud of black smoke, his car burns, he calmly
drives on, the blower petrol with Pymon.

Fit a Pymon on your dash board, and in your Garage
will thereby OBTAIN A REDUCTION IN YOUR
INSURANCE PREMIUM.
