#### AN ADDRESS ON CHINA.

(From Our Own Correspondent.)

London, April 27. The Rev. Mr. H. B. Swain has kindly given me the following notes of his very interesting report addressed on "China and the World to-morrow," at the World of China, Westminster.

The object of Mr. Swain's meeting with the Far East and particularly with China. The good of peoples and the well-being of the world.

A world of international might, a strong but unimpeded China, would be a boon to the world.

The "World of China to-day" they were made only of the present conditions might well be left with given. Even in the lowest days of Manchu rule, after the Boxer rebellion, her government never permitted to her to give any special of improvement in the nature of today. Political liberty would be her natural right.

The deplorable collapse of the Opium traffic movement and the general opinion of the whole of the world of China to-day.

Supreme Qualities. Yet, those who know China at first hand, do not know how any other nation in China's place, should have come to the end of all things, but not China. It is an example of the grounds for such a judgment in the face of such reasons for the present, that he holds only a certain of the future.

divine failures of the Chinese people. The history of China is a very fountain of good but it is not to be taken into account. A nation that has been making and receiving has been making and receiving has been making and receiving has been making and receiving.

Under the banner. The complete list of such activities are being carried out in the most efficient manner. The Chinese are neither backward nor unprogressive. They are in general patriotic subjects and are very practical. They are thoughtful of the high order with potential national gifts that are unspent.

The international force of the Chinese is a further element for good in the situation. The Chinese are neither backward nor unprogressive. They are in general patriotic subjects and are very practical. They are thoughtful of the high order with potential national gifts that are unspent.

the same Confucian method of teaching. The present aspect of progress in China is not to be taken into account. A nation that has been making and receiving has been making and receiving.

Review of Jack Jarvis's Stable.

PAYPUS'S RECORD.

(By "Bismillah.")

The stable in our review at last of Sandi Jarvis, whose name is well known to all who read the English leading, Dunlop, Grey, Clarendon, Range de Bush, Trueman, and Thule King. Paypus has won eight times last season, winning six, third once and unplaced once. His last performance was when he beat Tom Green, in the Clarendon Stakes at Newmarket by two lengths. This was Tom Green's only defeat last year and he started off on Paypus as a winner on the 15th of May. He was third in the Year Stakes, being beaten by Tom Green and Legality. He won the Princess Alice, Newmarket, the Royal Memorial Stakes, Goodwood, and the Princes Stakes, Newmarket, and the Woodstock Stakes, Epsom. This was his best performance for he beat Sorbus, Top Gallop and six others. He then won the Lansdowne County Cup Stakes, beating a big field in the 5000 Gns., and in the Cup which he won in the 4,000 Gns. being down the field.

DUNLOP GREY.

Dunlop Grey was not his best horse, as we saw in our review here last year. He won the Clarendon Stakes, Newmarket, and the Woodstock Stakes, Epsom. This was his best performance for he beat Sorbus, Top Gallop and six others. He then won the Lansdowne County Cup Stakes, beating a big field in the 5000 Gns., and in the Cup which he won in the 4,000 Gns. being down the field.

LEWIS LIGHTS.

Clarendon won seven times last season, being second twice and third twice. He won the Clarendon Stakes, Newmarket, beating a large field. This was his best performance. He was only once in the 4,000 Gns. being down the field.

be surprised if he did not run in the big race. The Duke again won last year and was unplaced. He also might have won the Clarendon Stakes. APPROVED LITRINES.

Three Europeans Summoned to Court.

Three Europeans appeared on Monday to answer charges of conspiracy with the Public Health Officer, Mr. C. Littlefield.

Mr. C. Littlefield was served with a notice from the B.O.H. on January 9 by registered post, and with a summons on February 3. Final orders were served on April 27, and a summons subsequently.

Mr. Littlefield stated the plans were framed and in the hands of the builder. The case was resumed on June 11, during which interval the required alterations were to be made.

Mr. Stephen Hill was charged under the same section. He admitted that there was a suitable building on the plot at Parkdale, Nairobi, which was intended to be used as a public latrine.

Mr. Hill asked the magistrate to adjourn the trial for a fortnight so that he could see the latrine, but the magistrate was not an expert.

The magistrate made an order for the B.O.H.'s provisions to be carried out by June 5. The case being adjourned for that date.

The third case was that of Mr. J. H. Miller, who stated that his letter plans were in the hands of the builder. He was served with a notice on June 11 to comply with section.

## A WORLD TEACHER.

(From Our Own Correspondent.)

London, April 20.—The flags of the United States were hoisted at 10.45 a.m. at the Shakespeare Club, where Mr. Chao-Hsin-Chu, Chinese Charge d'Affaires at the Shakespeare Club, was giving a lecture on "The World as a Classroom." The lecture was held in the presence of a large audience of students and members of the club. Mr. Chao-Hsin-Chu, who is a native of China, has spent many years in various parts of the world, and his lecture was a most interesting and instructive one. He dealt with the history and development of the world, and the role of education in the progress of civilization. He stressed the importance of learning from the experiences of other nations and cultures, and the need for a world-wide perspective in education. The lecture was well received, and the audience was highly appreciative of the speaker's insights and knowledge.

White to move to win.  
Position.—White: King e1, knight c3, knight d3, knight e3, knight f3, knight g3, knight h3, and pawns a2, b2, c2, d2, e2, f2, g2, and h2.

A win for White can be demonstrated in this position, little can be said in every respect, and the result will be self-evident.

Mr. A. J. A. Cameron has again won the Championship of the Kenya Chess Club, which he held unopposed since 1907.

We congratulate Mr. J. W. Hoadley, Chess Editor of the Nairobi Mercury since 1906, on gaining the second prize in the Kenya Chess Club's 1922-23 tournament.

Mr. H. E. Handley has been named for the Kenya Chess Club by the British Chess Council as being the best player in Kenya, and through the kindness of the British Chess Council will be invited to play at the British Chess Club with a £100 stake.

The following interesting article appeared recently in the Chess Column of 'The West Midlands Times' edited by Father A. M. Morgan.

Father Morgan writes: "Being once busy this week, I have asked my brother to write the chess column. But I can make necessary about it as he knows nothing about it. I only hope he will not make an ass of himself (more than I do). I hope I will see you beforehand that is all over!"

Mr. W. H. Morgan's Article.  
As last I can give my candid opinion of chess. Father Morgan's brother has been cracking it up in the weekly paper. It will surely be a good job. I will surely be a good job. I will surely be a good job.

And there would arrive. This was the sort of stuff my brother writes. I don't know if you will be able to read it. I don't know if you will be able to read it.

The other night I accidentally dropped in at one of their meetings. I saw that "Master" they call him—was playing fairly often all the year round. "A. M. Morgan" was exhibition. Well named, for they all shuttled in and out of the meetings before he had a word to say. I had the good fortune to see him play a game with a very good player. I saw that "Master" they call him—was playing fairly often all the year round.

was going to hand round it, which I had done. I had done it. I had done it. I had done it. I had done it.

J. G. ARONSON, CHAIRS & CHAMBERS, NAIROBI.

The following is an extract of a letter received from you. The original of which can be inspected at my office. With reference to the above chairs purchased from you I have to say they are the best I have handled and are the best that I have ever seen. I had expected to find the chairs to be of a different quality, but they are indeed a great improvement and I had about a year ago purchased them for my office. I had been told by the natives, who evidently had no other chairs as good as those I purchased them, through in my office.
