> A Reverie of the Shore.

(By a Home Banker).

With the exception of elimbing the snow-clad steeps and plateaux of the Alps, or roam-ing over the glorious Judean hills, so rich, not only in stirring sesociations of the great past, but also or replete with sublimity and natural grandeur, purhaps, to the ardent

pub. But also we replies with subfinity and starting granders, perhaps, to the artisat polasities, few more attraspire recreations, and a substantial polasities, and a substantial polasities, and include the polasities of the polasities of the polasities, polasities, and illumines the rippling cosan in a show of fashing girls; while the moring forces, charged with occors from the moring freeze, charged with occors from the hausts of more, and is in the unidst of the solid is a thrilling root, there is accupationally in the hausts of more, and is in the unidst of the solid is a thrilling root, there is accupationally in the horolar of the polasities of the wavegirt, rock-bound above; there is accupationally in the mories of the waveg, in the rotales of the shorelar of the miscoline shortering of the good pupil. And as with tangent sep, now now along the flower-adorned frings beneath the lotty elff, and now again on the dry life and the lotty elff, and now again on the dry life of the transport of the contrast of the con-trast that halves line insued, two now and the lotty with the solid of the con-trast that halves line insued, two now and the solid polasities of the con-trast that halves the hearing of the molecule amongs its many-host hearing, or has climated for great and the polasities, or has climated and the case the footprints evidently of, And here are the footprints evidently of, search for ammonites and other relics of to far off past.

And here are the footprints evidently of

affianced pair, there in the distance seated on a rock, who perhaps on this very walk have plighted their troth, each to the other, and are plighted their svols, each to the other, and we now jeyously looking forward to the time when head in lead together they will abase of life. Aye, and if they together (ive the life of life. Aye, and if they together (ive the life of the righteons, serving their God, and, through the melalization of their Relement, misleded's their names are written in the Book of Life, they will continue that heapy friend-ship and concord in that Eternal Resim where all is supprementely and never, ending

THE BUDGET.

Now it came to pass in the days King Edward,—this is King Edward who reigned from the river Than muto the ends of the earth—that Day (Lloyd George) the keeper of the e chequer, wared valuent in fight in matters of state.

David was forty and five years old when be introduced his great budget into the House of Commons.

And when he had made an end of intr-ducing it he departed into the dinin-hall of the House and there did eat.

And all the men the old parliamentary hands, marvelled greatly at the in-genuity of David, and some said: "Asquith hath stain his thousands and David his ten thousands."

Now when David had finished eating Chinese pork in the dining hall of the bouse, he departed unto Newcastle on-Tyne and there made a great speech, that he stirred up the eavy of the And when these had met together in

It came to pass even on the next day

And David remembered the Chinese pork; and he lifted up his Cambrian vocal tubes and wept sore.

Well it came to pass that his man servant heard the right honourable

14. And when David had dodged the suffra-gettee on his way back to the railway station, be took train to London.

And he said there unto his followers, in a voice choked with ginger pop; "Draw ye towards Hyde Park and there will we confound the faces of the rish men of Park Lane." How-beit some of the rich me secaped by the backgreen, over the garden wall.

Then arose the intrepid daughters of London crying with a loud voice:
"Votes for women! Votes for women!"

And they pressed the members of the Cabinet very sore, so that these ran for safety to Downing Street even to the house of one, Henry, the prime

But the suffragettes did strive for the mastery and one rang the big bell the front door.

the front door.

And when the hig bell brought on answer, they did whack the panels of oaken door by means of an iron in more real to the control of Westernister did take action. Set of Westernister did take action.

Howbeit she cried with a loud voice even in the cell of the prison; "Vote for women, Votes for women!"

And it came to pass that same night, that David and Winston,—Winston was one of David's mighty men of valour—passed through the lobbies of the House in their pyjamas. Selah.

SCIATICA AND RHEU-MATISM

Homes with his clother rent—for he had secondered the suffrageltanand so it was when he came to David hala he did obtained.

And David said unto him "From list watur. A service of the whomes connect hort "And he said" had he did obtained the said had been serviced to the whole boggers.

And David said unto him "From list will. A service of the whole of the said had been serviced to the said ha

respectfully.

(Signed) "GUN Barnow."

Nearly six and a half rease there Mr.
Barrow added ... I stand by all said for well it came to pass that his man barrow anote; — (seems by an said to servan heard the right honourable howling and he said in his heart: "My years 2go; and although I always 122 to keep localise to the great the medicine handy, I am glad to say there the medicine handy. I am glad to say there were the said of the service are the medicine handy. I am glad to say there were the said of the service are the said of the said of the service are the said of the said the medicine handy, I am glad to say the has been no sign of the sciatics returning."

meeting."

12. So he brought David a savoury drisk called a coektail and the valunt hears of the warrier was refreshed within him, as he saked for another.

13. Then he drank once more and sidressed the great needing, as that the people should! "It is the voice of a gold the refreshed to the great needing, as that the people should!" "It is the voice of a gold the refreshed to the great needing.

up or down, and closer to inflamble material than could any other artificial light.

When the work has been well carried out, without doubt the electric light forms the safest of all known illuminants. This opinion is endorsed by all the largest fire insurance offices. It is only those who being unaccustomed to the beauty of the light, regard it as a toy and burn current unnecessarily, who find it more costly than other methods

of illumination.

To users of industrial machinery. it is the most economical system of obtaining power. By the use of a motor which needs but little—if any—personal attention, Boilers, Engines, etc., and the expense of Engine, drivers, stokers, etc., are done away with and work done is in onsequence both cheaper and better.

Continental Correspondence. The export of flowers and fruit from Italy

increased in the most astonishing man-in the course of the last law years. Most uskable of all has been the export of fresh nor in the course of the last law years. Allow fruits, especially applies and pears, and in a miner algore peaches, apricets, and cherrent and a second pears of the course of the cours exports, now hardly amount to that the number of lemons exported. Italy ships more almonds abroad than Spain, France, Portugal and Morocco together; in 1907 these nuts were exported to the value of 30 million lire. In this case, too, the best customers are Germany and Austro-Hungary. The same thing holds good for nuts, which Colonista who start an Electric plant is a public bendactor, and day, leading the plant is a public bendactor, and day, leading the plant is a public bendactor of an electrical undertaking in a new country is a public bendactor or not there can be no doubt that a town which is receiving a great benefit.

A certificate of the signs act, Monlassa. A certificate of the of the English Patent Office, must be lodged at the above mentioned. Secretary's office, tegether with four copies of the trade mark. The fee for registration is five reports.

Uganda Railway Extension.

In reply to Mr. Rees, Colonel Seely (Liver-pool, Absercemby) said in the House of Commons—The question of constructing a short line of railway from Jinja on the come of the below the Ripon Falls is under consideration, but it has not yet tracked the stage at which a definite reached the stage at which a definite for the consideration with the matter. This is that only worth the colly well as the colly with the colly worth of the collection which is contemplated at measurement.

The disagreeable feat of travelling can be overcome when you have a bottle of Abbey's Salt with you. A change from the daily

routine of living brings Headaches, Biliousness and Constipation, which are so frequently incidental to travelling Abbey's Salt will almost instantly relieve you of these disturbers of pleasure by its soothing feet on the Stomach, Liver and Bowels.

THE UCANDA TOBACCO EXPERT'S REPORT FOR OCTOBER.

Soil -To prevent as far as possib them no indiscenses to remain. This treatment appears to answer in the case of our-worms but unfortunately not in case of mild-w, and in spite of all precautions the first vasible signs of it appeared on the plants when they were 65 days old. Those, hod-ever, with small and light coloured leaves remained must free from this curse, and it is superfixed to the coloured leaves to the coloured leaves to be compared to the coloured leaves to be compared to the coloured leaves to the

selected. To make more super parallel control of the previous parallel cascate to those of the previous sample but were less uniform in colour and much labour saved in consequence, and the colour saved super control of the colour saved colour saved control of the colour saved c kept for seed production.

Soil: TO PLANT ON IN FUTURE.—If the
Tobasco Experts supposition proves to be
correct, r. that he soil of the highes part
of the hill not only produces mildew/free
leaves, but also small and beautiful yellow
leaves having a good burning capacity and
leaves having a passing will be done lower
down, and the planting will be done lower
as the product of the planting will be done to be
same spot where their are now.

CURING BARN .- To secommodate the green The Report for November.

Much rain fell this month which was Much rain termination of the many avourable to the growing crop but a means of spreading mildew. The many rainy and foods days would have proved disadvantageous had the tobacco been ripening as the quality would not be as good and the colour of the leaves darker. No hall occurred.

of the leaves darker. No hall occurred. SEED BERS—The last of them were sown on the 24th, the specilings which they will produce being ready for transplanting, in the first week January, after the time the dry season comes on and it that time the dry grow so well, heside the fact that much time will be occupied in reaping and curing the tobacco leaves. PLANTING.-In all about 65,000 seedlings
