**PLATEAU CLEANINGS.**  
 (From Our Own Correspondent.)  
 Eldoret, June 18.  
 Ngumbi cleaning is pretty rare;  
 recently I reported that one belonging  
 to Col. Kirkwood was taken by a  
 lion near the station, while this week  
 we have had another belonging  
 to Mr. Lovemore was taken by a  
 lion near the Duckpond quite close  
 to Eldoret.  
 The mention of the Duckpond re-  
 calls many pleasant outings I have  
 had there with fellow sportsmen;  
 about this time in previous years  
 the pond has been alive with flocks  
 of geese and ducks, a veritable para-  
 dise for the lion shot and one was  
 always sure of bringing back a few  
 brace wherewith to refresh the  
 larder, but this year owing to the  
 lack of rain the water has been so  
 low as not to warrant the time and  
 expense of getting there.  
 Prices of live stock are dropping  
 gradually; at yesterday's local auc-  
 tion sale cows with calves fetched  
 from Sh. 70/- to Sh. 100/- whilst  
 steers and branded oxen ran from  
 Sh. 60/- to Sh. 90/-; I know of an  
 instance where a farmer offered  
 seven choice pigs of suitable size  
 to the bacon curer, but imagine his  
 astonishment when the latter's offer  
 amounted to Sh. 50/- for the lot!  
 This works out at less than a penny  
 a lb., yet that curer's bacon is be-  
 ing sold at Sh. 1/60 in the shops.

**Church.**  
 When the ladies take up a matter  
 seriously, there is no one to their  
 enthusiasm and just now they are  
 very very busy in connection with  
 the approaching produce sale on  
 behalf of the Church building fund  
 which is fixed for July 1. Offers  
 have come in most generously and  
 a very successful day is anticipated.  
 There will be competitions to pro-  
 vide the touch of amusement, for  
 which handsome prizes will be offer-  
 ed, whilst luncheon and tea will be  
 provided during the proceedings.  
 There is every probability of a dance  
 being held in the town the same  
 evening to complete a very full day.

**Postal Matters.**  
 At last we are likely to get a  
 decent postal service for the  
 Plateau and Trans Vindhya; during  
 the last twelve months the service  
 has been run from Kisumu to Eldoret  
 via Kitale and Hoey's Bridge  
 by the P.W.D. but the days of arrival  
 have been so erratic that the public  
 has been driven to distraction. We  
 have not yet had any news of the  
 affairs quite long enough; the  
 excuse has invariably been the  
 breakdown of a car which always  
 happened when the English mail  
 was about. The transport work  
 was recently put out to public  
 tender and a wire has just come  
 through that Messrs. O'Brien & Co.  
 of Eldoret have secured the contract  
 in face of keen competition from  
 all the parts of the country. I un-  
 derstand this firm intend using  
 the Ford for which they are the  
 agents up here. For this change by  
 the postal department we are truly  
 thankful.  
 I had the pleasure of hearing a  
 new advocate to the Plateau in the  
 local Magistrate's Court this week;  
 the gentleman in question is Mr.  
 Denis O'Neil who has succeeded Mr.  
 W. A. Shaw, I think I would rather  
 be let for me than against me judge  
 by the way he handles his  
 cases; Paddy's demeanor is particu-  
 larly smart in his dangerous  
 moments.  
 Mr. Briscoe has arrived to take  
 charge of the local police vice  
 Capt. Riss, who is proceeding to  
 England this week on leave.

**Sport.**  
 The day of the much-talked-of  
 soccer match between the Plateau  
 and Nakuru has come and gone; it  
 was a pretty sight to see the string  
 of spectators sitting or leaning down  
 the roadside to watch the game.  
 Kisumu to be sure the result of the  
 accounts of the match given to  
 me by several members of the  
 team, it seems that the final result  
 of four goals to three would have  
 been recorded had Turin, who is  
 the Plateau's chief goal keeper, not  
 been injured. However, better luck  
 next time but we must not forget  
 to congratulate the Nakuru team on  
 their victory.

**Hospital.**  
 A startling rumor is going the  
 rounds that the Government intend  
 closing the hospital. I dare not  
 state this authoritatively and do  
 not care to discuss the matter until  
 it is officially announced. Man-  
 y of us naturally hope that the  
 rumor has no foundation in fact.  
**The Indian Problem.**  
 Major Macdonald addressed a  
 very large meeting of soldiers at  
 Eldoret yesterday in connection  
 with the Indian problem. He said  
 very fully with the very serious state  
 of affairs now existing in India and  
 warned us to be prepared for a  
 similar position arising in Kenya.  
 The address was listened to with  
 the greatest interest, and it was  
 pointed out that the Indian  
 problem is a very serious one.

#### KANONI

**MAJOR J. A. MACDONALD'S ADDRESS IN THE KANONI DISTRICT.**

On June 14, Major J. A. Macdonald, in the course of his tour, addressed a meeting in the Kanoni District.

The Chair was taken by Major H. Stone-Davis, the President of the local Association, who, in introducing the speaker, said that he was sure that all concerned this opportunity of hearing Major Macdonald give his own personal account of the condition of affairs in India, and what he had done of value in India or present in this country.

For some time all active discussion of this question had ceased by the request of our leaders in Nairobi, but people living in out-districts were rather apt to forget all about it under these conditions. He was sure that Major Macdonald's visit would revive the interest which should be taken.

Major Macdonald then spoke, dividing his address into two parts. Firstly he spoke of the altered conditions of affairs in India at present, the lack of unity felt by all Europeans, and the humiliations which they have to bear. He then dealt with the different plans which were being put into execution for the betterment of the country, and the part of the Indian who had any thought for the future Kinyas to band together to do what they could.

Major Macdonald then asked for any questions on the subject, when Mr. A. F. Williams asked as to how in this matter had been considered from the point of view of the native African, as the integrity of this country was of so great importance to him as to the European settler. Major Macdonald in reply said that he had not thought on the subject of the man as viewed by the African as he was addressing a European gathering, but that the matter was by no means being lost sight of, and he read extracts from memoranda submitted to the subject from the point of view.

The following resolution was then put to the meeting and carried unanimously.

"That this Public Meeting of the European Residents of the Kanoni District of Kenya, vested by the state of affairs and the existing in India and by the struggle to which an inopportune policy has reduced their fellow countrymen, women and the loyal natives, registers its determination to oppose this impolitic line of any policy which does not demand the utmost safeguards against the European and African peoples of this Colony suffering like fate."  
With a vote of thanks to Major Macdonald the Meeting then closed.

THE EAST AFRICAN STANDARD

FRIDAY, JUNE 20, 1920.

Some, but not all, of the objections we suggested yesterday against the Land Selection Scheme for retired and re-trenched officials, are modified by the conditions and details of the scheme which we print this morning. The immediate impression that the proposals will convey will, we believe, be favourable, and we would not wish it to be otherwise. For we are no less anxious than the Commissioner of Lands, on whose initiative the scheme appears to have been devised, nor than the Committee, to reduce the cash liabilities of the far from wealthy community, and we are not at all insensible to the desirability of keeping as many experienced officials as it were at all against more wealthy days for the early arrival of which we ardently and confidently hope, though the circumstances of men already on pension will present some novel and tangled complications. But some of our difficulties remain but faintly recalled. In the first place we incline to retain our opinion that in view of the probable appreciation of "current values" of the land while in the possession and occupation of the recipient or his descendants, and in view of the freedom of sale, etc., accorded to land given in respect of "contractual obligations," the proportion of two to one is widely generous. We do not readily appreciate the justice of confining the

LAND FOR OFFICIALS

DETAILS OF GOVERNMENT SCHEME ANNOUNCED

Commuting Pensions into Farms

KEEPING UPON MEN AND MONEY IN KENYA

The Secretary forwards a copy of recommendations addressed to His Excellency the Governor on June 6 by the Economic and Financial Committee on the subject of a scheme, copy of which is also attached for meeting grants of land to civil servants who may be retrograded in connection with proposals for economy in Government expenditure.

His Excellency has approved the recommendations and proposes to submit them to the Secretary of State. It will be remembered that Major Grogan in his speech on Monday referred to such a proposal as having been made

The Economic and Financial Committee have had under consideration a scheme, put forward to them by the Commission on Lands in a letter dated May 22nd, a copy of which is attached, dealing with the possibility of making grants on advantageous terms to civil servants who are retrograded in connection with the proposed scheme for economy in Government expenditure.

- (a) If the value of the farm exceeds twice the value of the obligation the difference shall be paid in cash within three months of allotment. (b) In the case of moral obligations the option to take a farm in this scheme shall be free of obligation of such obligation. (c) The value of the farm shall be offered in any other form and refused to accept a farm under this scheme shall entirely cancel such obligation.

(54.) C. C. BOWRING, Chairman.

The possible retrogradation of Government officers which I imagine is likely to be contemplated by your Committee on some considerable scale, appears to involve two difficulties of some importance. 1. The first difficulty is the decrease of European population and the consequent loss of purchasing power; and of the second is the question of the hardship caused by individuals to be retrograded having many dependants of Colonial Service families. If not of theory, to advise in support of a proposal that they need not adjust their personal budgets to any retrogradation scheme of short term service (available at short notice).

2. To take a concrete example from the point of view of the loss of valuable population: on the understanding that it is necessary to retrograde in the ranks of the Army, Navy, Air Force or other services, it would obviously appear to the Colony's advantage to retain these persons as members of the community as well as to add to the population of the Colony as many as possible of the officers who are being retrograded. It is not clear how far the Government can go in this regard, but it is suggested that the Government should consider the possibility of retrograding some of the officers who are being retrograded, and that the Government should consider the possibility of retrograding some of the officers who are being retrograded.

(1) All officers retrograded to be eligible for making a choice and for the participation in an enterprise of already existing Government farms (of which the Government should be prepared to make a reasonable quantity). (2) No officers retrograded but who are not eligible for the scheme should be eligible for the scheme.

(3) All officers of present service whose superannuation is decided upon by Government on any grounds other than incapacity should be eligible. (4) Such farms to be free of obligation of such obligation. (5) The value of the farm shall be offered in any other form and refused to accept a farm under this scheme shall entirely cancel such obligation.

(6) It is suggested that the Government should consider the possibility of retrograding some of the officers who are being retrograded, and that the Government should consider the possibility of retrograding some of the officers who are being retrograded.

A MOTOR CYCLE SALE.

In the Police Court yesterday morning, J. P. Fuchs appeared in connection with the sale of a motor bicycle.

George Taylor Anderson, a witness who the principal witness, said he had sold a motor bicycle to the defendant in the middle of May last. The motor bicycle was a 1917 model, or an older one, and could obtain, but witness would have been satisfied with 100/-.

Witness who was just leaving for England, left witness Anderson with a Mr. Broad in the matter. He sold the bicycle to the defendant for 100/-, which was to be paid by the defendant in three instalments.

Mr. Anderson wrote to Fuchs after he had been in Mombasa a week to enquire whether he had sold the bicycle. He received no reply and he wrote again, after being in Mombasa about three weeks, telling Fuchs to sell the motor bicycle immediately at the highest price he could obtain, as he was going almost immediately.

Upon this witness received a letter from Fuchs, enclosing a cheque for 100/-, which was stated to be the sale price of the motor bicycle, but Fuchs paid to Mr. Broad and a deduction on account of commission.

On witness learning that he had not sold the bicycle, he contacted from Mombasa to Nairobi in order to investigate the sale, which appeared to be a fraud. Later as a result of enquiries he discovered a motor bicycle had been sold for 100/- for the motor bicycle, and he had the motor bicycle in the hands of the defendant. D. P. Broad, said that witness had sold the bicycle to the defendant for 100/-, and as far as he could remember Fuchs said he would notify him when the motor bicycle was sold. Witness was told by Broad on Monday June 13

that the cycle had been sold, but he did not know for how long it had not been sold. David Miller then gave evidence to the effect that Fuchs gave him a motor-cycle to contract together with some other articles. He was asked on June 13 how it was sold and on June 13 it was sold privately on the afternoon of the same day for 100/- to Mr. C. R. Brown. Witness said a statement giving details of the sale to Fuchs, and a cheque dated June 13 representing the sale price of the motor-cycle less commission of 10/- was sent and had passed through the bank's hands.

Magistrate's Findings. After adjourning for a short period His Honour, Mr. Doerly gave his finding as follows:— "There is evidence that Mr. Anderson entrusted his motor bicycle to Mr. Fuchs on the middle of May, 1928, and the cheque was sent to Mr. Fuchs on June 9 or 10 to Mr. Fuchs to be deposited in the bank for him. It is in evidence that the cheque was sent by Mr. Fuchs for 100/- and that a cheque for 100/- was sent to Mr. Fuchs on June 13. It is also in evidence that Mr. Fuchs was indebted to Mr. Anderson for the amount of 100/- on account of the sale of the bicycle to Mr. Anderson. It is also in evidence that Mr. Fuchs was indebted to Mr. Anderson for the amount of 100/- on account of the sale of the bicycle to Mr. Anderson. It is also in evidence that Mr. Fuchs was indebted to Mr. Anderson for the amount of 100/- on account of the sale of the bicycle to Mr. Anderson.

It was stated in town yesterday on a fairly reliable authority that Mr. S. Cooper, General Manager of the Uganda Railway proposes to leave at the end of the year.

Mr. Cooper is a representative of Messrs. H. Jacobs, Ltd. who were fined 11/- each in the Police Court yesterday, for failing to exhibit on their cars a registration certificate. Both gentlemen pleaded that they were not aware that the certificate had become detached from their cars until the Police officer notified them of the fact.

A stalwart native was conveyed by His Honor Mr. Doerly yesterday for stealing 10/- in cash from Mr. Fuchs's room at the Stanley Hotel. The accused had travelled down from Nakuru as a personal servant employed by another person staying at the hotel, and from evidence given in Court it appeared he had been repeatedly warned against wandering along the corridors of the hotel, where he had no business to be. It was circumstantially proved that accused had entered Mr. Fuchs's room during the early part of the evening, when Mr. Fuchs was absent for a short while, and had stolen the cash. He was sentenced to 9 years' rigorous imprisonment.

Forms, returnable before July 21, have been circulated by the Agricultural Department, in respect of the Agricultural Census 1928, and an appeal is made to all settlers to return them expeditiously and accurately completed.

In connection with the "Dunrobin Castle" official passenger list which was published yesterday, it is now stated that Capt. H. J. A. Arleston did not call on that ship, but will leave in August or September.

Our Post Office. A reader has sent us two envelopes that contained letters sent to him through the post. The one was posted in the Turbo Valley on June 19 and delivered in Nairobi, or rather placed in the addressee's P.O. Box on June 21. The other, that emanated from the Voluntary Office in Government Road was posted on June 19 and delivered on June 21. Two days for a letter sent from an office at one end of Government Road to an office almost half way down the street is not bad.

## FORD LUBRICATION.

In East Africa, many FORD Car owners, who are influenced by the climatic temperature rate, than the actual requirements, make a serious mistake in the selection of their lubricating oil.

The operating temperature is the only heat factor which need be considered when determining the correct lubricant for a car engine. The effect of the climatic temperature upon the operating temperature is so slight that it does not in any way influence the selection of the correct oil.

## NAVY AT RUGBY: NAIROBI WINS BY A PENALTY TRY

### INTERESTING BUT UNDECIDING GAME.

Another large crowd of spectators turned out at Gymkhana ground on Wednesday, when the last match of the visiting team from His Majesty's ship, now at the Coast, was played in Nairobi, and when Nairobi met in a Rugby contest.

Following the excellent game seen on the previous day between the ship's team and Nairobi, expectation was rife as to the result of Wednesday's match, and wagers were freely offered and taken as to the likely victors. The weather conditions were much the same, but the ground was very hard and slippery, although with a perfectly even surface.

As it turned out, the match from a spectator's point of view did not come anything like the previous day's contest. It was just as hard and fast, but the game was chiefly confined to forward footwork and loose scrummage, and although plenty of good Rugby was put up by the rival sides, the spectators were not treated to any spectacular three-quarter runs, such as they love to see.

The fault appeared to lie with the forwards, who, while fighting for all they were worth in the loose seldom looked the least out of their skins clearly, with the result that the halves were handicapped in getting into the backs.

The passing by the backs was also faulty, and numerous likely runs were spoiled either by bad passes, or passes being dropped. The kicking was on the whole good, but on certain of the players, on both sides went in for long hefty punts which failed to find their mark rather than a shorter kick which was more likely to cross the side line.

The defensive work by the teams was exceedingly good, as the game demonstrated. The tackling while being seldom brilliant was extremely effective. The forwards did most of the attacking by means of fine pieces of finishing. When a pack did get the ball through their opponents much ground was usually gained and this demonstrated the work of the packs in stopping these rushes.

The teams taken all round were very even, and a draw would have been a more popular result rather than technical victory for the home team.

#### The Teams.

The following teams took the field:—

Nairobi:—Symington, Crofton, Everard, Ritchie, and Tugman; Pinn and Bullock; Anderson, O'Keefe, Wedderburn, Woodhall, O'Brien, Tait, Gerds and Guinness.

H.M.S. "Southampton":—Williams; Williamson, Smith, Oney, and Mearns; Minwell, and Parish; Shaw, Water, West, Challis, Reynolds, Clarke Toms, and Hellehammer.

Referee:—Mr. Lester.

Touch-judges:—Mr. Beards and Yeoman of Signals Drayman.

#### First Half.

The Navy set the ball going and following a scrum for knock-on the forwards made a run, but Ritchie crossed down. From the drop out the Nairobi forwards took the ball to the other end and Williams gathering, was forced over the line. From the five yards scrum the Nairobi backs got on the go, but Crofton was forced when almost over. Nairobi kept at it, but the Navy held them and Symington gathering a punt, missed with an attempt to drop and a touch down followed.

Nairobi continued to force the pace, but each time the naval defence stopped by touching down. There was a good deal of pushing but effective touch finding was to a great extent absent, although Williams saved a very dangerous situation with an excellent kick which brought the line back half-way.

Again the naval forwards asserted themselves and took the game into the loose team's half, Symington eventually having to touch down a forward rush. Nairobi tried to get going again, but a lovely line scrum by Smith sent them back on their heels.

The match was ended by an ineffective attempt to drop by Oney. Yet again the Navy rushed away, and a brilliant piece of football by the forwards looked like a certain try, but Crofton finishing back touched down in a scrum.

The game was chiefly confined to forward work, the scrummage being so fierce as they possibly could be, and during a heavy passage, Anderson had to leave the field for a week.

Nairobi again forced matters, as a result of loose rushes and judicious touch finding, but still the Navy held their line intact, and eventually touch-up gave the Navy more relief, the kick finding the Nairobi's backs. A further free-kick against Nairobi failed in its direction and was returned to touch by Ritchie. The same player later made a nice break through and hooked, the full back having to kick out for safety. A five yard scrum followed and Pinn tried to get in bodily back. Another scrum followed but Bullock hung on to the ball too long and lost a lovely chance of putting his three on the go. Symington then gained possession and hooked well up and followed, but still Nairobi got the ball.

From a scrum the Nairobi three put in a nice movement but Ritchie dropped his pass, Tugman saving the interrupted pass by a short kick into touch.

A free kick against Nairobi for touching the scrum was well taken, but Nairobi returned and Ritchie again broke through and hooked, the forwards following and forcing a touch down.

Nairobi returned to the attack after the drop out but all their efforts were of no avail, and half-time arrived with no scoring having been registered.

#### Nairobi:—0

#### H.M.S. "Southampton":—0

#### Second Half.

Nairobi opened the second half strongly, and Tugman gathering from a free-kick kicked across. Meeting having to boot out from the ground. The Navy infringed the rule on their own line. Tugman took the kick from a three but failed badly. Eventually the Navy did not look the least in any danger of a series of effective dribbling. The "Hus" three-quarters then got on the move nicely, but Ritchie intervened and found touch. From the line out Shaw broke through prettily and gained good ground. The ball was sent back, however, and off-side against Shaw sent Tugman and useful touch.

A faulty punt by Williams saw Ritchie initial a good passing movement; the ball travelled to Crofton. The Navy tore in at full speed, only to see a glorious tackle by Williams. The Nairobi's backs were prominent during the next few minutes, but they failed to put any work, but Maxwell returned to touch. Nairobi came back again, and in a struggle on the goal line, Tugman was fouled by Parish and the referee decided that the incident was severe enough, and a PENALTY TRY was given against the Navy. O'Brien failed with the kick.

The game was terrific after the centre kick, both sides going at it full tilt. A free kick against Nairobi was charged down. Both three-quarters were then seen in action, and ground was continually gained. Symington eventually nearly by a touch finder and later Pinn relieved to touch on the half way line. A Nairobi three-quarter movement resulted in a touch down, after a five yard scrum.

The Nairobi attack did not last long, as Williams found touch well in the home team's half.

An attempt by Symington to drop from a long distance failed, but the latter following up strongly forced a touch down. A series of further touches down followed, but no further score was obtained, and the whistle went with Nairobi the winner of a hard fought out match.

## GOLF CHAMPIONSHIP

ALL COUNTRIES GATHERED AT SANDWICH.

WUTCHSON BRILLIANT.

(THROUGH BRYCE'S AGENCY.) London, June 19.

The Golf Championship was opened at Sandwich.

The holder of the title, "Jack" Hutchison, is not expected to retain the trophy, but the American, James Harman, was thought to have a good chance, although the Australian, D. Kilwood, is the most fancied. British hopes centre on G. Duncan, Abe Mitchell and A. G. Havers. A number of Frenchmen are also competing.

Jack Hutchison was brilliant in the qualifying round by winning the course in 71. He was followed by the Frenchman, Aubrey Bonner in the French champion in 72. (Three Londoners led 78, and Hagen took 78.

## BOXING

BOXING IN LONDON

ANOTHER VICTORY TO THE CREDIT OF HIS LEWIS.

FRANKIE BURNS DEFEATED.

(THROUGH BRYCE'S AGENCY.) London, June 19.

Both Kid Lewis, and Frankie Burns, the respective Middle-weight champions for Great Britain and Australia, are reported to be fit and well. They are both very confident of to-night's 20-round contest for the British Empire Championship, to be held at the Bedford Park Stating Ring.

Later, Kid Lewis knocked out Burns in the 11th round.

## DAVIS CUP

MATCHES PLAYED IN ENGLAND AND DENMARK.

BRITAIN DEFEATS ITALY.

(THROUGH BRYCE'S AGENCY.) London, June 19.

The Davis Cup tennis tournament opened to-day at Beckenham in glorious weather. The state of the courts was moderate.

In the first round, in the singles, A. A. Fyfe (India) beat Miss Bannister 6/0, 6/7, 6/4, 6/4, 6/0. Throughout the match Fyfe was very steady and played aggressively. After the second set, Miss who began well, fell to pieces towards the end.

A. H. Fyfe (India) beat M. Stern (Romania) 6/1, 6/1, 6/0. Fyfe was not overtaxed and was markedly superior throughout.

Britain vs. Italy.

The British Isles, after driving a bye in the first round, met Italy in the second round at Boshampton. The former won both the singles matches.

Mr. F. Gordon Lowe beat Count Babocco 6/1, 6/3, 6/1.

Mrs. A. B. F. Kinnegoe beat Capt. Colombo 7/5, 6/4, 6/1. The doubles will be played to-morrow.

Count Babocco was erratic. He occasionally played well up to the set, but Lowe's steady base-line game overcame him.

Capt. Colombo was stronger than anticipated, but on Kinnegoe improving the Italian appeared to be disheartened and fell away.

France vs. Denmark.

Copenhagen, June 19.

France met Denmark in the Davis Cup to-day.

In the singles, Bonora (France) beat Ingvaldsen (Denmark) 6/3, 6/6, 6/4. Cochet (France) beat Tyner (Denmark) 7/5, 6/2, 6/7.

France has won the tie, having already won the doubles.

## HOME CRICKET.

YORKSHIRE HEAVILY DEFEATED BY WITS.

KENT WINS COMFORTABLY.

(THROUGH BRYCE'S AGENCY.) London, June 19.

At Sheffield: Nottingham defeated Yorkshire by an innings and 73 runs. For Nottingham, W. Whymann scored 78, and George Gunn 74, in Yorkshire first innings. L. Bishopp scored 60 runs for 60 runs, and in their second innings, S. J. Staples took 4 for 12.

At Edgburton: Kent defeated Worcestershire by an innings and 284 runs. For Kent, H. T. W. Hardinge scored 141 runs and J. Seymour 170; Worcestershire's second innings, F. E. Woolley took 6 for 21.

At Northampton: Warwickshire beat Northamptonshire by 4 wickets.

#### METHODS AND RESULTS COMPARED

Mr. H. E. Batters of Kuchipudi, Krishna, has written the recently published book, "Some Observations in South America and South Africa".  
It is pointed out particularly that the present essay is not a survey or a general survey, but it may contain points that are particularly valuable to a lay observer.

Mr. Batters, in his pamphlet on coffee cultivation in Central America, states very clearly the possibilities of the different species of coffee in these countries.  
"Coffee Arabica" is the variety cultivated in Costa Rica and Guatemala, and the variety recognized by the upper class of the young leaves...

4. K-Q7, ch. K-B4. "  
And other variations.

This problem is a masterpiece of  
cross-checking. The fact that the  
only key should open up so many  
checks to the White King has per-  
haps happened to our solvers, while  
others happening to drop early on  
the key seemed quite oblivious of  
these adverse checks. One cor-  
respondent gaily proceeded with  
Q-K5 in reply to the second  
variation given above, evidently  
not realising that his own King was  
in check. Others were so pleased  
with the key, that they disregarded  
Black's defenses, and would do  
well to go through them as given

# MOTOR NOTES

by Carburettor

I hear that the A.A. is a great champion of the A.A. in Kenya Colony, and I trust that this will go through, as the road service of the A.A. is a very important one.

The A.A. has no club house, as it is an association, but they have a splendid building, and a very complete set of apparatus, including a supply map, lists of appointed hotels, official registers, etc., and as their membership is in the neighborhood of 75000 members, they are in a position to arrange a meeting in any part of the world.

The A.A. now make a feature of advising members in the choice of motorcycles and motor cars, as with R.A.C. advice and A.A. advice, the member will have no difficulty in purchasing the special motor vehicle which best suits their requirements.

I was very interested in an account of the Scottish 6-Days Trial for Light Cars, etc., which appeared in one of the motor magazines to have been lost mail, but to my surprise, I found it in the magazine, which particularly struck me, and led me to a thought of the time when the trial was being held.

At the end of the sixth day, the competing cars ran into Edinburgh, the finishing point. The cars, which were accompanied by their drivers, had a good rest and breakfast, and made themselves comfortable, after which they repaired to a mighty restaurant in the town.

The present of our workshop and service station and electrical department, justify our belief that our clients will have their cars or cycles with us in full confidence that what has to be done will be done with the speed and efficiency that highest skill and modern equipment can give.

# The New Flat.

Mr. P. G. O. have just received a new 6-cylinder (model 110) Flat. I think I am right in saying that it is the most complete car in Kenya Colony. The bodywork is equal to the best which one sees in London or Paris, and the panels inside the car are lined with beautiful, polished, stainless steel.

## N.A.F. & Co's SALE NAIVASHA

TUESDAY 27th JUNE  
 Acting under instructions from the Director of Agriculture will sell, at the Government Farm, the whole of the stock belonging to Government Farm.

The Herds are as follows:  
 60 SHORTHORNS.  
 87 HEREFORDS.  
 110 FRIESLANDES.  
 23 AYRESHIRE.  
 THE STEALON ROYAL FOX.  
 10 MARES AND YOUNG STOCK.  
 20 DONEY.  
 20 WORKING OXEN.  
 FARM IMPLEMENTS AND DAIRY Sundries.

The above Herds are too well-known to want describing, and are the best in the country, and this sale offers a unique opportunity for breeders to secure the best of stud livestock. Catalogues will be forwarded on application to the Director of Agriculture or the N.A.F. & Co. on the farm buildings. Bidders will be allowed to view the farm buildings and stock after the sale, but all trucking of livestock will have to be done by the buyers or their agents. Train arrangements both for the convenience of passengers and for the carrying of livestock may be had on application to the Traffic Manager, N.A.F. & Co.

THE RACES, APPEARING BLOOD OF HORSE SIGNIFICANCE, NAKURU FIRST DAY, By "Odds On."

Our racing season commences this month at Nakuru and in number of entries received for this meeting... The loss of "Oriental China" is not only a loss to the owner but to the whole community...

Handicapping, To return to the Nakuru meeting, The question of handicapping comes uppermost in my mind... The last race - I don't think Simon Quik will be out of the picture with Rip and Bolled Gold...

Although it is difficult to pick but the winner at the beginning of the season, as a matter of interest, I make my forecast as follows: The first race - This race is very open but I think both Fox and

TO-DAY'S FOOTBALL, SERVICE VS. GYMKHANA, The first match in the John Boyes Cup will be played on Gymkhana ground today...

Myriam will be well in the picture of the two I fancy New, The second race is anybody's. If I judge the jockeys I might be able to tell you... The fourth race - Should think Rocky, without a doubt, with Ping Fong and Mito in close attendance...

The seventh race - I think Camero is too tight to stand the pace for this race... The eighth race - I don't think Simon Quik will be out of the picture with Rip and Bolled Gold...

PRINTING, NOTHING TOO SMALL, NOTHING TOO BIG, ASK FOR QUOTATION, "Standard" Printing Works, NAIROBI.

WARRIOR GOLF, THE GRAVEYARD COMPETITION TO-DAY, Ladies Entries, The Ladies' Effects Competition for 9 holes, for the prize presented by Mrs. Leonard did not get as many entries as the prize was entitled to...

Already over 30 cards have been taken out for the prize presented by Mrs. Leonard... The competition this afternoon (Saturday) is the Graveyard for which 14 couples have entered...

The monthly qualifying round will take place during the next week-end... The semi-final between Mr. Lew and Mr. Knapman will probably be played this afternoon...

WE RUBBER MAKE STAMPS, "Standard" Stationery Stores, NAIROBI.

SPORTING NOTES, RUGBY, It would not be right to praise over a very important happening in Home...

No club with the traditions that the Glasgow side has will go under altogether and the very fact that when the Corinthians were beaten last season sportingly offered to assist them the other way turned down shows that the amateurs are prepared to do their best on solely amateur lines...

But I do not apologise personally as my notes were written two weeks before the end of the season... The Mary's Visit, Last week Nairobi, consequent upon the visit of the Navy side, had a plethora of football and three good games have been played...

Mombasa are likely to get a fair impression from the results especially as they have one victory 4-1, but I can assure Mombasa that Civil Services will give them a stiffer game than the Naval side did. Mombasa are going strong but over confidence has been more than one team be-

Rugger, Rugby football seems to be suffering from a lack of competition, and the suggestion made above for a yearly local "Cup" might easily be arranged for the Rugby players...

Who is going to apply the match and set the enthusiastic fire of the rugbyite going? Cricket, Cricket is going strong at Home and that win by Surrey on the first innings over Yorkshire will be a help, if not a great one...

Centuries are so common as home that they are hardly worth mentioning... The game is receiving attention in the way of plans, etc. before next season starts and an interesting series of games will begin in August...

Parklands Sports, I am sorry to hear that the proposed Parklands Sports meeting in May will be postponed and I do ask those interested in athletics to come along to the help of the Club in these times in no uncertain manner. Parklands are doing as

### Maize, Posho and Crushed Maize

#### To all Employers of Native Labour

Why not make forward contracts to meet your Maize and Posho requirements for the next six or twelve months?

By so doing you will not only be insured against fluctuations in the Grain Market, but you will also be enabled to purchase at estimated prices of your own choice, which you cannot possibly obtain otherwise. The advantage of this method over that of buying from the market should be obvious.

The B.E.A. Farmers' Association has only a limited supply available, and employers are urged to make contracts now in order to avoid future disappointments.

Although this system has certain advantages over the Indian method, it is somewhat on the whole doubtful if it would be suitable for B.E.A. The pruning of course is far less complicated and the formation of old wood is to a large extent avoided. On the other hand a modified form of capping, the double stemmer, has not been tried in Kenya but has not been adopted to any great extent. The full-grown trees in Costa Rica are often very dense and a mass of primaries. They did not appear to be nearly so open to the action of the sun and wind as the Indian pruned trees. Furthermore the Agobinda method appeared to combine the merits of the capping system without its disadvantages.

**Agobinda.**

The Agobinda system has not been practised for very long in Guatemala, but it is rapidly becoming universal throughout the country. Even the planters who had not adopted it, were unable to bring forward any serious objections to it except the dislike of a change.

In this method, after the tree has recovered from the planting out, it is bent over to the ground and secured by a peg. Suckers to the number of three or four are allowed to grow up from the bow, the remainder being rubbed off with the hand. The opinion was expressed by several planters that the best should be as acute as possible and that only the suckers nearest the roots should be left. The reason being that the sap flows enters immediately into the system instead of having to pass through the stem through the bow. The peg should be removed as soon as the suckers have established themselves, although the main stem will remain in its bent position.

The three or four suckers are allowed to grow up freely without being topped or pruned. It will be found that after reaching a certain height, they will sag over towards the ground. This can be encouraged, if necessary, by forcing them outwards with a stick. In this way the tree is kept open to the sun and wind. The pruning that is necessary is the removal of dead branches and when an upright shoot shows signs of falling, the training up of a new sucker from the original main stem. When this has to be done, the lateral of the upright sucker are removed gradually as the new one grows up so that, as far as possible,

THE EAST AFRICAN STANDARD. MONDAY, JUNE 18, 1922. THE MURDER OF SIR HEURY WILSON DIFFERS OF THE IN NO WAY other than the widespread knowledge of the victim's name from the many hundred murders that have been carried out with somewhat irrelevant relation to Irish liberty in the past few years. It may well be that this crime was less distinctly related to the cause in whose name we imagine it to have been done than was the murder of two aged cottagers in Ireland itself that we chronicled last week. The mind of the assassin works in Belfast London and universally along lines and through conditions that are very difficult of comprehension by that majority of humans that at present sways the world, and from every point of view but that of the assassin himself the ruling factor in the efficacy of the gun of petrol and bomb as a means of obtaining ends that are desired by any man or group of men is a phenomenon of very grave significance for the immediate future of the race. The tragic commentary on our civilization that is afforded by its speed in the past few years needs no emphasis for it can scarcely be doubted that while blood has and insanity impales many of the heroes in north and south Ireland, there are many who consider for the greater glory God. It may be observed here that the Irish did not originate it. Outrage that in spirit included assassination was a political weapon of the woman's suffrage movement in England; and only the intrusion of the war and its compelling higher self directed what heretofore had been a series of crimes in spirit scarcely distinguishable from murder, on a large scale. The liberty of Ireland, as that of woman, is far from a desirable aim. Men and women have readily imitated themselves for both, and the general mind of man will not easily retract its view that that other unselfish sacrifice is a higher thing and a more likely garner of desired ends than is that method which does evil that good may come—even though the deed may be followed by unpleasant consequences to oneself. The fact that a high percentage has been put down in the heart of London may awaken the public conscience of England to the horror of a method of propaganda which growing but distant experience was gradually recognizing it to regard as less heinous than in fact it is; and the re-establishment of that falling standard may be fraught with very important consequences to Ireland, Great Britain and the world. On the ground we have mentioned there is no reason in principle why this dastardly crime should need more seriously on Irish policy or peace than have the previous deaths of hundreds of victims certainly no less innocent than Sir Henry Wilson. But as it is said that "When beggars die there are no consoles seen." The heinous character bears forth the death of princes, we fear that this blow at a lofty personage may have a disproportionate reaction. We shall look for the main consequence, however, in another and a nobler direction. The activities of the SERVANTS' HEALTH DEPARTMENT QUARTERS during recent months have found the public of Nairobi to take an increased interest in matters concerning health conditions. Efforts in the residential parts of the town, we have been liberal commensurate with the extent of care or indifference.

THE MANDATES

IMPORTANT GOVERNMENT DEFEAT IN THE LORDS

PALESTINE & AFRICA

IMPORTANT GOVERNMENT DEFEAT IN THE LORDS. The Government was defeated in the House of Lords today on a motion by Lord Jellicoe, regarding the Palestine mandate to be assigned to France, because it violated the Government's pledge to the people of Palestine and opposed the wishes of the great majority of Palestinians.

IMPORTANT GOVERNMENT DEFEAT

IMPORTANT GOVERNMENT DEFEAT. The Earl of Balfour, who was speaking for the first time in the Lords, denied that the mandate was inconsistent with the policy of the Powers who had included the mandatory system, and scouted the charges of Jewish domination of the Arabs.

IMPORTANT GOVERNMENT DEFEAT

IMPORTANT GOVERNMENT DEFEAT. The Government Whips did not expect a division, which presented a serious situation for the Government. The defeat does not involve domestic political consequences but the effect on the mandate cannot be judged until after tomorrow's debate in the Commons.

IMPORTANT GOVERNMENT DEFEAT

IMPORTANT GOVERNMENT DEFEAT. The position of other African mandated territories, the administration of which was entrusted to Great Britain, would be similar when the mandate was eventually approved by the Council of the League.

COFFEE

(Continued from page 3) that its action lasts for two or three years. Chemical analysis is made on the soil, and the results are made available to the grower.

Table showing coffee prices for various grades and origins.

This second table goes to show that while on poor or exhausted soils chemical fertilizers, especially when mixed with farmyard manure, can improve the output of a coffee tree enormously, yet on rich soils of high fertility farm manure cannot be beaten.

Mr. Dafari gives as the annual requirements of a coffee tree: Coffee Pulp analyses set in the dry state as follows: Calcium 1.5%, Carbohydrates 63%, Albumen 16%, Cellulose 14%, Water 1.0%, Ash 2.5%, Fat 0.5%.

Coffee Parchment is analysed, according to Mr. Treach's pamphlet as follows: Albumen 6.5%, Dextrin 1.5%, Indigestible 68.5%, Water 20.5%, Cellulose 1.0%, Starch 1.0%, Ash 0.5%.

With regard to the use of lime, it is generally recognized that the blueness of the Blue Mountain coffee of Jamaica and of the Alta Vera Paz District in Guatemala, is due to the presence of lime in the soil.

The planters in Costa Rica have a very good method which sets both as a prevention of wash and as a form of manuring. Holes, some four feet deep and diameter, are dug a little distance below the coffee trees.

On very steep slopes it is customary to have these holes between every row, but on the milder gradients, every other row is sufficient. When the holes are on the surface soil, dead leaves, etc., are gradually washed into the holes which are eventually filled up. Fresh holes are then dug in other rows.

## SATURDAY'S FOOTBALL

GYMKHANA BEAT SERVICE IN JOHN ROYER CUP.

### A TAME CONTST.

On Friday afternoon saw the opening match of the John Royer Charity Cup, when Civil Service, last year's winners, were knocked out in the first round by Gymkhana, by three goals to nil, after a rather painful match to watch. It would seem that the lack of the "new" team and the large crowds that witnessed the match had had its effect, as the crowd round the ropes on Saturday was very poor and the players poorer than the crowd.

The ground may have been the cause of the comical lack of good football, as it was certainly exceedingly slippery and players could hardly keep their feet, but even so it was the poorest exhibition of football put up this season.  
There was very little in the way of combination, although Gymkhana indulged in it at times and thus, rightly earned the victory.  
For Gymkhana, Cruden, Webster, and the forwards put up the best show, while for Service, Jolly and Symington were always in the line of fight in defence. Gladys played his usual steady game in the forward line, but owing to no much individual effort by a colleague a large number of likely centres were lost.

### The Teams.

The following were the teams:—  
Gymkhana:—Wood; Gilbert and Proctor; Webster, Cruden, J. Mitchell, Merriman, Martin, Mann, Stone and Backhouse.  
Civil Service: Jolly; Symington, and Gayton; McDonald, Burton and Overton; Thornton, Broad, Johnson, H. W. Taylor and Gladys.  
Referee: Mr. Elkington.  
Linesman: Messrs Montague and Harwood.

### First Half.

Gymkhana kicked off towards the club goal and proceeded immediately to face the game. The whole affair right from the start was particularly uninteresting and scrappy, the Service defence being the only point to be noted as anything like a show. The Gymkhana forwards passed well, but lacked pace; the Service forwards had pace but lacked combination.  
After about 15 minutes desultory football, STONE and Backhouse did a little passing work, ending with the former finally beating Gayton and walking the ball in and tapping 't out of Jolly's reach.  
The game was even some after he goal, although it was slightly more even, the Service getting a look in now and again. The only shot worth talking about was one from Gladys following a corner. On the whole, however, Gymkhana had the better of matters, and but for Jolly, would have undoubtedly scored again especially when Backhouse slung in a magnificent centre from a difficult point on.

## NORTHUMBERLAND PLATE

GLADY FINED OF RACE AT NEWCASTLE.

NEEK AND SHORT HEAD.

(OVERSEA NEWS' AGENCY.)

London, June 29.  
The following is the result of the race for the Northumberland Plate run at Newcastle to-day over 2 miles:  
Mr. G. E. D. Langley's DOUBLE HACKLE, 4 yrs ... 1  
Mr. W. M. G. Singer's JUNISO, 4 yrs. ... 2  
Col. R. Chatterton's BALLYMERON, 5 yrs. ... 3  
14 ran. Won by a neck with a short lead between second and third.  
Bettings: 6/1 Double Hackle, 7/1 Juniso, 9/1 Ballymeron.

## NEWBURY CUP.

ANOTHER CLOSELY CONTESTED RACE.

(OVERSEA NEWS' AGENCY.)

London, June 29.  
The following is the result of the race for the Newbury Summer Cup run at Newbury over 1 mile 4 furlongs:  
Mr. J. Sheehy's KING'S IDLER, 6 yrs. ... 1  
Sir William Cooke's DEVIZES, 4 yrs. ... 2  
Lady Curzon's FRED COWER, 3 yrs. ... 3  
12 ran. Won by 1/2 length, with a head between second and third.  
Bettings: 4/1 King's Idler, 100/10 Devizes, 7/1 Fred Cower.  
[Kings Idler was the winner of this race last year, with Devizes third.]

### Second Half.

The second half opened with the same kind of scrappy football the ball being booted aimlessly about the field with an occasional bit of sole work by one or other of the players. Quite a number of shots were sent in, but usually any where but towards the goal.  
The Service back worked hard against the better of the two forward lines, but eventually Morrison got through on the wing, and centring, saw MANN put in the first really decent shot of the match—it was a left foot drive and completely beat Jolly—who made a good attempt to save.  
As the game went on, the football became worse, but it was certainly funny, Jolly being the only player who seemed to be taking his job seriously. He had to stop one or two fairly easy, while Wood at the other end had comparatively very little to do.  
After further pegging away Gymkhana made three back-houses run down the wing, and beating the defence, gave the ball to WANN, who, being well placed, found the side with another hard drive.  
Time went soon after with the holders of the trophy ousted in the final round.

### R. H. WETHERED PROMINENT

(OVERSEA NEWS' AGENCY.)  
London, June 29.  
The contest for the Open Golf Championship at Sandwich was continued here in fine weather but with a strong breeze. A feature of the play was the brilliance of the overseas players.  
The best of the qualifying scores were: Kirkwood (American) and Hagan (American) 167, Jack Haindon, the holder, (American) 169, Aubrey Bomer (France) 181, also Mitchell and H. Yardon (Great Britain) 184, J. Barnes and A. G. Favre (American) 184, E. Ray and C. J. H. Tolley (Great Britain) 195, J. H. Taylor (Great Britain) 196, and G. Duncan (Great Britain) 199.  
R. H. Wethered, last year's runner-up, led the amateurs with a score of 188. James Reid did not qualify.

## Parklands Billiards.

The result of the billiards matches played at Parklands Club on Friday night last between a team representing the Old Stanley Club and the Club resulted in a win for the former by 81 points. Outstanding features were the brilliant play of Mr. D. W. Noble and the steady and plodding exhibition by Mr. Shaw for the Hotel, and Anderson for Parklands.

## THE DAVIS CUP.

INDIA AND BRITAIN FOR THE NEXT ROUND.

AUSTRALIA STARTS WELL.

(OVERSEA NEWS' AGENCY.)

London, June 29.  
India continued the match against Rumania today at Bucharest.  
A. H. Fryce (India) beat Miss (Rumania) 6/6, 6/1, 6/1, 7/1. A. H. Fryce (India) beat Stern (Rumania) 6/2, 6/1, 6/1.  
In the doubles, A. H. Fryce and C. Rameswami (India) beat Miss and Stern (Rumania) 6/2, 6-4, 6-2.  
India thus enters the second round.  
In the singles Miss deteriorated after the first set, Fryce winning easily. Stern was better than yesterday, but was obviously outclassed. The doubles were a similarly easy task for India.  
The British Isles continued their match against Italy at Rochester to-day.  
In the two remaining singles, Mr. F. Gordon-Lowe beat Capt. Colombo 6/1, 6/2, 6/0. Maj. A. R. Kingcoote scratched to Court Roberts.  
In the doubles Maj. Kingcoote and Mr. F. Gordon-Lowe beat Capt. Colombo 6/1, 6/1, 6/0.  
The British Isles thus enters the third round, the final score being four matches to one.

## THE "QUEST"

LITTLE BOAT TOO WEAK FOR ANTARCTIC.

(OVERSEA NEWS' AGENCY.)

Cape Town, June 29.  
The Commander of the "Quest" in an interview said he was not so weak at backhand play but his service was generally superior.  
Anderson (Australia) beat Watson (Belgium) 6/2, 6/1, 6/2. This was a much more interesting match than the first one, and played very frequently. They both put in excellent strokes, but Anderson was generally cleverer.  
Referring to the departure of Mr. James Corbett Davis, C.M.G., from the Zanzibar Government, the Supplement to the Zanzibar Official Gazette says:  
By the departure, prior to his resignation, of Mr. James Corbett Davis, C.M.G., Treasurer, the Zanzibar Government loses a most valuable officer; and a most popular personality disappears from the social life of Zanzibar.  
We heartily endorse all that has been said in his praise in the numerous farewell addresses which have been presented to him, and associate ourselves most sincerely in the good wishes expressed for his and Mr. Corbett Davis's future. One thing we should like to add, writing especially on behalf of the junior officers of the Government and those who are still comparatively young.

## MR. CHERRY KEARTON

VIEW ON IMMEDIATE SHOOTING IN KENYA.

THE CHIMP AT HOME.

(OVERSEA NEWS' AGENCY.)

Mr. Cherry Kearton, who is well known for his books and photographs of big game shooting, has just returned from a year in the wild parts of East and Central Africa for The Morning Post. He passed up from the Cape to Rhodesia, the Congo, Portuguese East Africa, Tanganyika Territory, British East Africa, and into Central Africa. The trip was taken to obtain photographs and films, and to add to his natural history collection from the wild life of those parts.  
Before travelling inland just thirty miles south of Capetown, where penguins congregated in the morning. The eggs are much appreciated as a delicacy in South Africa. Mr. Kearton was very critical of the present methods of big game shooting in certain parts of British East Africa. Chattering with a sarcastic lilt of the Morning Post, he said the motor car was killing the big game near the centre of civilization; people were in the habit of organising Sunday parties in motor cars, and indiscriminate shooting took place with disastrous effect on the game.  
A Remarkable Pet.  
One of Mr. Kearton's pets, a chimpanzee which can drive a motor car and which has learnt to understand words in three languages, is on the way to England. During a fight it once received thirteen wounds, and when taken to hospital pointed every one out to the doctor in turn.  
There is a fine future in British East Africa for men with a little capital and a capacity for hard work. Mr. Kearton is convinced, Tanganyika Territory, on the other hand, has not recovered from the war. Few people declared Mr. Kearton, realised the size of our African possessions, many parts of which were still unexplored.

## A POPULAR OFFICIAL

A dam consisting of a series of narrow strips of wood is placed at the end of one section of the canal. The coffee is then admitted with water, and men with wooden rakes push it back against the stream as the water flows down towards the dam. In this way the lights and pulp are separated out and float off with the water over the dam. A gradual supply of water in the dam is necessary. A section of the dam is then removed, and the second grade coffee is carried off by gravity over the dam. It is essential that the men with rakes should be washing the coffee continuously up stream. About 10 minutes is required to separate the coffee properly in the section. The second grade coffee is carried forward into the second section.

Ugh! Why didn't I insist on Brooke Bond's?

Has your tea ever gone "mossy" during the Monsoon? Almost any tea will, except Brooke Bond's—the tea in the vacuum tin. The famous Brooke Bond vacuum-packed tin protects its contents against all extremes of climate. Heat and damp are powerless to affect it. Insects and mildew cannot attack it. However long it is kept—even for years—you can be certain of getting a perfect cup of tea anywhere, in any climate, from the Brooke Bond vacuum tin.

KEFALIN 1  
M. Haral Bonnes's RAMUS, 2  
Mr. A. E. Mousher's ALGERIAN 3  
Donoghue rode the winner.  
There were 15 starters.

## LOCAL TENNIS

### GYMKHANA HARBORLY DEFEATS PARLIAMENT.

### MIXED DOUBLES CONTEST.

The following are the results of tennis matches played on the Gymkhana Club's courts on Sunday, between Gymkhana and Parliament. The Gymkhana players being mentioned first.  
Paiswood and Mrs. Pines; lost to Coleman and Mrs. Davies by 6/9; beat Robertson and Mrs. Leacy by 14/1; and beat Forrester and Mrs. Symington by 18/2.  
Following Mrs. Legat, lost to Coleman and Mrs. Davies by 6/9; lost to Robertson and Mrs. Leacy by 7/8; and lost to Forrester and Mrs. Symington by 6/9.  
Pines and Mrs. Gethin; lost to Coleman and Mrs. Davies by 1/10; lost to Robertson and Mrs. Leacy by 5/10; and beat Forrester and Mrs. Symington by 10/5.  
Total Gymkhana 72, Parliament 66.  
Gymkhana won by nine games.  
This match was well fought out and produced some excellent tennis. Gymkhana have not had their colours lowered up to the present by any Club at Mixed Doubles, although Sunday's match was a near thing.

**Debbie Cup Match.**  
In a Debbie Cup match played on the Railway Ground yesterday afternoon, the Railway scored 10 goals against the K.A.B. who did not score. Semini and Baldwin scored for the Railway. A full report will appear to-morrow.

## A NAKURU DANCE

A dance organized by Mrs. C. H. Lucas was held at the Railway Institute, Nakuru, in aid of the Unemployment Fund, and resulted in a very pleasant evening being spent by the dancers and with the gratifying result of the sum of Shs. 216/- being obtained.  
There were no expenses all the refreshments being provided by the ladies.  
Mrs. Lucas takes this opportunity to thank the following Mrs. Poole, Mrs. Eadie, and ladies who provided the refreshments. Mr. Barker who drew up the program and was M.C., Mr. Katz, Treasurer and Mr. Bland, Secretary.  
The Committee of the Institute are also thanked for granting the hall, also the ladies and gentlemen who attended.  
They being no fund here for the unemployed the total sum was handed to the Secretary of the "Comrades of the Great War."

## NAIROBI GOLF.

### The Cougars' Competition on Saturday June 29.

This always interesting competition brought out 18 couples (mixed) on Saturday and provided a very close finish.  
The winners were Mrs. Blackmore and Mr. Dunson with 48 strokes who expired about 40 yards short of the 9th Green. Both the players have been scoring lately. Mr. Blackmore had one of the prize winners in the single club competition having expired over their tomb as follows—  
"If she with only single club and played."  
"And at Drives had not too often stayed."  
"I have a feeling in my Bones which says."  
"This Couple's Tombstone might have been delayed."  
There was a tie for 2nd Place between Mrs. Moulton and Mr. Lee (45) with Mrs. Tannahill and Mr. Morrison (43), both of whom finished in the Rough on the 9th about 20 yards behind the winners.  
Only one other couple, Miss E. Gilbert and Mr. J. Dunn (46) got past the 9th Hole. There was a large Grass-gerd round each of the 9th and 10th holes Mr. and Mrs. Hobbes who had made one or two excursions into the Rough expired the earliest, on the 9th Green much to the encouragement of players following who still had some strokes in hand at that place. Their collapse was as follows—  
"I often wonder. If she grew some more."  
"And if he, sometimes did not hit the floor."  
"Whether the Hobbeses—playing as they do—"  
"Could not do better than this paltry score."
