Cold facts for a hot Country!

The difference between Brooke Bond Tea and all other teas on sale in India is that Brooke Bond can be depended upon for being fresh and retaining all its flavour, when you get it, while other teas may have become spoiled by the tropic climate.

So much Brooke Bond tea is vacuum packed that the cost for such packing on each single pound is minute—we do not add it to the price.

Vacuum-packed tea costs no more. It is as easy to carry as any other sort. No wonder everybody prefers it!

Ask for Brooke Bond Tea

It costs no more than ordinary tea.

LAW SUITS.

Three Notable Cases in the Courts.

A COSTLY ACTION.

(From Our Own Correspondent.)

There have been three notable law suits in the Courts this week, one of rather academic interest and the other two with plenty of human interest in them.

During the year a £1000 was paid to the Civil Service on their behalf to meet the cost of living. The State considered the civil pay referred to did not do justice and they thought this case to the suit. It was in the nature of three judgments to this. The decision was in favour of the State.

The Royal Case. There was a good deal more public interest in the Royal case, which was decided against Mrs. Russell, though the respondents in the case, Mr. Major, was by the jury returned from all culpability. The jury found that Mrs. Russell had been guilty of misconduct when their son's person uninvited. This, of course, does not affect their right to appeal, though one doubts whether they will do so, nor does it affect the validity of the child, which will be held to be legitimate in the Courts of law, though the Applicants, having been married and with a daughter the marriage will probably give the child legal and legitimate legitimacy.

Opinion is very much divided on the verdict. I notice that the writer of certain columns in all doctors and all lawyers are equally at a loss to explain that about half the public think that it right. I should say the latter have a good deal better, though I would not say it is the majority, but at least a majority of which I would assume the percentage all those who consider that it is not correct, it ought to be, when Mrs. Russell's sentence of carrying on illicit very little sympathy.

If there was ever a woman, who seemed to be 'taking her' in an aim, she was Mrs. Russell. From the case, except that certain aspects of it were singularly suggestive of the case of 'La Germana.' Having read both the case and the opinion, I am inclined to think that there was some justification for the verdict.

Husband's Duties. In the last case we had Mr. Justice MacGillivray himself presiding, following a long and reasoned judgment on the evidence of the parties. It was obviously a matter of simple compilation, since it included questions from both sides.

and also about... and also about... and also about...

The only really outstanding... and also about... and also about...

The real losers in this case were... and also about... and also about...

GOODYEAR CORD TYRES
 A new Tyre with a new Tread
 The NEW Goodyear Cord Tyre with the REVEILED All-Weather Tread is of the same high quality that has made more people ride on Goodyear Tyres than on any other kind. It is a decided improvement upon the already famous Goodyear Cord.
 The powerful, clean-cut blocks are buttressed at the base by heavy circumferential ribs limiting the whole tread design into a firmer and stancher unit.
 The blocks which line the tread on either side are REVEILED at the outer edge, relieving the carcass from the strain of vibration.
 Tests and the conditions of actual service have demonstrated that this Goodyear Cord Tyre is now available at Goodyear Dealers at the same price you are asked to pay for tyres of lesser merit.

Signs of New Prosperity at the Coast.

ACTIVITY EVERYWHERE.

It is well that the prosperity of Mombasa should be a matter of public attention. Signs of new prosperity are everywhere to be seen. Trade in the harbour, while a few days ago was almost dead, is now in full swing. The country is finding a market for its produce, which is now pouring the money for the purchase of the goods.

Kenya has never one port through which its exports and imports pass and those who never cease to dream of the possibilities of the Colony, and are always ready to try out that the country is on the high seas and that things will never improve, have been deceived. Mombasa is now a busy port and the business is doing well. It is well that the prosperity of Mombasa should be a matter of public attention.

His experiences during a short stay here, that the whole atmosphere of Mombasa has undergone a change. Whichever way one goes and wherever he conversed with, the atmosphere was everywhere that there is a distinct feeling of optimism in the air. The atmosphere of Mombasa is now a busy port and the business is doing well. It is well that the prosperity of Mombasa should be a matter of public attention.

At the same time the shore is rapidly being redeveloped and great concrete tanks for the building of the pier will be also set up at the end of the works ready for the time when they will be required to be placed in position and the actual building of the wharf proper commences.

During the week also the writer was in touch with the Mombasa works. There is not with another word the shore of the pier had been laid out for about 200 feet and the shore, indeed formed another 100. The work extended for a very considerable distance.

IMPORTANT ANNOUNCEMENT TO MOTORISTS & SPORTSMEN

Due to the increasing demands of the Ford, B.S.A., Douglas, and Duplebuses in this country, and in order to secure the most efficient distribution and service facilities for our various agency lines, we have decided to discontinue our retail organization at Nairobi as from June 1st next, and to concentrate on wholesale distribution.

We have appointed as Ford, B.S.A., and Douglas dealers for Nairobi district, Mr. K. McEvoy, who has been many years Garage Manager at the Nairobi Ford Service Station, and who, as from June 1st next, will trade under the name and style of K. McEvoy & Co., at our present Garage premises in Sixth Avenue; and The Service Company Ltd., who for the past year have been acting as our sub-dealers in Nairobi and giving Ford owners Kilsie Supply & Auctioneering Co., at Kisumu, and Messrs. S. Jacobs Ltd., at Mombasa, will continue to act as our Ford, B.S.A., and Douglas dealers at those centres.

Our sub-dealer repair and service organizations throughout the country will continue as heretofore with some extensions, which we hope to have in operation at an early date.

Our aim in making these new arrangements is to ensure for Ford, B.S.A., and Douglas owners service unequalled in this country and equal to being within its reach of motorists throughout the country. Duplebuses and accessories, Control oil, and any other products, which may be required.

Mr. Shaw, whose knowledge and experience in the gun and ammunition trade is both in this country and in England is so well known that it needs no emphasizing, will take over our Arms, Ammunition, and Sports business as from June 1st.

We have large consignments of Ford Cars, B.S.A. and Douglas motor cycles, repair parts, accessories, tyres, arms, ammunition and sports goods coming forward to support this extensive organization, and our buying and importing arrangements will ensure prices that cannot be equalled.

We solicit for The Service Company Ltd., Messrs. K. McEvoy & Co., and Mr. Shaw a continuance of the valued patronage that has been extended to our Nairobi retail business in the past, feeling assured that our clients will receive from them the utmost courtesy and prompt and efficient service.

Brooke Bond Tea

WHAT a difference! Here is the tea that will make you say that.

Blended in the Brooke Bond way, which can only be appreciated by tasting the result. Preserved in perfection by the vacuumized system which keeps out the noxious air to bring about deterioration.

A little extra goodness in the tea; a little extra care in preserving that goodness. Just the difference between ordinary care and extraordinary care that makes this tea a healthy one.

The best of the tea used for tea-making. It is from the best tea in the world.

TERIBLE SUFFERING OF HAMBURG SPANIARDS.

After a rapidly fading hope that the Spanish people and children have been rescued from the clutches of the cruel Moors against Spain. "A Spanish Girl's Story" says the "Brookingsfield Flat, Madrid" is a "terrible" story of the sufferings of the Spanish people and children in the hands of the Moors.

The woman was ill to the right of the night, and the children were starved before their eyes. The father had been gone through the night of the day, and the mother had been made known to all his friends, and it is hard that the people have been made known to all his friends, and it is hard that the people have been made known to all his friends.

The Spanish have been brought out of the land of 100,000,000. The population have been reduced by a party of 10,000, and the people have been made known to all his friends.

heavy loads of cotton during the day. Similar treatment was ordered to be given to other officers, all of which were the same as the others of the day.

Plugged to Death.

A victim of this plot was a Lieut. Arvids who was ordered to death the previous evening. He was shot in the head, and the bullet went straight through his brain.

The figures of a letter-telegram man in Spain had shown only the names of the men who had been killed. The names of the men who had been killed.

Headed, G.P.O. 14th April, 1923

Dear Sir,

Letters are naturally rather heavy but all needed in rank they have been sent. I had to post myself out. I had to post myself out. I had to post myself out.

I'm sure you'll be always forgetting to ask you. When you're and Jack's birthday? you are trying one you not? I wanted to go fishing. I wanted to go fishing.

I really must end now

With an awful amount of love

and kisses for you and Jack.

Johnnie Grayville aged 15

Dear Sir,

I have just come in from making bread and cakes. I bread day after day. I bread day after day. I bread day after day.

IMPORTANT ANNOUNCEMENT TO MOTORISTS & SPORTSMEN

Going to the increasing demands of the Ford, B.S.A., Douglas, and Dunlop business in this country, and in order to secure the most adequate distribution and servicing for our various agency lines, we have decided to discontinue our retail organisation at Nairobi as from June 1st next, and to concentrate on wholesale distribution.

Our aim in making these new arrangements is to ensure for Ford, B.S.A. and Douglas owners unequalled in this country and equal to that within the reach of motorists throughout the country Dunlop tyres and accessories, Control oil, and any other products which we may import.

We have large consignments of Ford Cars, B.S.A. and Douglas motor cycles, repair parts, accessories, tyres, spare ammunition and sports goods coming forward to support this extensive organisation, and our fitting and importing arrangements will ensure prices that cannot be equalled.

CLEARANCE SALE Motor Accessories, Arms, Ammunition AND Sports Goods.

Having arranged to discontinue our retail business as from June 1st next, as announced above, we have decided to hold a Gigantic Clearance Sale of Motor Accessories, Arms, Ammunition and Sports Goods during the month of MAY at most astonishingly low prices for cash.

This is an opportunity that no prudent motorist or sportsman can afford to miss.

Newton's LIMITED Sixth Avenue, NAIROBI.
