If further condemnation

of the square container was required the best evidence is the climate-damaged stock dealers are returning. And we are glad to have it back rather than it should get into your hands. With the best will in the world you can't keep air and moisture - the things that harm tea - out of a square container. That's why we threw out the square and took up the patent round vacuum tin. It keeps tea perfect to the last spoonful. No other container does that. Some pretend to.

CRIMINAL FORCE. Indian and a European Girl.

IMPROVEMENT AND A FINE. In the Magistrate's Court yesterday before Mr. Cream, an Indian reported a charge of using criminal force upon a European girl.

Midsummer Noises. "Bevel" sounds quite a jolly tune for a mid-summer dance. It is no departure to St. Andrew's Church, Fined to give on Friday night.

When the girls approached him he put out his arm, and he was at once grasped by the hand of the girl. Both girls were fined for the offence.

After both the police and Mr. Hume, had addressed the Court, His Worship found the accused guilty of the charge and sentenced him to one day's imprisonment with a fine of the 10/- or a default 21 days' R.I.

Mr. Hume, denied that he assaulted the complainant. He pleaded that he was riding a bicycle at the time and he was not in a position to do so.

After both the police and Mr. Hume, had addressed the Court, His Worship found the accused guilty of the charge and sentenced him to one day's imprisonment with a fine of the 10/- or a default 21 days' R.I.

(FRANCOS' SECRET'S ASSISTANT.) Paris, June 22. According to the Paris Bulletin the French administration has prohibited the transport of goods within the Ruhr and has ordered the French troops to be sent to the Ruhr. This means the cutting off of iron and steel and other industries from outside markets.

(FRANCOS' SECRET'S ASSISTANT.) There was a strange scene in the House of Assembly while the Minister of Lands was replying to questions on the unemployment issue. Three representatives of the public worked themselves into a rage and made a large uproar, denouncing the failure of the Government and Parliament to relieve distress, and demanding the resignation of the Government.

The Minister subsequently stated that the Government was replying more than ever to providing employment.
