### Would you like Ginger in your tea?

The old Chinese story Tang-po says, "Tea is of a cooling nature; ginger and salt to counteract this property."

This concoction would hardly be popular to-day, but it would be no worse than some of the stale, tasteless tea you often get.

If you want to enjoy a perfect cup of tea at all times, ask for Brooke Bond tea, which is always fresh and pure. The vacuum tin protects it from heat and damp for any length of time.

LEADS FOR THE MIDDLEMAN.

To the Editor:—"E.A. Standard" is the only paper in the East which has the letter appearing in your issue of the 10th. I refer to the signature of the Editor at the bottom of the article.

It is possible only natural that the individual who reports his own experience is inclined to argue that any man may have paid the local merchant over and over again, and possibly not him to import a small article. I am sure, however, that a man whose name has been placed unconsciously in the paper will not offend.

The following report was read by the Secretary: The third annual show was held at Nakuru extending over two days on the 27th and 28th inst. 1922. His Excellency the Governor Mr. H. Table with columns: Nakuru, Nairobi, Nairobi, Nairobi, 1919, 1920, 1921, 1922. Rows include Cattle, Horses, Poultry, etc.

The depression which prevailed during the show was a great drawback to the quality of the stock exhibited. In view of the fact that the show was held in the circumstances the above was well supported in view of the fact that the show was held in the circumstances...
