**NON-COOPERATION**  
 Reply to Criticisms Made by Mr. Mwangi  
 To the Editor: I have read with interest your article in the Standard of the 11th inst. regarding the non-cooperation movement in Kenya. It is a pity that you should have been misled by the views of Mr. Mwangi in your article. The non-cooperation movement is a movement for the liberation of Kenya from British rule. It is not a movement for the annihilation of the British race. It is a movement for the liberation of Kenya from British rule.

**IMPORTANT CABLE NOTICE TO MERCHANTS & SETTLERS**

It is with pride we advise our esteemed clients that we have succeeded in interesting the very well known house of **Henry W. Peabody & Company** of London, in Kenya Colony. They will in future act for us, and we for them, in the conduct of our extensive business. No introduction is needed of so eminent a shipping firm, which is another sign of the growing interest of the Commercial World in our young Colony.

Clients shipping produce, machinery and merchandise through us, will receive the benefit and attention of their world wide organisation.

Pending the arrival of the undersigned on the "Garth Castle," consult our office "Peabody House," (last McCrae's Buildings), Government Road, Nairobi, P. O. Box 287.

### ON THAT LONELY STRETCH OF ROAD

Miles from Home, Garage or Railway Station; however bound and with just a few minutes time to get back before lighting up time. All needed? Well, with the world, where—without warning—flames burst through the bonnet, accompanied by a cloud of black smoke. In a few moments the car would have been destroyed by the fuel—

The driver was a distinguished officer. In the Army he had been Prime used, not only in cars but in lorries, trucks and ambulances. Now he has a Pirelli Fire Extinguisher fitted on his own car. Instead of having to stand helplessly by the roadside, he calmly extinguishes the blazing petrol tank.

SOME NEWS FROM THE EAST  
WHAT ARE THE PROSPECTS?  
A few days ago the Government announced its intention to publish the results of the 1920 election. The results were not very encouraging, but the Government has decided to continue its policy of reform. The Government has also announced that it will continue to support the League of Nations and will continue to work for the establishment of a permanent court of international justice. **IMPORTANT CABLE NOTICE TO MERCHANTS & SETTLERS**

IT is with pride we advise our esteemed clients that we have succeeded in interesting the very well known house of **Henry W. Peabody & Company** of London, in Kenya Colony. They will in future act for us, and we for them, in the conduct of our extensive business. No introduction is needed of so eminent a shipping firm, which is another sign of the growing interest of the Commercial World in our young Colony.

Clients shipping produce, machinery and merchandise through us, will receive the benefit and attention of their world wide organisation.

Pending the arrival of the undersigned on the "Garth Castle," consult our office "Peabody House," (late McCrae's Buildings), Government Road, Nairobi, P. O. Box 287.

### WATER RATE CASE

Special Fair & Graily and increased  
**APPEAL LOGGED**

The water rate case recently made against the Corporation of Nairobi for the proposed increase in the water rate from 10/- to 12/- per 1000 gallons per month, has been appealed to the Nairobi Municipal Council. The appeal was lodged on the 11th inst.

The Corporation of Nairobi has been notified by the Municipal Council that the appeal has been accepted. The Corporation will be required to pay the water rate at the rate of 10/- per 1000 gallons per month. This decision is a disappointment to the Corporation, as they had expected the appeal to be dismissed.

The Corporation has decided to appeal the decision of the Municipal Council. They have appointed legal counsel to represent them in the matter. The Corporation is confident that they will succeed in their appeal.

The Corporation has also announced that they will be increasing the water rate to 10/- per 1000 gallons per month from the 1st of January 1931. This increase is necessary to cover the cost of the water supply.

The Corporation has also announced that they will be increasing the water rate to 10/- per 1000 gallons per month from the 1st of January 1931. This increase is necessary to cover the cost of the water supply.

**ON THAT LONELY STRETCH OF ROAD**

Miles from Home, Carage or Railway Station, homeward bound and with just comfortable time to get back before lighting up time. All second and third with the world, even without waiting-flame has through the bonnet, accompanied by a cloud of the smoke. In a few moments the car would have been destroyed by the heat—

The driver has a double-valve effect. In the Army he had the Piston used for his own car but he had to wait. How long in a Piston? The Piston was fitted on his own car, instead of being to send his own car to the garage, to get the car when the Piston was not there.

FRIGERIO has the Piston used, and in your Garage will surely OBTAIN A REDUCTION ON YOUR INSURANCE PREMIUMS.

IT is with pride we advise our esteemed clients that we have succeeded in interesting the very well known house of Henry W. Peabody & Company of London, in Kenya Colony. They will in future act for us, and we for them, in the conduct of our extensive business. No introduction is needed of so eminent a shipping firm, which is another sign of the growing interest of the Commercial World in our young Colony.

Clients shipping produce, machinery and merchandise through us, will receive the benefit and attention of their world wide organization.

Pending the arrival of the undersigned on the Garth Castle, consult our office "Peabody House" (late McCrae's Buildings) Government Road.

## KENYA'S FUTURE: AGRICULTURE, THE OUTLOOK

The following is a review from the "Wharfedale Times" (London) on the subject of the future of agriculture in Kenya. It is a very interesting and valuable contribution to the subject. The author, Mr. J. H. M. ...

The progress of Kenya has been rapid and steady. The Government has done much to improve the country and to bring it up to the level of the other parts of the Empire. The future of agriculture in Kenya is a subject which has attracted much attention in recent years. It is a subject which is of great importance to the Government and to the people of Kenya.

The Government has taken many steps to improve the agriculture of Kenya. It has established many agricultural schools and has provided many facilities for the farmers. It has also taken steps to improve the marketing of agricultural produce. These steps have done much to improve the agriculture of Kenya and to bring it up to the level of the other parts of the Empire.

## Recommendations and Criticisms by Municipal Committee

### IMMEDIATE ACTION TO BE TAKEN

RESOLVED AND INJUNCTION TO BE TAKEN

The Municipal Committee, at its meeting on the 11th inst., considered the report of the Waterworks Engineer, Mr. W. B. Maxwell, on the subject of the water supply to the town of Nairobi. The report was a long and detailed one, and dealt with the various aspects of the water supply, including the quality of the water, the quantity available, and the cost of supply. The Committee discussed the report at length, and made several recommendations. It was resolved that the water supply should be improved as soon as possible, and that the water should be of a high standard of purity. It was also recommended that the water supply should be made more economical, and that the cost of supply should be reduced. The Committee also considered the question of the water supply to the various parts of the town, and recommended that the water should be distributed more evenly. It was also recommended that the water supply should be made more reliable, and that the water should be available at all times. The Committee's recommendations were adopted, and it was resolved that the necessary action should be taken as soon as possible.

It is to be hoped that the necessary action will be taken as soon as possible, and that the water supply to the town of Nairobi will be improved. The water supply is a very important matter, and it is essential that it be of a high standard of purity. It is also essential that the water supply be made more economical, and that the cost of supply be reduced. The water supply should also be made more reliable, and the water should be available at all times. The water supply should also be distributed more evenly to the various parts of the town. It is to be hoped that the necessary action will be taken as soon as possible, and that the water supply to the town of Nairobi will be improved.
