IF THE RAIN FAILS YOU UTILISE THE WIND!

If you have water anywhere on your farm you can assure a constant supply in your house or garden by installing a **DEFIANCE WINDMILL**.

Over 5000 have now been erected on South African farms. That proves their reliability.

SPECIAL FEATURES.

1. Self lubricating main bearings.
2. All gears and pitmans extra heavy to secure long wear.
3. Self governing in high winds without the use of a brake.
4. Extra strong four post Tower.

NOTE.—Figure out what it costs for handling water with Native Labour.

THE EAST

Weekly Edition.

MOMBASA TIMES & UGANDA ARGUS

NAIROBI, SATURDAY, JANUARY 21, 1922

Printed and Published for the Proprietors by the Proprietors at No. 10, Market Street, NAIROBI, Kenya Colony.

FACE THE FACTS

Better business methods and careful buying are required by all Estates and Enterprises in this Country in order to cope with present conditions, for the margins of profit of today, are small compared to what they were a year or two ago.

What are you doing about it? Are you sure you are buying in the cheapest market - from the firms who are selling at the very lowest Prices?

If you are in need of Engineering Supplies and if you do not come to us:-

You are Making a Big Mistake You are Actually Losing Money

To prove this glance over the following Prices of a few of our-

Engineering Supplies.

Before going into camp

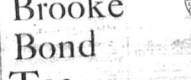

Even in camp or on the plain, you will always be able to enjoy good tea in perfect condition if you make a point of buying Brooke's Blend.

Thousands of pounds of tea packed in the ordinary way are rendered unpalatable every year by mildew, heat and insects.

Brooke's Blend tea, packed in its damp-proof, air-proof tins, will keep for months as fresh and fragrant as the day it left the gardens.

Brooke's Blend tea is the very essence of tea, ready for use in the most delicious refreshment.

Ask for Brooke's Blend Tea in the patent round vacuum tin.

Tea is produced in the most strict accordance, and in the strictest accordance with the highest quality.

A Railway's Death
THE NAIROBI AND AN
UPSWARD
COMPANY.

NO BLAME TO COMPANY.

In the Public Works Commission's report on the railway accident which occurred on Saturday last, the Commission has found that the railway company was not to blame for the accident.

The Commission's report is a very full and complete one, and it is interesting to find that the Commission has found that the railway company was not to blame for the accident.

Municipal Owen

A BAD EXAMPLE TO THE PUBLIC.

A somewhat lively debate took place in the Municipal Council on Monday evening last, when the question of the appointment of a new member was discussed.

BEAR BRAND GENUINE SWISS MILK

After discussion it was further decided to recommend that the name of the candidate be changed to "The Lady."

The Council considered the question of economy and decided to take certain steps to reduce the cost of the Council's work.

MOMBASA TIMES & UGANDA ARGUS

No. 1639 REGISTERED AT THE GENERAL POST OFFICE AS A NEWSPAPER. NAIROBI, SATURDAY, JANUARY 20, 1922. PRICE 6/6. 50. Price 20c per annum. Published daily, the publisher, G. H.

LOW PRICED CULTIVATORS

These all-steel cultivators are so low in price that they are easily within reach of all farmers. These prices are for cash only

14 Tooth Cultivator Fls. 25

7 times Fls. 29 9 " " 32

Showing seven-tooth Inverna Cultivator as a useful harrow. Can be changed to various shapes desired by use of levers.

The expanding lever adapts these implements for cultivating practically all crops planted in rows far enough apart to permit the use of a horse-drawn cultivator. This lever brings the shovels or rows close together for narrow rows, or throws them as far apart as is desirable for wide rows. All parts of these machines are substantially made of steel. The shanks are dropped from steel plates, their shape giving great strength without excessive weight. The corner shanks, to which the boxes are attached, can be turned to throw more or less soil as desired. The other shanks are adjustable in different angles.

Vertical adjustment is provided for both hitch and gauge wheel. Extra long steel handles, adjustable to different heights, make these cultivators easy to handle. Wooden hand grips, most approved shape and size and set at the correct angle, add greatly to the comfort of the operator. The use of front lever gauge wheel and rear gauge wheel, as shown in the illustration, gives perfect regulation of depth and easy transportation to and from the field. The fourteen-tooth cultivator is adapted to close work among very small plants. It stirs the soil thoroughly, does not throw any on the plants.

The regular tooth has a small cultivator point forged on one end, the other end being straight and sharp. Reversing the teeth adapts this cultivator for use as a smoothing harrow. It will work over very small corn or potato plants without injuring them. It is often used to break up the baked surface of a plough field so that the plants can come up more easily and grow better. The exceptionally close work, over which tooth may be removed.

CHILDS & JOSEPH

Vertical adjustment is provided for both hitch and gauge wheel. Extra long steel handles, adjustable to different heights, make these cultivators easy to handle. Wooden hand grips, most approved shape and size and set at the correct angle, add greatly to the comfort of the operator. SUMMARY OF WEEK AND INDIA ON PAGE 16.

Empire Exhibition

IMPERIAL MISSION LEAVES LONDON

THE KING'S INTEREST. [Empire survey's secretary.] London, Jan. 18. A large and distinguished company including Lt. Colonel Anson, and the Dominion High Commissioners were present at a luncheon given by the Royal Colonial Institute to the members of the British Empire Exhibition Mission to the Dominions. The mission leaves for Cape Town on January 22nd and will then go to the Cape, where they will stay on April 9th after which Australia and Canada will be visited and the Mission is returning to London at the beginning of October. Sir Dudley Jackson, president, and Major Dalziel, Head of the Mission, speaking in terms of the exhibition, said that it was the greatest thing that had happened in the history of the Empire since the King and the Royal Family. He said that His Majesty had referred him to his duties and that he was to be assisted very much in the various of the mission of the exhibition and its results. His Majesty added he was very full of confidence in the Dominion and he was to be assisted very much in the various of the mission of the exhibition and its results.

Bovril Sandwiches are excellent

Many people prefer Bovril sandwiches to any other food. They are prepared in a scientific way and provide a meal as satisfying as a hearty country dinner.

The bread and butter should be cut very thick and spread evenly with Bovril extracts from the bottle. You can add vegetables or lettuce, or spread hot butter only, if you prefer.

You will be delighted with the appetizing, savory flavor of Bovril sandwiches, and know you are getting the best of both worlds. Get a box of Bovril and try them tomorrow.

BOVRIL simplifies Summer cooking

Postal Rates

SHARE PROTEST FROM UGANDA

We have been notified by further telegram through our agents in Kenya, in the form of a general postal rates for the Uganda Territory. We understand that the Uganda Government was generally very favourable to the proposal, but was disturbed by the fact that the Legislative Council, after being consulted, was not in favour of the proposed changes. These will be laid on the table of the Legislative Council in the next few days.

We gather that in spite of these changes, the Postal Rates will be increased in Uganda. It is regrettable that the Uganda Government was not in favour of the proposed changes, but we are confident that the Government will be able to bring about a satisfactory arrangement with the Legislative Council. We shall continue to take the matter up and will re-iterate their protests against any such policy.

Did you ask the ants to tea?

YOU will never find ants in your tea if you insist on getting Brooke Bond Tea in the insect-proof vacuum tin.

The flavor and delicacy of this tea will be a revelation to you. The patent tin in which it is packed preserves the tea fresh and fragrant in the dampest atmosphere. By selecting Brooke Bond tea you can enjoy a perfect cup of tea in any climate.

Ask for **Brooke Bond Tea** in the patent round vacuum tin.

This is only one of the many perfectly packed "brooke bond" teas. It is made in the finest tea gardens in the world. See labels on all tins.

Brooke Bond Tea is the most perfect tea in the world.

See labels on all tins. Brooke Bond Tea is the most perfect tea in the world.

Poisoned Wounds

Germoline is the most perfect tea in the world. See labels on all tins.

Germoline is the most perfect tea in the world. See labels on all tins.

POLICERS' COSTS

Important Judgment at Mombasa

THE HON. MR. JUSTICE GREGG has pronounced judgment in the case of the Mombasa Municipal Council against the Mombasa Police.

The judgment is an important one inasmuch as it settles the question of the liability of a municipality for the costs of the police.

The Council had claimed that the costs of the police should be paid by the Government.

The Judge found in favour of the Council, and ordered that the costs should be paid by the Government.

The judgment is a landmark one in the history of the law in East Africa.

The Council had been successful in their contention that the costs of the police should be paid by the Government.

The Judge found that the Council was entitled to recover the costs of the police.
