a use of the same steamers for a from South Africa, continued

me of the longest partods of ge between Durhan and Momhad been taken by Union-Castle. Those of them who had been outh Africa knew the mentality suth Africans. There was only lite in the world and that was impossible to start tampering with a altering the currency, and he dosized most emphasically that the inthe codection of a starting currency to
could be of any advantage to the
country in any single way save one,
i.e., that possibly prices would to a
retain extent drop. Many disgreed even on this point.

Capt. Anderson said that he was C for the introduction of a shilling recirage, and thought its introduction of into quotations, especially for some it of the smaller necessities of life, h

Finally in this question of currency TREASURE AND CUMBERCY. Mr. Rishhorn saids be cold not use how the introduction of the shilling would affect the cost of iring. It might help. The question was considered by the Government some time ago and the Seembary of State and written stating that it was necessary to issue florits in the first place; they were lead tender for any sum they were they were lead tender for any sum.

ings. As soon as an adequate ply of forms was available the boy duction of shiftings would be period as much as possible. Reference had been make, at timed Mr. Rushton, to profession with the control of the profession of the pro

these preclased country gree was been had to be made good. Whe an had been made good profits of the second of the

ago of this country is now guaranteed by Great Bertain and arrangements had been made that the Currency Board would recal money home at a per cent, or bring it out if the banks did not do so.

There had bean some confusion to between coinage and exchange; the energian had been definitely actiful for by the Secretary of State, and Mr. in Hushton said be thought it very wise. St. Major Grant replied to the debate on the proposition was lost by eight movines to nit.

SHILLINGS.

Capt. Anderson then moved:

"This Convention is of opinion re that the retention of the florin to the standard coin of the Colony must be most detrimental to the further de-II velopment thereof, and advocates the mitroduction of shallings and the ye quotation of prices in this coin."

Mr. Solly thought the question was one for the Government and on for themselves. They understood the shillings would be introduced as soo as enflorest quantities were available. It was up to them to give their quotations in shillings.

Mr. Roshton said he felt of
H.E. would wish him to say for it
information that it had been a
posed to introduce a shilling at
eard. They did not know how
that proposal would fare and w
the result would be.
In reply to Mr. Schwartze,

nt. The notes he believed whing printed for Fls. 10 or £1, the rate of Fis. 10 to the & The motion was lost, as was thought on the this Convention is of open that Government account

should be kept in floring and cet and that the present system of he ing such accounts in sterling is u less and leads to unfilessary our sign.

Cant. Anderson next put be

"That this Convention welcos His Excellency's statement that Government are considering question of a land bank." In view of that, Capt. Ander The Holes and one works

Mr. Bunhamm pointed out it is not country was different from the Bank Africa. They revely get update those for mall bane. He explicates was the lones two possessed at left of \$2,000, \$24,000, or \$20,000, 1 ander \$400 or \$500. He questioned it, but the expirit world he emerge.

Capt. Anderson moved: The this Convention shows the obeyability of putting a Tar on Petrol.\* The tax, and Capt. Schwarte could be felt very little, would be say to collect and would be a rai and equitable one. All should leavout the personal element, that they

Major Grant said the cost of petrol hose was 60. 3d per part of the higher than in any other part of the world, and asked if Capt. Schwarten proposed a file rate, or, as in Register Commercial users, and come others such as doctors, were exampted, and was the price of extent to be reduced.

sog Capt. Schwarten replied that its up impossible to get the grow impossible to get the grow in jetter reduced an the supply as a the hands of monopolists, thoug in the understood another firm we or going to import.

it magni or going to import to have more The resolution was put and country. ried.

Mr. Attenborough next are:

Metabolico and the lindequate of the lindequate of the Veterinary Department of the whole of the Weter and the Weter and the where double incestation is cruelled to the whole double incestation is contextually in any of the work of farmers who are who are with the work of the work

own risk."

The Chairman asked if any good could come of this resolution as the subject had frequently been discus-

Mr. Basteri opposed the rest

Major Kennedy (Acting Chie Veleginary Officer) explained the difficulty. that the Veterianry Inpartment could not be estimated as stock had been properly incomlated in the country incomdens, and seem to broad had not depend on the broad had not known the country incomtain the country income and the country which eattle had have been all and which had not.
