SATURDAY'S RACING
English and Country Bred Horses
Take Eight Events.
HINTS ON HANDICAPPING.

SOME REFLECTIONS ON THE MEETING.
(By "Robert le Diable.")
In dull cold weather, the second of our local race fixtures was held which was won by Lady Maclean, who was practically flying him to boot. The race on Saturday. The attendance was much larger than the first day's meeting.

Foids were big, but the racing was not so good as it might have been had the handicapping been done by three lengths. I am always very much nearer the mark. This is a case of the first of many things that shows signs of the most of the "improvement" otherwise, I fear Lady Maclean on her success, also, that racing will become a most popular sport in the Colony.

Eight days that race were on Saturday, and every one of them was won by odds or favorites, as the second race on the card was a case of the best horses of the day racing in any other country. The usual cry is that the "Book" will not lay the odds, but I can assure my readers, and those who have a knowledge of racing will agree with me, that it is not about the race. In one of the first of many things that shows signs of the most of the "improvement" otherwise, I fear Lady Maclean on her success, also, that racing will become a most popular sport in the Colony.

"LITTLE MILLER." The second race on the card was a case of the best horses of the day racing in any other country. The usual cry is that the "Book" will not lay the odds, but I can assure my readers, and those who have a knowledge of racing will agree with me, that it is not about the race. In one of the first of many things that shows signs of the most of the "improvement" otherwise, I fear Lady Maclean on her success, also, that racing will become a most popular sport in the Colony.

A GOOD STING.
Though the weather was dull and cold at the early stages of Saturday's meeting, it was quite a treat to have a kick at the fiddlers of some of the horses in the paddock before their races.
Mr. C. B. Clutterbuck's string stood out prominently and looked as hard as a trainer could make them. Every one being wound up to a pitch and the owners were well compensated (as far as races go) for their work, having seen six races out of a possible seven.

Bees, who is a fine upstanding horse of a little over 10 hands, was stood out prominently among the string. He is by Somerton (the well known English grey horse) and is owned by Harewood, and one of the importations from England.
One of the features of the meeting was the fine performance on the part of our country bred King, which Little Miller and Emma (the latter so well assisted from the saddle) defeated the military and of Talan Hill was a treat and an encouragement to owners of English and country bred horses.

Out of the nine races that were got through, only one South African horse was seen in winning order, and that was Purcell, the winner of the Makyns and West Kew Handicap. Chase under the capable and experienced assistance of Mr. C. P. B. Haggard, who is one of our best connoisseurs.
It is hard to understand why all Africa bred horses that are sent to this country should be so much of a failure. It is thought that they are sent to this country to be sold as a means of making a few dollars, and that they are sent to this country to be sold as a means of making a few dollars, and that they are sent to this country to be sold as a means of making a few dollars.

THE LAST AFRICAN STANDARD.

sent to the front and remained there until about a fortnight ago, when Mr. Clutterbuck on War Bony was put on. It is to be hoped that the race in hand was not a real good sporting race, only by 1 1/2 lengths. This is a thing that should be appreciated by the public. Had Mr. Clutterbuck chosen not to go to the front, he could have made the race a walk over. Instead he made the race as sporting as possible, for the sake of the two candidates in the race, and did not sell the public a false victory which would have done him no good.

Rowden's connection strongly in favour of the latter, and he was thrown into the race, for he was only asked to give his consent at David Hoop Handicap, and he was installed a second round winner of the race, 10 to 1 being awarded the Pal. Pk. 100s.

The eighth race was a good race, and the winner, Mr. Clutterbuck's colt, was a fine specimen of the breed. He was trained by Mr. Henry Bony, who is a well known name in the racing world. EUROPEAN EDUCATION. Editor "E.A. Standard." In a recent issue reading Mr. Moy's article in explanation of the Director of Education's views on the proposed new scheme for the Education Council, I have made further enquiries. I am glad to hear that the Government has made such a decision. It can only prove to be a vast relief to so many who are as competent as he to fill the shoes of the Director of Education. I agree with Mr. Moy that the Director of Education is the man for the job. I am glad to hear that the Government has made such a decision. BISHOP'S IN LONDON. Can Missionary Work Prevent a Colour War? From our own correspondence. London, June 30. The forthcoming meeting of the Anglican Bishops, who are to meet at Lambeth Palace, has already had a great deal of publicity. It is interesting to hear that the Legislative Councils are so busy on the question of Bismillah that they have not yet had time to consider the question of Bismillah. O-T is quite the thing now. A grand drink it is too!

O-T is a delicious, piquant, stimulating drink for all occasions, and at all seasons. It can be diluted with cold soda, or hot water, and it blends perfectly with whisky, brandy, gin and wines.

O-T is an excellent chills-killing stimulant for carrying in the pocket-belt when travelling, shooting, hunting, fishing, etc.

O-T promotes appetite and aids digestion. A nip taken neat acts as a valuable soothing tonic.

Gymkhana once again Defeat Kauri's

POOL GAME

On Saturday last Gymkhana and Kauri played a very interesting and well-contested match for the championship of the city. The match was played on the lawn at the Gymkhana Club and was watched by a large number of spectators. The result was a victory for the Gymkhana team by 100 runs.

LOCAL FOOTBALL

Calendonians Divide Points with C Service NEARING THE END

Calendonians met C Service on Saturday afternoon, in the first of the series of matches which will decide whether or not Calendonians will be able to win the Double Cup competition...

After the display that C Service put up against Railways on Monday last when the leaders in the league were only on parity by an odd goal, it was considerably expected that there would be little to choose between the teams on Saturday.

As it turned out, the match was fairly even and ended in a draw although Calendonians had more of the game. The latter team might have won, but for their same old weakness in front of goal.

During the first half of the game the class of football was not particularly bright but after C Service had equalized within a minute of the interval the game was considerably and during the latter portions of the contest there were quite a number of interesting passages.

Calendonians' strong department was the half line where Mootie shone. The backs, particularly heading were right out of their form.

The forwards played their usual game, the forwards in the mid field, often in front of goal.

The remarks concerning Calles, also apply to Service. The forwards were not over convincing, the halves topping and the forwards were not convincing. However, it was a fair amount of hard work.

The Team

The following team lined up as follows: C Service: Brown, Edwards, Goodwin and W. Atwell, Brown, Johnson and Cripps, Irvine, Armstrong, Deham, Robins and Jolly.

Calendonians: Ogilvie, Spedding and Paulsen, Stewart, M. J. and D. Brown, V. Johnson, Patterson, Ford, Hinch, Parsons, A. Watson, Balfour, M. H. Sheridan, Lumsden, Mearns, Hunter and Barnard.

Service set the game going with one man shot—Sparrow (Goal) dropping back to his place. Calendonians first forced the pace but were by no means dangerous. Without missing a shot, Service retained ball. They were only having four men in the forward line. They were not intimidated by the appearance of Jolly, and again traded the Calendonians out in spite of a somewhat weak defence by the backs. They only scored in beating the half back over the ball.

Calendonians were the first to open the score. W. Brown taking a pass, swung in a nice centre sending Penderleth in to rub in a goal. The ball into the goal mouth.

Penderleth again scored a fairly nice goal. A nice centre kick, when taking a pass from Stewart, but the three half backs of the side.

As the game went on, a frantic struggle for both teams pressing in form. The respective forwards however were not at all on the same level. The game was a close one, and missed a number of excellent opportunities, mainly through selfishness.
